NSS REPORT

June 2023 to May 2024

NOT ME BUT YOU

Name of the activity	National Inauguration camp
Organizing unit	NSS - Sathyabama Institute of Science and Technology & Ministry of Youth Affairs and Sports
Name of the scheme	NSS - Special Camp
Year of the activity	19.06.2023 to 25.06.2023
The number of students who participated	4

The NSS unit of Sathyabama Institute of Science and Technology participated in and completed 'The National Inauguration Camp (NIC)' organized by the Ministry of Youth Affairs and Sports from 19.06.2023 to 25.05.2023 at Crescent University. The camp provided a platform for fostering leadership skills, promoting social responsibility, and facilitating networking among NSS units nationwide. Our volunteers actively engaged in various workshops, community service projects, and cultural activities, embodying the spirit of service and solidarity. The experience enriched our understanding of societal issues and inspired us to continue our endeavors toward community development and nation-building.

Name of the activity	Workshop on Development of Youth
Organizing unit	NSS - Sathyabama Institute of Science and Technology & Ministry of Youth Affairs and Sports
Name of the scheme	NSS - Outreach Activity
Year of the activity	20.06.2023
The number of students who participated	100

The NSS unit of Sathyabama Institute of Science and Technology actively participated in the Workshop on Development of Youth organized by the Ministry of Youth Affairs and Sports on 20.06.2023 at Crescent University and 100 volunteers participated in this workshop. The workshop served as a platform for nurturing leadership qualities, fostering social awareness, and enhancing the overall development of young individuals. Through interactive sessions, discussions, and skill-building activities, our volunteers gained valuable insights into youth empowerment, community engagement, and nation-building. The event inspired us to further our commitment to serving society and contributing to the holistic growth of the youth, aligning with the broader goals of national development.

Name of the activity	International Yoga Day Celebration
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Regular Activity
Year of the activity	21.06.2023
The number of students who participated	200

The NSS Unit of Sathyabama Institute of Science and Technology has organized one-week Yoga training sessions as a part of International Yoga Day Celebrations. The last day of this training program on "Body and Mind Balance" was conducted on 21st June 2022. Registered students attended this training program with enthusiasm.

Name of the activity	International day Against drug abuse and illicit trafficking
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Outreach Activity
Year of the activity	26.06.2023
The number of students who participated	700

The NSS Unit of Sathyabama Institute of Science and Technology conducted the Drive Against Drug (DAD) on "Anti-Drug Awareness & Drug Prohibition Law" on 11.08.2023 at 10.30 A.M in Dr.RemibaiJeppiaar Auditorium, as per the Instructions and Guidelines of Tamil Nadu Government to create awareness against drug abuse amongst students. This Campaign has been initiated by the Hon'ble Chief Minister of Tamil Nadu for the entire school and College students of the state. Around 700 students actively participated and took oaths to ensure the non-usage of Drugs.

Name of the activity	Outreach on Social Empowerment
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Outreach Activity
Year of the activity	20.07.2023
The number of students who participated	100

The NSS unit of Sathyabama Institute of Science and Technology organized a Social Empowerment Outreach on 20.07.2023, involving 100 dedicated volunteers. Through various activities and programs, they aimed to uplift marginalized communities, raise awareness of social issues, and provide support where needed. This collaborative effort underscores the institute's commitment to fostering positive change and contributing to the betterment of society.

Name of the activity	Outreach Program on Women Empowerment
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Outreach Activity
Year of the activity	21.07.2023
The number of students who participated	100

The NSS unit of Sathyabama Institute of Science and Technology conducted an Outreach Program on Women Empowerment on 21.07.2023, engaging 100 dedicated volunteers. The program aimed to educate, inspire, and empower women through workshops, awareness sessions, and skill-building activities, fostering positive change in the community.

Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Regular Activity
Year of the activity	26.07.2023
The number of students who participated	800

The NSS Orientation Training held on July 21, 2023, at Sathyabama Institute of Science and Technology witnessed an enthusiastic participation of around 800 volunteers. The event commenced with an insightful address outlining the objectives and significance of NSS activities. Various interactive sessions were conducted focusing on community engagement, leadership skills, and social responsibility. Participants were actively involved in workshops, group discussions, and team-building exercises aimed at fostering a sense of civic duty and empowerment. The training concluded on a high note, inspiring volunteers to embark on their NSS journey with renewed zeal and commitment toward societal welfare.

Name of the activity	Village Outreach on Community Development
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Outreach Activity
Year of the activity	28.07.2023
The number of students who participated	100

The NSS unit of Sathyabama Institute of Science and Technology orchestrated a Village Outreach on Community Development on 28.07.2023, involving 100 enthusiastic volunteers. Through various initiatives like awareness campaigns, skill training, and infrastructure development, the program aimed to uplift rural communities, fostering sustainable growth and empowerment.

Name of the activity	Campaign on Planting seeds
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Regular Activity
Year of the activity	02.08.2023
The number of students who participated	50

The NSS unit of Sathyabama Institute of Science and Technology participated in the National Students Paryavaran Competition - NSPC 2023 by planting seeds with 50 dedicated volunteers on 02.08.2023. This event aimed to promote environmental sustainability and green initiatives. Volunteers enthusiastically planted various seeds, contributing to the beautification and ecological balance of the surroundings. Through this activity, we underscored the importance of environmental conservation and community engagement. The event catalyzed fostering a culture of environmental stewardship among the youth, aligning with the broader sustainable development goals.

Name of the activity	International Youth day
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Regular Activity
Year of the activity	12.08.2023
The number of students who participated	100

The NSS & YRC Unit of Sathyabama Institute of Science and Technology organized a session on "Roles and Responsibility of Youth " as part of the International Youth Day Celebration held on 12.08.2022. This motivational session brought confidence in the youth to excel in their field. The students have learned their key role in serving the community and identified the path to attain their goals through this session. Around 100 students actively participated with enthusiasm.

