Department of Mechanical Engineering, School of Mechanical Engineering conducted an Alumni Guest lecture program on "Campus to Corporate" on 02.12.2022 by Mr. Prashanth Parthasarathy, Managing Director, Wheels and Wagons.
This is a different kind of highly interactive program to address the need of job aspirants towards their journey to corporate world. The lecture was focused to emphasize the importance for building an appreciable Resume, interviews, selection process and retaining happiness during working. School of Mechanical Engineering Students fro Mechanical, Automobile, Aeronautical and Mechatronics Engineering of 1st year and final year Aeronautical Engineering students attended the interactive lecture.

Department of Mechanical Engineering, School of Mechanical Engineering organized an expert talk on Hybrid Rocket Propulsion by Dr. P.N. Kadiresh, Professor and Head, Department of Aerospace Engineering, BSA Crescent Institute of Science and Technology, Chennai on 21st February 2023. A hybrid rocket propulsion is a rocket propulsion system where the rocket motor uses propellants in two different states of matter – one solid and the other either gas or liquid. Dr. Kadiresh presented the fundamentals of Rocket Propulsion and Hybrid Rocket Propulsion. The session was an interactive one for second year Aeronautical Engineering students and the third year Mechanical Engineering & Aeronautical Engineering Students. The rich experience of resource person, helped the students to get practical insights. We thank Prof. P.N. Kadiresh for his excellent knowledge sharing lecture.

The Department of Mechanical Engineering, School of Mechanical Engineering organised an Expert Talk on "Transformation in Automotive Industries" on 07/01/2023. The resource person Dr. A. Ragothaman, Divisional Manager, Technical Center, Ashok Leyland, Chennai delivered the lecture.

He explained the fundamentals of Truck design terminologies, Emission norms followed in India and abroad. He also explained the design process and the importance of Product Architecture adopted in the automotive sector. It was an interactive lecture. There was a tremendous response from students' side during the question session. Dr. A. Ragothaman explained all the technical questions very patiently. It was totally a motivational topic for Third year and Fourth year of Mechanical Engineering., Automobile Engineering, Mechatronics Engineering and Aeronautical Engineering students who attended the programme. On behalf of Department of Mechanical Engineering, we thank Dr. A. Ragothaman for his energized technical lecture.

Extract transform load with SQL
10-01-2023

A guest lecture was organized by the Department of Computer Science, School of Science and Humanities on 10/1/2023, titled "Extract Transform Load with SQL".

The guest of the day was Ms.Subashri.R.P, Associate Developer -ETL. The event started at 9:30AM at Mega Classroom.

Students from III years for Computer Science (Science and Humanities) attended the lecture. The number of students participated:117. The students were lectured on Extract Transform Load with SQL which is a data integration process that combines data from multiple data sources into a single, consistent data store that is loaded into a data warehouse or other target system.

The students found the lecture to be very useful and they could associate it with their subjects on database and were grateful to learn from a professional from the industry.

07-03-2023

An event to celebrate women was conducted on 7th March 2023 by Department of Computer Science, School of Science and Humanities.

Our event was graced by the presence of Vice President Ma'am.

The event started at 4:00PM in the evening at OAT. Invitations were handed out to women students across various departments. The participants of the event were women students from various departments. The event included activities including mime, dance and speech to flare the flames of ambition and to stress the importance of gender equality.

The chief guest for the day was Ms.Damen Queen MSW, Professor, Madras School of Social Work. She gave a speech on cyber safety and security of women in this day of technological advancements. The students were happy to have a relaxing and enjoyable evening event with cyber safety educational details to take home with them.

THESIS AN EXPLORATION

Thesis Workshop – 2022

A workshop for the final year students was conducted on 13th June 2022 - 15th June 2022. In order to give them an opportunity and insight to carry forward their Thesis project in a methodical manner. Various sessions were conducted in order to give them a clear understanding about different aspects and approaches to complete a thesis. The thesis topic was divided into subtitles and experts in those areas gave students a lecture and hands on exercise. On third day students came up with their work which was discussed with individual supervisors to evaluate their inference and interpretation of the ideas .The workshop was coordinated by Ar.Shankar and Ar.Deepalakshmi.

The Guest Lecture was arranged for M.Arch Sustainable Architecture students on 2nd Sept 2022 on Embodied Carbon and Life Cycle . The initiative of the lecture is mainly to understand the various issues and mitigating strategies related to carbon emissions.Ar Vijitha Mammen was inivited for the lecture .The lecture.

Ar Vijitha Mammen is a sustainable design consultant and building science professional with over 6 years of experience in industry and academia. After completing her B.Arch degree in Chennai, she went on to do a masters programs in the UK, specializing in sustainable design. With skills in climate sensitive design and building simulations, Vijitha advises on how to integrate building systems to create high performance buildings. She has worked in the Middle East and Singapore, and currently works as Building Performance Advisor at hcma Architecture + Design, Canada. Her portfolio of projects include schools, universities, fire halls, and sports and recreational centres. Vijitha has also served as a technical committee member of the LCA2 Initiative at National Research Council of Canada, contributing ideas for the development of national guidelines for life cycle assessment.

CRDE Workshop

The CRDE| Climate Responsive Design Workshop is a 4 week online workshop on Climate Simulation soft wares. The Workshop was conducted for the Students and Faculty of Architecture from other institutions. The Workshop was conducted from 10th Sept to 1st Oct from 10am to 3pm. The workshop was coordinated by Ar Catherine Selvaraj and Ar Seetha Visalakshi The workshop was meticulously planned with week 1 focusing on Climate Analysis, Week 2 on Solar Analysis supported with Andrew Marsh and Formit, Week 3 on Day lighting Analysis with Velux software and week 4 on Natural Ventilation Analysis with Ansys software. The Participants were given quiz and assignment after each week's session .The Participants involved them enthusiastically throughout the workshop. The feedback given by the participants were highly encouraging and motivating to conduct many such workshops in near future

This workshop was conducted on 19.11.2022 for both B.Arch and B.Des I year students. The workshop is conducted by the design incharges. The Intent of the workshop was to make the students understand the relationship between the 2D and 3D .Using Basic shapes and gestalt principle the students did composition with application of colour theory and converted 2D into 3D model by changing the perspective of the 2D by changing the axis by rotating ,overlapping, repeating ,interlocking. The student understood the shape composition through a physical model.

The workshop was conducted on 23.11.2022 for both B.Arch and B.Des I year students. The resource person is Ar.Kavitha Prasad, an experienced Artist, Architect and Educator. She conducted a workshop on "SCALE AND PROPORTION OF DESIGN" as a hands-on workshop. She organised the workshop in three stages. In Stage one, the students need to make a quick perspective sketch using a simple pencil technique the resource person taught the students. In the Stage Two, the students need to understand the proportion of the building by analysing the ratio of the building as a part and whole. In Stage three, students created a model and introduced human scale in the model to understand the relationship between the model and human scale. Through this workshop the students got familiar with the Scale and Proportion of the design.

Two days Training Workshop on Integrative Design Approach its Applicability for TN-ECBC & TN-ENS

Department of Architecture, in collaboration with Government of Tamilnadu & TANGEDCO, are organised a Two day workshop on the Design approach & its applicability for both TN-ECBC & TN- ENS, with sessions on the scope & structure of the codes as well as the applicability in terms of code compliance and its approaches on 17th & 18th Nov 2022 from 10.00am to 4.00pm .It was conducted for both M.Arch Sustainable Architecture and M.Arch Building Management students.

The Energy Conservation Building Code (ECBC) & Eco Niwas Samhita (ENS) is an initiative by Government of India (GoI) to address energy efficiency in the commercial & residential building sector respectively. The Code is already mandatory and enforced in 15+ states and UTs of India, where all commercial & residential buildings have to comply with the code. In Tamilnadu too, the codes are in the process of amendment as TN-ECBC & TN-ENS, with implementation and enforcement in the near future.

M.Arch Sustainable Architecture -Two days Training Workshop on Building Performance Analysis and Optimization

Department of Architecture, in collaboration with Earthonomics, Chennai organized a Two day training workshop on Building Performance Analysis and Optimization on 23rd & 24th Nov 2022 from 09.30am to 4.30pm.

The session started with an interaction among the students and the resource person explained the sustainable concepts and real time application. The resource person briefed about the software and the various applications in the field. The expert explained the detailed concept of different climatic regions was covered with an example and the difference in energy consumption was compared between buildings from 2 different climatic locations. At the end of the session personal interaction with the students happened with respect to their individual projects and clarification was provided.

- DAY 1: Discussion on
    - the various tools available in IESve software
    - modeling of a building
    - Sun Calculations to identify the radiation based on number of days.
    - Hands-on work was done post lunch and modeling part was done on day 1
- DAY 2: A short session on construction details and lighting. Hands-on work commenced after break. Layering of construction details was applied.

The relationship of various stakeholders in projects of Design, Engineering, Procurement and Construction. The workshop helped M.Arch students to conclude their dissertation findings through quantitative approach by giving weightages to the identified parameters and with the same score and analysing their case studies. Through this workshop qualitative subjective findings are summarised with quantitative results.

Students of B.Arch II Year were taken to Dakshinachitra to give them a workshop on ‘documentation practices’ in coherence with their Design Studio- Study of a Rural Settlement. It was planned to give an insight into the steps and process needed to document the identified settlement at the micro, meso and macro level. Besides that, the students got an opportunity to understand the scale and complexity of the live case study. They translated the schematic sketches into architectural drawings (Plan, sections and elevations) and a model in 1:50 scale. One element was identified and a model in 1:25 scale was also made of the same.

B.Des Lighting Lecture and Demo _Nexus Lighting – Chennai

Nexus Lighting is one of the companies who customize and work on various projects for interior and exterior lighting. They have design experts who work on Lighting Design and provide design solutions and product suggestions for various industrial, commercial and residential products. The III Year B.Des students who have the subject Building Services – I as a part of their curriculum come across various functions and lighting systems suitable for bathrooms. To get to know the products and services in detail they were taken to the Nexus Lighting in Saidapet, **-Chennai** on 7th January 2023. The showroom with technicians provides technical details and best products for their designed spaces. Detailed demonstration along with an exposure to various lighting and their application in interiors gave them an insight for their theoretical knowledge they have gained. Working principle, Installation and maintenance procedure were demonstrated to the students through technicians. The large display of different lighting fixtures helped them to gain more experience about different lighting systems, accessories and fixtures. The well-trained team was able to clarify queries of the students and the interactive session was interesting and helpful for the students

Guest Lecture & Interaction Session - "HVAC & Interiors" on 1st February 2023

An expert talk was given by D.Balaji from Shree SRB & Associates, for B.Des Students on "HVAC & Interiors". The session started with an interaction among the students and the Resource Person explained the basics of HVAC systems. The expert gave an insight into various types of Air-conditioning systems. Through the presentation he detailed out the Air distribution Ducting system, placement of Diffusers and grills. A practical session on duct design was practiced during the session through plan and section. The Lecture was very informative, which ended with a brief question & answer session. Students were greatly benefitted by the Lecture, that they are able to solve their duct layout in their design studio project.

One- day workshop on “Measuring Indices for Thermal Comfort Analysis” was conducted on 18th March 2023 for B.Arch Students. Interested students from III & IV year B.Arch participated in the workshop. During the session, students explored various instruments used to measure environmental parameters like air temperature, air speed, relative humidity and radiant temperature. Thermo hygrometer was used to measure Temperature & Relative humidity, Anemometers for Air speeds, Infra-Red gun for measuring Surface temperatures. Ar. Kavitha gave an overview of thermal comfort and various parameters affecting thermal comfort. Ar.Balaji ,M.Arch II-year student of Sustainable Architecture, explained site analysis on measuring environmental parameters by using the instruments. Further the students were divided into groups to use the above instruments. Thus, the students were trained to achieve thermal comfort in buildings using advanced equipment.

ONE-DAY WORKSHOP ON

"MEASURING INDICES FOR THERMAL COMFORT ASSESSMENT"

OBJECTIVE :

Measuring Environmental factors (air temperature, wind velocity, relative humidity and radiant temperature) to assess the comfort and performance level of the building

SCOPE OF ACTIVITIES:

It is planned to conduct specialized training programmes on different devices which are used for measuring environmental parameters.

- Data loggers which help us to measure relative humidity as well as Temperature
- Anemometers for air speeds
- Infra-red gun for measuring Surface temperatures for radiation

To achieve climate responsive building, provision is to be made for proper temperatures, reduction of excess heat gains, minimizing heat losses, and enhancing ventilation. In other words, it involves a series of phenomena by virtue of which we call overall thermal comfort inside the built environment.

Parametric Architecture Workshop

Workshop Resource Person:
Ar. Trinadh is currently principal architect and partner of 3 organizations namely VRFramer, LAD360 and SCD international. He is currently researching the use of AI and ML in construction industry. Trinadh Kumar is having 17 years' experience in implementing Building Information Modelling (BIM) technology in the construction industry. Trinadh achieved his Master of Architecture Degree from State University of New York at Buffalo, with specialization in situated technologies (digital architecture).

Topics covered:
Intro to Parametric
Intro to Rhino
Intro to Grasshopper
Basic scripts in grasshopper Using Elk
Climate outdoor analysis basic Physics and Structural approach for Parametric Generative Design

Outcome:
Students and teachers both who attended started working in real-time with Ar. Trinadh on Rhino, Grasshopper, Elk, Ladybug and Lunchbox. They learnt about building forms, facades, climate analysis on Rhino and a basic idea of using parametric architecture to analyze urban spaces.

“WORLD ARTS DAY”

CELEBRATION AT

SCHOOL OF BUILDING AND ENVIRONMENT,
SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

The School of Building and Environment Department at Sathyabama Institute of Science and Technology celebrated World Art Day with great enthusiasm. Faculties and first-year students from the Bachelor of Architecture and Bachelor of Design programs collaborated with three alumni students from the architecture department to create beautiful graffiti wall art in the selected premises of the department. The alumni students provided guidance and expertise to the first-year students, who worked tirelessly to produce stunning graffiti designs that showcased their artistic talent. The event was a great success and demonstrated the power of collaboration and mentorship in promoting the importance of art in education and the community.

One –day Workshop on **Energy Efficiency and Management** was conducted for the M.Arch Sustainable Architecture Students on 20th April 2023.The main aim of this workshop is to provide deliverable skill & technical input in the field of energy efficiency of the building from excessive energy use. Energy Performance through simulation and Prescriptive Approach were introduced, including Net-Zero Energy Calculation. Students were more interested and participated with full spirit.

DEPARTMENT OF ARCHITECTURE

On June 22nd, 2023, Department of Architecture, Sathyabama Institute of Science and Technology hosted an insightful seminar titled "Journey Within Urban Design" at the IRC auditorium. The seminar was exclusively designed for our 4th and 5th year students, aiming to shed light on the captivating world of urban design. The distinguished speaker for this enlightening session was Tahaer Zoyab, the Chief Architect and Urban Designer at Triple O Studio, Chennai. With his profound knowledge and extensive experience in the field, Mr. Zoyab shared his expertise, captivating the audience with his unique perspectives on urban design.

During the seminar, students were treated to a captivating introduction to the multifaceted realm of urban design. Mr. Zoyab took them on a fascinating journey, unraveling the various aspects and intricacies of this dynamic discipline. He shared insights into the fundamental principles, best practices, and the art of integrating aesthetics, functionality, and sustainability in urban spaces. One of the highlights of the seminar was the presentation of numerous practical projects accomplished by Triple O Studio. Students were awestruck as they witnessed real-life examples of urban design excellence, brought to life through the studio's innovative and visionary approach. The seminar served as an invaluable platform for students to gain a deeper understanding of urban design and its vital role in shaping the cities of the future. It inspired them to explore new possibilities, challenge conventions, and push the boundaries of architectural excellence.

FOOD SAFETY AWARENESS PROGRAM 2022

The food safety awareness program 2022 was conducted at the ANIMAL TISSUE CULTURE LABORATORY at the DEPARTMENT OF BIOTECHNOLOGY, SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY CHENNAI on 17th June 2022. Students from the Department of Biotechnology participated in groups by preparing and presenting various food items and explained in detail about the food preservatives, preservation technique, adulterants, benefits and demerits of certain food preservatives.

