ACKNOWLEDGEMENT

I am pleased to acknowledge my sincere thanks to **Board of Management of SATHYABAMA** for their kind encouragement in doing this practical training and for completing it successfully. I am grateful to them.

I convey my thanks to **Dr. Devyani Gangopadhyay**, Dean, School of Building and Environment and **Ar.Sarath Chandra Kanth**, Design Chair, Department of Architecture for having been a constant source of support and encouragement.

I wish to express my thanks to all Teaching and Non-teaching staff members of the Department of who were helpful in many ways for the completion of the project.

I also wish to thank **Ar. SATHYA MADHAVAN**, for the experience of interning at their firm And for This valuable guidance, support and constant encouragement which paved the way for successful completion of my Practical training session. I also wish to express my gratitude to the entire team who gave me complete freedom to explore and experiment my ideas.

CONFIRMATION LETTER

SATHYABAMA

INSTITUTE OF SCIENCE AND TECHNOLOGY
(DEEMED TO BE UNIVERSITY)

Accredited "A" Grade by NAAC | 12B Status by UGC | Approved by AICTE
www.sathyabama.ac.in

Date: 23/02/23

To whomsoever it may concern

As a part of the academic requirement and the regulations of Sathyabama Institute of Science and Technology and the Council of Architecture, our student G. RAKSHAYAA 38210059 is required to undergo professional training from the month of January 2023, for a minimum span of 90 working days in his X semester. The students are required to undergo training under a senior registered architect with a minimum of 5 years of professional experience.

In this regard, we request you that G. RAKSHAYAA may be given an opportunity to undergo training in your Architectural firm. In case the student is found to be suitable and selected for internship at your organisation, we request you to send an appointment letter stating that the student has been selected as a trainee in your esteemed office.

The student is required to submit a documentation report (supported with copies of work done by him, duly attested by the architect) of all the drawings and site related activities undertaken under the supervision of Principal architect at the end of training period to the institution.

Thanking you

Dr. Devyani Gangopadhyay

Dean, School of Building and Environment

CONSOLIDATED CERTIFICATE

Date - 02.06.2023

TO WHOM SO EVER THIS MAY CONCERN

This is to certify that Ms Rakshayaa (Roll no -18SAR5065) , a student of Sathyabama Institute of Science and Technology Semmancheri , Chennai has successfully completed architectural internship between the period of 18th Jan, 2023 to 02nd Jun, 2023 under the firm's guidance.

Her internship activities include Ideating concepts , preparing drawings, presentations and material boards. She duly co ordinated with all the departments/teams, their operations and had the chance of learning the project process along with management overview.

During the period of her internship program with us, she had been exposed to different projects and was found diligent, hardworking and inquisitive. She also had displayed good understanding skills, a self-motivated attitude for learning new skills and taking constructive criticism.

We wish her every success in her life and career.

Your Sincerely

Ar. Sathya Madhavan
Associate Architect

1.1 ABOUT THE FIRM:

At DWP Interics, our success has been built on our ability to listen to the client. We create customized solutions using local materials and techniques, but with a global approach. Our holistic approach to design combines the needs of the client with the latest in technology to provide sustainable interiors that improve the quality of the facility's occupants.

DWP Interics Pvt. Ltd. is a renowned interior design and architecture firm that has been making waves in the industry since its inception in 2001. With a strong commitment to excellence and a passion for creating awe-inspiring spaces, DWP Interics has established itself as a leading player in the field. Their team of talented designers and architects brings together creativity, functionality, and a deep understanding of client needs to deliver remarkable results. From luxurious commercial projects to cutting-edge commercial spaces, DWP Interics leaves an indelible mark with its innovative designs and meticulous attention to detail. Their dedication to quality craftsmanship, combined with a client-centric approach, has earned them an esteemed reputation and a loyal clientele. With each project, DWP Interics strives to exceed expectations and transform spaces into captivating environments that inspire and uplift.

Client Collaboration: DWP Interics emphasizes strong client collaboration throughout the design process. They actively engage with clients, understanding their preferences, objectives, and constraints to deliver tailored design solutions. They ensure client satisfaction and project success by fostering open communication and incorporating client feedback.

CRITICAL OVERVIEW:

During my four-month internship with the team at DWP Interics pvt ltd, I had an incredibly productive and impressive experience. The office environment at DWP Interics pvt ltd fostered a conducive learning atmosphere, allowing individuals to work independently while receiving guidance to correct any mistakes, resulting in practical learning opportunities. The overall environment was cordial, providing a great platform for personal and professional growth alongside fellow peers.

Throughout the internship, I was able to identify my strengths and weaknesses in the field of architecture, enabling me to acquire new skills and excel in completing tasks efficiently. One notable improvement was in my proficiency with various software tools. Additionally, I gained a deeper understanding of ongoing projects, which significantly increased my work pace.

I am grateful for the peaceful working space provided by my Chief Architect and their team. They encouraged open interaction within office hours, creating an environment where I felt comfortable asking even the smallest doubts freely.

I would like to express my sincere appreciation to Ar. Sathya Madhavan and the entire DWP Interics team for granting me the opportunity to learn and enhance my skills in all aspects of architecture.

Thank you!