Name of the activity	Convocation Day
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Regular Activity
Year of the activity	14.08.2023
The number of students who participated	100

32nd Convocation of Sathyabama Institute of Science and Technology conducted on 14th August, 2023 at 10.00 A.M. in the institution premises. Dr.Mariazeena Johnson, Chancellor of the institution presided over the convocation. Dr.Marie Johnson, President, Vice President Mr.J.ArulSelvan, and Ms. Maria Catherine Jayapriya graced the occasion. Shri T. G. Sitharam, Chairman, AICTE, is the Chief Guest and delivered the convocation address. Our NSS Has done a parade to honor the chief guest.

Name of the activity	Awareness of Food Wastage Campaign
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Extension Activity
Year of the activity	27.09.2023
The number of students who participated	100

About 40 % of the food produced in India is wasted. Despite adequate food production, the UN has reported that about 190 million Indians remain undernourished. It is further estimated that the value of food wastage in India is around ₹92,000 crores per annum. These are some bleak statistics, but they should help us realize the magnitude of the problem of food waste, as much as inequity, in India. The world recognizes that no truly sustainable and developed country can exist without tackling the issue of food waste, and while the challenge in front of us may be monumental, some steps need to be taken sooner than others. So NSS has taken the initiative to create awareness of food wastage and organized an event.

Name of the activity	Beach Cleaning on Shramdan for Swachhata
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Outreach Activity
Year of the activity	01.10.2023

The Tamil Nadu State NSS Cell organized the selection for the National Youth Festival on January 22nd, 2023, with the participation of four dedicated volunteers. The event served as a platform for identifying talented youth from across the state to represent Tamil Nadu in the national arena. Participants showcased their skills in various cultural and artistic domains, including music, dance, drama, and literature. The selection process was rigorous, with judges evaluating performances based on creativity, technique, and cultural significance. The event provided an opportunity for volunteers to demonstrate their talent and passion while promoting cultural exchange and unity among youth across Tamil Nadu.

Name of the activity	Chennai Marathon
Organizing unit	NSS - Sathyabama Institute of Science and Technology & Chennai Volunteers (NGO)
Name of the scheme	NSS - Outreach Activity
Year of the activity	26.11.2023
The number of students who participated	70

The NSS unit of Sathyabama Institute of Science and Technology partnered with Chennai Volunteers (NGO) to organize the Chennai Marathon on November 26th, 2023, with the enthusiastic participation of approximately 70 volunteers. The event aimed to promote fitness, health awareness, and community involvement among participants. Runners from diverse backgrounds and age groups came together to take part in the marathon, which featured various categories ranging from short fun runs to full marathons. Volunteers played crucial roles in organizing the event, managing logistics, providing first aid, and cheering on participants. The marathon successfully fostered a spirit of unity, resilience, and healthy living within the community.

Year of the activity	27.04.2024
The number of students who participated	70

The NSS unit of Sathyabama Institute of Science and Technology coordinated a Volunteer Task for Achiever's Day 2024 on April 27, 2024, with the active participation of around 70 volunteers. The event celebrated academic excellence and recognized the outstanding achievements of students. Volunteers played crucial roles in event management, including ushering, logistics, and participant assistance. They ensured the smooth conduct of the program and provided support to organizers and attendees alike. Their dedication contributed to the success of the event, fostering a sense of pride and motivation among the student community. NSS demonstrated its commitment to recognizing and celebrating academic accomplishments within the institute.

Year of the activity	29.04.2024
The number of students who participated	80

The NSS unit of Sathyabama Institute of Science and Technology orchestrated an Awareness Session on Team Building on April 29, 2024, with the enthusiastic participation of around 80 volunteers. The session aimed to enhance interpersonal skills and foster effective teamwork among participants. Volunteers engaged in interactive workshops, group activities, and discussions emphasizing the importance of collaboration, communication, and mutual respect in achieving common goals. Through this initiative, NSS reaffirmed its commitment to nurturing leadership qualities and promoting a harmonious and cohesive community within the institute. The event provided valuable insights and practical strategies for building strong and resilient teams in both academic and professional settings.

Name of the activity	Volunteering in the inauguration of ANBU
Organizing unit	NSS - Sathyabama Institute of Science and Technology
Name of the scheme	NSS - Extension Activity
Year of the activity	05.05.2024
The number of students who participated	25

The NSS Unit of Sathyabama Institute of Science and Technology has done volunteer work on May 5, 2024, at our college's indoor stadium for the inauguration of ANBU's launch—providing free medical screenings for women with 25 dedicated Volunteers. Proud to serve our community and promote health equity. Together, we're making a difference!

SWACHHTA PLEDGE

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed. Mahatma Gandhi secured freedom for Mother India. Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time towards this. I will devote 100 hours per year that is two hours per week to do voluntary work for cleanliness. I will neither litter nor let others litter. I will initiate the quest for cleanliness with myself, my family, my locality, my village and my workplace.

I believe that countries that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen. With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today. I will make them devote their 100 hours of cleanliness.

I am confident that every step I take towards cleanliness will help in making my country clean.

Why SWACHH BHARAT ABHIYAN?

Swachh Bharat Abhiyan is a five year long cleanliness campaign launched by the Government of India on 2nd October 2014. The campaign was aimed for making the streets, roads and offices clean from filth and garbage. One of the main objectives of the drive is to make India Open Defecation Free (ODF).

9. The Webinar, held on 08 OCT 2023, aims to celebrate the 92nd Indian Air Force Day, to motivate the cadets to join Indian Air Force. The Two Air Wing Cadets (CDT SGT Reiz Rajkumar & C/CPL Briticksha), gives a captivating presentation to commemorate the IAF day.

The screenshot shows a Zoom webinar interface. The main screen displays a presentation slide titled "INDIAN AIR FORCE DAY" with the NCC logo. Below the title, it says "By : C/SGT Reiz Rajkumar LFC Jahnavi". The slide features an image of a military aircraft on a tarmac with personnel in formation. To the right, a vertical list of participants is visible, including C/SGT Reiz Rajkumar, C/SGT Rohan, LFC Jahnavi, and others. Below the main slide, a smaller slide titled "HISTORY [WORLD WAR II]" is shown, detailing the IAF's role in World War II. The text on this slide includes:

- > During World War II, the IAF played instrumental role in blocking the advance of the Japanese army in Burma, where its first air strike was on the Japanese military base in Arakan.
- > It also carried out strike missions against the Japanese airbases at Mae Hong Son, Chiang Mai and Chiang Rai in northern Thailand.
- > During the war, the IAF went through a phase of steady expansion. New aircraft, including the U.S. built Vultee Vengeance, Douglas DC-3 and the British Hawker Hurricane, Supermarine Spitfire and Westland Lysander, were added to its fleet.