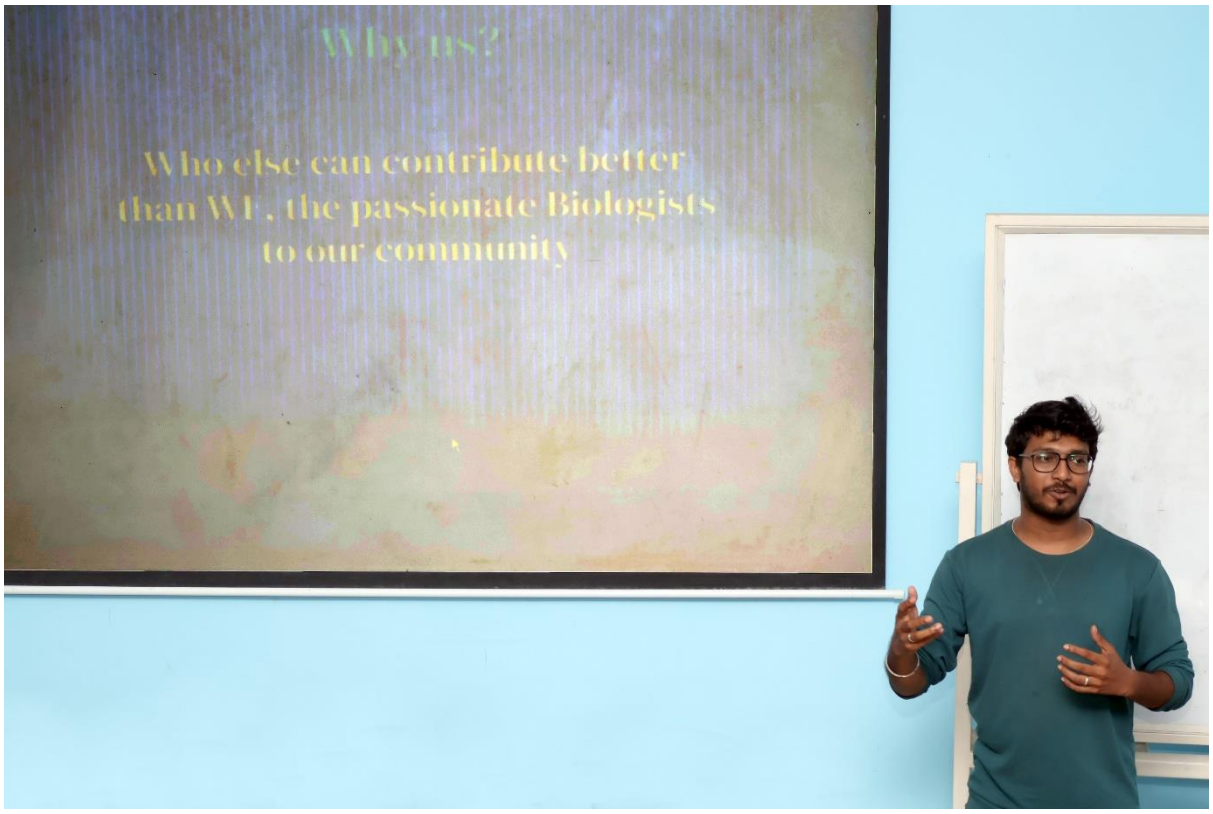

There were four groups of students who were displaying many food items such as homemade yogurt, jellies, cakes, breads, packed food items for adulterants etc. The program started at 9 A.M. and the students started exhibiting to present their skills. There were the teachers of Biotechnology Department and students were visited, tasted the samples and recorded their reviews on the participants. There was a break time from 11.00 AM- 11.15 AM and then the remaining students visited the exhibits. The teachers were very supportive and encouraging everyone to perform better and also encouraged students to get to know the food safety and health measures. The program ended with a very informative speech by MR.SIRAJ sir who encouraged students to innovate organic food preservation and to lead a healthy life. The program ended at 3.15 pm and that was a very informative and creative workshop held. THANK YOU for the Department of Biotechnology and the institute for arranging such an useful program.

The food safety awareness program 2022 was conducted at the ANIMAL TISSUE CULTURE LABORATORY at the DEPARTMENT OF BIOTECHNOLOGY, SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY CHENNAI on 17th June 2022

SKILL DEVELOPMENT

The department of Biotechnology, Sathybama Institute of Science and Technology organized a Seminar on "CAREERS, OPPORTUNITIES AND INNOVATION IN BIOTECHNOLOGY" by Mr.Sudharasan Varatharajan, C.E.O, Co-founder, Bversity (virtual Biotechnology University) on 23rd January 2023. II and III years of B.Tech Biotechnology attended the talk. The chief guest spoke about the careers and opportunities in the Biotechnology industry and start-ups. The students were very interactive with the chief guest and participated in the discussion session.

2022-23	Funding opportunities for new start up	14/12/2022

About the Programme

The aim of the one Day Workshop on ' Understanding Research Methodology' is to enable the participants both social sciences research approaches – Qualitative and quantitative.

Workshop Objectives

- The objective of this workshop are:
- To provide a comprehensive over view of qualitative and quantitative research framework.

Course Content

- Different approaches of social science research.
- Fundamental of social science research
- Tools and methods of data collection for qualitative and quantitative research
- Research based on secondary data
- Data analysis using statistical software
- Reporting and presentation
- Citation, reference management tool and plagiarism

Basic understanding of the concept of research methodology is necessary to appreciate the program. Hence, the workshop will start with some theoretical input sessions so as to help the participants to brush the knowledge in basic research methods. Thus, both theoretical and practical sessions will be arranged so that the participants could understand, appreciate and able to meaningfully interpret the output.

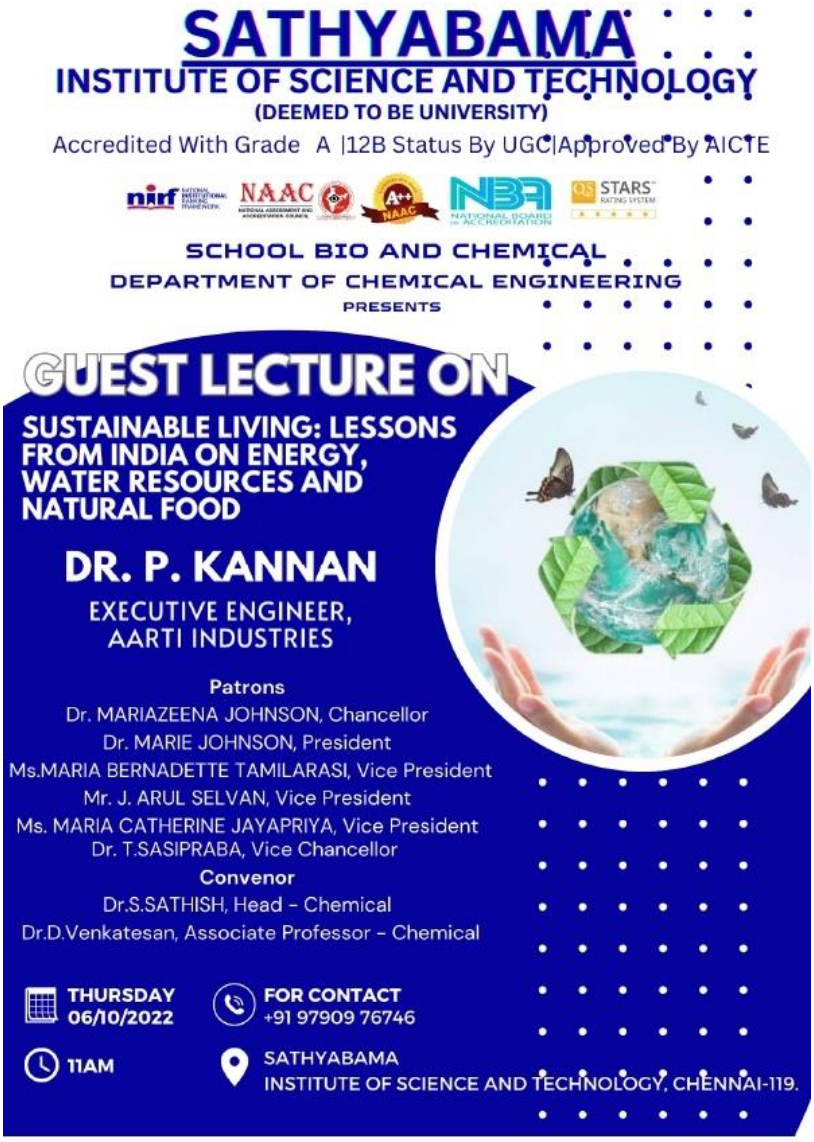

The workshop was attended by 50 participants from industry; trade associations; national laboratories; universities; and state, and local government agencies. The workshop featured a series of panel sessions, with presentations on research methodology, research, tools and methods etc.

Center for waste management (CWM), in association with Wasman Pro and the Department of Chemical Engineering, held a Resourceful Waste Conservations Technologies, Workshop on Sep 16–22, 2022, in Sathyabama Institute of Technology, Chennai to discuss biogas and waste-to energy technologies for future applications. The meeting was spearheaded by the Future Technologies Program in coordination with the Biomass Program. The overall objective was to identify opportunities for coupling renewable biomethane with highly efficient fuel cells to produce electricity; heat; combined heat and power (CHP); or combined heat, hydrogen and power (referred to as CHHP or "trigeneration") for stationary or motive applications. The workshop focused on biogas sourced from wastewater treatment plants (WWTPs), landfills, and industrial facilities that generate or process large amounts of organic waste, including large biofuel production facilities (Biorefinery).

Sustainable living is an essential concept in today's world, where environmental challenges are becoming increasingly evident. India, as a diverse and populous nation, faces unique environmental issues, but it also offers valuable lessons on sustainable practices that can be applied globally. This article explores three critical aspects of sustainable living in India: energy, water resources, and natural food. India's energy sector has been undergoing significant transformations to address the challenges of growing energy demand and environmental concerns. The country has recognized the importance of reducing its reliance on fossil fuels and has made remarkable progress in adopting renewable energy sources.

EXECUTIVE SUMMARY

The Department of Chemical Engineering, organised a seminar on 'Funding opportunities for new start-up' on December 14, 2022 at Sathyabama Institute of Technology, Chennai to guide budding young entrepreneur for the need and method to generate new funds. Dr. I Ganesh Moorthy from VIT, Vellore gave the talk to about 75 p+articipants on the topic. The seminar focused on the need for funding as shown in the fig. 1. And the method to generate it as stated below according to the seminar talk.

FUNDING OPPORTUNITIES FOR STARTUPS

A new study shows that over 94% of new businesses fail in their first year because they don't have enough money. The seminar talked about the most popular ways to get money for a new business.

1. Self-Funding: This is the best way to get money because it avoids the risk of dilution of ownership.

2. Friends and family: The next best way to get money quickly is to ask friends and family who believe in the new business to help out.

3. Crowd funding: These days, crowd funding projects are a popular way to raise small amounts of money.
4. Angel Investors are wealthy people who are willing to put money into new businesses in exchange for convertible debt or ownership shares.
5.Venture capitalists: Venture capitalists are professional investors who put money from big companies into new businesses that might be successful.
6. Equity Financing: This is the most common way to get money to help a new business grow quickly.
7.Debt Financing: Debt financing is a loan that has to be paid back by a certain date.

Date	Name of the Expert and Designation	Topics Discussed
09.03.2023	**Dr.John Paul** NSS Co-ordinator	Tree plantation camps raised awareness about the importance of trees and the environment.

Outcomes

Planting trees helps increase the overall green cover in an area, which can have a significant impact on local ecosystems. They provided educational opportunities for participants to learn about the local ecosystem and the role of trees. Tree plantation camps can bring together community members, fostering a sense of belonging and collective action for environmental causes.

Contents

Date	Name of the Expert and Designation	Topics Discussed
22.03.2023	**Dr.K.Nagamani** Head and Scientist D Centre for Remote Sensing and Geoinformatics	Discussed about the importance of conserving water resources to meet out the increased demand for water

Outcomes

Participants gained a better understanding of the importance of clean water and proper sanitation practices for their health and well-being. Awareness meetings can lead to changes in behavior, such as improved hygiene practices, responsible water usage, and proper sanitation habits. Better knowledge and practices regarding water and sanitation can lead to a reduction in waterborne diseases and improved overall health in the community.

27.03.2023 to 31.03.2023	**Dr.R.Padmapriya** Head of the Civil Department	• Overview of Sustainable Construction Technologies • The significance of employing green materials while building structures

Outcomes

- For students, this expert session provided an introduction to the many sustainable construction methods.
- Was exposed to the use of various green building materials to promote sustainability.
- In order to promote green building principles, students were trained to understand technologies like eco-friendly construction, natural energy consumption, reduce, reuse, and recycle options.

HANDS-ON TRAINING ON C PROGRAM

EVENT DESCRIPTION

Department of Computer Science and Engineering, School of Computing provided First-year students with Hands-on Training in C programming from 5.12.2022 to 15.12.2022. Nearly 125 students signed up and attended the training. A thorough hands-on lesson on the fundamentals of C programming was provided by the speaker, Dr. S.Bangaru Kamatchi, Assistant Professor, and Dr. M. P. Vaishnnave, Assistant Professor. We provided extensive explanations and case examples for key C programming concepts. The students engaged with the speakers with great enthusiasm in order to comprehend the subject.

Title: Orientation On Study Abroad
Venue: Edge Computing Lab
Date Of Event: 28th September 2021
Event Duration: 2hr 30mins

There were approx above 200 participants in the event. The event was all about orientation on study abroad and preparation guidelines for GRE, IELTS exams.
The participants enjoyed it a lot and many of the participants said that it was helpful to improve their perspective on study abroad and explained to the students about salary packages after their masters. And provided some references like books, links for their study abroad exam preparation. Some of the participants were asked to conduct these kinds of orientation classes in the future.

The overall feedback says that all had got a good understanding on study abroad examinations & jobs after masters.

The supportive documents are attached below mail (Poster, Images of the event, presentation documents).

FDP - BLUEPRINT FOR BIOMEDICAL RESEARCH

23rd to 28th January 2023

SUMMARY

Biomedical Research is a field that is growing leaps and bounds every day. Research topics are vast and varied, ranging from molecular, nano levels to Clinical trials of life-changing and life-saving drugs and procedures. Research can happen anywhere, from high-tech labs, single/multicentre setups in clinics, in hospitals and even in the open with minimal or no resources. They can involve expensive machinery, sophisticated instruments, or just pen-paper. Whatever the type is, they all involve a few basic and common steps.

Research in the field on Dentistry, Medicine, Bio-medical sciences all require knowledge of these basic steps. Good research requires a proper blueprint. This is required before we start, right from step zero, to put it one way.

This 5-day Online program aims at giving a brief look into the various options or types of research possible in the field of Dentistry & Bio-medical research and what all we need to know to select and plan a research protocol before starting the actual process.

Twenty-Seven participants attended the program with exhaustive lecture on the topic and

an interactive session post lecture. Feedback, taken via Google Forms was highly positive.

Investments Simplified

Write up

'Investment Simplified' a program on financial planning for professionals was conducted by the Department of Oral and Maxillofacial Pathology on the 18th of November, 2022.

Dr.B.Thayumanavan, MDS, Director and Chief Dental Surgeon, D Care Dental Solutions, and Mr. Sreekanth Narasimhan, MSc., MBA, Founder -Director, Sree Investment Services addressed the audience on financial planning.

A panel discussion was conducted after the talks by the resource persons. The panelist were Dr.Balakumar V, Professor , Department of Prosthodontics, Dr.Pravda C , Professor and Head, Department of Oral Medicine and Radiology, Dr.Kurinji Amalavathy R, Professor and Head, Department of Conservative Dentistry and Endodontics, Dr.Xavier Dhayananth, Reader, Reader, Department of Orthodontics.

A total of 150 participants registered and attended the program.

Dr.Thaymanavan B in his talk introduced the concept of saving money in general and the concept of 'compounding' specifically to the participants. He stressed the importance of starting young in the context of investment to the students.

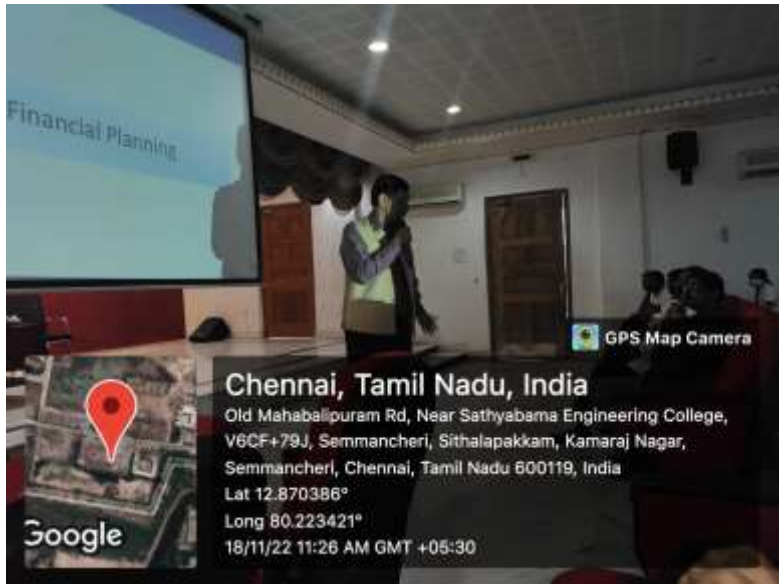

Mr.Sreekanth Narasimhan highlighted the importance of mutual fund investment to the participants.

