Vision of the Department

To be globally recognized as a research driven Department to nurture Biomedical Engineers with sound knowledge in clinical translation of diagnostic and therapeutic innovation for advanced human health care.

Mission of the Department

M1: To impart quality education to the aspiring engineers through effective teaching learning techniques to enhance their skills, capacity and make them globally competitive Biomedical Engineers

M2: To develop collaborations with national, international institutes, research & development organizations and industries for advanced technology in health care system

M3: To provide professional skills for designing biomedical equipment and technical support for medical equipment.

M4: To mould the young minds to emerge as established professionals or entrepreneurs to fulfill the demands of the society towards healthcare