 The Zoom interface at the bottom shows various controls like 'Recording...', 'Participants', 'Chat', 'Share Screen', 'Pause/Stop Recording', 'Screen Share', 'Audio', and 'Webcam'.

OUTREACH PROGRAMME

The Department of Mathematics organized an outreach programme for school children on August 23, 2023, at Government High School, Asthinapuram, Chennai, which is one of the adopted schools of our institution. Students in the first and second years of our MSC and BSC mathematics programmes gave their time voluntarily to the students by helping them with tasks. The school's headmaster was appreciative of our students, and students therein found the activity-based approach to learning to be an effective way to learn mathematics.

ORGANIZERS

2. Dr. R. Parameswari
3. Dr. C. Kavitha
4. Dr. M. Mallika

Robotics and Artificial Intelligence

Robotics and artificial intelligence (AI) are transforming a variety of industries, including healthcare, banking, transport, and education. These tools are accelerating innovation and revolutionizing medical procedures, investment management, and fraud detection. As AI and robotics are integrated into the workforce, they are altering the labor market. However, they present ethical questions around privacy, bias, and responsibility. The outreach effort seeks to address these concerns and promote discussions about responsible AI development and deployment. The initiative also intends to inspire the next generation of innovators by demonstrating the exciting prospects of robots and artificial intelligence. Participants will receive the tools and information necessary to further investigate these subjects through workshops, lectures, and hands-on activities. The ultimate goal is to build a community that understands the revolutionary power of robotics.

Cyber Security and Ethical Hacking

Cybersecurity is critical in today's digital world, protecting both our personal and professional life from risks such as data breaches, malware, and phishing attempts. Ethical hacking is critical to this protection technique because it proactively identifies vulnerabilities in systems before hostile hackers exploit them. Unlike cybercriminals, ethical hackers collaborate with corporations to protect networks, apps, and data. This outreach program intends to educate participants on the principles of cybersecurity, the importance of ethical hacking, and the skills required to pursue a career in this quickly growing industry, with the ultimate goal of creating a safer digital environment for everyone.

BROCHER AND PHOTO

Euphoria

Euphoria is more than just a transitory experience; it's a strong state of mind that technology is starting to shape in profound ways. In our outreach program, we investigate the convergence of human emotions and emerging technology, including how artificial intelligence, virtual reality, and neuroscience are transforming our perceptions of happiness and joy. From understanding the biochemical triggers in our brains to the function of digital settings in increasing sensations of bliss, we'll look at the science behind these emotions. Join us to learn how the future of manufactured happiness may affect our lives, society, and sense of well-being.

OUT REACH PROGRAM

Date: 01-12-23

Venue: SANTHOSE VIDYALAYA, EAST TAMBARAM

The Third -year students of the Department of Information Technology organized an outreach program on 01.12.2023 (friday) at santhosh vidyalaya, East Tambaram from morning 9.30 am to noon 1.30 pm, where the faculty coordinator Dr.C.Geetha , Ms.D.Ramalakshmi and coordinators M. Afiya,V.Deepika,S.Ajay,P.Akash from 3rd year of Information Technology. They conducted seminars and an interactive session for the 9th and 10th standard students. They have given presentations about ARVR to the school students, Students got enough knowledge about ARVR. This program was a resounding success, leaving a positive impact on both the students and our team. It was an incredibly fulfilling experience, and we look forward to more opportunities to make a difference in the lives of these wonderful children.

"AWARENESS ON CAREER OPTIONS & CHOICES"

The social outreach programme was initiated by the II Year B.E CSE students and faculty members of Department of Computer Science and Engineering on 07th July 2023 at the Government High School, Manimangalam, Kanchipuram District, Chennai. This program outlined to hold great potential to motivate government school students. Also, the faculties and students got the opportunity to interact with Teachers and Students of the Government High School, Around 373 students were benefited by this outreach programme. Apart from Career Awareness, the school students were also involved in some academic quizzes and some brain games. Winners were honoured by gifts, which enables them to overcome challenges and bring out their full potential without any fear.

Outreach Programme Report

"Awareness on Intelligent Tools in Education"

Date: 1st August 2023

Venue: AARUPADAI VEEDU MATRIC HR SEC SCHOOL,
THRUPORUR

Organizers: 45 Students along with 3 Faculties from the Department of Computer Science and Engineering, Sathyabama Institute of Science and Technology, Chennai.

Beneficiaries: 161 students (10th , 11th and 12th Grade)

Report Summary: The Department of Computer Science and Engineering, Sathyabama Institute of Science and Technology, Chennai, organized an outreach programme "**Awareness on Intelligent Tools in Education**" on 1st August 2023. The programme took place at Aarupadai Veedu Matric Hr Sec School, Thiruporur. The primary aim of this initiative was to introduce and demonstrate the applications of smart and intelligent tools in education to the school students. Our college students delivered interactive presentations on smart tools and intelligent applications in education. They explained how these tools could enhance the learning experience, assist in problem-solving, and foster critical thinking among students. A question-and-answer session was held, allowing the school students to ask questions about the technologies presented. In addition quiz competition and various fun events were conducted to create a lively and enjoyable atmosphere. To recognize the efforts and participation of the school students in the quiz and fun events, certificates of appreciation were presented to all the participants. More than 161 school students actively participated and benefited during the presentations and hands-on sessions. The school students appreciated the opportunity to learn about intelligent tools and expressed their enthusiasm to explore these technologies further. The school authorities also expressed their gratitude to the organizers for conducting such an informative and engaging programme for their students.

Conclusion: The outreach programme "Awareness on Intelligent Tools in Education" proved to be a successful initiative in promoting the use of smart and intelligent tools in the educational landscape. The event facilitated knowledge transfer and sparked interest among school students in adopting innovative technologies for their learning journeys. The organizers' dedication and efforts were instrumental in making the programme a resounding success.

