About Sathyabama Institute of Science & Technology (Deemed to be University)

Sathyabama Institute of Science and Technology, (Deemed to be University) was established under Section (3) of the UGC Act, 1956, in the year 1987 having “A” accreditation by NAAC. The Sathyabama Institute of Science and Technology has successfully completed 30 year in the academic line. Sathyabama is a pioneer institute imparting knowledge in the areas of Engineering, Technology, Management, Science and Humanities. The progress and contribution of the SIST in the field of technical education for three decades, made the Ministry of Human Resources Development, Govt. of India, to grant University status Under Section (3) of the UGC Act, 1956. Sathyabama Institute of Science and Technology is steered towards success under the leadership of visionary Founder Col. Dr. JEPPIAAR, Chancellor, Dr. Mariazeena Johnson and President, Dr. Marie Johnson. The University has undertaken various sponsored projects funded by both International & National organizations and also successfully conducted non-formal education programs through 18 village Resource Centers all over the state.

About Process and Product Development Centre

Process and Product Development Centre for technological up-gradation of Micro, Small & Medium Enterprises (MSMEs) was set up at Agra in the latter half of 1985 with the assistance of Govt. of India, Govt. of U.P. and United Nations Development Programme (UNDP). Initially, it was a Government setup under SIDO and latter converted into an autonomous body with effect from 21st July, 1986. The affairs of the centre are managed by a Governing Council under the chairmanship of AS & DC (SSI). The Principal Director is the chief executive of the centre. The centre has four major divisions, viz., Testing Division, Product Development Division, Training Division and Consultancy Division. The Centre provides testing for chemical, metallurgical non-destructive ferrous and non-ferrous metals and engineering components. It is equipped with instruments which test raw materials, engineering products, building material conforming to Indian and International standards.

About Entrepreneurship Development Cell

Entrepreneurship Development Cell was established by Sathyabama Institute of Science and Technology, Deemed to be University to motivate entrepreneurial attitude among students and continuously conducts various program in association with MSME.

About Six Sigma

Six Sigma is a disciplined, data-driven approach and methodology for eliminating defects (driving toward six standard deviations between the mean and the nearest specification limit) in any process - from manufacturing to transactional and from product to service. It is a set of techniques and tools for process improvement. It was introduced by engineer Bill Smith while working at Motorola in 1986. Jack Welch made it central to his business strategy at General Electric in 1995. It has evolved to become present within the most successful business improvement strategies and is attributed with reducing the number of defects in manufactured goods to less than 3.4 per 1 million units.

Six Sigma is considered as a mark of quality excellence in industries. It assists candidates in advancing their career and boosts their organization's bottom line through their knowledge and skills in quality and problem solving. A Six Sigma certified candidate confirms commitment to quality and the positive impact it will have on their organization. As of 2016, Sigma has evolved into a more general business-management philosophy focused on meeting customer requirements, improving customer retention, and improving and sustaining business products and services. As Six Sigma continues to evolve and address 21st century business issues and goals, professionals that demonstrate a mastery of these practices could find many applicable opportunities in a variety of industry settings. Through online courses taught by industry leaders, professionals and businesses can achieve practical business solutions and certification as a green belt, black belt and master black belt in Six Sigma. Six Sigma is applicable to all industries.
