Online Education

1. Does all programs/courses were completed on time.
Yes

2. Measures taken to complete the syllabus of courses and programs.

The Institution has started utilizing technology at its best by using online tools for effective teaching and learning process. It has strived to build a strong Institutional capacity to maximize the outreach. The Institution has facilitated

online learning to our students through the Learning Management System (LMS) – a customized Moodle platform (<https://sathyabama.cognibot.in/>). This is a web based solution to provide access to learning anywhere anytime through course materials to our learners. In order to attain the high quality of production of the course content, the Institution has a full fledged in house production facility. This facility comprises of the hardware and the software required for developing the learning videos, editing the recorded videos, recording the audio content (dubbing), and telecasting the developed videos through exclusive online portal by the Institute, Learning Management System (LMS). The application is also available as an easy to use Secure Mobile App for seamless support and wider reach to students. The Virtual Programming Lab (VPL) plugin of the LMS is used to conduct all programming exercises to students efficiently and they use can use it with ease. Social media forum, whatsapp, telegram groups can be used effectively for course sharing and delivery. LMS allows an organization to manage curriculum, deliver and manage course, communicate with students, evaluate and track the performance of students. The course learning materials in form of PDFs, PPTs, DOCs and MP4 files are uploaded in the course page in LMS. The LMS provide access to course materials and assist in creating a virtual learning environment. All the students are given unique login credentials in order to access the e-Library content of the Institution. The assessment tool in-built in the LMS allows the faculty members to provide assignments, quizzes and tests to evaluate the students performance and provide feedback. Assignments and quizzes are posted periodically to collect the cumulative performance of the students throughout the course. Synchronous Online classes are held using the Zoom platform. Zoom, Google Meet platforms are used for course delivery, project discussions, moot courts and brainstorming sessions. The learners are encouraged to use online infographic templates, color palette generators, photo editors, video creation tools like Animoto, Moovly. The course involves content writing, Digital photography, Video Editing, Media analysis can be submitted online through the LMS portal. The formative and summative assessments such as Quiz, Assignment, Case Study, Cumulative Assessment Examinations, MCQs, project review, viva voce and also the evaluations are being carried out in fully online mode. The End Semester Examinations are conducted through Artificial Intelligence enabled online proctoring mode. Through the above mentioned measures and methodologies, the Institution has successfully implemented blended mode of learning which is the foundation for National Education Policy (NEP).

3. The period of delay in completion of syllabus (in months).

0

4. The period of delay in conducting exams (in months).
