While every project is conceived from the initial ideas of Ar. Rushikesh, they are then handed over to the three studios lead by 4 Senior Associates, according to their niche strengths. With a team strength of qualified technical members including architects, interior designers, draughtsman, 3D visualizers, student interns and support staff, the studios are well equipped to successfully deliver designs for jobs of any size, nature or complexity.

Driven by commitment, enthusiasm, perfection and a passion for every single detail, each project is tackled to meet the client aspiration, site demands, budgetary and time constraints to create a building that will be an iconic addition to the urban landscape.