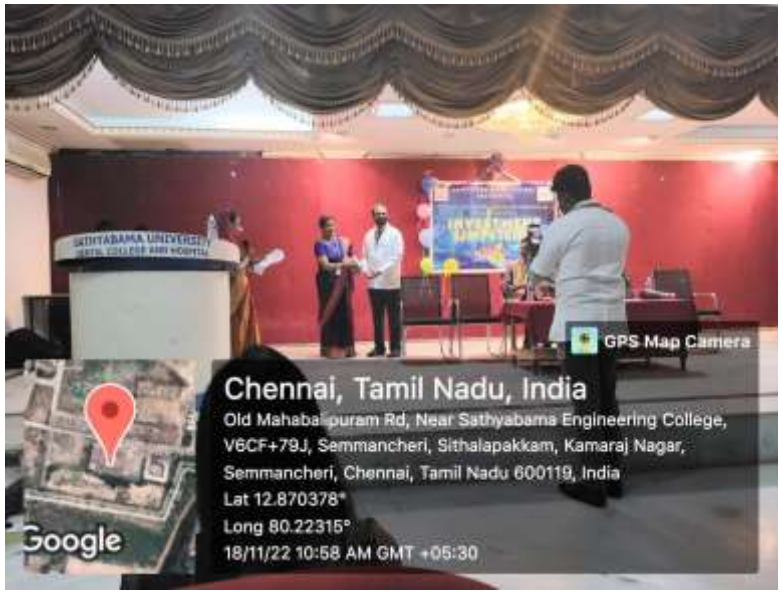

The participants were enlightened in detail about returns that would be obtained if they invested early in life. He also specifically delineated the amount to be invested at specific ages in life, and the returns gained thereof.

Mr.Narasimhan advised against investing in electronics and assets, the value of which would depreciate over time. He also spoke on the topic of availing loan to invest in starting a Clinical Dental Practice. He recommended investing in advanced equipment rather than interior decoration in the dental clinic. He gave real-world examples and case studies of failed businesses that were based on poor planning.

The panel discussion was an interactive session where both the panelists and the audience, students, and staff participated enthusiastically by raising and discussing various questions on investment in mutual funds, and different saving schemes.

FDP on development of machine learning techniques for solving real world problems

A 10 days online FDP on development of machine learning techniques for solving real world problems was organized by E&ICT Academy and Department of Electrical Engineering, NIT Warangal in association with school of EE, SIST Chennai (Sponsored by Ministry of Electronics and Information Technology, (MeitY) Government Of India) from 18th May to 28th May 2022. Eminent speakers from industry, academic and research organization delivered the lecture. Participants benefited from this FDP are capable of delivering their own software code for solving real world problems with machine learning techniques.

ONLINE FACULTY DEVELOPMENT PROGRAMME (FDP) on

Development of Machine Learning Techniques for solving Real World Problems

(18th -28th May 2022)

Organized By

E & ICT Academy & Department of Electrical Engineering, NIT Warangal

In Association With

School of Electrical & Electronics,

Sathyabama Institute of Science and Technology, Chennai.

(Sponsored by the Ministry of Electronics and Information Technology (MeitY), GOI)

Preamble:

Electronics & ICT Academy was set up at NIT Warangal with financial assistance from MeitY, GoI. The role of academy is to offer Faculty Development Programs in emerging areas of Electronics, Information Communication Technologies; training & consultancy services for Industry; Curriculum development for Industry; CEP for working professionals; Advice and support for technical incubation and entrepreneurial activities. Digital India, a flagship programme of the Government of India envisions digitization in every sector in India. Machine Learning plays a major role in realizing this dream in every realm which includes agriculture, Industries, public and private sectors, healthcare.

This 10-day workshop is intended to cover certain specific applications where there is increasing demand for improved research on Machine learning techniques which include deep learning, feed forward networks and their applications. It provides a forum for Industry Institute Interaction leading to identifying emerging areas and developing new applications.

Objectives: This FDP aims at exploring opportunities of developing

1 ML techniques for Quality Assurance in Industries
2 ML techniques for Computer aided interpretation of biomedical images/signals
3 ML techniques for Data fusion in Wireless Sensor Networks
4 ML techniques for Audio/splash signal processing
6. ML techniques in remote sensing applications
7. Modified ML algorithms for prediction and classification
8. Techniques for pretraining the deep learning neural networks

Registration Fee Particulars:

Faculty and Research Scholars	Rs. 500 /-
Industry Participants	Rs. 1500/-

Participants are required to pay the Registration Fee Online using the following NEFT transfer details:

About NIT Warangal, EE Department:

NIT Warangal, formerly known as Regional Engineering College was established in the **year 1959**. Over the years it has developed into a premier institute of higher learning and is ranked among the top technical education institutions in India. There are 14 Departments offering eight undergraduate and 32 post-graduate programs besides doctoral programs. About 5000 students across the country and about 500 international students study on the campus. Its R & D activities have gained momentum with funding/MoU from governmental agencies/industries.

The Department of Electrical Engineering was established as one of the major departments of NITW, in 1959. It offers B. Tech. in Electrical & Electronics Engineering, M. Tech. program in Power Electronics & Drives, Power Systems, Smart Electric Grid (SEG) and Ph.D. program. Warangal is known for its rich historical and cultural heritage. It is situated at a distance of 140Km. from Hyderabad. Warangal is well connected by rail and road. National Institute of Technology campus is2 Km. away from Kazipet junction and 12Km. away from Warangal station.

About School of Electrical and Electronics, Sathyabama Institute of Science and Technology:

Sathyabama is a prestigious institution which excels in the fields of Engineering, Science and Technology for more than three successful decades. It offers multi-disciplinary academic programmes in various fields of Engineering, Science, Technology, law, Dental Science, Pharmacy, Nursing, Management, Arts and Science and Allied Health Sciences. It is established under Sec.3 of UGC Act, 1956 and is been Accredited with 'A' Grade by the National Accreditation and Assessment council. The Institution persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes taking place in the field of education on a global scale. The Institution has a team of dynamic and outstanding faculty, innovative pedagogical practices, state of the art infrastructure and world class Research Facilities.

School of Electrical and Electronics Engineering consistently and competently drives towards excellence through our departments of Electronics and Communication Engineering, Electrical and Electronics Engineering and Electronics and Instrumentation Engineering. Our school has developed on board communication subsystem, ground station control, electronic power supply, attitude determination control systems and has calibrated spectrometer for the successful launch of SATHYABAMASAT" on June 22nd, 2016. Combined expertise of faculty and students of our school has resulted around 33 research projects sponsored by government and R&D organizations. Under graduate programmes namely B.E. ECE and B.E. Quiz competition on Electron Devices and Circuits

"Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes us great". Keeping in mind the resonance of the above mentioned words, the department of ECE, Sathyabama Institute of Science and Technology, has organized a quiz competition on Electron Devices and Circuits. The quiz had two rounds.

First round is written test held on 22nd June 2022.All the final year ECE students attended the written test. From the first round , ten students were shortlisted and they were made into five teams. The second round is a quiz competition and was held on June 23rd 2022 in VLSI lab. The aim of the competition was to test the knowledge on basics of Electronics and Circuits. This helped the students to revise their core subjects for placements. Winners were appreciated with certificates.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
BATCH 2020 –

An Approach to Holistic Wit by Dint of Yoga

"Life Skill Development Program in Commemoration of International Yoga Day, "AN APPROACH TO HOLISTIC WIT BY DINT OF YOGA"" was organized by the Sathyabama IE(I) Student Branch and the Department of Electronics and Communication Engineering in association with The Institution of Engineers (India) on 21st June 2022**. Ms. A. Nandhini, M.Tech, VLSI Design., Master Diploma in Yoga., Yaazh Yoga Centre, Chennai** has graced the session as the Chief Guest and Resource Person. Final year and pre final year students from ECE department have taken part in the session. She has given excellent coverage on the topics such as postures, breathing techniques, mudras and Meditation related to Yoga. She has also clearly demonstrated the different types of Yoga Asanas and their benefits. She instigated that regular yoga practice creates mental clarity and calmness, increases body awareness, relieves chronic stress patterns, relaxes the mind, centers attention and sharpens concentration which are the most essential needs of the younger generation of the students who are in the new normal era. Students as well as other participants were benefited by the methods of meditation and breathing that can help improve a person's mental well-being. Students have understood that when one is more aware of their body and is thereby more aware of their surroundings, they can very well instill the most vital quality of self-control. Yoga benefits help to level up self-control and instilling of confidence among the students who are preparing themselves now to face the campus interviews.

SILICON 2K22

IEEE Student Branch proudly presents **"SILICON 2K22"** in which Department of ECE organizes events such as Proshow and Quranteam on 12.07.2022 and 13.07.2022 respectively. Proshow, referred as Project Demonstration, is a technological event. Based on the submission of their abstracts and reports, a select group of 19 students were shortlisted. Quranteam consists of a number of different quizzes designed to evaluate students' technical knowledge in an entertaining and interesting way. There were 49 teams who took part. The top 8 teams with the highest points from the 49 teams were chosen for the next rounds. The valedictory ceremony took conducted in front of dignitaries once the tie-up round started. Prizes and certificates were given to the event's winners and runners-up.

Guest Talk on Our Future with Semiconductors

Department of ECE organizes Guest Talk on **"Our Future with Semiconductors"** by Mr Arul Mahesh Jagadeesa Das Senior Business Development Manager (Fabless, System & EDA) at Imec, Belgium on **15.07.2022** for final year ECE Students**.** The speaker interacted with students about Modern VLSI trends are gradually moving from large to smaller devices in which the IC industry has constantly continued to make devices geometry smaller. Optimizing the sales and marketing of semiconductor technology. For the past century, semiconductor sales have grown steadily. Experts predict the industry will achieve $542.64 billion in annual revenue by 2022. This means semiconductor sales and marketing teams should expect to grow the existing market size. A clear understanding of the trends gives a clearer roadmap for more efficient and effective chip designing.

Technical Skill Development

Department of ECE organizes Technical Skill Development 08.07.2022 to 16.07.2022 for final year ECE Students focusing on all core courses to make students prepare for their placements**.** The speakers interacted with students about Electronic Devices, Digital Logic Circuits, Analog Integrated Circuits, Digital Signal Processing, CMOS VLSI Design, Embedded Systems, Microprocessors and Microcontrollers and also RF System Design. A clear understanding of the basics and insights gives a clearer roadmap for the students to crack the placements.

Digital Circuit Design using EDA Tools

Department of ECE organizes Three Day Workshop on **"Digital Circuit Design using EDA Tools"** in association with CoreEL Technologies from **07.07.2022 to 09.07.2022** for final year ECE Students**.** The speaker interacted with students Mentorgraphics Tool. Also about IC design, verification & manufacturing which efficiently create the world's most advanced integrated circuits (ICs) and create ICs with the optimal balance of power, performance, area and functionality. Verification at all levels - from C++ prototype to silicon test to digital twin. Meet security, functional safety, and silicon lifecycle requirements. Deliver coverage, signoff, and higher yield faster with AI-powered EDA tools. A clear understanding of the EDA tools which helps them to do a very own VLSI project using Mentor Graphics.

Seminar on Fundamentals of Artificial Intelligence

All India seminar on "Fundamentals of Artificial Intelligence" was organized by the Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology, Chennai, India in association with the "The Institution of Engineers (India)", Kanchepuram local centre under the aegis of Electronics & Telecommunication Engineering Division from 29th to 30th July, 2022. The seminar has been inaugurated by Dr. G. Sundari, Director Administration of Sathyabama Institute of Science and Technology with lighting of kuthuvilakku followed by the inaugural address. Students from ECE, CSE and EEE departments have participated in the seminar. Token of felicitations were presented to all the distinguished speakers. Dr. D. ELANGO, National Council Member & Chairman, IE(I) Kanchepuram Local Centre has also graced the occasion. The main objective of the seminar was to instigate the importance and create an in-depth knowledge about Artificial Intelligence amongst students. All the sessions were very informative and eye opener for the younger generation of students.

National Level Technical Workshop-Tech Vibhav'2022

Sathyabama ISTE Students Chapter Organized five days technical workshop in association with Department of ECE and CSE from 22nd August to 27th August '2022 at 10:00 AM to 12:15 PM. Newly elected ISTE Student Office bearers are introduced in the function held in Second floor of International Research Center, Auditorium. The Director Administration of the Institution **Dr. G. Sundari** and the Guest of Honor Shri **R. Baskar**, Vice-President, ISTE Tamilnadu Section have inaugurated the function by lightening the Kuthuvillaku and Congratulated the new student members for joining the family of ISTE. The establishment and principles of ISTE, the benefits of ISTE membership, and various opportunities was shared by Shri **R.Baskar** and gave wonderful motivation speech for Students and Faculty.

Finally, the event is wrapped by expressing the heartfelt thanks to the Management and dignitaries along with the members of ISTE by **Dr.M.Sumathi**, ISTE faculty Advisor. We conducted five Events such as **Shot Gun, Code War, Talent Battle, Tech Talk and Connections.** We provided Awards and Certificates to all Winners and Participants. We gave cash prize to the first three winners and everyone put their effort to made a grand success.

Sathyabama-NI Labview Academy

Sathyabama-NI LabVIEW Academy in association with Aadhyaa Skills Research & Development has conducted a value added program on LabVIEW programming using myDAQ and myRIO from 22.08.2022 to 27.08.2022. Totally 41 students participated in this program. Students had hands on experience on how to use myDAQ & myRIO and how to interface various sensors, actuators and I/O interfaces with the above hardware. As part of this program students have completed mini projects. As the outcome of this program students got familiarity in working with hardware and the participants got confidence to do their final year project using the facilities available at Sathyabama NI LabVIEW Academy.

International Webinar on "Signal Processing and its Applications"

International Webinar on the topic "Signal Processing and its Applications" has been organized by the Sathyabama IEI Student Branch in association with the Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology, Chennai and "The Institution of Engineers (India)" on 14th December 2022. Students from ECE department have participated in the online webinar. **Dr. Kannan Pauliah Nadar, Professor & Head (PG), Department of Electrical and Computer Engineering, Institute of Technology, Jigjiga University, Ethiopia** has handled the session and gave information about applications of signal processing in areas of audio signal, speech processing, RADAR, seismology, audio, SONAR, voice recognition etc. The webinar has instigated the importance and created an in-depth knowledge about Signal Processing amongst students. The session was very informative and an eye opener for the younger generation of students.

"Can I Innovate? - Let's explore the Design Thinking approach"

Guest Talk has been organized by Sathyabama IE(I) Student Branch in association with the Department of Electronics and Communication Engineering and The Institution of Engineers (India) on 30th January 2023 to ECE students. Dr. Deepthi Bendi, Assistant Professor, Department of Architecture & Planning, National Institute of Technology Calicut (NIT Calicut), India has graced the session as the Chief Guest and Resource Person. She has given excellent coverage on the topic **"Can I Innovate? - Let's explore the Design Thinking approach"**. She has given insights about invention, the practice of developing and introducing new things. Students have been profited from the interactive and illuminating session.

One week Certification program on Designing Documentation and making effective presentation (PO 10) 23.1.2023 to 28.1.2023

Department of Electronics and Communication Engineering has conducted one week certification program on enhancing the report writing and PowerPoint presentation skills of prefinal year engineering students. This program aimed at inculcating the importance of documentation and presentation in such a way that it is appealing to both technical and non-technical audience. Having undergone the certification program, the students have developed the ability to make presentations with multimedia and to write technical reports with less similarity index.

Entrepreneurship for Societal Impact

An International Guest Lecture has been organized by the Department of Electronics and Communication Engineering in association with Sathyabama IE(I) Student Chapter and The Institution of Engineers (India), Kanchepuram Local Centre on 9th March 2023 to ECE students. Mr. Govindaraj Murugan, Chief Executive Officer, Chennai Adman Advertising, Chennai has handled the session on the topic "Entrepreneurship for Societal Impact". He has discussed how Entrepreneurs improve the lives of individuals and communities, as well as the overall economy. Students have learnt that Entrepreneurs have been instrumental in spurring social change and improving the way people live and work.

