NEST Architecture <nestarchitecture.in@gmail.com>

to me ▾

Dear Shalini

Congratulations

You have been selected to get trained here with us as an intern.

You can join the office on 14th at 11.00 am

All selected interns will have an orientation session with chief architect Monika Lakshmanan and you can collect your welcome kit a week later

JOINING LETTER

Dear Shalini M

This is in response to your application for internship with NEST Architecture and Interiors. We would like to extend heartiest congratulations on your selection for internship with NEST Architecture and Interiors based at Ashok Nagar, Chennai for a duration of SIX Months. Your internship will start from 14/06/2022 . You will be required to report to Ar.Monika Lakshmanan on your date of joining. Our team at NEST Architecture and Interiors is looking forward to have you work with us.

Trainee Details,
Shalini M

Date: 16 June 2022

To whomsoever it may concern

As a part of the Academic requirement and the regulations of Sathyabama Institute of Science and Technology and the Council of Architecture, our student **SHALINI.M (39210081)** is required to undergo professional training from the month of June 2022, for a minimum span of 90 working days in her VII semester. The training has to be done under a senior registered architect with a minimum of 5 years of professional experience.

The student will have to submit a documentation report (supported with copies of work done by her, duly attested by the architect) of all the drawings and site related activities undertaken under the supervision of Principal architect at the end of training period to the institution. It is requested that **SHALINI.M (39210081)** may be given an opportunity to undergo training in your Architectural firm.

Kindly send an appointment letter to the undersigned stating that the student has been selected as a trainee in your esteemed office.

Thanking you

Dr. Devyani Gangopadhyay

Dean, School of Building and Environment

1.1 ABOUT THE FIRM:

NEST is a multidisciplinary team of young Architects and Designers who believes in Uniqueness in every design involved with creativity satisfying the user's needs. We strongly presume that Architecture Reflects the Way of Living. Our ultimate focus is the user and how they relate to a space, not only in their physical comfort but also their sense of belonging. As budding designers, we intend to integrate aesthetics with functionality.

