Dear Mr. Bandam:

Congratulations! I am pleased to offer you admission to the University of Dayton for **Fall 2023!**

Our records indicate that your intended graduate program of study is **Master of Computer Science/Computer Science**. In your first year of study, you will be enrolled in our *Advanced MAP* program, which is designed to improve your transition to the University of Dayton and ensure a successful transition to year two. The *Advanced MAP* program offers smaller first-year class sizes, dedicated advising services as well as English language and academic support services. Your progress into the Computer Science program is conditioned upon successful completion of all academic courses taken in the prerequisite term(s) with a grade of B or better while maintaining an overall GPA of 3.0. Failure to successfully complete these requirements will limit or preclude future enrollment.

As a top-tier Catholic research university, we are committed to educating the whole person, linking learning with leadership and service, and supporting each student as a member of our community. You'll also benefit from small classes, academic advising and the ability to work one-on-one with dedicated faculty.

You will digitally receive information on next steps: your visa document and instructions, health insurance and the academic calendar, among other useful informational pieces. In addition, read about your housing and meal options, how to arrange for airport pickup and the upcoming orientation program that you will attend. Please also prepare your official transcripts for presentation upon arrival.

The University of Dayton offers a variety of support services for international students designed to help you prepare for your arrival and acclimate to your new life on campus. Student support services include visa preparation, assistance with your year-one course selection, our signature Professional Development & Academic Skills course, advising and pre-arrival support. You will have access to signature student experiences including airport pickup, cultural events and career and internship preparation. All students participate in student orientation, and our dedicated academic advisers are available to assist you with flexible course selection and registration.

As you continue to move forward with the next phase in your educational career, we are here to help you and answer any questions you may have about the University. Please contact Zoe Lavinder at zlavinder1@udayton.edu.

Sincerely,

Donnell W. Wiggins, M.Ed.
Associate Vice President for Strategic Enrollment Management
Dean of Admission
