Report on the UBA activity to Aapur & Venkatapuram village on 25.11.22

Date : 25.11.2022

Time : 10.am to 3 pm

Venue : Aapur and Venkatapuram, Kancheepuram District

Faculty : Dr.John Paul, Dr.S.Krishnakumari and Dr.D.Yamuna

School of Management Studies, SIST

Participants : I MBA students

The UBA team visited both the villages on 25th November 2022 with a group of students from I

year MBA.

Places visited :

1. **School**
2. **Primary health centre**
3. **Village Office**

Activities carried out:

1. **The students cleaned the school ground**
2. **Collected data among the villagers related to the issues pertaining to health, hygiene,women and unemployment.**

Observations in Venkatapuram

1. **Water stagnation in school ground**
2. **The nurse visits only once in a week to the primary health centre**
3. **There is usage of drugs among the adults in the village.**
4. **The local women are employed in the industries near the sriperumpudur SIPCOT.**

Observations in Aapur

1. **There is an increase in the school drop outs after the pandemic.**
2. **The Head Mistress of the Aappur school requested for the repair of the printers provided by the University to them.**
3. **There is usage of drugs among the adults in the village.**

Recommendations

- **Planned to organize a proper survey for both the villages as per the UBA guidelines.**
- **Workshop on financial literacy for women can be arranged for improving the social**
- **security for women and children.**

Report

Event: Orientation and Hand-on Training Programme on UBA

The event was conducted on 10th February 2023, in seminar hall venue -2. The Program started by 9.30 am with the welcome address by Dr. Swarnatha, Dean – External Affiars. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms. Jothika of M.Sc Physics gave an introduction about the resource person Dr. J. Nagarajan, Assistant Professor, Department of Zoology, Kamaraj College, Thoothukudi. There was a total number of 45 participants.

The proposed contains the following special sessions:

- **UBA Orientation – Community Engagement and Skill Development**
- **UBA activities – Students Roles and Social Responsibilities**
- **Solid Waste Management (Mushroom Culture Techniques)**
- **Women Empowering – Sea shell crafting and House hold products preparation**

OUT REACH PROGRAM

On a warm sunny day we were excited to see the school that we missed a lot...when we reached the school we were surprised that it was so neat and clean. I was so surprised that those small kids maintained the school so well. We were introduced to the students of class 9 &10.They all were so interactive it was so good to interact with those kids it was a mixed vibe I was nervous about my presentation, I was so excited about the kids everything went well.

We taught the students how to use the basic instrumentations that are used in physics lab and some of the basic concepts in physics they were so attentive...It felt so good to be surrounded with those tender hearts...The School was so welcoming filled with plants &trees.It was like entertaining into a mini botanical garden.At the end of the day we all were filled with happiness. Thankyou to or faculties who arranged such a wonderful outreach activity.

1	WoW- Women on Wealth - Technology transfer to Rural school girl childrens	Kasturba Gandhi Balika Vidyalaya	**2022**
2	Tree plantation	Swach barath	**2022**
3	Awareness campaign on "Reducing wastage of food"	Swachh Bharat Mission	**2022**

Women on Wealth offers training programs in habits, skills and tools that are critical for financial success. These programs have been delivered successfully to women from all walks of life, in groups, individual sessions, on line, in India and outside, too. 50 students from the Department of Chemical Engineering at the Sathyabama Institute of Science and Technology participate in the programme and share their knowledge with students of government high school kumizhi villiage, near Vandalur-Chennai.

The Department of Chemical and the Sathyabama ECO Club have collaborated on a "Tree plantation programme" 2022 on the campus of the Sathyabam Institute of Science and Technology. The programme was mostly organized by second & third year chemical and eco club students. The primary goal of tree planting is to protect the environment while also beautifying our lives. Trees are great natural gifts. They are known as human beings' best pals. They benefit us in a variety of ways. The existence of trees in the earth is inconceivable without the existence of men, other animals, and insects. SIST students, faculty, and non-teaching staff all participated in this initiative, which was a big success.

The hands-on activities provided valuable insights into sustainable practices, leaving a lasting impression on the participants. The eco club students' passion and dedication made the workshop a resounding success, inspiring others to be proactive in their environmental efforts. Overall, the event created a positive ripple effect, promoting a culture of sustainability and responsible waste management. Through interactive sessions, attendees learned about the entire paper recycling process, from collection to reformation, and its positive impact on resource conservation and energy consumption.

ADDING COLORS TO THE SOCIETY.

Our students have visited to EPIC Epic Eco park & Info Centre,Padur,Chennai on 2nd Dec 2022.they have Painted on wall to enhance its appearence.It is a place where they give training for rural women on sustainable agriculture.It was constructed with Interlocking laterite blocks which can be later dismantled and used again, which is more eco friendly and less carbon emission . In terms of insulation these blocks perform better than concrete and brick structures .On site there was no ground water table available , they collect water through rainwater harvesting , where they allowed rain water to flow from road through a channel with a filter and stored in a well for usage and also allowed the rainwater to flow into the fish pond which is located at the end of the site. So, our students had learnt about the sustainable techniques implemented there and as a token of gratitude they volunteered by Beautifying the external walls of the shelter with rangoli and other designs which were built with mud.

Feature >

An EPIC show of greenery

By R.Swathi

'An oasis in the desert' is how one can aptly describe the Eco-Park and Information Centre (EPIC), promoted by Shanta Sheela Nair, IAS (Retd.), former Secretary to the Government of India.

EPIC stands as an icon of how rainwater harvesting alone can help sustain a park of 20 cents, replete with a herbal garden, Miyawaki forest, Nakshatra garden, crops, azolla and mushroom cultivation, and much more.

