ABOUT THE COLLEGE:

B.M.S. College of Engineering (BMSCE) was founded by the great visionary and philanthropist Late Sri. B. M. Sreenivasaiah in the year 1946. After the demise of the founder, his illustrious son Sri. B. S. Narayan took over the reign of the College. Under his able leadership, the College grew from strength to strength. BMSCE is the first engineering college established in the country (pre-independent India) by a private enterprise. The College is an aided institution (by the Government of Karnataka) and affiliated to Visvesvaraya Technological University (VTU).

BMSCE offers 13 UG, 16 PG & Research programs. The College became an autonomous institution under VTU in the year 2008-09. In 2011, BMSCE was recognized as a QIP Centre in Engineering & Technology by All India Council for Technical Education (AICTE). The College is one among the few Engineering Colleges in the State qualified for Phase-3 of the Technical Education Quality Improvement Programme (TEQIP), a world bank-sponsored project. BMSCE is the only partner institution from India and the other universities located in Chile, China, Germany and USA for the Melton Foundation. The Institution is accredited by the National Assessment and Accreditation Council (NAAC) with a CGPA of 3.83 at A++ grade valid up to March 2024. NIRF Rank for the year 2019 is 69

ABOUT THE DEPARTMENT OF MANAGEMENT STUDIES & RESEARCH CENTRE:

Department of Management Studies & Research Centre was started in the year 1992 to impart quality Management Education. With an initial intake of 60, the Department increased its intake to 120 in the year 2011. It was approved as a Research Centre in the year 2005 by VTU, Belgavi. The Department became autonomous in 2006. The Department also obtained National Board Of Accreditation status during 2020. The Department has been striving to offer quality Management Education through a team of qualified and experienced faculty members. It also provides various value-added programs such as guest lectures, seminars, workshops, case-based learning, course assignments, meets the CEO series, industrial visits, etc., to prepare the students to face the challenges in the corporate world.

The program focuses on the holistic development of students and instilling excellent managerial skills and leadership qualities, which are essential to succeed in a globalized economy. The students also experience organizing a Management Event through QUEST, an inter-collegiate event organized by the Department. The industry certification courses integrated into the curriculum makes the student updated to current needs. The Department has an exclusive placement cell to handle the training needs of the students, project, and final placements.

ABOUT THE FDP PROGRAM:

Digital disruption is redefining the industries and changing the way business functions. In this technology-driven world, the banking and financial service sectors are witnessing breakthrough changes in their operations. Artificial Intelligence that is increasingly becoming an integral part of every industry, will also impact the banking sector. AI technologies can dramatically improve “banks” ability to achieve higher profits, better customer experience, competitive edge, and an omnichannel experience to end-users.

The proposed program aims to address the topic of AI in banking and Financial Services from a multidisciplinary perspective. It provides the participant's confidence to adopt the changes and drive long-term value creation and career Progression. The FDP program focus on AI and Digital Transformation, Front and Mid office AI applications for cost-effectiveness, machine Learning in banking, Customer service Model Using AI/ML.
