Dear Dr. MEKALATHUR ROJARAMAN,

I am writing to invite you to join a training course and field campaign on Multi-Axis Differential Optical Absorption Spectroscopy (MAX-DOAS) that we are going to organize at Research Centre for Environmental Changes, Academia Sinica, Taipei, Taiwan. MAX-DOAS is an important technique for atmospheric measurement of trace gases and aerosols.

We are planning an intensive 3-week program from June 12 to July 1 this year that will provide theoretical and hands-on experience with MAX-DOAS. The program will cover:

- Principles of MAX-DOAS including instrumentation, retrieval algorithms, and error analysis.
- An 1-week training course on MAX-DOAS operation and data analysis. This will include both lectures as well as measurement exercises.
- A 2-week field campaign to deploy MAX-DOAS instruments around the city for air quality monitoring and validation. This will provide valuable experience in setting up and operating instruments in a field environment.
- Opportunities to interact with experts in the field of MAX-DOAS remote sensing.

We would be delighted if you could join us for this program. Your expertise in atmospheric remote sensing and background in spectroscopic techniques would make you an excellent addition. **We are able to provide travel and accommodation funding for all participants.**

Please let me know if you are interested and available to join us for this learning and research opportunity. We look forward to meeting you in Taipei.

Best regards,

Dear Dr. Radhakrishnan,

Greetings,

Arctic section has spent about INR 20 Lakhs per project for the arrangements of International travel, cargo movement, boarding & lodging, visa fee, and DA for a field researcher, including the arrangements of equipments and chemicals at Ny Alesund (Arctic) to undertake field research activities.

Please accept my apology for delay in the response.

Thank you,

With regards,

Rohit

Dear Dr. Manigundan,

I am pleased to inform you that the proposal submitted for the Indian Arctic Expedition 2023-24 titled "*Sytematic study on vascular plant rhizosphere soil microbiota from arctic ecosystem for iron bio-fortification*" by PI: Dr. K. Manigundan, Scientist C, Sathyabama Institute of Science and Technology, Chennai, Co-PI: M. Radhakrishnan, Scientist E, Sathyabama Institute of Science and Technology, Chennai and Co-PI: P. V. Bhaskar, Scientist E, ESSO-National Centre for Polar and Ocean Research, Goa has been accepted. *1 Year*

One berth is allotted for the project by the committee. Therefore, one of the following suggested staff members of the project may participate in the expedition,

1. Dr. K. Manigundan, Scientist C, Sathyabama Institute of Science and Technology, Chennai
2. Mr. Rantim Bhattacharjee, Junior Research Fellow, ESSO-NCPOR, Goa

The expenses (for a field personal as per allotted berth – 01) regarding travel, accommodation and daily allowance, foreign local conveyance, and visa charges as per eligibility of the field personal will be borne by ESSO-NCPOR.

The deputation period for the field personal in Ny-Ålesund, Svalbard, Norway (Arctic) is 26 June to 24 July 2023 (excluding the travel period).

Dear Dr. Kaari Manigundan,

With this letter I wish to invite you as a postdoctoral fellow in my laboratory at Dong-A University in Busan, Korea. Your contract as a postdoctoral fellow is from December 1st of 2023 to November 30th of 2025 (2 years) and we may extend your stay in my lab upon your research progress. During the indicated period of time, you will be involved in a project to dissect tomato microbiota interaction, funded by Korean government from year 2020-2029. Your specific research topic is on the microbial synthetic communities suppressing bacterial wilt in tomato and promoting tomato growth. You may work on the ecology and function of synthetic communities in tomato rhizosphere and endosphere to define core microbial taxa for microbiota function.

Based on your previous research career, we believe that you can quickly adapt to my lab and cooperate with my lab members to produce good outcome.

I am very much looking forward to welcome you and meet you in my lab.

With kind regards,

To whom it may concern,

It is with great pleasure that I can confirm that **Esther Clifford** has had her paper ***The Scope of Egg Waste Reuse in the Built-up Environment: A study on the viability of Egg Shell Waste as an Organic Building Material*** accepted for presentation at the UIA 2023 Copenhagen World Congress *Sustainable Futures – Leave No One Behind* that will take place in Copenhagen, Denmark on July 2 – 6, 2023.

Esther Clifford has been selected amongst more than 750 paper submitters from across the world to present her work in the Science Track of the UIA 2023 Copenhagen World Congress. Only one third of submitters have been successful and invited to present their work. **Esther Clifford's** paper has also been selected for publication in the proceedings series of the UIA 2023 Copenhagen World Congress Science Track, that will be published with the highly acclaimed academic publisher *Springer*.

It is a requisite that **Esther Clifford** presents her work in person during the UIA 2023 Copenhagen World Congress and that she has purchased the congress ticket before January 15, 2023. This invitation will otherwise be withdrawn.

The UIA 2023 Copenhagen World Congress *Sustainable Futures – Leave No One Behind* brings together knowledge across research, practice and education within the field of architecture and the built environment from across the world. The ambition of the UIA 2023 Copenhagen World Congress is to provoke new perspectives, alliances and concrete action that can support the urgent transformation of our societies and enable a sustainable, equitable and inclusive future for all.

Please visit www.uia2023cph.org for more information.

Should you have any queries, please do not hesitate to contact me.

Thank you.

Dated 20.07.2023

Dear Dr. Manjunath Kamath S.,

Greetings from FICCI.

It gives me pleasure to inform you that Mr. Djimenan Boilengar from Chad has been selected for the award of 'C V Raman International Fellowship for African Researchers' under Visiting Fellowship for which you have graciously consented to be the host scientist in India. The final award to the candidate is, however, subject to fulfillment of acceptance criteria as required by DST and the host institution.

The selected African researchers are required to comply with requirements as indicated in the Annexure to this letter.

Further, as FICCI would be transferring the fellowship amount to the host institute, may I request you to send the fund transfer details (i.e. name of beneficiary/bank account, bank name and branch) along with name and details of the contact person. The host institute would be required to obtain original bills/invoices for procurement made by the fellow against contingency allocation (details given in brochure) and submit the same to FICCI along with utilization certificate (duly signed by competent authority) for the entire fellowship grant and technical progress report after completion of fellowship tenure.

We would like to extend our sincere gratitude for your kind support to 'C V Raman International Fellowship for African Researchers' program by accepting to be a host scientist. We value your partnership and believe that your support is critical for successful implementation of this ambitious program launched by Government of India. We are sure that it will help in building contacts and linkages with African researchers and at the same time serve as a goodwill building measure. We look forward to your continued support for the program in upcoming years.