"I purchased this piece of land long back, but was

Sheela, giving an introduction of EPIC eco park to the farmers of Vallipuram.

unsure what to do with it. While many would have opted for luxury villas, bringing Singapore to India, I wanted to bring a fertile rural India to this place," explained Sheela, and added, "Unfortunately when I embarked on the idea, I found out that my land sits on a massive rock, so, despite having a lake behind and the sea in front, there was not a drop of groundwater beneath."

Sheela contacted Dr.Sekhar Raghavan, Director of Rain Centre, Gandhi Nagar, Adyar, who provided some

Sumitra M.Gautama, Principal - Pathashaala School, (Left in picture) inaugurated the extension of Rain Centre at EPIC, which will be helmed by Sekhar Raghavan (middle).

pathbreaking solutions to the issue. The solutions helped build the water table, fill up a well, create a water bed for azolla cultivation and an artificial pond - all from the harvested rainwater. These features have made the park a model and helped Rain Centre establish its extension at EPIC, with the aim of imparting knowledge on water conservation and harvesting methodologies in rural areas.

Each and every feature at the eco park reflects a deep-seeded respect for nature and sustainable living, which is Sheela's hallmark principle! Buildings are made of hollow laterite blocks that are interlocked with each other and not cemented together; A two-tiered thatched room provides a lot of cool breeze with cross ventilation; a

Sheela explaining the pros of installing the 'no-water toilet'.

'no-water toilet' (another of Sheela's pilot projects) waters and manures the nearby garden with human excreta; a biogas plant is fed with waste from the kitchen and the garden, to light up the stove.

An illustration gives a sneak peek into the habitat of a Pond, like the one at EPIC. The centre has illustrations of various other habitats as well.

There are also many such illustration boards on the flora and fauna of various habitats, including the one at the eco park. "After we set up the Miyawaki forest, the eco-park began to thrive, and there has been an increase in the number of birds visiting the place. So much so that we once organised a bird watch with Prof.Suay Varughese (IIT Madras), her students and students and parents of Pathashaala School. We identified at least 40 species of birds within an hour, here. The flowers and fruits from our small forest had attracted the birds," explained Sheela enthusiastically, while also informing that the growing of millets at the farms had also attracted peacocks. Though they are known to ravage plants, strict instructions were given not to do anything to the birds due to their national status.

The centre is visited by many students, farmers and sustainability enthusiasts who take with them more than just a leaf of knowledge on sustainability practices. Impressed students of Sathyabama University, apart from making a video about EPIC, also contributed to the farm by designing beautiful patterns on the walls of EPIC. "As farmers we had been focused on cultivating only staples, but we never thought that so much more could be done. This visit is an eye opener," said an awed R.Lakshmi, who came to the farm from Vallipuram, Chengalpattu district. When the Adyar *Times* team visited the farm, Lakshmi and her fellow farmers had come to the centre with the students of the Pathashaala Residential School, Elumichampattu.

There was Rajamma, who excitedly pointed out various plants and spoke of their medicinal properties. "We

Rajamma is all ready to do the honour of harvesting the first batch of Oyster mushroom. Beside her is B.Senthil Kumar.

at Pathashaala school go to Rajamma for all ailments. She is an expert on herbs," Sumitra M.Gautama, Principal of the school introduced her. Rajamma was given the honour of harvesting the first batch of the Oyster mushroom at the eco park. The mushroom cultivation zone was set up with the help of *iYarKai* Tech Lab. B.Senthil Kumar, Managing Director of the lab, explained about mushroom cultivation and how small spaces in farms could be utilised for it.

The eco park also hosts sessions with experts from Institute of Sustainable Development (ISD), India NGO, Rain Centre, iYarKai Tech Lab and many individuals like Alladi Mahadevan, who share their knowledge to enlighten the visitors on various methodologies to make agriculture more productive and lucrative.

S.Kalaiyarasan, Community Organiser with ISD and J.Kirubakaran, Coordinator - Field Research and Training with ISD, gave us a tour of the farm and explained the farming techniques implemented there. The farm had a variety of greens and vegetables, millets and rare varieties of rice. Later, he questioned the visiting farmers if agriculture was a profitable venture. The question drew agony from all the farmers who pointed out the lack of respect and income from the profession, but agreed that, "Someone needs to grow food grains and we have taken that upon us." They also mentioned the sad state of affairs in agriculture, caused mainly by large companies taking over farmland. It has deterred their children

The team from ISD explains various sustainable farming methodologies to the farmers and students of Pathashaala school.

from taking over farming as a profession. Who would grow food then?

The ISD team shared facts and tips on how to make

Alladi Mahadevan, Senthil Kumar, Sheela, expert from India NGO and ISD, and Sekhar Raghavan share their knowledge with the audience.

agriculture profitable, the importance of growing millets, difference between natural manure and chemical fertilisers and many more insights. Sheela also shared her journey as an evolving farmer crossing hurdles like flooding, drought etc. Organic farmer, Alladi Mahadevan, shared a great gyan, "You must first grow for yourself, then for your family, extend to your neighbours, friends and relatives, and then to your village, town and beyond." This, he said, was the true spirit of farming and the route to sustainable farming. He also encouraged farmers to prepare products like pickles and *vadams* from their produce. This, apart from supplementing their income, would also make use of excess produce.

Inspired by the eco park, the students of Pathashaala researched and provided more inputs to the farmers. Lakshmi and her fellow farmers were left with awe at the opportunities available to them.

"Today my eyes have been opened to what more can be done by us, small farmers, in a small piece of land. We never knew about the benefits of azolla cultivation in a farm and the ease of mushroom cultivation. We also take back lots of ideas on supplementing our income. We would surely discuss with our village folks about implementing these techniques," said Laksmi in her parting comments.