Outreach Programme Report

"VISUAL DESIGN-THE ART OF MAGICAL HANDS"

"Visual Design – The Art of Magical Hands" is the Programme that aimed at introducing the need and importance of Design and Graphical Visualization. The basics of how to create logos, making various transformations like reflection, shearing, rotation, shading, text editing, video editing, flipping, liquefying and various other gradient and boosting features were practiced using Photoshop. Simpler Animations and Voice notes were added and practiced. They were given knowledge on the Open Source Graphics Software's. School Students of IX and X class participated enthusiastically and interactively, as it was a complete Hands on Session. As Computer Science Engineers, we are happy to ignite the Graphical Design Flame to School children by inculcating the basic knowledge and also helping them understand the diverse career opportunities in Graphics Design and Visualization. The Session was handled by Dr. P. Asha and Dr. B. Ankayarkanni along with our final year students.

"SENSITIZATION PROGRAMME-FORWARD THINKING THROUGH CUTTING EDGE TECHNOLOGY"

Forward Thinking Through Cutting Edge Technology is the structured School student's life skills Awareness Programme aimed at learners from VIII Std to XII at Govt. Higher Secondary School Thirupporur on 23rd August 2023. The purpose of the program was to sensitize the students about the importance of healthy diet and hygienic measures to prevent infections and promote better health, drug abuse, various academic and non-academic opportunities. The session included activities like informative talks, role play, screening videos and discussions. We also conducted some events like Quiz, Group Discussion to execute their talents and distributed small gifts to encourage them to be attentive.

REPORT ON ACADEMIC OUTREACH PROGRAM- INSPIRE

(Innovative Skills Promotion in Rural Education)

The Department of Chemistry has conducted a one-day academic outreach program in one of our adopted schools, “**Thanthai Periyar Government Higher Secondary School**”, **Puzhuthivakkam** on **June 30th 2023** from 10.00 am to 2.00 pm. Around 75 school students of Class X from the school have actively participated in the event. The program was coordinated by Dr.V.Kavitha, Professor, Department of Chemistry and Dr. J. Karthikeyan, Professor and Head, Department of chemistry along with 5 M.Sc., chemistry students.

The program was started with a brief introduction delivered by **Dr.J.Karthikeyan**, Professor & Head, Department of Chemistry about the activities undertaken by Sathyabama Institute of Science and Technology to bring awareness on the importance of education in upliftment of the marginalized people. The program proceeded with some fascinating chemical experiments,

Invisible Ink which was performed by **Mr. Gowtham** from II Year M.Sc., Chemistry. The students are given hands-on training with the experiment and they have enthusiastically participated.

Chameleon Reactions, demonstrated by **Mr. Ahmad Roshan**, II Year M.Sc., Student. The school students were given an introduction on oxidation states of Manganese and their importance.

Blue Bottle Experiments was performed by **Ms. Amaya Siva**, II year M.Sc., Student. The students were exposed to colour changing experiments and given a training.

Magic Beakers Experiments was performed by **Dr.V.Kavitha**, Professor, Department of chemistry. The students were given an outline on different colour reactions based on acid base chemistry.

The program was concluded with a basic chemistry quiz conducted by **Mr.Vignesh and Ms. Harshavarshini**, II year M.Sc., Student. The students were encouraged by a gift (pen) to motivate them in learning.

We thank the Management of Sathyabama Institute of Science and Technology for their support in dissemination science to younger minds.

World Food Day

World Food Day is an international awareness event focused on finding solutions to end world hunger and food insecurity. Nano fertilizers and bio fertilizers recent innovation ideas were inculcating to the Government school students on October 16, 2023 by Eco club mentors and students. The activity provided a platform for the students to discuss and exchange insights on key objectives on sustainable farming and sustainable agriculture. The event covered a wide range of themes, including innovative methodologies, educational technology, and team participation. Participants actively engaged in interactive sessions with students, gaining valuable knowledge and networking opportunities.

Date : 16/10/2023

Time: 11.00 am to 01.00 pm

Venue : Adhanur,

Kattumannar koil Taluk,
Cuddalore.

Objectives of the Programme

To Popularize and create awareness on

- the benefits of fueling pump sets with Biodiesel and thereby contribute to reduction in CO₂E
- the protection of Environment and Human Health
- the use of bio compost for growing plant
- the paybacks of collecting ritual waste and processing it for making incense sticks

Eco club of Sathyabama Institute of Science and Technology conducted a workshop titled "Ozonium" on 13.02.2024. Dr.M.Roja Raman, Scientist explained about the ill effects of ozone layer damage and enlightened student participants about the measures to be taken to avoid such damage. Ozone day is celebrated to raise awareness about the ozone layer's significance and the crucial role it plays in safeguarding life on Earth. The purpose of the event was to educate students and others about ozone layer depletion and the steps that may be taken to safeguard it. Students participated in this awareness activity by making presentations and speeches. They also educate people about mitigation techniques and their individual role in ozone layer conservation and protection. The theme for World Ozone Day 2023 is "Montreal Protocol: fixing the ozone layer and reducing climate change".

Eco club of Sathyabama Institute of Science and Technology conducted tree plantation on the eve of Women's Day on 08.03.2023. Vice President Ms.Maria Bernadette Tamilarasi has actively participated in the tree plantation program and extended best wishes to students. In an extensive Tree Plantation Campaign titled “Autumn’s palate”,plantation of hundreds of saplings was undertaken in the campus premises as well as the adjoining areas in an effort to make the planet greener. The Eco club also presented a street play highlighting the need to save trees.

Venue: Thirukazhukundram Village

Organized by: School of Law, Sathyabama Institute of science and technology

School Of Law, Sathyabama Institute of science and Technology in association with the Anti - Human Trafficking Club, organized a Legal Awareness Camp to commemorate the Anti- Human Trafficking day on 31st July 2023. The awareness camp served as a platform for spreading awareness about the prevalence of human trafficking, its impact on the society and steps needed to combat this crime. The camp brought together locales of all ages from the Thirukazhukundram village.

The paramount objective of the event was to educate the public on the dangers of human trafficking, highlight legal and institutional framework and remedies for the crime and to promote each of the individuals present to actively participate in the eradication of the social evil. Interactive sessions were conducted by the organizers in which the participants were equipped with the skills to identify and to report suspected cases of trafficking. Volunteers from the participants were invited to enact scenarios of human trafficking which greatly helped in projecting the grievance of the crime and the helplessness of the victim. The organizers provided the participants with helpline numbers and various other resources which they could use in case they witnessed such a crime.

