SEED GRANT OFFER LETTER

Ref. No.: SIST/2022-23/ SG/001

5.09.2022

To

Dr.Kumaran
Assistant Professor
Centre for Drug Discovery and Development

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Multipurpose unmanned aerial vehicle Disease control and agriculture drone" at a total cost of ₹ 220000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Designing a Secure Mobile based Exam Management System." at a total cost of ₹ 35000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022–23/ SG/046

05.09.2022

To

Dr. Jaya Sudha

Associate Professor

Department of Electronics and Communication Engineering

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled “Synthesis and Characterization of Cadmium–Based Nanoparticles for Antibacterial Applications.” at a total cost of ₹ 20000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

Ms. S. Radhika

Associate Professor

Department of Electrical and Electronic Engineering

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled “Smart Home Energy Management System.” at a total cost of ₹ 45000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022-23/ SG/114

05.09.2022

Mrs. A. S. A. Nisha

Associate Professor

Department of Electronics and Communications Engineering

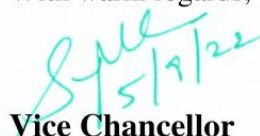

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Neuromorphic Electronics." at a total cost of ₹ 20000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

05.09.2022

Mr. Sundarrajan Giri Thulasi Raman
Associate Professor
Department of Electrical and Electronic Engineering

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled “Energy-efficient electronic circuits and devices for extending battery life and reducing power consumption in portable electronics.” at a total cost of ₹ 20000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022-23/ SG/137

05.09.2022

Mrs. Poonguzhali

Associate Professor

Department of Electronics and Communication Engineering.

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Environmental Noise Pollution Monitoring" at a total cost of ₹ 10000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022–23/ SG/160

05.10.2022

Dr. V. Sivachidambaranathan
Associate Professor
Department of Electrical and Electronics Engineering

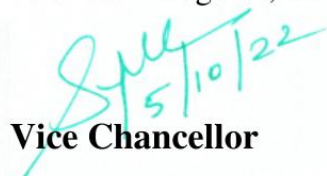

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled “Smart Agriculture Solutions” at a total cost of ₹ 50000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022-23/ SG/183

05.10.2022

Dr. Dawn
Associate Professor
Centre for Waste Management

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Economic non-food sugar from variable mixed solid waste for high value products " at a total cost of ₹ 25000.

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor

SEED GRANT OFFER LETTER

Ref. No.: SIST/2022-23/ SG/206

05.10.2022

Dr. R. Rajesh Kannan
Associate Professor
Centre for Nanoscience and Nanotechnology

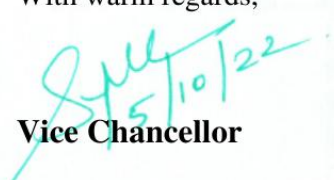

Dear Sir / Madam,

Sathyabama Institute of Science and Technology is pleased to offer you the Seed Grant for your proposed invention entitled "Nano-Enabled fashion Textiles" at a total cost of ₹ 25000 .

Please review the below terms and conditions of the Seed Grant for receiving the anticipated financial support from us

- You will be required to maintain the confidentiality of your innovation and shall not disclose any information to any external entity without obtaining prior approval from the Institution
- You should not do any other business activity related to this innovation without the written consent of the Institution
- The innovators should inform the institution before he/she intends to apply for the patent of the design, process or product of the innovation
- Project Monitoring Committee will review the progress of the project and its implementation
- The complete project plan with clear milestones are to be submitted for the release of the fund
- The institution holds the right to recover or terminate the financial support if the proposed milestones are not achieved within the time period mentioned by the awardee.

With warm regards,

Vice Chancellor