A pool of Azolla. Azolla is a water based crop. It is an excellent supplementary fodder for livestock. It is also high in nitrogen making it a good manure for rice fields.

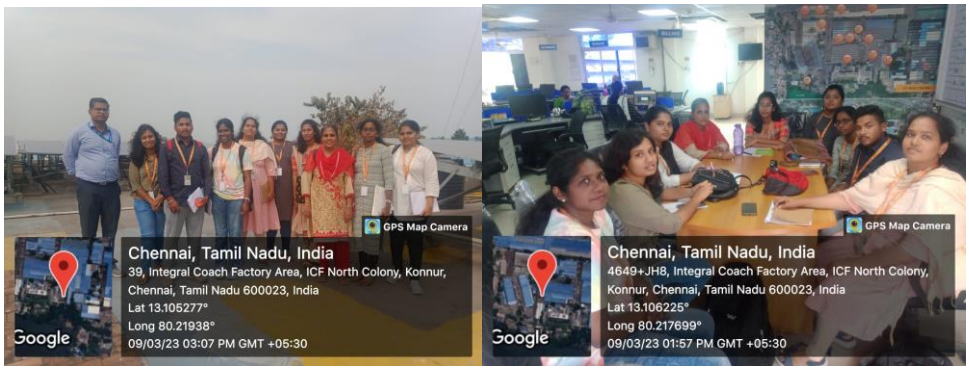
COLLABRATIVE DESIGN PROPOSAL FOR EPIC II

Shantha Sheela Nair, a retired IAS Officer was invited for assessing the Students work on Epic II (Eco Park and Information center)and Client Mr.Gautham joined online. A batch of 8 students presented their individual work on proposed techniques in detail. Identified techniques are Mushroom cultivation,Bio dynamic farming,Vermicomposting,miyawaki,Dewats system,Beekeeping,Aquaponics,Millet Farming,Spirulina algae cultivation.It also included Integration of Network mapping of all systems,environmental,socio economic benefits,workout the system type costing and Revenue generation.The project helped students understand the basics of client interaction along with the impacts of assessments of different strategies.

M.Arch I Year Sustainable Architecture -Site Visit to ICF -Administrative Building.



A batch of 8 students of 2nd semester M.Arch (Sustainable Architecture) visited Administrative building, Integral Coach Factory(ICF) at Perambur,Chennai.The visit was mainly focused on understanding the evolution of energy-efficient strategies in buildings that contribute to energy conservation and thereby evaluate the energy performance of the Administrative building. Students were divided into 2 groups and they documented different energy consuming systems like HVAC,Fire fighting pumps Lighting,Building Envelope. Observations made during the Visit.

OUTREACH ACTIVITIES

PATHFINDER

For the third consecutive year Pathfinder 3.0 was conducted to create awareness among school kids who aspire to take up Architecture as their profession on June 29 and 30th 2022. This also gives them an overview of how to prepare for the NATA entrance examinations and various topics were elaborated by subject experts in line with NATA. The Dean gave an overall view about the course and our institution. The students were taken for a Department tour as well as a campus tour to give them a better perspective about the infrastructure, facilities and curriculum. Staff explained about various labs and its significance in terms of hands-on learning. To make it more interesting Alumni and current semester students' interaction was organized to make the session more interactive. Feedbacks were collected from the students and many among the participants have shown interest to take up Architecture as their profession. In this year we have conducted the program in a Hybrid mode and we had a total of 30 participants in physical and 25 in online mode.

Centre for Waste Management **Centre of Excellence for Energy Research**

and

Centre for Aquaculture

jointly organize

An Awareness Programme on

"Popularization of Biodiesel for Fueling Fishing Boats"

Commemorating

World Biofuel Day

Date : 10/08/2022

Venue : Tsunami Quarters
Karikkattukuppam
Muttukadu

Objective of the Programme

To Popularize the Benefits of Fueling Fishing Boats with Biodiesel and thereby contribute to

- **Less Harmful Carbon, Toxic Pollutant and Greenhouse Effect Gas Compared to Standard Fuels**
- **The Protection of Environment and Human Health**
- **The involvement of the Community to have a Sustainable model to meet their partial fuel requirements**

Patron

Dr. T. Sasipraba, Vice-Chancellor

Cancer Awareness Programme for Women

Commemorating

National Cancer Awareness Day - 2022

Date: 07.11.2022.

Target Audience

- Women Academicians and researchers
- Women Students
- Employed Women
- Home makers

Registration Fees: Rs.100/-

To Register: Click Here

Gpay: 9787696962

Mode: Online

(Zoom link will be share to registered participants)

Highlights

Create cancer awareness

- To remove the stigma and fear attached
- To recognise the early signs and symptoms of cancer
- To Educate the key risk factors
- To Inform the importance of regular screening and check ups

E-Certificates will be provided for all registered participants

NO. OF STUDENT PARTICIPATED	8

INTERNATIONAL DAY OF PEOPLE WITH DISABILITIES is Celebrated every year on December 3rd, to provide their rights and well-being - A person with disabilities at every level of society and development.

Theme: Transformative solution for inclusive development.

To commemorate their day, Department of Public Health Dentistry, Sathyabama Dental College, conducted a paper bag workshop for the students of Montfort Community Development Society on **December 2nd , 2023 (Friday).** It was organised by the students of **E1 batch** (Satavisha, Shabana, Shalini, Shenbagapriya, Shubham, Sivasanthana Lakshmi, Sonali and Sriram) guided by **Dr Nadeem**. We reached MCDS along with the staff by 10 am. There were around **40 students** gathered there along with the staffs of MCDS and **Mrs Vijayalakshmi, the in-charge head**.

