Dear Dr. MEKALATHUR ROJARAMAN,

I am writing to invite you to join a training course and field campaign on Multi-Axis Differential Optical Absorption Spectroscopy (MAX-DOAS) that we are going to organize at Research Centre for Environmental Changes, Academia Sinica, Taipei, Taiwan. MAX-DOAS is an important technique for atmospheric measurement of trace gases and aerosols. We are planning an intensive 3-week program from June 12 to July 1 this year that will provide theoretical and hands-on experience with MAX-DOAS. The program will cover:

- Principles of MAX-DOAS including instrumentation, retrieval algorithms, and error analysis.
- An 1-week training course on MAX-DOAS operation and data analysis. This will include both lectures as well as measurement exercises.
- A 2-week field campaign to deploy MAX-DOAS instruments around the city for air quality monitoring and validation. This will provide valuable experience in setting up and operating instruments in a field environment.
- Opportunities to interact with experts in the field of MAX-DOAS remote sensing.

We would be delighted if you could join us for this program. Your expertise in atmospheric remote sensing and background in spectroscopic techniques would make you an excellent addition. **We are able to provide travel and accommodation funding for all participants.**

Please let me know if you are interested and available to join us for this learning and research opportunity. We look forward to meeting you in Taipei.

Best regards,

Dear Dr. Karthick Velu ,

We are pleased to inform you that you are accepted as a fellow of our International Fellowship Program for the fiscal year of 2020, on the basis of the recommendation made by our Selection Committee.

It is understood that you are to conduct your study on "Tumor specific peptide conjugated self-assembling dendrimer nanomicelles as innovative nanodrug candidates" at National Institute for Materials Science in Ibaraki, Japan.

You will be granted, as a fellow, the expenses of a round trip by air between international airports in India and in Japan as well as the amount of ¥250,000 a month for a period of 12 months of your study.

We wish you good luck in your endeavors.

Sincerely yours,

LETTER OF APPRECIATION

Ref.No.STIITB/2022/280 30/10/2022

To

Dr. S. Revathy,
Sathyabama Institute of Science and Technology

This is to express thanks and appreciation Dr. S. Revathy for spreading awareness and holding Software Training workshops at Sathyabama Institute of Science and Technology.

We are making an outstanding contribution of using ICT based teaching and learning methodology for students of Sathyabama Institute of Science and Technology, Tamil Nadu. Your contributions to the implementation of Spoken Tutorial Project are significant and have played a part in it becoming fastest growing NMEICT Project. Your excellent skills and courteous personality has helped tremendously in spreading awareness of Spoken Tutorial, IIT Bombay.

I would like to personally thank you for contributing to the software training and awareness events in your College.

This work was done in association with the Spoken Tutorial IIT Bombay. As part of the National Mission on Education through ICT, funded by MoE, Govt. Of India.

I am sure that we will continue to get your continued support for making India IT literate and spreading project existence in state of Tamil Nadu, Sathyabama Institute of Science and Technology.
