SUGGESTIONS

From the survey, it is found maximum number of students are very much satisfied with the present approaches and system. Few notified comments and suggestions are given below

- The Practical sessions should be with more recent technology
- More interaction with companies for hands on training
- More research laboratories can be established for providing hands on training and to give more exposure towards research activities
- Students can be motivated to organize more workshops and symposiums to improve their technical and organizing skills
- For all the parameters, maximum students strongly agreed to the teaching, learning and evaluation process of our university.