We were warmly greeted by then and the students were seated and we were introduced to them.Then Mrs Vijayalakshmi gave an introduction speech.The children greeted us with claps. Followed by which Dr. Nadeem was called upon to give a speech to the students. Dr. Nadeem gave a speech based on the theme of the year 2022. **"Transformative solution for inclusive development."** He gave a powerful speech that ignited the spirits of people present there. The room exploded with thunder of claps after his speech.

Followed by the speech of Dr Nadeem, all the members of E1 batch introduced themselves to the crowd.

We divided ourselves into 2 groups, 4 members each. One group to interact with the students and the other group decorated the room.

Simultaneously the other group decorated the room with colourful balloons and papers.

"Paper bag workshop" was organised for the students. These students were taught to make paper bags so that they could make a profit out of it by selling them to nearby shops.

The students were elated to see the colourful things around them. After a brief introductory period, the students were divided into 4 equal groups i.e., 10 per group.

One person was allotted to each group to guide the students in making paper bags. Two members were included in making colourful paper flowers while other 2 members were distributing the materials such as paper, scissors, and glue etc.

Each student was provided with pre-cut papers to make the bag. Old newspapers were used as an initiative to promote recycling. The member allocated to the group demonstrated the method step by step to make paper bags. Followed by which the members guided the students in the process. They were very cooperative and involved in the process. They were very energetic and enthusiastic to learn from us.

The other members started distributing colourful satin ribbons to place as handle.

Paper flowers made were given to the students to be pasted onto the bags to decorate them and make them colourful.

Once the bags were made, they were collected from them. Refreshments were provided to the students. Juice and snacks were given to them while they relished with joy. While they were relishing on the snacks the paper bags made by them were filled with momentos as surprise to them. A set of pencil, eraser, sharpener, and scale was placed in each bag.

After the students had their snacks, they were lined up into 2 for another interesting activity, **"hand printing"** the students were made to immerse their palms in colourful paints and make hand imprints on chart paper.

This was done to symbolise their presence among us, to help them make an imprint of their existence in the society and inclusivity.

The hand prints brightened up the entire space.

Once they were done with hand printing activity they were made to sit together in a circle. Then students were applauded for their cooperation, interest and for the work done.

The paper bags along with momentos in them were redistributed among the students by the members and staff. They were delighted to see the momentos inside the bags.

A group photo was taken with all the students and staff of MCDS along with E1 batch members and Dr Nadeem.

After the group photo, we were surprised by the members of MCDS as they gave us momentos as a token of love. We were elated by their gesture.

Then the students waived us a happy goodbye when we departed. We returned back to the College by 1.30 pm.

BROCHURE

A Brochure was prepared and given to the school management for conducting a Paper bag-making Workshop for the International Day for the Disabled on 2nd December 2023, at Montfort Community Development Society.

Timing:10.00 am to 1:30 pm.

GREETING AND SPEECH

Mrs Vijayalakshmi giving an introduction speech and introducing us to the children and the staff. Many of the children had limited awareness of their surroundings or were impaired mentally or physically but all of them greeted us and gave us a warm and cheerful welcome.

PAPER BAG-MAKING DEMONSTRATION

One person was allotted to each group to guide the students in making paper bags. Two members were included in making colourful paper flowers while other 2 members were distributing the materials such as paper, scissors, and glue etc. The children were extremely cooperative and interested to learn. With the guidance of the interns the children each made really beautiful bags and decorated them each in their own way.

HAND PRINT COLLECTION ACTIVITY

The students were made to immerse their palms in colourful paints and make hand imprints on chart paper.This was done to symbolise their presence among us, to help them make an imprint of their existence in the society and inclusivity.

The hand prints brightened up the entire space.

GIVING MEMENTOS TO THE CHILDREN

The children were given some special gifts in the form of stationaries within their hand made and colorful bags to take home as a reminder of the beautiful day.

RECEIVING SOUVENIRS FROM THE MCDS

We were surprised by the members of MCDS as they gave us momentos as a token of love. We were elated by their gesture.

GROUP PHOTO

A group photo was taken with the students and staff of the MCDS school, Semmenchery with the interns - Satavisha Mohapatra, Shabana Yasmin, Shalini M, Shenbagapriya C, Shubham Kumar, Siva Santhana Lakshmi, Sonali Saleel, Sriram Karthik D along with the staff in-charge- Dr. Nadeem.

Cancer is a disease that takes life of numerous people around the world every year. Annually around 10 million deaths are recorded due to cancer. 1 out of 6 deaths across the world are due to cancer. Every year, 04th of February is acknowledged as World Cancer day. Various organisations worldwide take pride in raising awareness about Cancer and to encourage its prevention, detection and treatment.

Pan American Health Organisation (PAHO) under the World Health Organisation (WHO) takesauthority and comes up with a theme of the year. With the different theme every year, this year "Close the Care Gap" was the theme. To commemorate that, a World Cancer day awareness program was organised by the department of Public Health Dentistry, Sathyabama Dental College and Hospital on 16th February with the support of Police Department, T-16 Police Station Chemmencherry.

The Rally was conducted between 10:30 AM to 12:00 PM which was inaugurated by Dr.Shahul Hameed Faizee, Dean, Sathyabama Dental College and Mr. Anandha Raj, SI, Semmencherry Police Division. Rally consisted of 40 students, 11 Staff members and a few police officers and constables. As a part of it, students and staff members of the college and the Officers and Constables of T-16 Semmencherry Police Station marched on the service road from Primary Health Centre,Sholinganallur to T-16 Semmenchery Police station. Students displayed the placards and chanted the slogans against various types of Cancer and its causative agents.