Two Day Technical Event TECHNODIUM

Department of Electronics and Communication Engineering has organised a two-day technical event, TECHNODIUM which comprised of 5 Technical events and a non-technical event. The first competition of day 1 was Circuit building (CIRCUITRIX) where the participants builtcircuits based on the design concept which was provided on the spot. Followed by that, Coding (BUILD THE CODE) competition held in the Hackerrank platform.The contestants show cased their in-progress unique prototypes during the TRADE SHOW,which was the last competition of day 1.The day 2 started with Technical Presentation competition, for which the participants came up with insightful presentations. Followed by that, Abstract Writing competition was held where the participants presented their ideas and solutions for the real-world problem statements that were given on the spot.PICTOSPOT was the final competition which comprised of two rounds and those tested the participants' insights in engineering domain.The students had the chance to demonstrate their expertise in a variety of technological fields during this event. Students competed fiercely to take the lead in their individual events, demonstrating their enthusiasm in technology.

IEEE AWARENESS PROGRAMME

IEEE Student Branch arranged an IEEE Awareness Program for the Department of Electronics and Communication Engineering's second-year students on 18th March 2023. This programme provided students with the chance to consider the advantages of being a member of the IEEE organisation. It revealed information on the IEEE membership. Dr. Vedanarayanan, IEEE Faculty Coordinator from the department of Electronics and Communication Engineering, conducted the session. Students interacted extensively and learned about the benefits of IEEE.

PANOROMA- A Digital Poster Making Contest

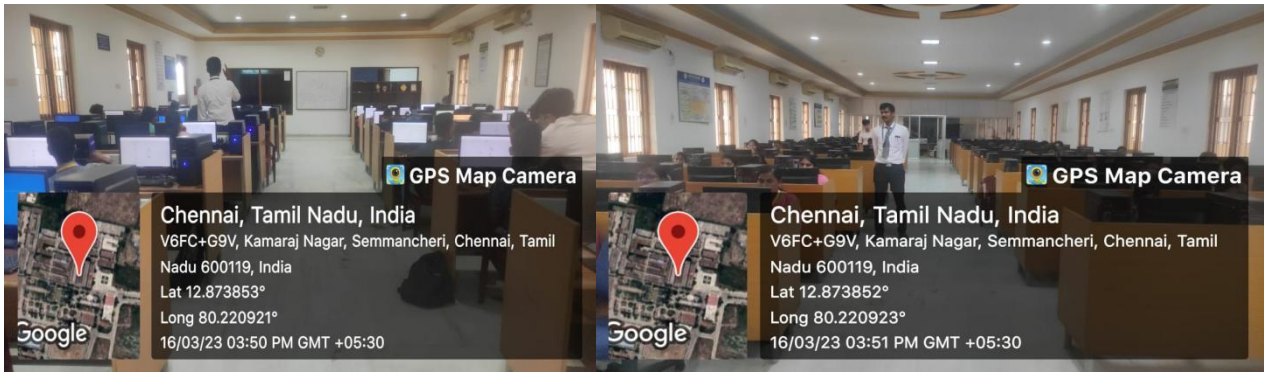

On 20.03.2023 from 9:30 AM to 11:00 AM, the IEEE Student Branch hosted the event 'PANOROMA'- A digital poster creating contest. This event drew a total of 45 students from various departments. Everyone put on their creative hats for this occasion and created eye-catching posters.

Physical Custom IC Design

IEEE Student Branch organizes skill development programme for third year students on "Physical Custom IC Design" from 11.03.2023 to 27.03.2023 which is a crucial aspect of electronic engineering, and it involves designing and fabricating customized integrated

circuits for various electronic applications. The physical custom IC design skill development program is intended to equip students with the skills and knowledge necessary to excel in this field. The program had a total of 55 students who attended, comprising of undergraduate ECE Students. The program's benefits outweighed the challenges, and the students who attended the program can apply their newfound skills and knowledge in their future careers.

Seminar on C to Embedded C, Industry Expectation:

Ms. Sangeetha Umashankar, Technical Lead, HCL Technologies Limited, Chennai, an Alumni of our school of Electrical and Electronics delivered lecture on "C to Embedded C, Industry Expections on 2.5.2023 and 3.5.2023 for our first year students. Students understood the importance of computational complexity analysis, usage of storage classes and the importance of developing sustainable solutions to industry use cases using C. This also kindled the interest of students in developing solutions for Real World Problems.

YOGA FOR HEALTHY WOMEN

Life Skill Development Program in Commemoration of International Yoga Day, "YOGA FOR HEALTHY WOMEN" has been organized by the Sathyabama IE(I) ECE Student Chapter and the Department of Electronics and Communication Engineering in association with The Institution of Engineers (India), Kanchepuram Local Centre on 21st June 2023 for women faculty members. Ms. A. Nandhini, M.Tech, VLSI Design., Master Diploma in Yoga., Yaazh Yoga Centre, Chennai has graced the session as the Chief Guest and Resource Person. She has given excellent coverage on the topics such as postures, breathing techniques, mudras and Meditation related to Yoga. She has also clearly demonstrated the different types of Yoga Asanas and their benefits. She instigated that regular yoga practice creates mental clarity and calmness, increases body awareness, relieves chronic stress patterns, relaxes the mind, centres attention and sharpens concentration which are the most essential needs of the women. All the participants have been benefited by the methods of meditation and breathing that can help improve a person's mental well-being. Yoga benefits help to level up self-control and instilling of confidence among the working women who are preparing themselves now to face needs of the younger generation of students.

All India seminar on "Research Avenues of IoT and Cloud for Intelligent Applications"

IE(I) sponsored All India seminar on "Research Avenues of IoT and Cloud for Intelligent Applications" has been organized by the The Institution of Engineers (India)", Kanchepuram local centre under the aegis of Electronics & Telecommunication Engineering Division in association with Sathyabama IE(I) ECE Student Chapter and the Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology, Chennai, India from 14th to 15th June, 2023 for third and fourth year ECE students. It has provided a platform of interaction and exchange of ideas on Internet of Things and Cloud computing. It has also motivated the research scholars, academicians and students to equip themselves with strong knowledge about the various algorithms and tuning methodologies related to it.

New paradigm on photovoltaics from powering Satellites to powering Humanity

A six-day workshop entitled 'New paradigm on photovoltaics from powering Satellites to powering Humanity' was organized by the Department of Electronics and Communication Engineering, School of Electrical and Electronics, Sathyabama Institute of Science and Technology, Chennai from 16.08.2023 to 23.08.2023 and. On Day 1, Dr. Ashwin Jacob lucidly discussed the potential applications of Solar PV cells. He made the session interesting by putting a few pondering questions in between the session. On the second day, Dr. V. Meenakshi gave a nice presentation on the application of a Smart Grid on solar energy. On the third day, Dr.G.A.Rathy from NITTTR from Taramani took the lecture on Solar power system design with a practical demo. It was really an inspiration to the participants. Imparting her valuable insights about the PV system, and implications of Software PVSyst is an added tag to this workshop. On the fourth day, Dr. G.D. Anbarasi Jebaselvi presented a topic on Research directions using Perovskite solar cells. The last two days, Mr.G.Rajaganaesan from Tamil Nadu Advanced Technical Training Institute, TATTI came and gave hands-on training on two solar software namely PVSyst and SolarPro. All the students were benefitted from this training session and able to design the Solar PV systems on their own.

AN AWARENESS WORKSHOP ON ENERGY MANAGEMENT AND AUDIT

Department of ECE in association with Sathyabama IEI Student Chapter organized an

workshop on" AN AWARENESS WORKSHOP ON ENERGY MANAGEMENT AND AUDIT" on 17.7.023 and 18.7.2023. The event was inaugurated by Er. G.Rajaganesan, Director (Technical), VATIO Energy India Pvt. Ltd. Dr. D. Elango, FIE, National Council Member & Chairman, IE(I)-Kanchepuram Local Centre , Dr. G. Shanmuga Sundar, Honorary Secretary, IE(I)- Kanchepuram Local Centre FIE and Dr. S. Karthikeyan , Joint Secretary, IE(I)- Kanchepuram Local Centre were also graced the event as guests of honour. The Chief Guest, Er. G.Rajaganesan gave awareness talk on Impact of Eelectric Vehicle charging Infrastructure in Electric Grid Integrated with Solar. On the same day, Mr. R. V. Rajagopalan Associate Director Inovonz Engineering Pvt. Ltd. provided an insight on Energy Efficient Equipments and Importance of VFDs. The event continued on the same day by Mr. Thavachelvan, CEO Inovonz Engineering Pvt. Ltd. under the topic Importance of energy audit he also introduced his association with Sathyabama being an Alumini and provided placement opportunities for our students. 300 students from the Department of ECE and EEE participated in the event. The program ended with the valedictory address by Dr.S.Barani

Path to Cloud computing by Communication Engineering

A 1-day Guest Talk on Cloud Computing was held in ECE department on 4th August 2023. The topic of the event is "Path to Cloud Computing by Communication Engineering".The event began with the felicitation of the Guest speaker – Mr. Ramasamy Panchavaram, founder of Ramsel Cloud Technology Private Limited,Chennai followed by our Dean Dr. N.M. Nandhitha and our HOD Dr. T. Ravi aspousing the participants.There are totally, 50 students participated from III Year ECE .Mr. Ramasamy Panchavaram reflected his vast insights and knowledge on the topic and emphasized the importance of cloud computing on communication engineering. With the charts and graphs he delivered ,the audience was intricately made aware of how our cloud computing is used for the communication engineering. He also proposed a new path to cloud computing which can be used by communication engineering field. It was a really an eye-opening session for all the participants. The event ended with a round of questions from the participants. In this 1-day event , the path to cloud computing on communication engineering field was covered by the respected guest.

GUEST TALK: Next Gen AI: Unleashing the Power of LLM's

IEEE Student Branch, Sathyabama Institute of Technology organised a captivating guest talk on "Next Gen AI," a pivotal event that drew the enthusiastic participation of ECE students on 18.08.2023. The session provided an insightful exploration into the frontiers of Artificial Intelligence and its upcoming advancements. Mr. Earnest Paul, R&D Engineer, Valgenesis India an eminent person in the AI domain, graced the event as the distinguished guest speaker. With a plethora of expertise, Mr. Paul delved into the fascinating realm of Next Generation AI, shedding light on its profound impact on industries and society. He navigated the audience through cutting-edge applications spanning from autonomous systems to quantum computing. Engaging anecdotes from his professional journey further enriched the talk, inspiring aspiring engineers. The attendees were captivated by Mr. Paul's lucid explanations, leaving them with a deeper understanding of AI's potential. Thought-provoking questions from the audience sparked intriguing discussions, making the session interactive and informative. The event not only broadened horizons but also ignited a passion for innovation among the students, motivating them to contribute actively to the AI landscape. In

summary, the IEEE Student Branch's "Next Gen AI" guest talk proved to be a resounding success, fostering a dynamic learning environment where aspiring engineers could engage with a visionary like Mr. Earnest Paul and envision the limitless possibilities of AI in the near future.

Startup Griffin

Startup Griffin was organized by the Department of Electronics and Communication Engineering Students on 01st September 2023. Mr.Deepak Merla Co-founder of startup Griffin and CEO of Rized has graced the session as the Chief Guest and Resource Person. First year and Second year students from ECE department have taken part in the session. he has given excellent coverage on the topics such as Startup and how to build it from the starting stage to ending stage .He told about total structure and it's process of the startup.what are ways to find team and how to test it in our community and MVP products and how to generate the revenue process and etc.The students are also so happy to learn and all of them was ready to build their own startup in upcoming days The people who are came thay are very enthusiastic in building theri own company in upcoming days. It was really help for people who are willing to build their startup and their own company.

ELECTRONIC FUN

The Department of Electronics and Communication Engineering, School of Electrical and Electronics, Sathyabama Institute of Science and Technology , Chennai has conducted an event "ELECTRONIC FUN " on 1st septemeber 2023.This event is to bring out the technical knowledge of students with fun activities. In this event, 70 ECE 3rd year students were registered. It is a team event contains 3 members in each team. The event contains 3 rounds, 1st round is "QUIZ" it contains 20 mcq's based on basics of electronics. Top 10 teams were qualified for the next round, the 2nd round is "GUESS THE CONNECTIONS" , in this teams have to guess the electronic appliances based on displayed images. Top 5 teams were qualified for the next round "circuit debugging and dumb-charades on electronics" . At the end of third round, two teams were awarded as winners and runners, and were rewarded with cash prize and certificates. Both participants and the audience enjoyed the event. It was a brainstorming event through the fun activities

FUN AND KNOWLEDGE

Department of Electronics and Communication Engineering, School of Electrical and Electronics, Sathyabama Institute of Science and Technology, Chennai has conducted an event "FUN AND KNOWLEDGE "(Commemorating Teacher's Day 2023) on 5th septemeber 2023.This event is to bring out the technical knowledge of students with fun activities. In this event, 75 ECE 1st year students were registered. It is a team event contains 3 members in each team. The event contains 3 rounds, 1st round is "QUIZ" it contains 20 mcq's based on basics of electronics. Top 10 teams were qualified for the next round, the 2nd round is "GUESS THE CONNECTIONS", in this teams have to guess the electronic appliances based on displayed images. Top 5 teams were qualified for the next round "DUMB-CHARADES", finding electronic related words using alphabet on electronics. At the end of 3rd, two teams were awarded as winners and runners, and were rewarded with certificates. Both participants and the audience enjoyed the event. It was a brainstorming event through the fun activities.

Three-day workshop on "RF and Microwave Component Design using Ansys Electronics "

The Department of Electronics and Communication Engineering in association with Entuple Technologies, Bangalore has organised a three days workshop on "RF and Microwave Component Design using Ansys Electronics from 16.08.2023 – 18.08.2023. The motive of this workshop is to create awareness on the software tools and equipment used in the design and testing of RF and Microwave components and carrier opportunities in RF and Microwave Engineering core domain. Mr.Dhanush, RF and Antenna Design Engineer from Entuple Technologies, Bangalore handled the sessions theory and hands on practical session

on 16.08.23 and 17.08.23. Dr. G Jegan, Associate Professor, ECE Department handled a practical session on Testing of RF and microwave component using Vector Network Analyser on 18.08.2023. Around 45 students from III year, ECE attended the hands-on sessions and learned about the features of Ansys Electronics software, simulation of Antenna designs, Power dividers using the software tool and testing fabricated antennas, couplers,etc., using Anritsu Vector Network Analyser.

Guest Lecture on "Your Body Is The Engine, Your Mind Is An Engineer"

On National Engineers' day in commemoration of Dr. Sir. M. Visveshvaraya, Department of Electronics and Communication Engineering in association with Sathyabama IE(I) ECE Student Chapter has organized a Guest Lecture with the title "YOUR BODY IS THE ENGINE, YOUR MIND IS AN ENGINEER" on 15th September 2023 to ECE students. Mr. Subramani, Data Scientist, from LatentView Analytics has shared his expertise by delivering a comprehensive presentation on the the idea that engineers have a unique way of thinking that involves perceiving everything as a system ,and about how engineers use their skills to design and innovate products, structures, systems & systematic approach to solve problems. He then explained about outcome on combination of logic, creativity, and technical knowledge. The

enthusiastic students have actively participated, benefiting immensely from the valuable insights offered during the lecture.

Perception of IoT by a Budding Electronics Engineer

On National Engineers' day in commemoration of Dr. Sir. M. Visveshvaraya, Department of Electronics and Communication Engineering in association with Sathyabama IE(I) ECE Student Chapter has organized a Lecture with the title "Perception of IoT by a Budding Electronics Engineer" on 15th September 2023 by ECE students. Mr. Devi Naga Sai, III year ECE student of Sathyabama Institute of Science and Technology has handled the session and shared insights about Internet of Things and its recent applications to the society.

DEPARTMENT OF CHEMISTRY & INTERNATIONAL RESEARCH CENTRE
SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY (Deemed to be University)
in association with
CSIR-NATIONAL METALLURGICAL LABORATORY MADRAS CENTRE, CSIR Madras Complex, Taramani, Chennai – 600 113.