The event concluded with a vote of thanks delivered by the President of the Anti-human trafficking club, Ms.Shafeeqa Maryam, B.B.A.LL.B(HONS), 5th year. The event successfully achieved its objective of spreading awareness and ended on a splendid note with the participants pledging to be vigilant and proactive in their communities.

ABOUT SATHYABAMA

Sathyabama is a prestigious institution which excels in the fields of Engineering, Science and Technology for more than three successful decades. It offers multi-disciplinary academic programmes in various fields of Engineering, Science, Technology, law, Dental Science, Pharmacy, Nursing, Management, Arts and Science and Allied Health Sciences. It is established under Sec.3 of UGC Act,1956 and is been Accredited with 'A++' Grade by the National Accreditation and Assessment council. The Institution persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes taking place in the field of education on a global scale. The Institution has a team of dynamic and outstanding faculty, innovative pedagogical practices, state of the art infrastructure and world class Research Facilities. This glorious Institution is functioning under the dynamic leadership of Dr. Mariazeena Johnson, Chancellor, Dr. Marie Johnson, President, Mr. J. Arul Selvan Vice President, Ms. Maria Bernadette Tamilarasi, Vice President and Ms. Maria Catherin Jayapriya Vice President.

Sathyabama has a good presence in rankings and ratings at National and International level. The Institution has been ranked in 43rd position by the National Institutional Ranking Framework (NIRF), Government of India among the Universities in India for the year 2022 and ranked one among the top50 Universities for seven consecutive years. Sathyabama is ranked among the Top 5 Institutions in the Country for Innovation by ATAL ranking of Institution for Innovation Achievements, Govt. of India. Times Higher Education and QS has ranked Sathyabama among the top Institutions worldwide. Sathyabama Institute of Science & Technology has alliances with leading Universities and research establishments at National and International Level. It is a research intensive University with world class laboratories and research facilities and is involved in research in the emerging areas of Science and Technology. Sathyabama has undertaken various sponsored and collaborative R&D projects funded by National and International Organizations. Sathyabama has written a special page in the history of space research on 22nd June 2016 with the launch of "SATHYABAMASAT" in association with ISRO. Sathyabama has emerged as a leading Institution and achieved excellence in higher education to international standards owing to its research and academic excellence.

ABOUT WOMEN EMPOWERMENT CENTRE

The Centre works towards empowering women, advocating for their rights, and providing support to vulnerable groups. It also aims to promote the health, education, and well-being of women. The Centre may organize health camps, vaccination drives, and awareness programs on issues such as maternal health, hygiene, and nutrition. The Centre may organize after-school programs, and conduct awareness campaigns to promote education among girls and women.

The Centre may provide vocational training programs to help women develop skills that can enable them to earn a livelihood. The Centre may advocate for policies and programs that promote gender equality, protect women from abuse and exploitation, and ensure access to education and healthcare for all. Overall, a women empowerment Centre plays an important role in promoting the welfare of women in the community. By providing support, resources, and advocacy, the Centre can help to improve the lives of these vulnerable groups and create a more equitable and just society.

The vision is to promote education and awareness around issues that affect women. This includes topics such as health, educational care, gender-based violence, and human rights. The Centre could organize workshops, seminars, and information sessions to educate members and the broader community on these issues. This could involve encouraging women to take on leadership roles within the Centre itself, as well as in their communities and workplaces. The Centre could provide training and mentorship programs to help members develop their leadership skills and increase their confidence.

Femme Fiesta'24 - Events

March 1

அவள் வசனத்தின் எதிரொலி

Theme of the Day: "*Sapientia Mulierum Libera Nos.*"

Celebrate Women's Day with an empowering poetry event! Join us for an evening of inspiring verses honoring the strength, resilience, and achievements of women throughout history. Bring your own poems or listen to others share their words of empowerment and solidarity. Let's come together to celebrate the voices and stories of women everywhere. Participants are asked to write their own poems/ songs celebrating womanhood. Any form of plagiarism is not welcomed. Participants willing to register, click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

TIMINGS: 11:30 A.M - 01:15 P.M

March 4

CyberSHEcurity

Theme of the Day: "*Non Ducor, Duco. Feminae Ducunt*"

"CyberSHEcurity" is an engaging event aimed at raising awareness about cyber threats and promoting digital safety practices specifically tailored for women. Through interactive workshops, expert panels, and networking opportunities, attendees will gain valuable insights into cybersecurity fundamentals, learn practical tips for safeguarding personal and professional digital assets, and explore career opportunities in this rapidly evolving field. Join us as we empower women to navigate the digital landscape with confidence and resilience. Participants willing to register click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

TIMINGS: 11:30 A.M - 01:15 P.M

March 5

Extempore Express

Theme of the Day: "*Feminae Fortes Faciunt Historiam.*"

"Women's Voices Unveiled" is a dynamic platform where participants engage in impromptu speaking on topics pertaining to women's experiences, challenges, and achievements. From gender equality to women's empowerment, this event encourages spontaneous reflections, fostering insightful discussions and amplifying the diverse voices within the realm of femininity. Join us as we explore, enlighten, and celebrate the narratives that shape the world of women today. Participants willing to register, click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

TIMINGS: 11:30 A.M - 01:15 P.M

March 6

"Embrace Your Radiance: Women's Wellness Counselling Session"

Theme of the Day: "*Ad Astra Per Mulieres*"

Elevate your well-being this Women's Day with our exclusive counselling session tailored for women. Join us for an empowering journey towards self-discovery, emotional resilience, and holistic wellness. Explore topics such as self-care, stress management, and personal growth in a safe and nurturing environment. Celebrate the strength and beauty of womanhood as we prioritize your mental and emotional health. Participants willing to register, click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

TIMINGS: 11:30 A.M - 01:15 P.M

March 6

Her resilience: Strengthen within Self Defence

Theme of the Day: "*Feminae Vincimus*"

