**YEAR: Dec 2017      MODULE TOPIC: Critical Thinking**

**Sem II**

**DATE: 04/12/2017 to 08/01/2018**

**TIME: 3:30pm to 4:30pm**

Critical thinking is that mode of thinking - about any subject, content, or problem - in which the thinker improves the quality of his or her thinking by skillfully taking charge of the structures inherent in thinking and imposing intellectual standards upon them. The students learnt intensively about the uses of critical thinking in their lives and as a result, they learnt raises vital questions and problems, formulating them clearly and precisely; were able to gather and assess relevant information, using abstract ideas to interpret it effectively comes to well-reasoned conclusions and solutions, testing them against relevant criteria and standards; thinking open-mindedly within alternative systems of thought, recognizing and assessing, as need be, their assumptions, implications, and practical consequences; and communicate effectively with others in figuring out solutions to complex problems.
