SCHOOL OF SCIENCE AND HUMANITIES

DEPARTMENT OF ENGLISH

Event Title: Certificate Course on Functional English

Date: 16/09/2019 to 25/10/2019

Venue: ECE Classroom, Sathyabama Institute of Science and Technology, Chennai.

The goal of the certificate programme in functional English is to improve students' communication abilities. Listening, speaking, reading, and writing are the four essential parts of functional English. The course gives the students the opportunity to choose their area of interest for LSRW abilities. Functional English, which primarily focuses on communication abilities in English, includes the study of how this language is really employed in speaking, writing, listening, and reading. Functional English is the use of the English language that is necessary for a particular task, such as academic study or job advancement. In order to function confidently, effectively, and independently in life and at work, a user needs to have the fundamental information, skills, and understanding that functional English provides. The first-year ECE, CSE and Chemical students have taken this 30-hour course, which is designed to help students with their communication skills. The students successfully completed the course and were awarded certificates for it.

The table below lists the specific subjects in which respective faculty member covered.

DEPARTMENT OF ENGLISH

Event Title: Certificate Course on English for Effective Communication

Date: 02-12-2019 to 10-01-2020

Venue: Sathyabama Institute of Science and Technology, Chennai

Giving others the time and space to express themselves is a key component of the certificate programme in English for Effective Communication. The process of exchanging ideas, opinions, knowledge, and data in order to ensure that the message is received and understood with clarity and purpose is known as effective communication. The course offers students the chance to help you and others understand information more quickly and properly. The study of how this language is really used in speaking, writing, listening, and reading is covered in English for Effective Communication, a course that primarily focuses on communication skills in English. The use of the English language that is required for a specific objective, such as academic study or career advancement, is known as English for Effective Communication. A user requires the foundational knowledge, abilities, and comprehension that English for Effective Communication offers in order to perform confidently, successfully, and independently in life and at work.

The table below lists the specific subjects in which respective faculty member covered.
