To whomsoever it may concern

As a part of the Academic requirement and the regulations of Sathyabama Institute of Science and Technology and the Council of Architecture, our student NANTHITHA.A (39210053) is required to undergo professional training from the month of June 2022, for a minimum span of 90 working days in her VII semester. The training has to be done under a senior registered architect with a minimum of 5 years of professional experience.

The student will have to submit a documentation report (supported with copies of work done by her, duly attested by the architect) of all the drawings and site related activities undertaken under the supervision of Principal architect at the end of training period to the institution. It is requested that NANTHITHA.A (39210053) may be given an opportunity to undergo training in your Architectural firm.

Kindly send an appointment letter to the undersigned stating that the student has been selected as a trainee in your esteemed office.

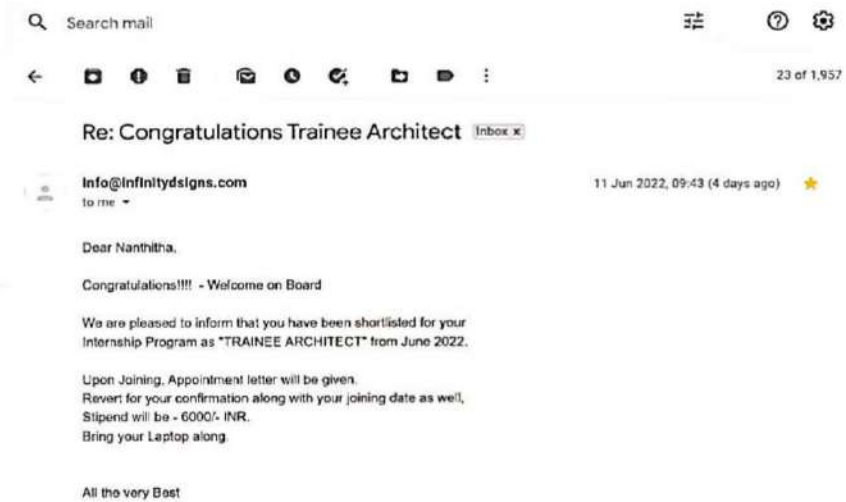

Thanking you

CERTIFICATE OF INTERNSHIP

10 - 11 - 2022

TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Ms.A.Nanthitha** Student of SATHIYABAMA COLLEGE ,
Chennai , has successfully completed her 100days (July 2022 - November 11th
2022) Internship program as **Trainee Architect** at Infinity D'signs - Chennai.

She has a self-motivated attitude to learn new techniques and materials on
interior and exterior works. Her contribution to Creative Ideas, Presentation and
attention to details was good.

During the internship, we found her Extremely Inquisitive, Active and
Competent in executing all assigned tasks and good at team works.
She was very much interested to learn the core ideas of practical architecture
and also willing to put her best efforts to get in to the depth of the subject to
understand it better.

We wish her great success in all her future endeavours and look forward to
working with her again in future.

Regards

SITE PLAN

GROUND FLOOR

FIRST FLOOR

DESIGN CONCEPT:
The house is inspired by the concept of 'Earthly Touch' which is a blend of modern and traditional architecture. The design is a balance of both 'Fun and Lifestyle' between the family in today's scenario. The building also showcases a strategic play of vertical lines of surfaces with a raw and rugged finish that adds an organic charm to the architecture. The 3-dimensional element of the building gets further emphasized in the form of stylistic spot out balconies adorned with lush landscapes along the edge, seen on the upper floors.

FRAMEWORK:
The ground floor level accommodates the communal activities of the home, including a living, dining kitchen, one guest bedroom with bath and an open staircase area. An exploration of double-height spaces commences from this floor plate via strategic staggering of upper floor levels. The first floor level accommodates the more private spaces of sacrosanct to the home anatomy, with bedrooms & bath spaces occupying the Southern and Northern facing pockets of the layout and an informal family living bridge that is centrally located.

JOURNEY OF LIGHT
The Natural lights has a prime way of intersecting between the spaces and forms inside the structure to co-relate its design 'VOICE OF WALLS'.

SPATIAL EXPERIENCE:
LIVING SPACE - DOUBLE HEIGHT :
The Main entry opens up to a center entry foyer which has an **Earthly Touch** with natural lightings to navigate the space to a double height living.

MASTER BEDROOM:
The most **Glamorous Room** of the house has a glossy finish with 3d panels on backrest wall with wooden profile work and color shock of ochre yellow used in the cozy and comfy lounge on TV area.

KIDS BEDROOM:
Inspired by **Twin Kid - Boy and a Girl**, so we were extra cautious on defining their space in a single area together.

QUEST BEDROOM:
Following the pursuit of neutral color scheme, a focal play with various tones of wooden being used in the wall, marble flooring, wardrobe color and even the furniture upholstery used.

KITCHEN:
The client's primary need is a **'NO FUSS KITCHEN'** - island and breakfast counter with clean lines and a functional storage for the cook. Shades of Lighter and darker grey cabinetry along with beige floor and black spartan countertop.

DINING AREA:
The Dining room with windows on the side has a scenic view of the pool area and lawn, which makes it a calming place to enjoy a warm meal with the family.

MATERIAL BOARD
Color is one of the pre-requisite factors that can inspire, excite, soothe, heal, and even agitate, which is true for every single one of us, who can be an extra sensitive to color's impact. So, the importance of picking out just the right color for a room shouldn't be underestimated.

CRITICAL OVERVIEW:

The opportunity for the past five months led me to gather a lot of knowledge in the field of Architecture with an excellent learning experience, for a budding Architect paved a great opportunities for me to learn, explore, work and develop my design ideologies in different perspectives.

The principal Architect took the initiative in teaching us about various topics related to Architecture such as Interior Roofing, Materials, etc., on weekly basis. He made sure that the work progress at the office to gain the knowledge in the construction projects. A lot of efforts was put in by the Principal Architect of the firm in order to help us understand the very basics of Architecture.

I would sincerely like to thank my Principal Architect Ar.Henry Raj Kapoor N.K and the entire team for giving me the opportunity to be the part of the firm and guiding me throughout my training period.