Empower yourself with practical self-defense techniques and awareness strategies at our Women's Self-Defense and Awareness Event. Join us for a comprehensive session designed to boost confidence, promote safety, and equip you with essential skills to navigate any situation with strength and resilience. Learn to protect yourself and stay vigilant in a supportive and empowering environment. Participants willing to register, click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

TIMINGS: 02:15 P.M to 3.15 P.M

March 7

Question Quest: Unraveling Hypothetical Conundrums

Theme of the Day: "*Carpe Diem, Feminae Fortes!*"

Embark on an exhilarating journey of imagination with 'Question Quest'! Dive into intriguing hypothetical situations and explore the depths of your creativity and critical thinking skills. Join us for an interactive event where you'll tackle thought-provoking scenarios, challenge assumptions, and uncover unique solutions. Get ready to unleash your imagination and embark on a quest of endless possibilities! Participants willing to register, click here: <https://forms.gle/XizU4Cmv78fcYF5h6>

WOMEN EMPOWERMENT CENTER

FEMME FIESTA

Report

The inaugural day of FEMME FIESTA conducted by school of law, Sathyabama Institute of science and technology on account of women's day started with the Day 1 poetry event i.e., on 1st March, 2024 titled "அவள் வசனத்தின் எதிரொலி", kicked off the week-long celebration of Women's Day from March 1 to 7. The welcome address was rendered by Ms. Nidhi Saravanan from BA.LLB(Hons.), 2nd year and Theme of the day was explained by Ms. Thaarani from B.ComLLB(Hons.), 2nd year, followed by seven passionate participants took the stage and electrified the atmosphere. Through their verses, the poets explored the multifaceted experiences of womanhood, touching on themes of empowerment, resilience, and societal challenges. The Day 1 event came to end with a vote of thanks delivered by Ms. Sangita from LLB, 2nd year.

The second day of FEMME FIESTA conducted by school of law, Sathyabama Institute of science and technology on account of women's day started with the Introduction rendered by Christlyn from Second year BBA LLB on 1st March, 2024 titled "CyberSHEcurity", which commenced the event through the welcome address. The Theme of the day was explained by Ms. Thaarani from B.ComLLB(Hons.), 2nd year, followed by Keerthana giving a general introduction on the topic of cyberspace and AI crimes on rise. Through her speech, the participants were enlightened with the importance of the session among young and older women. Followed by Thaarani S from second year Bcom LLB explaining the problems faced by women in the realm of cyberspace and analysed in depth about the AI crimes which started booming in 2023. Followed by legally backed up solutions presented to the participants by Ms. Christlyn from Second year BBA LLB. Then, the session devolved into a poster making activity on "cyber security for women" where the participants enthusiastically designed and drew posters. The Day 2 event came to an end with a vote of thanks delivered by Ms. Thaarani S, second year B.Com LLB

The third day of FEMME FIESTA conducted by school of law, Sathyabama Institute of science and technology on account of women's day started with the Introduction rendered by Yazhini from first year B.Com. LLB on 5th March, 2024 titled "Extempore Express", which commenced the event through the welcome address. The Theme of the day was explained by Ms. Bharathi R J from B.A LLB(Hons.), 1st year, followed by Yazhini giving a general introduction for the activity going to start. 23 participants who participated are asked to form a team of 2 members and take part for sharing their perspectives on the topics for women empowerment. The participants enthusiastically expressed their views on the given topics on challenges and achievements of women. The Day 3 event came to an end with a vote of thanks delivered by Ms. Bharathi R J from BA.LLB (Hons).

The fourth day of FEMME FIESTA conducted by school of law, Sathyabama institute of science and technology on account of women's day started with the introduction rendered by Prathiksha.N from first year B.Com LL.B (hons) on 6th March, 2024 titled "Brainstorming", which commenced the event through the welcome address. The theme of the day was explained by Ms. Prathiksha.N from B.Com (hons) first

year, followed by Ms. Yuvasree from 3 B.A LLB (hons) giving a general introduction for the brainstorming activity . 9 teams had participated in this event. Each team was asked to view a video regarding women empowerment and then share their opinion about the video they watched. The participants enthusiastically expressed their views about the video they watched. The day 4 event came to an end with a vote of thanks delivered by Ms. Yuvasree from B.A .LLB (hons).

Session 2 (Her resilience: Strengthen within Self Defence) started with the welcome address rendered by Ms.Thaarani.S from sencond year B.Com.LL.B (hons) on 6th March, 2024. The theme of the day was explained by Ms. Keerthana from B.Com.LL.B (hons) second year, followed by Ms. NidhiSaravanan from 2nd B.A LLB (hons) to speak on "General overview of Self- Defence" and "The legal perspective on Self-Defence" was explained by Ms.Thaarani.S from B.Com LLB 2nd year. More than 40 students had participated in this event and were energetically engaged in the workshop. 3 of the participants spoke about their experience. The day 4 event came to an end with a vote of thanks delivered by Ms. NidhiSaravanan from 2nd year BALLB(Hons.)

The last day which is 5 th day of FEMME FIESTA conducted by school of law, Sathyabama institute of science and technology in in on account of women's day session 1 started with the introduction rendered by Ashitha.B.A from third year B.com llb (hons) on 7th March, 2024 titled "unraveling hypothetical conundrum"which commenced the event through the welcome address. The theme of the day was explained by Ashitha.B.A from B com llb (hons) third year , followed by Ms.Hareena.v from 3 B.B.A LL.B (hons) giving a general introduction for the unraveling hypothetical conundrum activity . 6 teams had participated in this event. Each team was asked to view a video regarding women empowerment and then they were requested to share their stand and few questions were asked hypothetically about the video they watched. The participants enthusiastically expressed their views about the video they watched. The day 5 event came to an end with a vote of thanks delivered by Ms.Hareena.V from B.B.A .LLB (hons).

Second session started with the introduction rendered by M.keerthanaa from first year BBA.llb (hons) on 7th March, 2024 titled "Guess the case", which commenced the event through the welcome address. The theme of the day was explained by Ms. M.keerthanaa from BBA.LLB (hons) 1st year, followed by Ms.Saruyu from 4th year B.A LLB (hons) giving a general introduction for the "Guess the case". 5 teams had participated in this event. Each team was asked to find the case with given facts respectively and then share the case name with brief explanation about the case. The participants enthusiastically delivered the name of the case and their facts about the famous women cases. The day 5 event came to an end with a vote of thanks delivered by Ms. M.keerthanaa from BBA.LLB (hons)1st,Ms.Shapthika from LLB 1st year,Ms.Saruyu from BA.LLB 4th year.