The Workshop Covers the following Modules

Module 1: Introduction to Instrumental Methods
Module 2: Representation of Results
Module 3: Particle Characterization Techniques
Module 4: Microscopy and it's applications
Module 5: Spectroscopy and it's applications

The Workshop Covers following equipment's and live demo of each equipment

Spectroscopy	Microscopy	Particle characterization
➢ UV-Vis ➢ DRS ➢ FTIR ➢ FT-RAMAN ➢ Fluorescence	➢ Optical Microscopy ➢ FESEM ➢ HRTEM ➢ Atomic Force Microscopy	➢ BET Surface Area ➢ Particle Size ➢ Zeta Potential ➢ Contact Angle ➢ XRF ➢ XRD

ABOUT SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

Sathyabama Institute of Science and Technology is a pioneer in Engineering Education and was established with the aim of providing quality higher education in the areas of Engineering, Science and Technology on par with International standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis. The University has been accredited by National Assessment and Accreditation Council (NAAC) and ISO 9001: 2008 Certification for Professional Quality Management Practices. Sathyabama Institute of Science and Technology aims to provide higher education with high quality teaching and research. The institution has attained greater heights under the guidance of Founder Chancellor **Col. Dr. JEPPIAAR,** M.A., B.L., Ph.D., and dynamic leadership of Chancellor **Dr. Mariazeena Johnson,** President **Dr. Marie Johnson** well supported by the Vice Presidents **Mr. J. Arul Selvan, Ms. Maria Bernadette Tamilarasi Johnson, Ms. Maria Catherine Jayapriya** and Vice Chancellor, **Dr. T. Sasipraba.** The institution offers 51 Undergraduate

programmes, 29 Postgraduate programmes and Ph.D., Programmes in various disciplines. State of the art Library, International Research Centre, Centre for Advanced Studies and an exclusive Research & Development Centre provide rich experience of learning and thereby fulfilling students' thirst for success. The University has undertaken various Sponsored and Collaborative Research and Development projects funded by national organizations such as Indian Space Research Organization (ISRO), Department of Science and Technology (DST), Indira Gandhi Centre for Atomic Research (IGCAR), Defence Research and Development Organization (DRDO), Department of Bio-Technology (DBT), Ministry of Environment and Forests (MoEF), Board of Research in Nuclear Sciences(BRNS) etc., The University holds great promise to expand the applications of space technology, benefiting the common man and enriching the quality of life. A step towards achieving this, the University is successfully conducting non formal education programmes through 18 Village Resources Centre (VRCs) all over the state of Tamil Nadu. The research activity is progressive and proactive with 265 funded projects worth of around Rs.63.5 Crores, which has been sanctioned by various national organizations.

ABOUT CSIR-NATIONAL METALLURGICAL LABORATORY

The National Metallurgical Laboratory, the third in the **Council of Scientific & Industrial Research (CSIR)** family of 38 laboratories. The foundation stone of NML was laid on 21.11.1946 by the first and only Governor General of independent India, Shri Rajagopalachari. The laboratory was formally inaugurated and dedicated to the nation on the 26th of November, 1950 by Pandit Jawaharlal Nehru " in a sprit of hope and faith in the future". The laboratory formed part of the great plan, which Sir Shanti Swarup Bhatnagar visualised in 1940, for providing India with a network of research institutes capable of taking the country forward in the Science & Technology. The establishment of the laboratory was generously supported, in cash and kind, by Tata Industries Ltd., Sir Ratan Tata Trust and Sardar Bahadur Sir Indra Singh of Indian Steel and Wire Products (ISWP) Company. Dr. Balraj Nijhawan, the first Indian Director of the laboratory, set the pace for the rapid growth of the laboratory through the establishment of a number of pilot plants and facilities and initiating research programmes which were in line with the Five Year Plans of the young Republic of India. NML has one Centre at Chennai.

WORKSHOP ON INTERPRETATION OF INSTRUMENTAL METHODS (WIIM-2023)

Atomic Force Microscopy, BET Surface Area, Contact Angle, FESEM, Fluorescence Spectroscopy, FTIR,FTRAMAN,HRTEM, Particle Size Distribution, UV Visible/DRS Spectroscopy, XRD, XRF and Zeta potentialto be held from 2nd January to 06th January, 2023

TENTATIVE SCHEDULE

Date	Session	Schedule	Name of the Speaker	Title/Activity
02-01-2023 (DAY 1)	FORENOON	09.00 AM to 09.30 AM	Inauguration	
		09.30 AM to 11.00 AM	Dr. D. K. Sharma, Managing Director, Kunas Instruments (Micromertics), Mumbai.	BET Surface Area & PSD
		11.00 AM to 12.30 PM	Dr Y Jayathirtha Rao, Emeritus Scientist, CSIR-IICT Hyderabad	Introduction to Instrumental Methods
	AFTERNOON	13.00 PM to 14.00 PM	Dr. Subhamjith Hazra, Scientist, SIST, Chennai	Fluorosence instrumentation with sample anallysis
		14.00 PM to 15.00 PM	Dr. P. Kuppusami,Senior Scientist, SIST, Chennai	Microscopy Techniques
		15.00 PM to 17.00 PM	Dr. S. Anandh Jesuraj and Mr. M. Thangam, SIST, Chennai	XRD/HRTEM Demo
03-01-2023 (DAY 2)	FORENOON	09.00 AM to 10.30 AM	Dr. C. Sasikumar , Associate Professor ,MNIT, Bhopal	Basics of XRD & XRF
		10.30 AM to 13.30 PM	Dr. Rishi Gupta, Application Specialist at Anton Paar India, Gurgaon	Live Demo on PSD and BET Surface Area
	AFTERNOON	14.30 PM to 16.00 PM	Dr. Ajithkumar, Scientist (Sathyabama) / Dr. Venkatesh, Scientist, SIST, Chennai	Introduction to Raman Spectroscopy and it's applications with live demo
		16.00 PM to 17.00 PM	Dr. K. Gobi Saravanan, Scientist (Sathyabama)	Contatc Angle Instrumentation and with sample analysis
04-01-2023 (DAY 3)	FORENOON	09.30 AM to 13.00 PM	Mrs. N. Vasumathi, Dr. Ajita Kumari, Scientist (CSIR-NML MC) & Dr. K Chennakesavulu, Professor, Dr. G. Ramanjaneya Reddy, Scientist, SIST, Chennai	XRF, FTIR, Zeta Potenital, Contact Angle etc, Sample Preparation, Instrumentaion and with live demo with sample analysis
	AFTERNOON	13.30 PM to 14.30 PM	Dr. K Chennakesavulu, Professor& Dr. G. Ramanjaneya Reddy, Scientist, SIST, Chennai	FTIR, Zeta Potenital, Contact Angle etc, Sample Preparation, Instrumentaion and with live demo with sample
		14.30 PM to 16.00 PM	Dr. G. Bhaskar Raju, Retd. Scientist CSIR-NML MC, Chennai	Zetapotential and it's significance
		16.00 PM to 17.00 PM	Dr. T.M. Sridhar, Assistant Professor, University of Madras, Chennai	Atomic Force Microscopy and it's significance
05-01-2023 (DAY 4)	FORENOON	09.00 AM to 10.00 AM	Mr. Kunal Trivedi, Konark Solutions Bangalore Pvt. Ltd.,Bangalore	Origin Software - Representation of Results
		10.00 AM to 13.00 PM	Mr. G. Mallikarjuna Swamy, Manager (Verder Scientific), Hyderabad	Particle Size Analysis and BET Surface Area
	AFTERNOON	14.00 PM to 15.30 PM	Dr. Y. J. Prakash Rao, Professor, Osmania University, Hyderabad	FTIR Spectroscopy and it's significance
		15.30 PM to 17.00 PM	Dr. O. P. Choudhary, Assistant Professor, Central Agricultural University,Aizawl	SEM and it's applications in biological sciences
06-01-2023 (DAY 5)	FORENOON	09.00 AM to 11.30 AM	Dr. Biji, Associate Professor, PSG Institute of Advanced Studies, Coimbatore.	Live Demo on Atomic Force Microscopy, Sample Preparation methods and it's significance
		11.30 AM to 13.00 PM	Mr. Viswa Nathan,Scientist,SIST, Chennai	FESEM Demo
	AFTERNOON	14.00 PM to 16.00 PM	Dr. Sai Malladi, Head HR-TEM, IIT Hyderabad	Live demo on HRTEM
		16.00 PM to 17.00 PM	Dr. Goutam De, Emeritus Scientist (S. N. Bose National Centre for Basic Sciences, Kalcutta) formally Head and scientist from CSIR-CGCRI	Special talk on materials charactarization techniques

SATHYABAMA

INSTITUTE OF SCIENCE AND TECHNOLOGY
(DEEMED TO BE UNIVERSITY)
Accredited "A" Grade by NAAC | 12B Status by UGC | Approved by AICTE

www.sathyabama.ac.in

Pleasantly invites you for the

WORKSHOP ON INTERPRETATION OF INSTRUMENTAL METHODS (WIIM-2023)

to be held from **02nd to 6th, January, 2023**.

Organized by

DEPARTMENT OF CHEMISTRY & INTERNATIONAL RESEARCH CENTRE
SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY (Deemed to be University)
in association with
CSIR-NATIONAL METALLURGICAL LABORATORY MADRAS CENTRE, CSIR Madras Complex, Taramani, Chennai – 600 113.

The Workshop Covers the following Modules

Module 1: Introduction to Instrumental Methods
Module 2: Representation of Results
Module 3: Particle Characterization Techniques
Module 4: Microscopy and it's applications
Module 5: Spectroscopy and it's applications

The Workshop Covers following equipment's and live demo of each equipment

Spectroscopy	Microscopy	Particle characterization
➢ UV-Vis ➢ DRS ➢ FTIR ➢ FT-RAMAN ➢ Fluorescence	➢ Optical Microscopy ➢ FESEM ➢ HRTEM ➢ Atomic Force Microscopy	➢ BET Surface Area ➢ Particle Size ➢ Zeta Potential ➢ Contact Angle ➢ XRF ➢ XRD

Important Dates:
Last Date for Registration: 25th, December, 2022
Work shop duration: 02nd to 6th, January, 2023

Registration Fee:

Category	INR (Rs)	USD/EURO
Online Mode (Research Fellows, Faculty, Scientists)	4000	50
Online mode (UG & PG Students)	3000	40

ABOUT SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

Sathyabama Institute of Science and Technology is a pioneer in Engineering Education and was established with the aim of providing quality higher education in the areas of Engineering, Science and Technology on par with International standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis. The University has been accredited by National Assessment and Accreditation Council (NAAC) and ISO 9001: 2008 Certification for Professional Quality Management Practices. Sathyabama Institute of Science and Technology aims to provide higher education with high quality teaching and research. The institution has attained greater heights under the guidance of Founder Chancellor **Col. Dr. JEPPIAAR,** M.A., B.L., Ph.D., and dynamic leadership of Chancellor **Dr. Mariazeena Johnson,** President **Dr. Marie Johnson** well supported by the Vice Presidents **Mr. J. Arul Selvan, Ms. Maria Bernadette Tamilarasi Johnson, Ms. Maria Catherine Jayapriya** and Vice Chancellor, **Dr. T. Sasipraba.** The institution offers 51 Undergraduate

programmes, 29 Postgraduate programmes and Ph.D., Programmes in various disciplines. State of the art Library, International Research Centre, Centre for Advanced Studies and an exclusive Research & Development Centre provide rich experience of learning and thereby fulfilling students' thirst for success. The University has undertaken various Sponsored and Collaborative Research and Development projects funded by national organizations such as Indian Space Research Organization (ISRO), Department of Science and Technology (DST), Indira Gandhi Centre for Atomic Research (IGCAR), Defence Research and Development Organization (DRDO), Department of Bio-Technology (DBT), Ministry of Environment and Forests (MoEF), Board of Research in Nuclear Sciences(BRNS) etc., The University holds great promise to expand the applications of space technology, benefiting the common man and enriching the quality of life. A step towards achieving this, the University is successfully conducting non formal education programmes through 18 Village Resources Centre (VRCs) all over the state of Tamil Nadu. The research activity is progressive and proactive with 265 funded projects worth of around Rs.63.5 Crores, which has been sanctioned by various national organizations.

ABOUT CSIR-NATIONAL METALLURGICAL LABORATORY

The National Metallurgical Laboratory, the third in the **Council of Scientific & Industrial Research (CSIR)** family of 38 laboratories. The foundation stone of NML was laid on 21.11.1946 by the first and only Governor General of independent India, Shri Rajagopalachari. The laboratory was formally inaugurated and dedicated to the nation on the 26th of November, 1950 by Pandit Jawaharlal Nehru " in a sprit of hope and faith in the future". The laboratory formed part of the great plan, which Sir Shanti Swarup Bhatnagar visualised in 1940, for providing India with a network of research institutes capable of taking the country forward in the Science & Technology. The establishment of the laboratory was generously supported, in cash and kind, by Tata Industries Ltd., Sir Ratan Tata Trust and Sardar Bahadur Sir Indra Singh of Indian Steel and Wire Products (ISWP) Company. Dr. Balraj Nijhawan, the first Indian Director of the laboratory, set the pace for the rapid growth of the laboratory through the establishment of a number of pilot plants and facilities and initiating research programmes which were in line with the Five Year Plans of the young Republic of India. NML has one Centre at Chennai.

HANDS ON TRAINING ON CANCER CELL CULTURE TECHNIQUES

Date: 27-29 October 2022

Workshop Report

Three days hands-on training on **Cancer cell culture techniques** was conducted on 27th to 29th October 2022 at Cancer biology lab, International Research center, Sathyabama Institute of Science and Technology. Sixteen participants were registered for this program, all 16 participants were participated in three days workshop. The event was inaugurated by Prof. P. Kuppusami, followed by a talk on introduction for cell culture given by **Dr. A. Madan Kumar**, Scientist 'C' after the introductory talk hands on training sessions were handled by workshop tutors (Mr.Saravanan, Ms. Melinda Grace and Mr. Ravichnadran). On the second day, Dr. S. Jhonson Retnaraj Samuel, Scientist D gave talk on MTT assay and calculations followed by Dr. Y. Beryl vedha and Dr. S.Jackson co-ordinators covers the staining procedures and assay techniques. All other imaging and quantification techniques was handled on the third day of this workshop. The honorable **Vice Chancellor** madam **Dr. T. Sasipraba** attended the valedictory session, pointed the importance of Cancer cell culture and distributed the certificates to the participants. Feedback was collected from each participant for improving the event in future.

Registration fees charged for UG/PG students -Rs. 1000 (Sathyabama students), Research scholars -Rs 2500 (for other university students), Rs.1500 (for Sathyabama students) was collected Rs.27,000 /- for these three days workshop. Expenditure for conducting this workshop is Rs. 17,876 /- (Stationaries, certificate, manual printing and chemicals) and remaining money Rs. 9124/- along with the original bills was submitted to VC office and the account was settled.

Date: 19-04-2023

Workshop report

SERB sponsored workshop on 'Histology and Immunohistochemistry' was held from **11th to 15th April 2023**, at Senate Hall of International Research Centre, Sathyabama Institute of Science and Technology. Twenty-five participants were registered for the event. Twenty-two participants attended the workshop. The event was inaugurated by the Senior Professor and Scientist, Dr. P. Kuppusamy followed by a Guest lecture on 'Preparation of tissues for Basic Histology & Immunohistochemistry' given by Dr.Vijashree Ragavan, Professor and Head, Dept of Pathology, Chettinad Hospital and Research Institute, Chennai. After the guest lecture, hands-on sessions were handled by workshop tutors (Mr. Jenif Leo, Ms. Melinda Grace, Mr. V. Saravanakumar, and Mr. Ravichandran). Dr. Y. Beryl Vedha and Dr. S. Johnson Retnaraj Samuel, organizing secretary of the workshop handled whole-mount and Immunohistochemistry techniques. Dr. A. Madan Kumar, co-ordinates the workshop and interprets the results of immunohistochemistry. The participants also visited various laboratories of our Institution. Apart from this, the participants were taken to the nearest tourist spot Mahabalipuram. The valedictory function was conducted on the last day of the workshop (15-04-2023) and certificates were distributed to the participants. Feedback was collected from the participants for improving the event in the future.

Registration fees for UG/PG students – Rs 2500/-; Research Scholars – Rs 3000/-; and faculties – Rs 3500/- was collected and in total **Rs 60,000/-** was collected from the training program. Expenditure for conducting this program is **Rs. 53,750/-** (Stationaries, Certificate printing, Chemicals, qPCR primers, Mahabalipuram trip, Instrument Service), and the remaining amount of **Rs. 6,250/-** along with original expenditure bills was submitted to the VC office and the account was settled.