Some of the slogans are

- புற்றுநோயை நம் தலைவிதியை தீர்மானிக்க விடாதே
- புற்றுநோயை நம்பிக்கையுடன் எதிர்த்துப் போராடுங்கள்
- விழிப்புணர்வு தான் முதல் படி
- அறிவு புற்றுநோயைக் கொல்லும்
- வாழ்க்கை புற்றுநோய்க்கு அடிமை அல்ல
- புற்றுநோய் ஒரு மரணசாசனம் அல்ல. வெல்வோம் புற்றுநோயை!
- புகை வெளியேற பகை தங்கிவி ட்டதுபுற்றுநோயாய்!

Inauguration by Dr.Shahul Hameed Faizee, Dean, Sathyabama Dental College and Mr. Anandha Raj, SI, Chemmencherry Police

Students Participated	Subashini. M,Subashini Muthaiah,Sumaiya banu,Sushantika. A,Govind prabhakar singh,Gopikrishnan,Gaddam Pradeep Reddy,Gracelin solomon,Gayathri G.

Panchanthiruthy village is located in Chengalpattu. Kunnapattu is the gram panchayat of Panchanthiruthy village. People of the Irular Tribal community are residing in this village. Oral Screening and Treatment Camp was conducted on 18/02/2023 for the Tribal people in Panchanthiruthy Village, Chengalpattu by the Department of Public Health Dentistry between 10.30 AM to 2.00 PM.15 faculty members, staff, interns and students from Sathyabama dental college were participated. The Oral Screening and Treatment Camp was inaugurated by Dr.Shahul Hameed Faizee-Dean of Sathyabama Dental College who was felicitated by the members of the Panchayat union of Kunnapattu Mr.Vinoth and Mr. Jagatheesan. Dr. Shahul Hameed Faizee, Dean of Sathyabama Dental College briefed the attendees about Dental awareness by describing common dental ailments like tooth decay and gum disease- and the measures used to prevent them.

In this camp , Dental screening was done for 138 patients among which 86 patients who agreed to the treatment were benefitted. Treatments like Scaling, Extractions and Restorations were done simultaneously. Along with this, general medical consultations were also done. Patients were provided with the distribution of drugs and toothpaste. Oral hygiene instructions were given for the maintenance of a healthy oral cavity. Treatment camp such as these are among the most effective ways to provide health services and raise awareness among the public as evidenced. The patients reported high levels of satisfaction with their Oral Screening and Treatment procedures.

Overall , the oral screening and treatment camp met all of its stated objectives and administered comprehensive oral health care to the target population. We at Sathyabama Dental College are honoured to have been part of this event and are delighted to have served Panchanthiruthy village.

INAUGURATION

The Oral Screening and Treatment Camp was inaugurated by Dr.Shahul Hameed Faizee- Dean of Sathyabama Dental College who briefed the attendees about Dental awareness by describing common dental ailments like tooth decay and gum disease- and the measures used to prevent them.

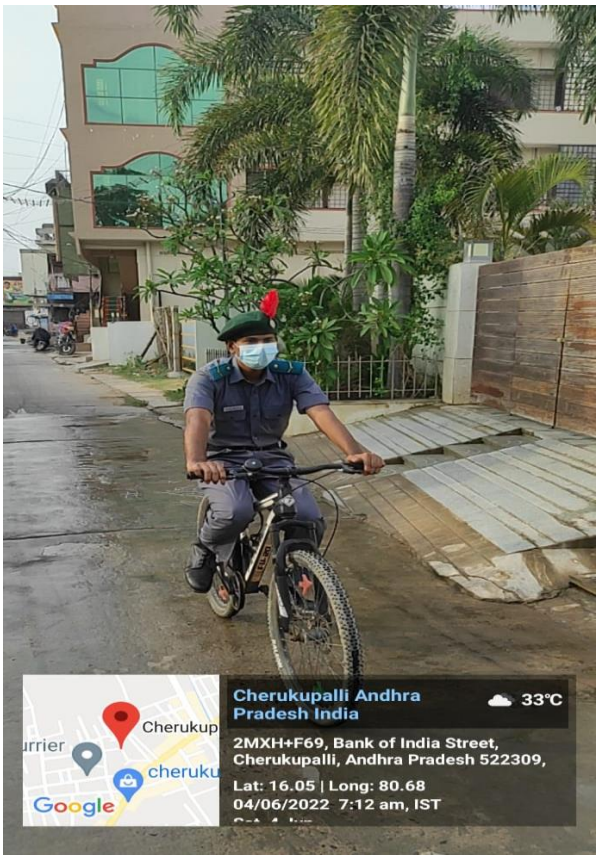
NCC ACTIVITY REPORT 2022 – 23

NAME OF THE ACTIVITY	**Blood Donation Campaign**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Blood Donation Campaign**
DATE OF THE ACTIVITY	**19 May 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

1. We the Cadets of Sathyabama NCC attended the Mega Blood Donation Camp conducted by Madras 'A 'Group, TN,P&AN Directorate and donated blood to save the lives. Blood is essential to help patients survive surgeries, cancer treatment, chronic illnesses, and traumatic injuries. This lifesaving care starts with one person making a generous donation. The need for blood is constant. But only about 3% of age-eligible people donate blood yearly. It was a proud moment for all the cadets who donated blood which will make to safe many Persons lives in the earth.