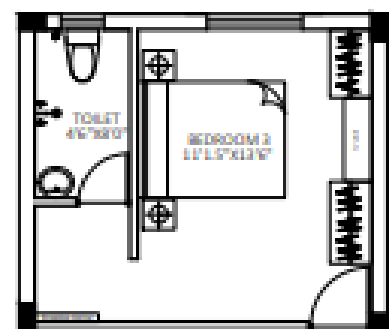

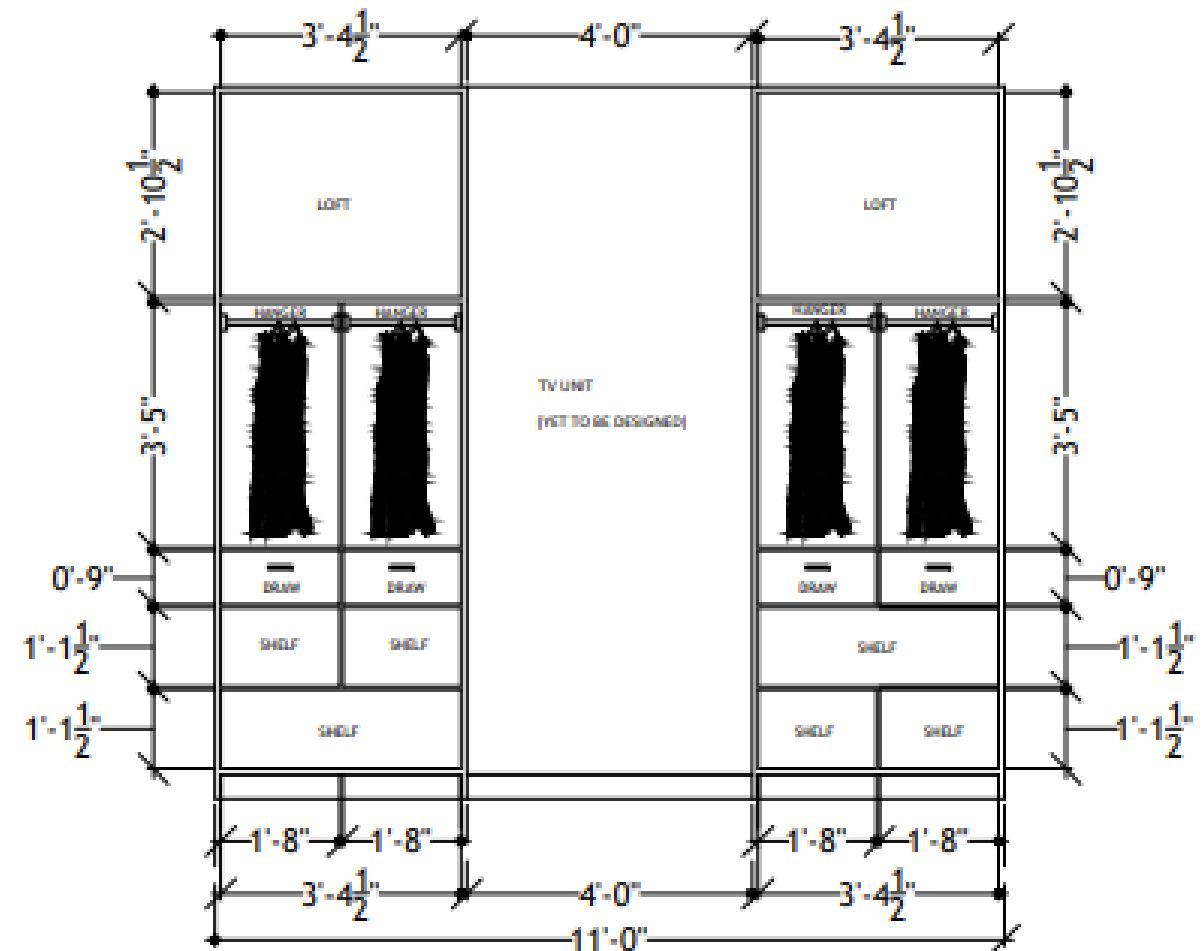

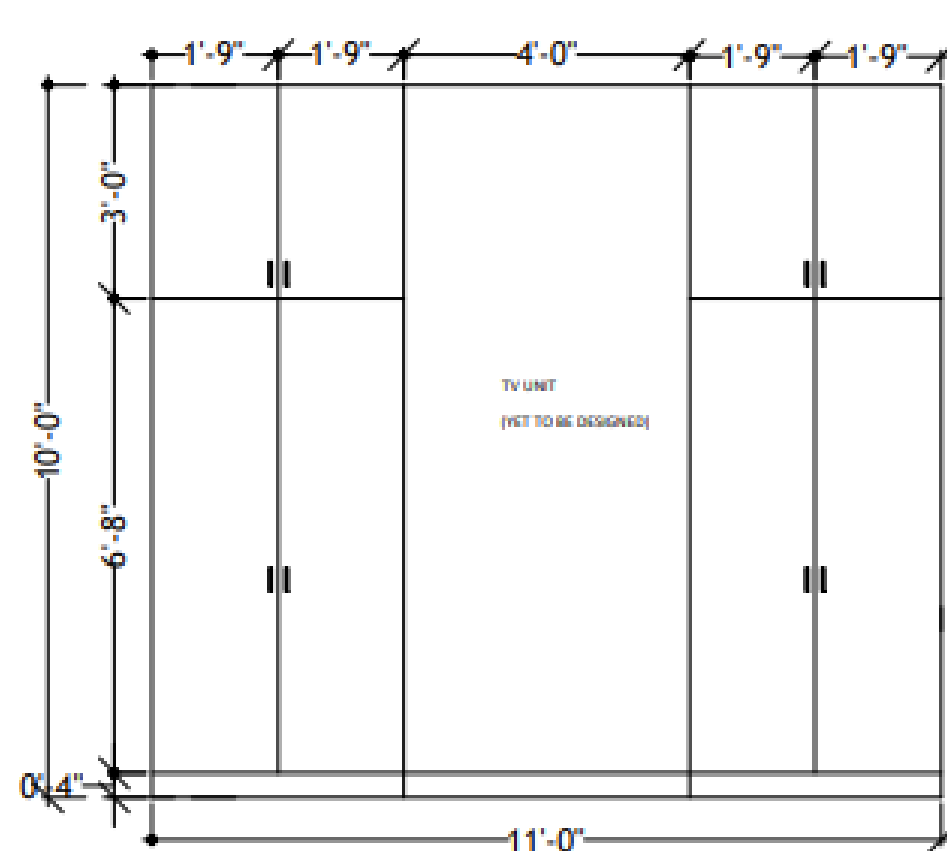

IMAGINATIONS are not CREATED but built, so here we are NESTED to build your dreams. NEST is a multidisciplinary team of young Architects and Designers who believes Uniqueness in every design involved with creativity satisfying the user's needs. We strongly presume that Architecture Reflects the Way of Living. Our ultimate focus is the user and how they relate to a space, not only in terms of their physical comfort but also their sense of belonging.

As budding designers, we intend to integrate aesthetics with functionality. We wish to design a space wherein walking out prompts the need to enter again. Nest provides Design services in architecture, interior design, master planning, landscape and product design. We design a wide range of residential buildings – Villas, Individual residences, Row houses, Flats, Apartments, Townships, Gated communities – and commercial buildings – School, Showrooms, Hotel and Office complexes, etc. We DESIGN and also EXECUTE all the above buildings as well

INNER DETAIL

CRITICAL OVERVIEW:

I am shalni mohan, i worked as intern architect in nest architecture and interiors. First of All i should thank my principal architect Monika lakshmanan mam. where i got opportunity to showcase my skills . Pursuing as a student and working in office are two different experience to learn a lot. In NEST architecture and interiors , i learned a lot of physical skills, for instance (site visiting, handling a client, client coordination, materializing a indoor and outdoor areas etc....). NEST firm has a co-partener for livspace team to design more interior works . other than these, i have additionally learned things , like how to coordinate with team members, and learning software skills, designing ideas, from office team members. Finally i learned myself where i am struggling and where i am stronger than that.