Title: Three-day Workshop on "Molecular Docking and Biological Software Packages for Data Analysis" – Physical mode

Date: 13.10.2022 to 15.10.2022

Participant's Profile: A total of 26 participants attended the workshop from various parts of India. The attendees were from different educational backgrounds - MBBS – 1 Nos; Faculty – 1 Nos; Research Scholars – 13 Nos; UG/PG students – 11 Nos

Description about the Program: Centre for Molecular and Nanomedical Sciences in association with Department of Biotechnology jointly organized 'Three days' workshop on "Molecular Docking and Biological Software Packages for Data Analysis" from October 13th to 15th, 2022' at the 'International Research Centre of Sathyabama Institute of Science and Technology, Chennai through physical mode. The Vice Chancellor Dr. T. Sasipraba delivered the presidential address in which she insisted the participants about the importance of Molecular Docking in Modern Drug Discovery. This workshop provided a platform for the participants to explore computational techniques and implement these techniques in their field of research. Students and Ph.D Scholars expressed their interest in coming again to our Institute for an Internship. A possible collaboration with the faculty was also discussed.

Fund Generated & utilized: Through registration an amount of Rs 52,000 was generated. The raised fund is utilized for purchasing BioRad SDS-PAGE PowerPac (Catalog No: 1645050). The bill for the same is attached and submitted to office for future references.

Date: 02-07-2022

Workshop report

Two days workshop on 'Tools and Techniques in Bioinformatics' was held on 01st - 02nd July, 2022 at Senate hall of International Research Centre, Sathyabama Institute of Science and Technology. Thirty participants were registered for the event. Except one participant, all 29 participants were attended the two days workshop. The event was inaugurated by honourable Vice chancellor madam, Dr. T. Sasipraba followed by a talk on 'Introduction to Bioinformatics' given by the organizing secretary, Dr.S.Johnson Retnaraj Samuel, Scientist 'D'. After the introductory talk, hands on sessions were handled by workshop tutors (Mr. R. Kamarajan, Ms. Melinda Grace, Mr. V. Saravanakumar and Mr. Ravichandran) and the session continued to next day. Dr. Y Beryl Vedha and Dr.S.Jackson Durairaj co-ordinates the workshop and covers the following topics; Molecular docking and visualization – using Auto dcok Vina, Chimera, Pymol and Discovery Studio. Valedictory function was conducted on the last day of the workshop (02-07-2022) and certificates were distributed. Feedback was collected from the participants for improving the event in future.

Registration fees for UG/PG students – 600; Research Scholars – 1000; and faculties – 1200 was collected and totally, as a registration fee we collected Rs 21,000/- for this two days workshop. Expenditure for conducting this workshop is Rs. 8,670/- (Stationaries, Certificate printing, Chemicals) and remaining money Rs 12,330 along with the expenditure bills was submitted to VC office and settled.

Two days workshop on 'Tools and Techniques in Bioinformatics'

(01st - 02nd July, 2022)

Date: 02-07-2022

Workshop report

Two days workshop on 'Tools and Techniques in Bioinformatics' was held on 01st - 02nd July, 2022 at Senate hall of International Research Centre, Sathyabama Institute of Science and Technology. Thirty participants were registered for the event. Except one participant, all 29 participants were attended the two days workshop. The event was inaugurated by honourable Vice chancellor madam, Dr. T. Sasipraba followed by a talk on 'Introduction to Bioinformatics' given by the organizing secretary, Dr.S.Johnson Retnaraj Samuel, Scientist 'D'. After the introductory talk, hands on sessions were handled by workshop tutors (Mr. R. Kamarajan, Ms. Melinda Grace, Mr. V. Saravanakumar and Mr. Ravichandran) and the session continued to next day. Dr. Y Beryl Vedha and Dr.S.Jackson Durairaj co-ordinates the workshop and covers the following topics; Molecular docking and visualization – using Auto dcok Vina, Chimera, Pymol and Discovery Studio. Valedictory function was conducted on the last day of the workshop (02-07-2022) and certificates were distributed. Feedback was collected from the participants for improving the event in future.

Registration fees for UG/PG students – 600; Research Scholars – 1000; and faculties – 1200 was collected and totally, as a registration fee we collected Rs 21,000/- for this two days workshop. Expenditure for conducting this workshop is Rs. 8,670/- (Stationaries, Certificate printing, Chemicals) and remaining money Rs 12,330 along with the expenditure bills was submitted to VC office and settled.

ABOUT THE INSTITUTE

Sathyabama is a prestigious institution which excels in the fields of Engineering, Science, and Technology for more than three successful decades. It offers multi-disciplinary academic programs in various areas of Engineering, Science, Technology, law, Dental Science, Pharmacy, Nursing, Management, Arts and Science, and Allied Health Sciences. It is established under Sec.3 of the UGC Act, 1956, and is been Accredited with 'A' Grade by the National Accreditation and Assessment council. The Institution persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes in the field of education on a global scale. The Institution has a team of dynamic and outstanding faculty, innovative pedagogical practices, state-of-the-art infrastructure, and world-class Research Facilities. This glorious Institution is functioning under the dynamic leadership of Dr. Mariazeena Johnson, Chancellor, Dr. Marie Johnson, President, Mr. J. Arul Selvan Vice President, Ms. Maria Bernadette Tamilarasi, Vice President, and Ms.Maria Catherin Jayapriya Vice President.

Sathyabama has a good presence in rankings and ratings at National and International level. The Institution has been ranked in 43rd position by the National Institutional Ranking Framework (NIRF), Government of India among the Universities in India for the year 2022 and ranked one among the top 50 Universities for seven consecutive years. Times Higher Education and QS have ranked Sathyabama among the top Institutions worldwide.

ABOUT THE DEPARTMENT

The Department of Mathematics strives to be recognized for excellence among academic institutions in India. The Department was started in 1989 during the inception of the Institution. The Department offers courses for first and second-year undergraduate students for all branch es of B.E/B.Tech degree and first year postgraduate students to create awareness about the fundamental concepts and competency by providing the essential scientific knowledge and skills, so as to be able to become competent and thrive in the chosen profession. The Department offers core programs like B.Sc., Mathematics, M.Sc., Mathematics, and Ph.D. programmes.

ABOUT THE FDP

The prime goal of this FDP is to provide a platform to discuss latest trends, techniques and innovative ideas in various fields of Mathematics and its applications. This FDP is contemplated with an aim to explore the basic dimensions of Mathematical research & outcome of this program is expected to bring about a healthy enhancement in the academic and intellectual environment.

Report on online FDP on Recent Trends in Mathematics and its Applications

The Department of Mathematics, Sathyabama Institute of Science and Technology, organized an online Faculty Development Program, from 06th February, 2023 to 11th February 2023, between 6:00am-8:00pm, each day. One hundred participants attended the event.

On 06th February, evening at 5.50 pm, the event was inaugurated with an inspirational talk by the Head of the Mathematics Department and the first session was presented by Dr. K. N. Raghavan from the Institute of Mathematical Sciences on the topic, Matroids and Log-concavity. Second session delivered by Dr. V. Bala Kumar from National Institute of Technology on the topic, Integral Algebraic Equations.

On 7th February the first session started by Dr. M. Subramani from Indian Institute of Information Technology, Design and Manufacturing presented a talk on Number Theory and Cryptography. Second session started by Dr. V. Govindraraj from National Institute of Technology on Relevance of Mathematics in control systems.

On 8th February the the first session was presented by Dr. Vimala Ramani from Anna University on the topic Groebner basis. The Second session was delivered by Dr. N. Balasubramanian from National Institute of Technology on the topic Fractal Interpolation.

On 9th February the first session started by Dr. D. Easwar Moorthy from Vellore Institute of Technology Multifractal Applications in Biomedical Sciences. Second session started by Dr. R. Saranya from Sri Eshwar College of Engineering on Automata Theory and Rough set Theory.

On 10th February the first session was presented by Dr. S. Uma Maheshwari from Vellore Institute of Technology on the topic, Optimization Technique on Effective Inventory Management. The second

session was delivered by Dr. A. Manimaran from Vellore Institute of Technology on the topic Generalized Z fuzzy Soft Covering based Rough Matrices and its Applications.

On 11th February the session was started by Dr. K. Anitha from SRM University and the topic was on Emerging Trends in Applied Mathematics. The event was concluded on 11th February at 7.15 pm with Vote of Thanks from coordinators of the event Dr. Cynthia Margaret Indrani, Dr. M. Logeshwari and Ms. S. Monisha Kumari. Participants gave their Feedback and received their E-certificates.

INTERNATIONAL FDP ON
INNOVATIVE MATHEMATICAL TECHNIQUES IN RESEARCH
(01.08.2022 TO 06.08.2022)

Department of Mathematics, SIST, Chennai, TN, India **has organized 6 days International Virtual FDP "**Innovative mathematical techniques in research**"** from **01.08.2022 to 06.08.2022**.

The purpose of this FDP was to provide a platform to discuss latest trends, techniques and innovative ideas in various fields of Mathematics and its applications. This FDP was contemplated with an aim to explore the basic dimensions of Mathematical research & outcome of this program is expected to bring about a healthy enhancement in the academic and intellectual environment.

Eminent academicians from all over the world were invited as resource persons, to have a fruitful discussion and to share the knowledge among participants.

Report on online **TWO WEEK INTERNATIONAL FDP ON "RESEARCH PERSPECTIVES IN MATHEMATICS AND ITS APPLICATIONS"**

The Department of Mathematics, School of Science and Humanities, Sathyabama Institute of Science and Technology organized an online Faculty Development Programme from4/7/22 – 16/7/22. The main objective of the Faculty Development Programme was to aid the participants to develop their research skills and attain excellence in their respective fields in Mathematics. Twelve eminent speakers who are experts in different domains in Mathematics with exceptional research experiences delivered talks which were informative and enlightening for all the participants. The five international speakers were added assets to the FDP while the remaining seven were from top institutes/ universities from all over the country. A total of 1503 participants registered, both from India and abroad. Regular participants were around 800 in number. The question and answer sessions were eventful with active participation and lively interaction every day.

Report on "Job / Career / Work opportunities in the Publishing Field"

This one day Seminar on "Job / Career / Work opportunities in the Publishing Field" Organized by Dr.Amirdha Sher, Dr.J.Anita Lett and Dr.S.Anandhi, from Department of Physics, in association with New Gen Knowledge Works is specially designed to for the final year students of Department of Physics, Chemistry, English and Psychology to create an awareness ensure in the Publishing Field.

Dr. Dr.Amirdha Sher Gill, Assistant Professor, Department of Physics, SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY gave the inaugural address.

Newgen Knowledge Works has been a driving content publishing firm since 1996. They've created numerous remarkably immersive and high- quality projects for leading publishers around the globe. Designing their content using the best of technology and expertise. With a clear and simple purpose in mind, every word matters for the precise shade of meaning it holds. Everyone's word matters for we believe in inclusivity. Newgen offers innovative and engaging ways to publish and broadcast content. So that you reach the right audience through the right medium.

REPORT

Report on "VARIOUS CHARACTERIZATION TOOLS USED IN RESEARCH"

This one week skill development program on VARIOUS CHARACTERIZATION TOOLS USED IN RESEARCH" Organized by Dr.J.Anita Lett, Dr.S.Anandhi and Dr.K.Parasuraman from the Department of Physics, in association with SC/ST AICTE - Skill and Personality Development Center is specially designed to identify the skill gaps and ensure your development by exposing to various spectroscopic and it's theory used to develop the skills in research.

It was organized for UG and PG students. To create awareness in the field of research. Event is conducted only for students, who showed a great interest in learning new technology which is been implemented in their research activities. Students got benefited from attending these types of certification course which is very much useful in research in the future. All seven days the expert members shared their knowledge on various characterization tools, it's fundamentals and their interpretation. Nearly 145 students attended all these days virtually and got benefited.

Dr. Swarnalatha, Dean of Higher Studies and the co-ordinator of the- Skill and Personality Development Center, SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY gave the inaugural address

Dr.S.Anandhi from the Department of Physics, SIST on Thermal Properties emphasizing the importance of thermal properties in materials using TG/DTA analysis was picturized effectively.

On this second day, we have a talk on the Magnetic property of materials, given by Dr.Senthil Murugan, from the Institute of Sinica, Taiwan.

On the 3rd day the Dr.J.Anita Lett gave a talk on Biomaterials and it's Characterization. She gave us an basic idea as how to explore to new tools, so as to update ourselves in the properties of molecules and its application in the day-to-day life.

The importance of electrical properties was elaborated by Dr.P.Venkatesh of IRC, Sathyabama Institute of Science and Technology, Chennai on the 4th day of Skill Development Program.

His talk covers from basics to advanced level. He also introduced the importance of two probe and four probe method, depicted the effective way.

The various synthetic tool and it's method of preparing nanoparticles has been effectively explained. By Dr.K.Parasuraman, from Department of Physics, Sathyabama Institute of Science an outcome of it is knowledge learning process

Day 6 was decorated by Dr.Anandh Jesuraj, International Research Centre Sathyabama Institute of Science and Technology has nicely elaborated the fundamental concepts of XRD and it's interpretation.

And on this final day, the information regarding Lithium battery materials was given by Dr. Dr.Sony Varghese from International Research Centre, Sathyabama Institute of Science and Technology. Her explanation on materials and methods involved in battery process has clearly presented, which creates interest in us. The program was concluded on August 11th with the oral feedback from the participants. Participants from various streams of science gave their feedback.

17.08.2022 to 14.09.2022: Skill Development Certification Course On Solid State Physics

The certification course on solid state physics was conducted from 17.08.2022 to 14.09.2022. The course started by 4.00 p.m with the welcome address by Dr.Ravichandran. He gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Dr.Helen Merina Albert gave an introduction about the resource person Dr. Rita John, Professor and Head, Department of Theoretical Physics, University of Madras, Guindy Campus, Chennai. There was a total number of 45 participants.

The course coordinators Dr.Helen Merina Albert , Dr, D,S,Jayalakhmi and Dr.C.Ramesh Kumar gave a clear picture on course plan.

The points they discussed are as follows.

Syllabus and course plan

Module	Course Major Topics	Date	Hours	Activity	Test
Module-1	Introduction to electron in solids.	17-08-22 to 20-08-22	5 Hours	25-08-22	14-09-22
Module-2	Salient Impression in Solid State Physics	21-08-22 to 24-08-22	5 Hours		
Module-3	Real and Reciprocal crystal lattice	25 -08-22 to 28 -08 22	5 Hours	05-09-22

REPORT

Name of the Event: International Faculty Development Program on "Foremost Frontiers of Materials Science"

Profile of the audience:

Faculty members, Scientists, Research Scholars and M.Sc students from Physics, Chemistry and Materials Science.

Objective of the FDP:

The basic objective of this FDP is to provide in-depth research skills to research scholars and professors of Physics, Chemistry and Materials Science to offer an overview of new trends in research and advanced technology in various fields like Materials Science, Nanotechnology, Ultrasonic, Crystal Growth and Computational Modelling methods, etc.
The workshop will help the faculty and research scholars to familiarize themselves with high-end research instruments, novel materials and their usage including data collection and analysis thus developing general research skills that would be useful in both academic and industry. Especially, to gear the students towards trending research activities.

Date: 12 – 20 September 2022

Report On **Impact of Internship for Professional Development**

Date: 14.02.2023

Venue: Department of Physics

The department of Physics organized a seminar on **"Impact of Internship for Professional Development"** during 14 February, 2023 to benefit the under graduate and Post graduate students of Physics. The resource person is **Dr.G.GOPIKA, Scientist-C, Centre for Nanoscience and Nanotechnology, IRC, Sathyabama Institute of Science and Technology**. The session was enriching as it included topics that will maximize their potential and deepen the educational content to a higher level.

The expected learning experiences were:

- Explore the Internship
- Skills required for employment
- Exposure to industry

The program was greatly appreciated by the students and ended with a vote of thanks by the department head.

Head of the Department of Physics

REPORT

The Guest Lecture On Physical interpretation of Powder X-Ray Diffraction Data A practical approach was conducted on18.10.2022. The guest talk started by 10.00 a.m with the welcome address by Dr.Ravichandran in seminar hall. He gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Dr, D,S,Jayalakhmi gave an introduction about the resource person Dr. V.Anbarasu, Asso.Professor , Department of Physics, P.S.G college of Arts and Science Coimbatore. There were a total number of 40 participants attended the talk.

The points discussed are as follows:

What is X-ray Powder Diffraction (XRD)

Fundamental Principles of X-ray Powder Diffraction (XRD)
X-ray Powder Diffraction (XRD) Instrumentation - How Does It Work?
Strengths and Limitations of X-ray Powder Diffraction (XRD)?
User's Guide - Sample Collection and Preparation

REPORT

One day seminar was arranged for UG and PG students of Physics to have a awareness on health aspects. Dr.Jeyanthi Vedayan an expert Dietician shared her knowledge on balanced diet. She gave tips how to be energetic. More students were interested to interact about different health issues, madam with her patience answered all their queries.

