TYPOLOGY : INSTITUTE

This architectural floor plan illustrates the layout of a school building, organized into two main horizontal sections. The plan is defined by a grid with vertical lines labeled A through Q and horizontal lines labeled 1 through 11.

Top Section (Grid Lines 8-11):

- Left Wing (Grid A-B):** Contains a row of 12 lockers, a staff room (6770x9520), and a toilet.
- Middle Wing (Grid C-H):** Features a large classroom (10270x9520) with 30 desks arranged in 6 rows of 5.
- Right Wing (Grid I-Q):** Contains two large classrooms (10270x9520) and a central corridor.

Bottom Section (Grid Lines 1-7):

- Left Wing (Grid A-B):** Includes a row of 12 lockers, a physiotherapy room (PHY. CHA), and a toilet.
- Middle Wing (Grid C-H):** Features a large classroom (10270x9520) with 30 desks arranged in 6 rows of 5.
- Right Wing (Grid I-Q):** Contains two large classrooms (10270x9520) and a central corridor.

Common Features:

- Corridors:** The plan shows two main corridors, each 2270 mm wide clear, and two 3170 mm wide clear corridors.
- Stairs:** Two sets of stairs are shown, each with a width of 2000 mm.
- Other Rooms:** The plan includes a staff room (6770x9520), a physiotherapy room (PHY. CHA), a toilet, and a lobby.
- Dimensions:** The overall width of the building is 52730 mm, and the overall depth is 32950 mm.

CRITICAL OVERVIEW

My overall experience in the firm through the last 4 months working has been great and it has given me the opportunity to grow in the field of Architecture. Given many opportunities to develop my skills and learn new things in their work space as an Architect.

My Chief Architect gave me a lot of guidance throughout the training period and gave me the freedom to work in any project to improve my skills in different areas like working drawings, model making, rendering, and got to understand how the work flow in an office happens and how one gets to respond actively to the work that is being appointed to them.

Now | have significantly improved understanding on how a project works from the beginning stage till the end of the construction stage and to fulfil exactly how the client wants and design according to their expectations.

I sincerely thank Ar.R.Benjamin sir for giving me the opportunity to learn and develop my skills which will be more helpful in my future endeavours.