POST-EVENTSUMMARYREPORT	
Name of the Event	Awareness on mobile Network and Safety
Date of the Event	28/07/2023
Type of the Event	School Out reach program
Venue	Higher Secondary School, Perungudi
Number of Attendees	70
Organizing Department/Centre	CSE Specialization- AI Robotics,Cyber security and IoT
Website of the event (if any)	None
Event Co-ordinator Name	Ms. R.Senthamizharasi Dr.K.Veena Mrs.R.Sudha Ms.V.Subapriya Mrs.Anbuselvi
Co-ordinator Contact No.	9444029609 9489501105
Co-ordinator email id	veena.k.cse@sathyabama.ac.in
Event Summary	
On July 28, 2023, we held an outreach program at Higher Secondary School, Perungudi, focusing on online awareness for students. The event aimed to equip young learners with essential knowledge and skills to navigate the digital world safely and responsibly. Objectives The main objectives of the outreach program were to: 1. Raise awareness about online safety, privacy, and digital citizenship.	

2. Educate students on identifying and responding to online threats, such as cyberbullying and misinformation.
3. Encourage responsible use of technology among students.

Activities

The program included a range of engaging activities designed to inform and inspire students:

1. Informational Presentations:

- Engaging presentations highlighted key statistics and trends related to internet use among teenagers, emphasizing the importance of staying informed and vigilant.

2. Q&A Sessions:

- Open forums allowed students to ask questions and share their experiences regarding online interactions, fostering a supportive environment for discussion.

3. Resource Distribution:

- Attendees received informative brochures and toolkits that included tips for safe online practices and resources for reporting cyber issues.

Participation

The event was well-attended, with approximately 80 students participating. Their enthusiasm and active involvement in discussions demonstrated a strong interest in learning about online safety.

Report on the UBA activity to Kumuzhi village on 21.07.23

Date	:	21.07.2023
Time	:	10.am to 3 pm
Venue	:	Kumizhi village, Kancheepuram District
Faculty	:	Dr.John Paul, Dr.S.Krishnakumari and Dr.D.Yamuna School of Management Studies, SIST
Participants	:	II MBA students

The UBA team visited both the villages on 21st July 2023 with a group of students from II year MBA. Around 60 students participated in the following activity.

Places visited:

1. School
2. Primary health centre
3. Village streets

Activities carried out:

1. The students collected the information for **“Village house hold survey” under UBA**
2. Organised a **rally for the awareness on “Eco friendly Environment”**
3. The data collected shall be analysed for imparting the technology solutions for the village.

OUTREACH ACTIVITIES

WALL PAINTING AT PANCHAYAT OFFICE, PADUR

This Outreach activity was an initiative taken by department of Architecture together with I volunteer – an NGO, with the goal of creating an awareness among the people through wall painting. Students from B.Arch enthusiastically volunteered their time to implement their ideas on environmental issues, women empowerment with their exemplified painting skill. The Padur Panchayat office was chosen, where public gathering and visit would be often. The Panchayat Officer Mrs. Tara Sudhakar felt glad to offer her office walls for the students to paint the awareness message.

The outreach activity continued for two weeks at weekends, and students were given the privilege to choose the walls of the office- interior and exterior and finally came up with wonderful outcome. Each wall had a unique message for the public.

MARINE BIOLOGY RESEARCH SYMPOSIUM (MBRS 2024) 23-25 JAN 2024

Organized by
**CENTRE FOR CLIMATE CHANGE
STUDIES (CCCS)**

Supported by
Ministry of Earth Sciences

Ministry of Earth Sciences
Government of India

About the conference

This 3-day Marine Biology Research Symposium (MBRS-2024) aims to bring together marine biologists, researchers and enthusiasts from across India and the rest of the world to facilitate the exchange of their ongoing research and innovative ideas. The symposium will be a platform to hear groundbreaking research advances from leading researchers and an opportunity to build collaborative networks. Theme of the symposium is in line with SDG 14 (Life Below Water) as a major component.

THEMATIC AREAS

- Taxonomy, Biodiversity and Conservation (TBC)
- Blue Carbon and Coastal Ecosystems (BCCE)
- Physiology of Marine Organisms to Climate Change (PMCC)
- Marine Pollution and Impact (MPI)
- Marine Microbial Ecology & Bioprospecting (MMEB)
- Coastal and Ornamental Aquaculture (COA)

SCIENCE TECHNOLOGY & INNOVATION HUB

The Science Technology and Innovation Hub encourages new ideas and innovations and promote scientific and technological interventions and innovations for socio-economic development of Scheduled Caste and Tribal communities. The Science for Equity, Empowerment and Development (SEED) Division under the Department of Science and Technology (DST) has been implementing various programs and projects for human capacity building and empowerment of SC and ST communities through research, development, adoption, transfer, dissemination and delivery of proven technologies. Establishment of a Science Technology and Innovation (STI) Hub will promote, develop and ensure development, promotion and delivery of appropriate and relevant S&T approaches for social and economic development of Scheduled Castes and Tribes in the country.

Highlights

- Benefits of cereals, grains and pulses
- Easily available nutrients from rural areas
- Importance of fruit/vegetable derived liquid diets.
- Daily foods and nutrition

OUT REACH PROGRAM

Date: 14.09.2023

Venue: Government (ADW) Primary School, Kilambakkam

The second-year students of the Department of Psychology organized an outreach program on 14.09.2023 (Thursday) at a Government (ADW) Primary school, Kilambakkam from morning 11.30 am to noon 1.30 pm, where the Head of the department Dr Parveen Banu R and the faculty coordinator Dr Kalaivanan S coordinate with 25 students from the 2nd year of psychology.

The students were divided into groups where some of them conducted games and activities for 1st to 3rd standard students, and the other groups conducted seminars and an interactive session for the 4th and 5th standard students. Some groups orated stories regarding the topic and thought about good touch and bad touch, and usage of screen time. At last, we ended the program by distributing a small stationary gift for the students. The small gifts brought smiles on their face. The program was a resounding success, leaving a positive impact on both the students and our team. It was an incredibly fulfilling experience, and we look forward to more opportunities to make a difference in the lives of these wonderful children.