REPORT

2nd International Faculty Development Program on Advanced Materials for Technological Applications

This ten day International faculty development program on "ADVANCED MATERIALS FOR TECHNOLOGICAL APPLICATIONS" Organized by Dr.S.Anandhi, Dr.J.Anita Lett and Dr.K.Parasuraman from Department of Physics, is specially designed to identify the skill gaps and ensure your development by exposing to various spectroscopic, Computational and stimulation tools used to develop the skills in research.

Dr. Rekha Chakravarthi, Dean of Arts and Sciences, the co-ordinator of the FDP, SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY gave the inaugural address

Day 1, Dr.K.J.Sankaran, senior scientist from IMMT, Odhissa addresses on the topic "**Diamond Cathodes for Microplasma Devices"** which clearly picturizes the recent research activities with the laser source

Day 2, was decorated by Dr.Magesh a material scientist, USA has given a "**A Brief overview of crystal growth and their applications**". His talk covers the major concepts on crystal growth and the job openings in the present position

Day 3 was addressed on the topic **Introduction and advancements of the Positron and Raman spectroscopy technique by** Dr.Kamalakannan, University of Madras. He covered from the basics to advanced level about Raman Spectroscopy

Day 4, Dr.Tanay Kundu, SRM Institute of Science and Technology, Chennai gave a talk on **IR Spectroscopy : From fundamentals to futuristic tool**

Day 5, Metal oxide based Nanomaterials for Gas sensing applications, was addressed by Dr.Mohammed Gazzali, University of Madras, Chennai. He covered from basics to advanced level

Day 6, Dr.Sarath Chandra Veerla, Godavari Institute of Engineering and Technology, Andhra Pradesh delivered a lecture on Surface Features and Biological Response of Biomaterials

Day 7, Dr. Naresh kumar Gunasekar, Lecturer in Compound Semiconductor Device Technology, UK gave a talk on Ultrawide bandgap semiconductors for UV optoelectronics and high-power electronics for different applications

Day 8, Growth of scintillation materials for high energy radiation detectors, the topic was addressed by Dr.P.Rajesh, SSN College of Engineering, Chennai

Day 9, Prof. Elumali, Pondicherry University, Pondicherry delivered a talk on Fundamentals of Energy Storage with focus on Battery, which covers the basic concept of battery materials and it's applications

Day 10, The topic on Abnitio study on Ba vacancy migration in Barium Zirconate: phonon distribution was addressed by Dr.Raja Natarajan, MS University, Tirunelveli. He covered all the basic studies on Computational Materials Science.

End of the session faculty feedback was also arranged Nearly 650 participants attended and got benefited.

Spoken Tutorial Project at IIT Bombay

Certificate of Participation

This is to certify that **KIRTHIKA M** participated in the **Apps On Physics** training organized at **Sathyabama Institute of Science and Technology** in **January 2023** semester, with course material provided by the Spoken Tutorial Project, IIT Bombay.

A comprehensive set of topics pertaining to **Apps On Physics** were covered in the training.

April 2nd 2023

Prof. Kannan M Moudgalya
IIT Bombay

Credits for the Spoken Tutorial courses are based on our estimates of the work required to complete them. Recipient Institutions are required to apply due diligence and get them ratified/modified by their own duly formed academic/assessment body. Spoken Tutorial is a project at IIT Bombay, started with funding from the National Mission on Education through ICT, Ministry of Education (previously MHRD), Govt. of India.

REPORT

This one week tutorial course is conducted by the Department of Physics in collaborated with IIT Bombay from 20th March 2023 to 24th March 2023. . Based on Students interested topics the animated conceptual videos are uploaded in the spoken tutorial website. Students can visit the website and benefitted by the videos in their free time. Followed by the videos, quizzes are conducted to the students. Based on the performance of Students, Certificates are issued.

Date: 20-24 , March 2023

Venue : Online

Participants: II, III B.Sc., and II M.Sc., students are participated in this course.

Conveners: Dr D S Jayalakshmi, Department of Physics and Dr M Prasanna Jeyanthi , Department of Mathematics.

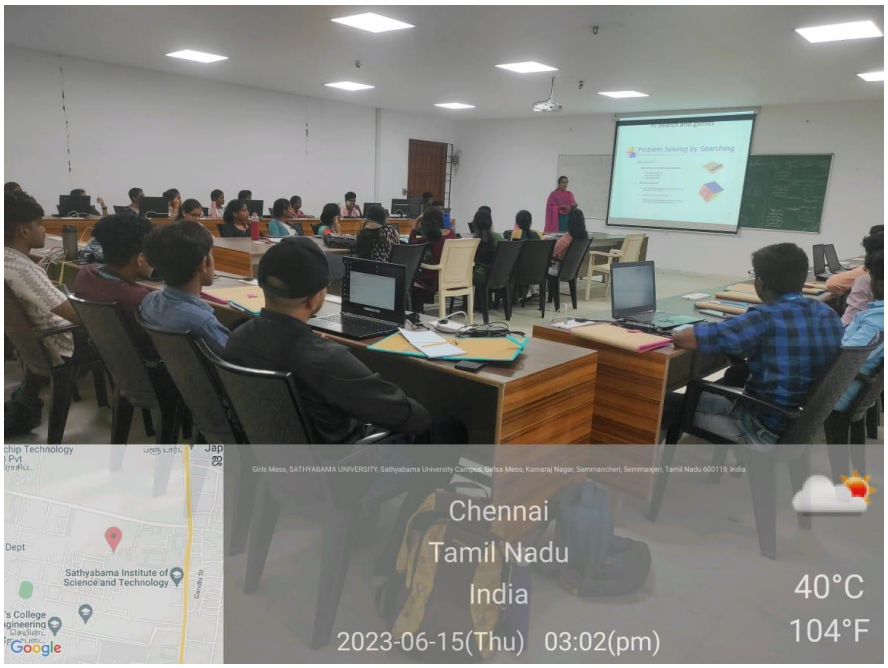

Outcome: 13 animated videos from the field of mechanics, Simple machines , Magnetism, Optics, Forces are covered in this APPS on Physics programs. Three critical thinking level assignments are submitted in their own by the students.

Webinar Series on "Psychology and Law"

The Department of Psychology organized a webinar series on Psychology and Law"
On the 11th, 13th, and 16th of July 2022. The need to conduct this webinar series has been identified as the field of psychology and law involves the application of scientific and professional aspects of psychology to questions and issues relating to law and the legal system. There are a number of specialties that psychologists may pursue within the larger area of psychology and law. This field encompasses contributions made in a number of different areas--research, clinical practice, public policy, and teaching/training among them--from a variety of orientations within the field of psychology, such as developmental, social, cognitive, and clinical. Furthermore, there are several general roles for psychologists in the legal system, and many specific careers exist in psychology in the law (Bottoms, et al., 1004). More generally, psychological researchers can impact the law in a variety of ways. Basic researchers, scientists who seek general or basic knowledge for its own sake, and applied researchers, scientists who study practical problems, can significantly influence the legal system. Keeping this view in mind, The Department of Psychology had requested eminent Professors and correctional officers to deliver a special lecture related to the theme.

Details of the Program

The registration link has been created and it was attached along with the poster. The posters were circulated among the students and faculty members of the Sathyabhama Institute of Science and Technology. The webinar series on "Psychology and Law" organized on 11th, 13th, and 16th July 2022, started with a welcome address and introduction of the speakers delivered by Ms. Lalitha, a final year student from the department of psychology. Followed by the felicitation the guest speakers delivered their lectures on the topics "The Role of Psychologist in Prison", Understanding Juvenile Justice System in India" and "Determinants of Recidivism" respectively. All the speakers were very interactive with the students and faculties. The webinar ended with a vote of thanks delivered by Ms. Lalitha (11th, July 2022), Ms.Adhmika (13th July 2022), and Ms.Beulah (16th July 2022), final year students of Psychology. A total of 100 participants were present for all three days. Further, a Feedback link was sent to all the participants and their valuable responses were recorded.

Description of the webinar:

WEBINAR ON PERSONALITY DEVELOPMENT

29/08/202 (Monday)

Webinar Report

The event "Personality development" commenced at 5:08 pm with the welcome address by the Ms. Komathi, class representative of 2nd year Bsc. Psychology students, followed by which, at 5:11 pm, Ms. Suvetha Varthini, class representative of 2nd year introduced the chief guest. The Head of the Department of Psychology honoured the Chief Guest in the presence of the Dean of Arts and Sciences, Faculty members of the department.

The session was taken over by the chief guest and resource person, Dr. M. Shalini. During the session, she discussed the various attitudes and habits that are essential to become a good psychologist. She highlighted the importance of personality development in professional life and the vital role that adolescence plays in personality development. She mentioned a few personality traits that go a long way in improving our professional skills: a good sense of judgement, intuition, empathy and logical thinking. She talked about Hedonic and Eudemonic happiness and how both together contribute to our overall well-being. She stressed on the monumental role that self-confidence plays in effective communication and rapport establishment with a client and advised us to expand our horizons, use opportunities to gain some practical experience in the field. She talked about practicing emotional resilience as it comes in handy not only in your profession but also while dealing with problems in everyday life. Lastly, she talked about Emotional Intelligence and its hidden role behind the success in a person's life. The resource person cited many examples and introduced hypothetical situations to keep the session interesting and interactive.

The resource person concluded her lecture by emphasising the importance of growing into a therapist and treating people. The session came to an end at 7:10 pm. After which, Kirtana.J, second year student and executive member of the Cognitive Club delivered the Vote of Thanks.

IDENTIFYING PSYCHOLOGICAL DISORDERS

Programme Report

15/07/2022

The Department of Psychology organized one day seminar on "Identifying Psychological Disorders " on 15/07/2022 at IRC Auditorium Hall. The event commenced at 10:00 am with the welcome address by the President of the Cognitive Club followed by Tamil Thai Vaazhthu. Dr.Rekha Chakravarthi, Dean of Arts and Science honoured the Chief Guest followed by Dr.Parveen Banu, the Head Department of Psychology honoured our Dean of Arts and Sciences with the presence of Faculty members and student participants.

The resource person Prof. Muthiah Ramanathan took over to facilitate the session. He started the topic by brushing up on the Basics of Psychology and his journey in the field and instilled motivation in the participants by throwing light on the necessity of psychologists and therapists in this world of mental health decline. He deconstructed the stigma attached to mental health disorders and addressed the common issue of mental health terms that are misused by society. He briefly explained various vicious cycles of disorders in the DSM-V including their causes, symptoms and treatment plans. The sentence with which he provoked thinking among the audience was "it is not the weightage of the problem, but the longevity of the problem". He recommended shows and movies to help students better understand the disorders visually rather than reading texts monotonously.

The resource person concluded his lecture by emphasising the importance of growing into a therapist and treating people. The session came to an end at 01:00 pm. After which final year student, Akshita delivered the Vote of Thanks.

WORLD SUICIDE PREVENTION DAY 2022

TOPIC: IMPORTANCE OF LIFE

The seminar started at 10:35AM after the arrival of the Vice President Ms. Maria Catherine Jayapriya and our Chief guest Mr. N. Khaalid Ahmed. Dr. Parveen Banu, HOD and the faculty coordinators, Dr. Kalaivanan.S, Mrs. Aruna J, and Ms. Indhu Priya were present. Students of 1st year, 2nd year and few students from the 3rd year of the Psychology Department attended the seminar.

Ms. Mercita Isebell was the master of the ceremony.

Ms. Kiruthika Devi gave the welcome speech followed by Mr. Joshua Lavy who gave the guest speech.

Chief guest was then welcomed through felicitations, by presenting a momentum and a sapling by the Vice President ma'am, the HOD ma'am, and the faculty coordinators respectively.

A speech was again given by Mr. Joshua Lavy and Ms. Harini S. J. on the topic "IMPORTANCE OF LIFE".

The Uravugal Trust team displayed their AV.

Our chief guest then started his speech which made a great impact on the thoughts and opinion about life. The work done by the Uravugal trust team greatly emphasised the importance of life.

The Uravugal trust was found in the year 2017. The team has buried over 4800 bodies and 46+ rescues. They stated that they bury at the least 5 baby bodies a day and 20 adults per day. Their great works which proved the sustainable existence of humanity made the students overwhelm. It was a total emotional session which taught us the responsibility of our own life and also of people who are with us.

The session ended with vote of thanks by Ms. Akshara.

GUEST PROFILE

N. Khaalid Ahamed (B.E)

Founder, Uravugal Trust | CEO, SNK CHEKKU OIL

https://uravugaltrust.com/ /uravugaltrust @uravugaltrust

N.Khaalid Ahamed, aged 27, hails from a humble household in Adirampattinam, Thanjavur District. He finished his diploma in mechanical engineering from Panimalar Polytechnic College and then went on to pursue his bachelors for the same in St. Peters University.

Uravugal Trust, founded in 2017, came into being after the Founder, Khaalid Ahamed, witnessed the death of a senior citizen, living by the roadside, who had died begging for water by those around him. This inspired him to be of help to people who were abandoned by their families and left to suffer alone. The Trust, started with the help of a few friends, now tends to the burial of Unclaimed bodies and provides free services to underprivileged people. The team played a pivotal role during the rise in Corona cases in Tamil Nadu. It has buried more than 5,200 unknown bodies, over 1685 corona affected bodies and 500+ bodies of babies.

The Trust has received various awards such as 'Hero of Chennai' in 2018, 'Good Samaritan Award' presented by ALERT NGO.
In 2019, he received the 'Best Youth Volunteer' award presented by United Nations in Delhi.

Khaalid Ahamed has addressed over 2,00,000 students belonging to various colleges in Chennai, on topics relating to the Importance of Life, significance of parent-child relationship, teacher-student bonding, on love and on overcoming stress and depression. The Trust aims to help raise awareness on the prevention of suicide and strives to be the pillar of support to people who have been abandoned by their children in their later stages of life.

9. Dr. Elancheran, Secretary AISHA TN
10. SIST Scientists
11. Sathyabama TBI & TAP Centre Officials
12. Members of AISHA, TN
13. Founders of Shrimp Hatchery Industry

The meeting began with the welcome address by Dr. Joshi Shankar.

Dr. B. Sheela Rani highlighted the purpose of the meeting and conveyed her gratitude towards the officials of TIFAC, DST, Delhi and MSME-Chennai for their acceptance of invitation and the AISHA for organizing this meeting.

Mr. Mukesh Mathur, while explaining the role of DST TIFAC, narrated the role played by the MSMEs in Indian Economy highlighted that half of the total economic production and half of India's export are contributed by the MSMEs in India. However, he felt that there is a need for a kind of support which they should get especially in infusion of technology due to technological obsolescence and need for upgrading to suit the market expectations. To make MSMEs technologically strong, DST - Govt. of India has introduced a flagship program called "TIFAC" to

identify the technological gap in homogeneous clusters of MSMEs and trying to find the possible ways to fill the gap. To achieve the objectives, TIFAC is working with various stakeholders like NITI Aayog, Ministry of MSME, CSIR and R&D Institutes towards the technology development, technology adoption, technology intervention and the kind of machinery needed in the field. He also introduced the TAP Centre at Sathyabama Institute of Science Technology as a local TIFAC office and highlighted the activities carried out by the Sathyabama TAP Centre.

He asked to prepare a report with all backup information so that TIFAC and TAP centre can be able to discuss with Ministries like MSME and also facilitate grants or schemes of Niti-Aayog for technology up gradation. Apart from hard intervention, TIFAC also undertakes soft intervention in the form of policy facilitation and capacity building. While highlighting the purpose of the Meet under the Aquaculture Cluster Development initiative of Sathyabama TAP Centre he listed the agenda as follows.

1. MSME UDYAM Registration process
2. Machineries / Technologies to be identified for the common facilitation Centres
3. Resources required for cluster formation

Mr. C.P. Reddy while explaining the criteria for micro, small and medium enterprises, he elaborated on the various schemes and incentives from MSME department supporting the Micro and Small enterprises. Later he explained the genesis of Udayam Registration starting from Permanent Registration Certificate (PMT), M1 (Provisional) & M2 (Established) registrations, UAM registrations, Udayam and all those information required for Udayam registration. He also touched upon subsidies provided by state Government of Tamilnadu (25-30%) for machineries. He further explained the CGTMSE (Credit Guarantee Fund Trust for Micro and Small Enterprises) scheme which gives financial support up to Rs. 2.5 cr. without collateral and in terms of technology about the Credit Linked Capital Subsidy Scheme for Technology Up-gradation in MSEs providing an upfront capital subsidy of 15%.