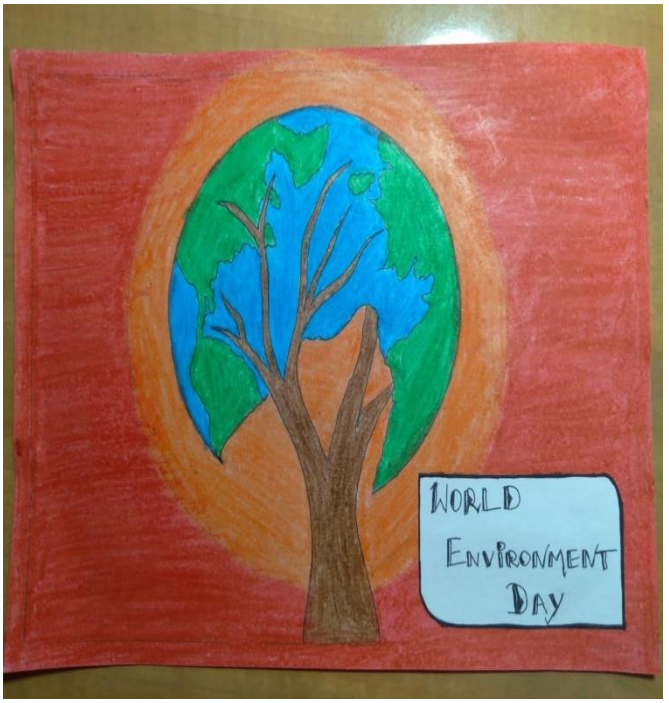
NAME OF THE ACTIVITY	**World Bicycle Day**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**World Bicycle Day**
DATE OF THE ACTIVITY	**03 Jun 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

2. The World Bicycle Day is celebrated on June 3rd of every year to promote fitness and sustainable development. We the cadets of Sathyabama NCC participated in cycling and created awareness about how cycling improves health and environment.



NAME OF THE ACTIVITY	**World Environment Day**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Awareness about the protection of Environment**
DATE OF THE ACTIVITY	**05 Jun 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

3. The World Environment Day is celebrated every year on June 5th to raise global awareness to take positive environmental action to protect nature and planet earth. We the cadets of Sathyabama NCC participated and celebrated world environment day enthusiastically by planting sapling and cleaning the surroundings. The cadets also made posters to create awareness about environment.



NAME OF THE ACTIVITY	**Cleaning of Beach**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Puneet Sagar Abhiyan**
DATE OF THE ACTIVITY	**14 Jun 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**15 + 1**

4. The Puneet Sagar Abhiyan has been raised by NCC on 01 Dec 2021 to protect the water bodies from plastic contamination. We the cadets of Sathyabama NCC participated enthusiastically by cleaning the beach and its surroundings. The Cadets also made posters to create the awareness & importance of cleanliness**.**

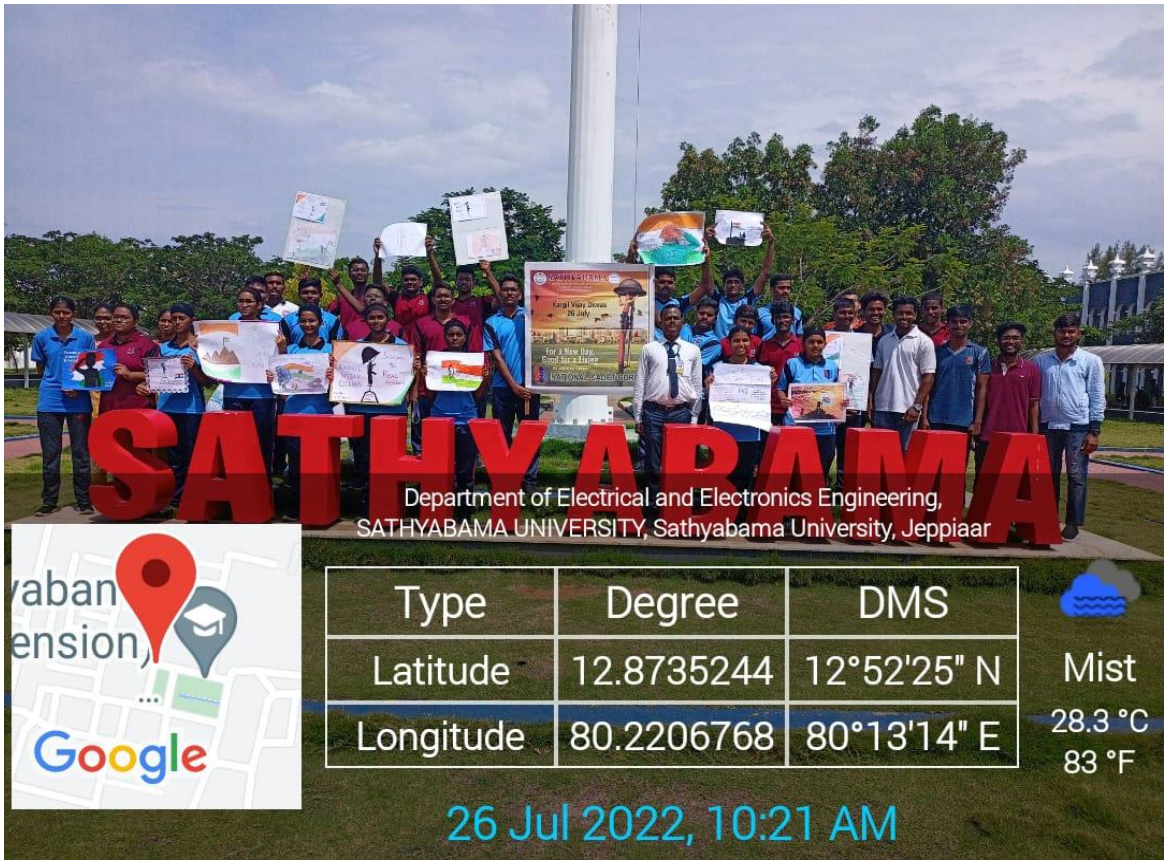
NAME OF THE SCHEME	**Kargil Vijay Diwas**
DATE OF THE ACTIVITY	**26 Jul 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

9. To commemorate Kargil Vijay Diwas, We the Cadets of Sathyabama NCC participated in various activities on 26th July 2022, to pay their heartfelt homage to the supreme sacrifice of Indian Armed Forces who sacrificed their lives and won the war at Kargil on 26th July 1999. All the cadets paid homage to all the fallen soldiers and took pledge. The cadets also prepared posters and slogans on Kargil Vijay Diwas.



