ABOUT SCHOOL OF LAW:

Legal education is at a pivotal moment society's need by adding value to the students learning to serve society and spirit of community is an integral part of our curriculum. Ever since its inception, School of Law has stood by its strong dedications to the study of laws and interdisciplinary approaches to law and the focus is on real-world skills required to be ready for practice. School of Law is defined by its Legal Education is imparted and the school is keen on investment for students' intellectual and personal development. School of Law functions with most dynamic leadership programs, events and initiatives that help students gain a deeper understanding of leadership and carry leadership qualities. In the process, students grow as engaged leaders on campus, in the community, and beyond. School of Law is well known for its discipline, exposure and qualified faculty and their commitment. Sathyabama School of Law aspires to be an internationally renowned Centre for research and teaching in law. School of Law is dedicated in advancing human dignity, social welfare and justice through knowledge of law. Our courses are academically rigorous, informed by the latest research. Courses are taught by dedicated, efficient and industrious faculty and a cadre of intellects that includes respected judges and experienced practitioners. We work with a wide variety of groups including the legal profession, policy makers, research bodies and organizations. This reflects our strength in many fields of legal and socio-legal research, and this gives our students the opportunity to interact with internationally respected scholars. Our programs will prepare students for a career in the legal profession and beyond. The curriculum has been designed to provide with a strong foundation in the core subjects coupled with opportunities to pursue optional courses in areas of undergraduate's choosing.

About the Course

This Course is aimed to provide the students with foundational understanding about the basics of International Law and Comparative Law. It helps the enrolled students to relate the contemporary international issues to them in a legal manner. In the Comparative context, representative legal systems of US, UK, Africa, Middle Eastern and South Asian Countries would be studied to understand the governmental structures and notions. It would also study the importance of cultural and religious influence on the comparative international legal systems. Foundationally, the concepts of State Sovereignty, Sources of International Law and Transnational issues would be discussed through case study method.
