The program was titled TRU-BASICS (LECTURE, DEMO AND HANDS ON – IMPLANTS) which was conducted from January 22-24 2024. The program was inaugurated by our Dean sir Dr. Shahul Hameed Faizee.

The program was conducted for 3 days. The day 1 program included a series of lecture on various topics of implants covering the basics to Current Concepts, Surgical Applications , Post Implant Restoration , Complications and Management. The lecture was taken by the faculties of Department of Prosthodontics.

LECTURE 1 – INTRODUCTION , HISTORY OF IMPLANTS by DR.R.HARIBABU

LECTURE 2 – ANATOMY, PHYSIOLOGY OF BONE by DR. LAVANYA

LECTURE 3 – RADIOGRAPHIC EVALUATION by DR. SRIKANTH

LECTURE 4 – SURGICAL PHASE AND COMPLICATIONS by DR. BALAKUMAR

At the end of every lecture, we had an Q and A session which helped the participants to clarify all their doubts .

The day 2 program comprises of a live surgery of placement of Implants. Few participants were assisting the surgeon and the other participants were observing the live surgery through display. This was highly beneficial for the participants as they all had an overview of how an Implant is placed in a patient. Also the participants had an idea of how to handle the patient and implant. Post surgery we had an Q and A session which was more like an interactive session relating the theory and practical of day 1 and day 2.

The day 3 program comprises of hands on with the latest gadgets of placing an implant on a Styrofoam mandible model which gave all the participants a good practical experience .Each and every participant was guided by our well experienced faculty of Department of Prosthodontics by one on one basis .

Hence, the program was concluded with the distribution of certificates for speakers and participants.