He also explained the Government of India's Public Procurement Policy enacted in year of 2012 by Ministry of MSME where every Central Ministry /Department / PSUs shall set an annual target for 20% procurement from MSME Sector and a sub-target of 4% out of 20% target of annual procurement earmarked for procurement from MSEs owned by SC/ST entrepreneurs. And he also mentioned that no EMD (Earnest Money Deposit) for registered MSEs to participate in Govt. tenders. MSEs also can get reimbursement up to 90% of expenses for participation in International and National Trade exhibitions.

Mr. C.P. Reddy has dwelt on the flagship program of MSME called MSE-CDP (Micro & Small Enterprises Cluster Development Programme) and listed the minimum requirements to form a cluster that is a minimum of 20 manufacturing units located within 15 km radius producing same/similar products/complementary products/services, which can be linked together by common physical infrastructure facilities that help address their common challenges. He also made it a point to mention that there is a requirement for the Common Facility Centre (CFC) to be a section-8 company managed through a Special Purpose Vehicle (SPV).

He was categorical that only if Shrimp Hatchery Industries get MSME status they will be eligible for the formation of CFCs for common testing labs, waste treatment plants, common Raw Material Inventory procurement, and establishment of training centers etc. Presently, they come under the Fishing and Food Processing industry as per NIC code of MSME registration. He also appreciated the Sathyabama TAP Centre and AISHA TN for this initiative to Aquaculture Cluster.

Dr. Seshadri while mentioning the programmes of Tamil Nadu Government and Government of India like startup TN, Atmanirbhar Bharat, Startup India and Standup India in collaboration with various ministries for the development of industries, he also highlighted the formation of Ministry of Fisheries by Government of India and the Blue Economy policy unveiled recently and earmarking crores of rupees as funds to promote maritime related activities. He was also of the opinion that Aquaculture is not equivalent to agriculture and that needs to be dealt separately. He also said that Aquaculture is an industry where many advanced technologies are used. He also opined that Aquaculture cannot be done as a Cottage Industry or Tiny Industry or Livelihood Industry henceforth. The Aquaculture industry has been following a structured operation right from start to end. So, this needs a different classification and different approach from industry as well as Government side. He has also highlighted the facilities and capabilities of Centre for Ocean Research, Sathyabama Institute of Science and Technology towards the development of Aquaculture Cluster; he said all the stakeholders should reach out to state governments, CII like industry bodies to get enough support from the Government of India to form the Aquaculture Cluster under MSME.

Dr. Joshi Shankar conveyed his gratitude towards Sathyabama TAP Centre for the wonderful initiative of Aquaculture Cluster formation under MSME and narrated the past experiences of AISHA trying many times to register the Hatcheries under MSME which has not happened due to Government's MSME policy. He encouraged all the Hatchery Industry members to participate in the discussion and come up with questions regarding Udyam Registration, Cluster Development and get their doubts clarified.

There were many points seeking solutions flagged by the members

1) Technology for eradication of diseases in prawns/shrimps

2) Technology requirements for disinfection of aquaculture waters

3) Technology for monitoring of aquaculture waters on daily basis

4) Requirement of facilities like common testing labs for testing viruses, antibiotics, water quality

5) Small scale water desalination plants

6) Small scale Oxygen production facility

7) Technology for live feed production like Microalgal, Artemia and polycheates

8) Small scale ice pack manufacturing units

9) Facility for maintenance of imported Brood Stock

10) Training centers for promoting more skilled manpower in aquaculture

11) Need for considering the huge brick and mortar culturing tank infrastructure as an asset when considering for financial assistance by banks as they will extend support only for machineries

12) There is a need for demarcation of Zones for Aquaculture so that other industries with no pollution only can be permitted in those areas.

13) The hatcheries and aquaculture grow out ponds use a good amount of plastic and thermocol wastes as part of packing solutions. A technology for small scale conversion of such wastes to other products will be of help.

14) Aquaculture water is concentrated biologically rich water. Technologies can be developed to use them for better and safer disposal will help to make aquaculture a zero pollution industry.

Mr. C.P. Reddy has advised, as example, to consider setting up a common raw materials unit for the Hatchery Cluster. He further clarified that for CFCs the contribution of all partners should be equal.

Dr. D. Inbakandan has recounted the work that has gone into making this meeting on Aquaculture Cluster formation initiative right from the beginning. He stated that Aquaculture Cluster formation was one of the objectives of the Sathyabama TAP Centre. But after discussions with experts from Society of Aquaculture Professionals (SAP), All India Shrimp Hatcheries Association (AISHA) along with Dr. Seshadri, it was decided to focus now on Shrimp Hatchery Industrial units since they need a lot of machinery and technology support.

Mr. Calraj Govindan has given the concluding remarks & Dr. Elancheran delivered with vote of thanks.

Conducted Jointly by Hand in Hand Academy for Social Entrepreneurship and Nativelead Foundation

Report of Training Sessions for First Batch during 12th-15th Dec 2022

Background:

In the present scenario of Globalisation, Entrepreneurship is perceived as a Mindset rather than limiting to start a Business. Lot of significance is being given for "Intrapreneur" capabilities among Employees of an organization. Intrapreneur is an Employee who has Entrepreneur mindset and contributes positively for an exponential growth of an organization. The corporates / employers are looking for Intrapreneur capabilities among their potential employees, thus making it essential for the job seekers to develop Entrepreneur mindset for their successful job career. Apart from this, Entrepreneur mindset is definitely required for success in Enterprise creation and management activities. It is a proven fact that Entrepreneurship mindset cannot be developed by a theoretical learning method but rather by Experiential Learning techniques. With this background, Grand Entrepreneurship Challenge Program is being implemented under the project to offer an Experiential Learning platform for the Rural Youth to develop Entrepreneur Mindset such that it helps them in Successful Entrepreneurship Career as well as a Successful Job Career. The beneficiaries are college students pursuing their graduation who participate in teams of Five members each in a team. Totally 25 Teams are enrolled in the program, totaling to 125 students. Program Name: Workshop on cinematography skills and techniques

Date: From 27.02.2023 to 28.02.2023

About the Program:

In the realm of filmmaking, where storytelling transcends the boundaries of words, the role of a cinematographer is nothing short of magical. Cinematography is the craft of translating narratives into visual poetry, orchestrating the play of light and shadow, movement and stillness, color and monochrome. It is the delicate dance of technical precision and artistic finesse that transforms a script into a visual masterpiece.

At the heart of this cinematic symphony lies a set of skills and techniques that elevate the mundane into the extraordinary, the ordinary into the unforgettable. From the controlled manipulation of exposure settings to the artful framing of scenes, a cinematographer crafts a visual language that speaks volumes without uttering a word.

Program Name: Workshop on Virtual Reality

Date: From 04.07.2022

About the Program:

In the realm where the tangible meets the intangible, and the boundaries between imagination and reality blur, Virtual Reality (VR) emerges as a transformative force. Beyond the confines of traditional screens, VR propels us into immersive experiences that transcend the ordinary, transporting minds to uncharted realms and unexplored dimensions.

Imagine stepping beyond the limitations of physical space, where the ordinary laws of physics yield to the whims of creative expression. Virtual Reality is not merely a technological innovation; it is a portal to alternate realities, a gateway to realms shaped by the boundless possibilities of human imagination.

Five days National level Online FDP on "Qualitative Research with NVIVO Software"

About the Program

Title: Qualitative Research with NVIVO Software

Duration: 5 days

Dates: August 8, 2022, to August 12, 2022

Time: 6:00 PM to 7:30 PM (Indian Standard Time - IST)

Outline:

Day 1: Introduction to Qualitative Research and NVIVO

Overview of qualitative research methodologies

Introduction to NVIVO software and its significance

Setting up NVIVO for research projects

Day 2: Data Collection and Management

Types of qualitative data and their sources

Strategies for effective data collection

Importing and organizing data in NVIVO

Day 3: Coding and Data Analysis

Fundamentals of coding in qualitative research

Hands-on NVIVO coding exercises

Analyzing and interpreting coded data

Day 4: Advanced NVIVO Features

Exploring advanced features of NVIVO

Visualizing and presenting qualitative data

Collaboration and teamwork using NVIVO

Day 5: Qualitative Research Best Practices and Future Trends

Ethical considerations in qualitative research

Best practices for maintaining data integrity

Program Name: Workshop on Documentary Film Making

Date: From 04.07.2022

About the Program:

Making documentaries is one of the most rewarding and challenging endeavors you can undertake. A documentary is a video or film that examines a real-life theme, person, event, or problem. They are often instructive in nature, very specific, and have an appealing tone to them. Finally, a story is usually recorded with sincerity that, in theory, moves anyone who sees it.

1.Define Your Destiny

Brief about the program:

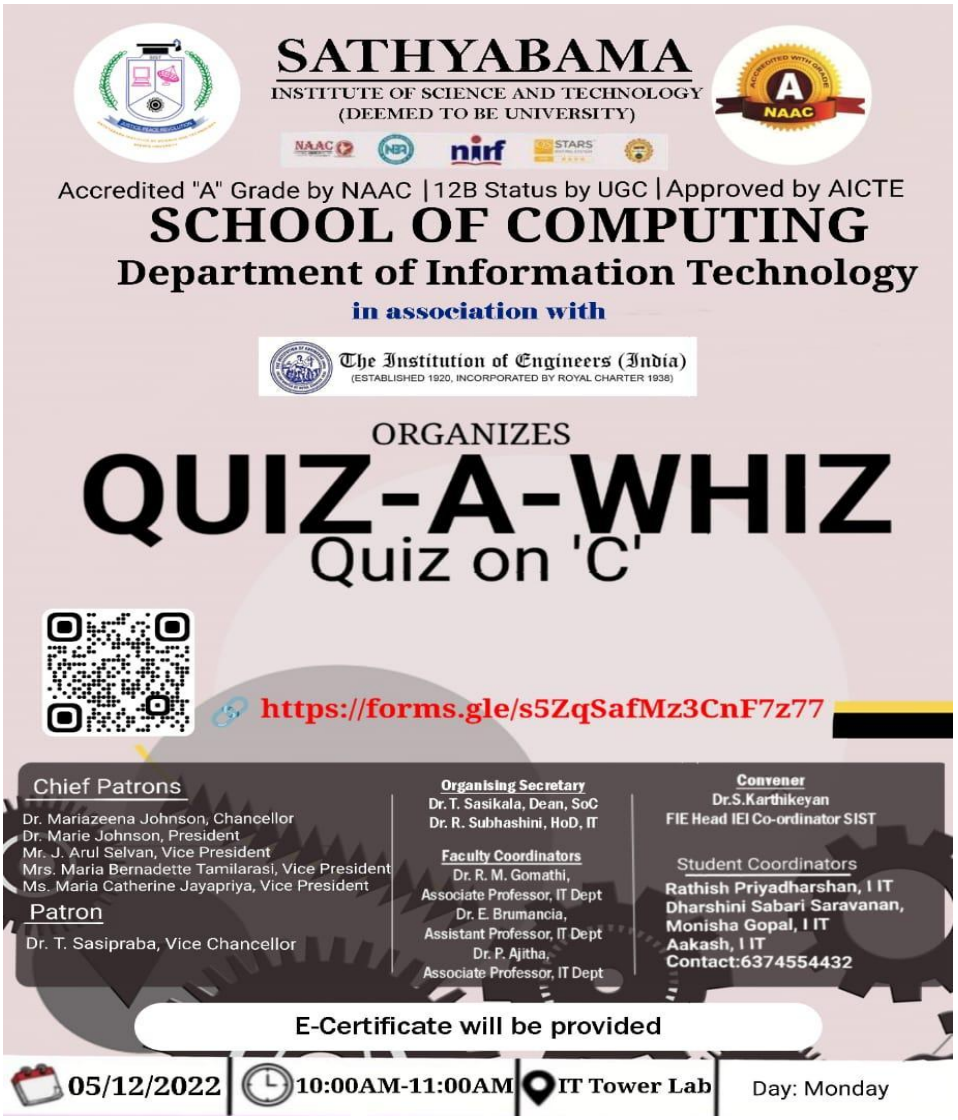

The Department of Information Technology, Sathyabama Institute of Science and Technology, Chennai conducted an event Define Your Destiny dated on 02.12.2022 (Friday). First Year students from various departments such as CSE, IT, ECE and EEE had participated in the event. 120 students are participated enthusiastically.

The meeting was convened by Dr. T. Sasikala, Dean, SOC and Dr. R. Subashini, HOD, Dept of IT along with the faculty co-ordinators Dr.E.Brumancia, Dr.L.Mary Gladence and Ms.C.Geetha, Department of IT Sathyabama Institute of Science and Technology, Chennai. The student coordinators Mr.A.Vishvanath and Mr. S.Y.Kishore, I Year, IT Department have helped the organizers in a smooth conduct of the event.

Brief about the program:

The IEI Student branch of Sathyabama Institute of Science and Technology, Chennai conducted an event Quiz-A-Whiz, Quiz on C-Programming Language dated on 05.12.2022 (Monday). First Year students from various departments such as CSE, IT, ECE and EEE had participated in the event. The students with the basic knowledge of C-Programming came together to take a computerized quiz testing the same. The quiz was conducted through Google Forms, and the quiz lasted for an hour and consisted of 45 questions, each carrying a mark.

Student Development Cell, AICTE spices Innovation club organized a 3 days Workshop on "Technology Innovation and Solar" on 01.12.2022 - 03.12.2022 at the Presentation Hall, Central Library. The eminent resource person DR.K.PUSHPANATHAN, Director, TIAS PVT.LTD corroborates the role of emerging technology and the importance of Solar system. The workshop commenced with the introduction of current trends in solar industry which was further followed by engineering approaches to solve modern daily life problems, skills required for Entrepreneurship. There were precisely 50 participants who got this opportunity to attend this workshop. Thus, it was an informatory three-day session that enlightened the students about these evolving technologies.

PROTOTYPE
Prototyping is the process of quickly putting together a working model (a prototype) in order to test various aspects of a design, illustrate ideas or features and gather early user feedback.
Prototyping is often treated as an integral part of the system design process, where it is believed to reduce project risk and cost.
The Prototyping model suggests that before carrying out development of actual software, a working prototype of the system is built.

Prototyping enables evaluation, happens throughout
• Exploring requirements
Market analysis, participatory design, envisionment
• Choosing among alternatives
Risky or critical features, go/no-go decisions
• Empirical usability testing
As early as possible, try out ideas with target users
• Evolutionary development
May deliberately choose a malleable software platform, building software in incremental, iterative fashion.
GOALS OF PROTOTYPING

A developed prototype can help engineers
Josh Earnest
To critically examine technical issues associated with product development: response time of a hardware controller, efficiency of a sorting algorithm, etc.
The next reason for developing a prototype is: it is impossible to ``get it right" the first time, we must plan to throw away the first product if we want to develop a good product.

How prototyping model is built?
Josh Earnest
Start with approximate requirements.
Carry out a quick design.
The developed prototype is submitted to the customer for his evaluation:
Based on the user feedback, requirements are refined.
This cycle continues until the user approves the prototype.
The actual system is developed using the iterative waterfall approach.

Your Venture: Min-Zharge India and Energy Private Limited
Your Legal Structure: eMobility service provider and Electric Vehicle Rapid Aggregator Platform
Problem Statement: We can see so many small and big manufacturers are working on manufacturing Electric Vehicles and related components. But not all vehicles are reaching customers more easily and people are also not much aware of Electric vehicles interns of brands & models available in the market and how to use them more effectively.
Mission Statement We have come up with all-new platform and through this platform peoples can know more about EV, access and own EV, haggle free finding of perfect charging station for their EV, Maintaining and grooming their Electric Vehicles and also providing an Eco comfort to EV owners too. It will act as a single window accessing point for EV owners and Single Hub point for manufactures communicate with peoples and owners directly. This helps in rapid growth of Electric Vehicles.

04 Venture Capitals

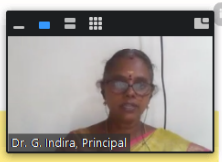

- Do not use their own money to invest in companies
- Do more analysis as money of other people might be involved
- Tend to invest in businesses that are already established to reduce their risk of losing investments
- Take lesser risk
- Generally expect higher returns

D, Assistant Professor, Department of Computer Science and Engineering, Sathyabama Institute of Science and Technology . We thank our management for helping us organize the event in a successful manner.
Expected Outcomes (20 to 30 Words)
Students gained a solid foundation of knowledge in the Fundamentals of Cyber Security. The workshop highlighted Cyber Security skills from the perspective of different stakeholders. Students became aware of Cyber security threats and risks, legal, ethical and professional issues. This awareness will enable them to Cyber Security policy and procedure mechanisms. Overall, attending this Training Programme on Fundamentals of Cyber Security equips students with foundational knowledge of Cyber Security.