Outcomes:

1. **Awareness and Education:** The students gained valuable knowledge about critical topics such as good touch and bad touch, stereotypes, and responsible screen time usage. These are essential for their safety and personal development.
2. **Increased Engagement:** The use of interactive sessions, stories, and games helped maintain the students' attention and ensured that the information was conveyed in a memorable way.
3. **Behavioral Impact:** The program may help children make safer and more informed decisions regarding their personal boundaries and screen time usage.

4. **Empathy and Social Responsibility:** The second-year psychology students developed a sense of fulfillment and social responsibility by engaging with the children and contributing to their education.
5. **Positive School-Community Relationship:** The program helped strengthen the relationship between the university and the local community, opening the door for future collaboration and outreach efforts.
6. **Encouragement through Gift Distribution:** Distributing small gifts not only encouraged the children but also fostered goodwill, making the experience more enjoyable for the students.

SUICIDE PREVENTION RALLY

Date: 26.09.2023

Venue: Thiruvannamipur

The students of the Department of Psychology organized a suicide prevention rally at Thiruvannamipur. All the participants gathered and were present at 10:00 am. By 10:10 am the rally began. Everyone marched along the roads with police protection and the march was around 1 km. The participants carried charts and placards with slogans written on them with respect to the rally. The participants chanted "NO MATTER WHAT, LIFE MUST GO ON", "SAY NO TO SUICIDE, SUICIDE IS PREVENTABLE", and so on. After that, a silent skit was conducted by our students for the public which elicited the 3 stages of life (Childhood, adolescence and adulthood) and the problems faced by an individual at each stage. The programme was done by 12:00 pm.

Outcomes of the Suicide Prevention Rally

1. **Increased Public Awareness:** The rally successfully raised awareness about suicide prevention, conveying the message that suicide is preventable and that life, despite challenges, must continue. The slogans and placards made a visible impact on the public.
2. **Community Engagement:** The silent skit depicting the challenges faced during childhood, adolescence, and adulthood helped the public connect with the issue on a deeper, more personal level, encouraging them to reflect on mental health struggles.
3. **Breaking the Stigma:** By addressing suicide prevention openly in a public space, the rally helped reduce the stigma around mental health issues, making it easier for individuals to seek help.
4. **Empowerment Through Participation:** The participants, particularly the students, felt empowered by contributing to such a significant cause, enhancing their sense of social responsibility and advocacy for mental health.
5. **Public Engagement:** The rally and skit drew attention from bystanders and passersby, potentially sparking conversations and awareness within the local community.

Outreach Program : Old Age Home

Date : 03-04-24

**Venue : Vishranthi home for aged destitute
women,Palavakkam,Chennai**

Students of psychology department went on an outreach program on April 3, 2024, at the Vishranthi Home for Aged Destitute Women in Palavakkam, Chennai, Organized by Head of the department Dr.Parveen Banu and Faculty Coordinator Mr.Sathish Kumar . The aim of the program was to provide emotional support, companionship, and a sense of belonging to the elderly residents through various interactive activities.Students engaged in one-on-one conversations with the elderly residents, listening to their stories, experiences, and providing companionship,lively dance and music session was organized, where students and residents participated together to uplift the spirits of the elderly through joyful movement and music, promoting physical activity and emotional well-being. Group therapy sessions were also conducted by psychology students, focusing on topics such as coping with loneliness, managing stress, and enhancing resilience. Refreshments were provided during breaks, allowing for informal interactions between students and residents in a relaxed setting. As a gesture of solidarity and togetherness, the students served lunch sourced from the Vishranthi Home itself. This not only provided a delicious meal but also symbolized the bond between the students and the residents. Overall the event was well conducted by Faculty members and Student Coordinators of Psychology Department.

Outcomes:

1. **Emotional Support and Companionship:** Residents received personal attention and emotional support, helping to alleviate feelings of loneliness.
2. **Enhanced Well-Being:** The dance and music sessions promoted physical activity and joy, contributing to improved emotional well-being.
3. **Increased Resilience:** Group therapy sessions provided tools and strategies for coping with loneliness and stress, enhancing the residents' resilience.
4. **Strengthened Bonds:** Sharing meals and engaging in activities fostered a sense of unity and connection between the students and residents.
5. **Fulfillment for Students:** Psychology students gained practical experience in providing emotional support and facilitating therapeutic activities, contributing to their personal and professional growth.

WORLD AUTISM AWARENESS DAY

Date: 10.04.2024

Location: Auditorium, Dental Block

On 10th April 2024, the Department of Psychology hosted an Autism Awareness event at the Auditorium, Dental Block. The program featured mime performances and informative talks designed to enhance understanding of autism. The mime acts vividly illustrated the sensory sensitivities and communication challenges faced by individuals with autism, while the talks provided expert insights into the condition and strategies for support. The event, organized by Dr. Parveen Banu R, Dr. Kalaivanan S and Mr. Sathish Kumar S with student coordinators successfully fostered empathy and increased awareness among participants.

Outcomes:

- **Increased Awareness:** Participants gained a deeper understanding of autism through experiential and educational components.
- **Empathy Development:** Mime performances helped participants appreciate the sensory and communication challenges faced by individuals with autism.
- **Enhanced Knowledge:** Informative talks provided valuable insights into autism, promoting better support strategies and reducing misconceptions.

In commemoration of World Aids Day, we at Sathyabama College of Nursing organized an outreach rally on the theme "REMEMBER & COMMIT". This event serves as a reminder of the global struggle to end HIV-related stigma, an opportunity to honor those we have lost, and a rallying cry to commit & working towards a day when HIV is no longer a public health threat. We should work together and start preparing for a change to build a better world. Our coordinated outreach program needs to ensure everyone understands why "REMEMBER & COMMIT" for AIDS is important. Dr. Shekhar (Medical Officer) from Semmancherry primary health center hoisted the green flag to start the outreach Rally. Nearly 60 students, from BSc Nursing IVth year were accompanied by 2 faculties who participated in this Rally.
