2023CC-2-GrowthMindset: Expert talk on Growth Mindset

The expert talk on Growth Mindset was truly insightful and thought-provoking. The speaker Mr. Ganesh Thirunavukkarasu M, Regional Head- Academic Interface Programme (Talent Acquisition Group) at TCS delved into the concept of a growth mindset, emphasizing the importance of believing in one's ability to develop skills and intelligence through effort and perseverance.

One key takeaway was the distinction between a fixed mindset, which sees abilities as static, and a growth mindset, which views them as malleable. The speaker provided compelling evidence that individuals with a growth mindset are more likely to embrace challenges, persist in the face of setbacks, and ultimately achieve higher levels of success.

Furthermore, the talk offered practical strategies for cultivating a growth mindset, including the power of positive self-talk, the value of learning from failures, and the importance of embracing new opportunities for growth.

Overall, the expert talk on Growth Mindset left the students inspired and motivated to adopt this mindset in their personal and professional life. It reinforced the idea that with the right attitude and effort, anyone can continuously develop their abilities and reach their full potential.

2023SDP-12-SoftSkillColiseum : LTIMindtree - Soft Skill Coliseum

LTIMindtree

Soft Skill Coliseum

Dear Prof. John Bruce,

Greetings from LTIMindtree!

The importance of soft skills for students is enormous and strengthens their studies and future career milestones. Increasingly, dynamic workplaces are calling for more than book-smarts. Educators have previously emphasized the role of academic ability in achieving success, but new research has challenged that paradigm.

As fresh graduates discover themselves in innovative and high-tech workplaces, technical mastery, critical thinking, communication, collaboration and leading in different situations are highly sought-after by employers.

We are happy to announce the Soft Skill Coliseum program for your esteemed institutional students of 2024 batch on 20.01.2023 (Friday).

Soft Skill Coliseum - Enhancing soft skills and public speaking skills

Benefits of the Workshop:

- More effective communication
- Stronger leadership
- Improved problem solving
- Enhanced creative and critical thinking
- Better teamwork, efficiency, and productivity

We request your support on this program and eagerly look forward to conducting this workshop at your college premises.

2023SDP-23-Azure Open Source Day : Microsoft Azure Open Source Day

Our Placement Cell organized "Azure Open Source Day—India Tour", an initiative by Reskill and supported by Microsoft Asure. We had three expert speakers for the day: Mr. Navaneethan Gopal, Principal Data Scientist at Ingram Micro, is the Lead for the Azure Developer Community. Mr. Harun Baseer, Data Engineer, MCT, Microsoft Certified Azure Data Engineer, and Mr. Mohammed Azarudeen, Associate Consultant, ATOS. The students were energized, particularly after learning about cloud concepts, Microsoft Azure Cloud, its various services, and Microsoft certification programs. Further, they had a hands-on session on the demonstration of how to use Microsoft Azure Cloud services. Overall, it was an insightful event.

Refresher training is retraining in a subject you previously trained in to refresh your memory and make sure your knowledge is up-to-date. It usually begins in the seventh semester, where the student has already undergone all the training and has developed aptitude, technical skills, and soft skills. This refresher training acts as a recap of all the knowledge acquired during the training programme.

There are several reasons why refresher training is so important. A few of them include:

- It builds long-term memory.

- It reduces mistakes and improves productivity.
- It offers an effective warmup for students who have taken a break.
- It helps students remember important but seldom-used information.

Students who did not pass Phase 1 are given refresher training 1, which serves as a review of everything learned during the training program. Following the training, students will take five tests in Phase 2 covering aptitude, quantitative reasoning, verbal reasoning, and technical reasoning. Further, they should pass two tests with a minimum score of 40 in each topic in order to get the placement ID card and become eligible for campus recruitment.

2023PC-1-AMP : Alumni Mentorship Program

The Alumni Mentorship Program at Sathyabama is a commendable initiative that bridges the gap between current students and experienced graduates, providing valuable guidance and support.

Throughout the program, mentees benefit from the wisdom, advice, and insights of alumni who have already navigated the academic and professional challenges they face. This mentorship relationship is instrumental in helping students make informed decisions, set meaningful goals, and chart a successful path forward.

One of the standout features of the Alumni Mentorship Program is the sense of community and connection it fosters. It creates a supportive network that extends beyond the classroom, empowering students to tap into a wealth of knowledge and experience.

In conclusion, the Alumni Mentorship Program is an invaluable resource for students seeking guidance and mentorship from those who have walked a similar path. It not only enhances personal and professional development but also strengthens the sense of belonging and continuity within the academic institution.