NAME OF THE ACTIVITY	**Inauguration Ceremony of 44th Chess Olympiad**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Inauguration Ceremony of 44th Chess Olympiad**
DATE OF THE ACTIVITY	**28 Jul 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**50 + 3**

10. The torch relay for the 44th Chess Olympiad, began at Chennai on 27 July 2022. 38 torches from all districts in Tamil Nadu reached to the Presidency College ground and proceeded to Nehru Stadium, where our Honourable Prime Minister Shri Narendra Modi inaugurated the event. The route was planned from Presidency College ground and the rally went through Kamarajar Salai, Rajaji Salai, War Memorial, Flag Staff Road, Anna Salai, Pallavan Salai, Central Alight Point, PLC Junction, Raja Muthiah Salai, and reach Jawaharlal Nehru Indoor Stadium. Cadets of Sathyabama NCC participated in the event & got the chance to meet Chess Master Viswanathan Anand. It was a great opportunity for the cadets to be the part of rally for 44th Chess Olympiad.

NAME OF THE ACTIVITY	**Say Yes to Life, No to Drugs**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Say Yes to Life, No to Drugs**
DATE OF THE ACTIVITY	**01 Aug 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

11. The Department of Student Affairs aimed to generate awareness and take an oath to "Say Yes to Life, No to Drugs". On the occasion of the National Youth Day. A pledge was taken by the Cadets of Sathyabama NCC to keep the youth from straying into the dark path of drug abuse. For creating better environment for the future, better growth for the country and acknowledges the power of youth to achieve this. The degradation of the young into substance abuse hinders their growth and ability to reason. Hence the Cadets would like to play its role in educating and advising the young against the harmful effects of using drugs and spread awareness about it.

NAME OF THE ACTIVITY	**Independence Day Celebration**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Independence Day Celebration**

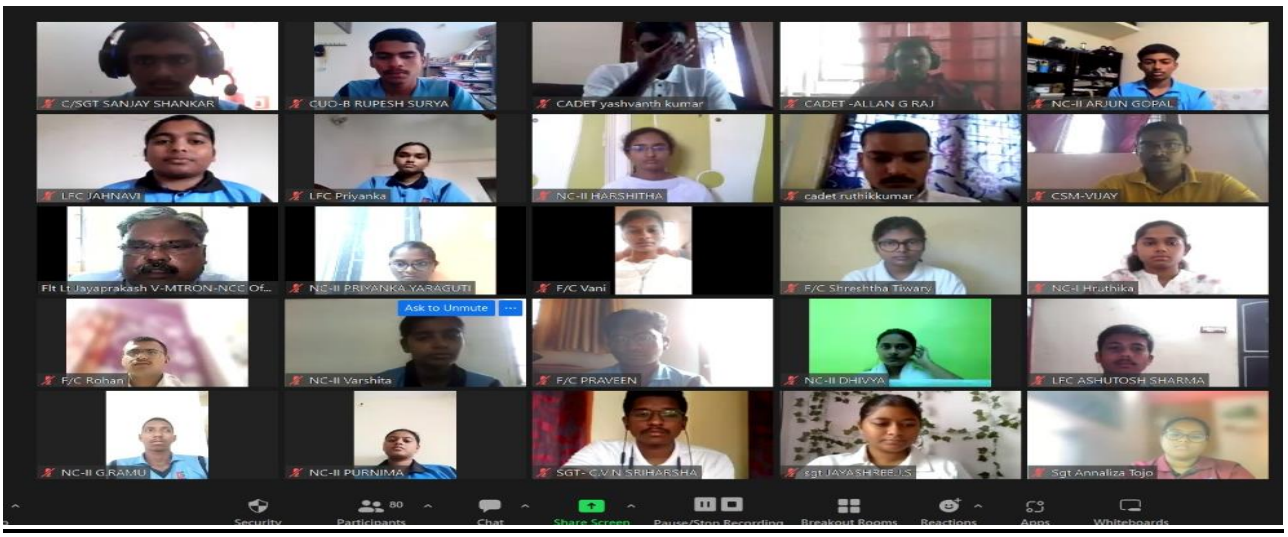
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

12. Independence Day celebrated annually on 15 Aug, as a part of Independence Day celebration National Flag Hoisting carried out by our Honourable Chancellor, and a grand march past was performed by NCC cadets.

NAME OF THE ACTIVITY	**Indian Airforce Day**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Indian Airforce Day**
DATE OF THE ACTIVITY	**08 Oct 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

13. The Indian Air Force was established on October 8, 1932. This year marks the 90th anniversary of **Indian Air Force Day**. It is celebrated with great enthusiasm and fervor at various Air Stations all over the country on October 8. We the cadets of Sathyabama NCC has celebrated the Indian Airforce day by organizing a webinar.

