CRITICAL OVERVIEW:

Being in this field there is always a lot you can learn, be it trending design materials and technologies, software, or client handling. **Ar. MONIKA LAKSHMANAN** has always guided and encouraged us to spend time learning them along with

our work schedule to help us improve as individuals. They maintain a great client relationship and put in a lot of energy

and time to understand their client's needs and work out a practical yet creative vision. The entire team of

NEST ARCHITECTURE AND INTERIORS have been very warm and friendly towards me and have helped me equip

myself as a DESIGNER in a better way. As a whole, this Internship was not just about gaining knowledge in the practical field but also a way to connect with people who had a common goal of being more creative, focused, and hardworking. Having completed my internship. I can definitely say that I feel successful.
