To,
The Head of the Department,
Architecture Department,
Sathyabama Institute of Science and Technology,
Jepplaar Nagar, Rajiv Gandhi Salai, Chennai - 600 119

SUB: INTERNSHIP COMPLETION LETTER.

We are pleased to announce that Mr. Sai Pranav, a student at Sathyabama Institute of Science and Technology, has successfully completed his internship with us from January 02, 2023 to April 25, 2023.

Throughout his internship, Mr. Sai Pranav was tasked with a variety of activities, including schematic concept development, drafting, 3D elevation designs, and interiors. He demonstrated a keen ability to learn and develop his skills, and his performance and dedication to his work were exceptional.

His association with us was extremely productive, we wish him all the best in his future endeavors.

ABOUT THE FIRM:

DEEJOS Architects is a premier Construction and Architectural firm founded in 2008 by **Mr. Dennis Ebenezar**, a first-generation entrepreneur who has a passion for design and construction. With over **15 years** of experience in providing turnkey construction services for residential projects. DEEJOS Architects has become a household name in the construction industry in India.

The company has its head office in Chennai, with additional branches in Bangalore, Coimbatore, Pondicherry, and Hyderabad. This geographical reach enables **DEEJOS Architects** to cater to clients across South India, offering its services to a broad client base

DEEJOS Architects has completed over 750 residential projects to date, with a team of over 2000+ skilled and dedicated labourers. The company's projects range from individual homes and apartments to large-scale housing developments, each one designed and executed to meet the specific requirements of the client.

The company's success lies in its ability to provide a high level of service and quality to clients. The team of architects and designers work closely with clients to understand their needs and preferences, and create a design that is not only aesthetically pleasing but also functional and sustainable.

DEEJOS uses cutting-edge technology and software for project management, internal communications and to create detailed **3D models** of each project, giving clients a realistic view of what their finished home will look like. The company is also committed to using **eco-friendly materials and energy efficient systems, making its projects environmentally responsible**