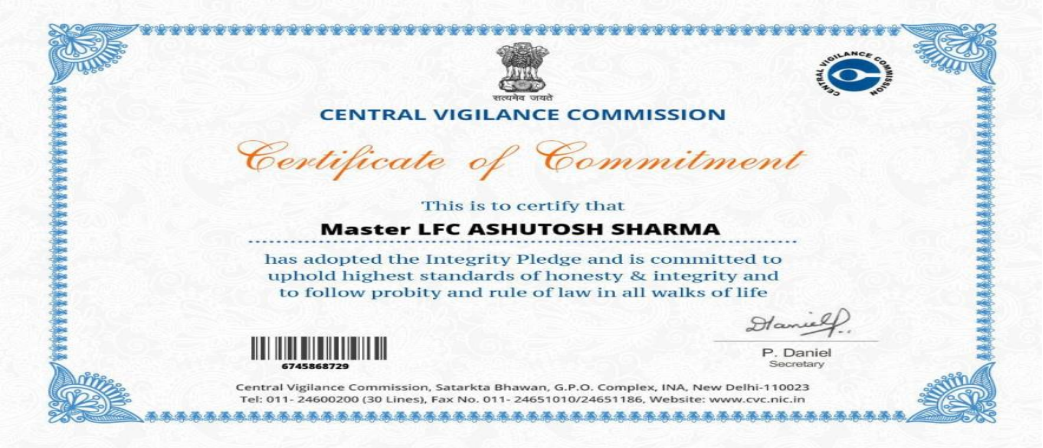


NAME OF THE ACTIVITY	**Lifestyle for the Environment**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Lifestyle for the Environment**
DATE OF THE ACTIVITY	**20 Oct 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

14. The concept of 'Lifestyle for the Environment (LiFE) was introduced by our Honourable Prime Minister Shri Narendra Modi at COP26 in Glasgow on 1st November 2021, calling upon the global community of individuals and institutions to drive LIFE as an international mass movement towards "mindful and deliberate utilisation, instead of mindless and destructive consumption" to protect and preserve the environment. LiFE puts individual and collective duty on everyone to live a life that is in tune with Earth and does not harm it. Those who practice such a lifestyle are recognised as Pro Planet People under LIFE. Changing our lifestyle, however, is not easy. Our habits are deeply ingrained in our daily lives and are continually reinforced through several elements of our environment. Translating our intention to do good for the environment is not always easy to translate into action. However, it is not impossible. By taking one action at a time and making one change daily, we can change our lifestyle and inculcate long-term environment-friendly habits. Studies suggest that practicing an action for a minimum of 21 days helps make it a habits. In that context, the LiFE 21-Day Challenge is launched to enable Indians to take one simple environment-friendly action per day for 21 days and eventually develop an environment-friendly lifestyle. It is a challenge to change one small thing in your life daily and become Pro Planet People. **(a). The Mission LiFE is launched by the Hon'ble Prime Minister and all the cadets watched the live telecast of the launch event (b). All the cadets have taken the Lifestyle for the Environment pledge and received the certificate of commitment, from https://www.mygov.in/life. (c). All the cadets have participated in group discussion and debate about the Mission Life.**

NAME OF THE ACTIVITY	**Vigilance Awareness Week**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Vigilance Awareness Week**
DATE OF THE ACTIVITY	**30 Oct 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**25 + 1**

15. Central Vigilance Commission observes Vigilance Awareness Week during the week in which 31st October, the birthday of late Shri Sardar Vallabhbhai Patel falls. This year, Vigilance Awareness Week is being observed from 31st October to 6th November, 2022. To celebrate the vigilance awareness week all the Sathyabama NCC cadets has adopted the Integrity Pledge and has committed to upload highest standards of honesty & integrity and to follow probity and rule of law in all walks of life.



NAME OF THE ACTIVITY	**Rashtriya Ekta Diwas - Unity Run**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Rashtriya Ekta Diwas - Unity Run**
DATE OF THE ACTIVITY	**31 Oct 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**25 + 1**

16. The idea of a sustained and structured cultural connect between people of different regions was mooted by our Honourable Prime Minister Shri Narendra Modi during the Rashtriya Ekta Divas held on 31st October, 2015, to commemorate the birth anniversary of Late Shri Sardar Vallabhbhai Patel. Ek Bharat Shreshtha Bharat programme aims to enhance interaction & promote mutual understanding between people of different states/UTs through the concept of state/UT pairing. The states carry out activities to promote a sustained and structured cultural connect in the areas of language learning, culture, traditions & music, tourism & cuisine, sports and sharing of best practices, etc. To celebrate this, we conducted a unity run and all the participated in it. The cadets also took selfies and uploaded it in their social media to celebrate National unity.

NAME OF THE ACTIVITY	**Armed Forces Flag Day**
ORGANISING UNIT	**TN NCC HQ and Sathyabama Institute of Science and Technology, Chennai**
NAME OF THE SCHEME	**Armed Forces Flag Day**
DATE OF THE ACTIVITY	**07 Dec 2022**
NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITY	**150 + 3**

23. Since 1949, 7th December is observed as the Armed Forces Flag Day throughout the country to Honour the martyrs and the men in uniform who valiantly fought on our borders to safeguard the country's Honour. There cannot be a nobler cause than laying down one's life for the country. At the same time, our admiration for the martyrs should not mean that we have little time for the living heroes who were wounded while doing their duty towards their motherland or their widows and children whom they left behind to fend for themselves.

Many brave and gallant heroes from the Armed forces have laid down their lives in the service of the country. Ongoing counter-insurgency operations have also left many broken homes without a breadwinner. Flag Day brings to the forefront our obligation of looking after our disabled comrades-in-arms, widows and dependents of those who have sacrificed their lives for the country.

(a) A webinar was conducted to pay Homage and to Honour the fallen heroes

(b) The cadets Also Took Pledge and received their certificate and Armed Forces Flag Day Card.
