Bonafide Certificate -

Date: 4 December 2021

To whomsoever it may concern

A part of the Academic requirement and the regulations of Sathyabama Institute of Science and Technology and the Council of Architecture, our student **Allen Anil Varghese (37210003)** is required to undergo professional training from the month of January 2022, for a minimum span of 90 working days in his X semester. The training has to be done under a senior registered architect with minimum of 5 years of professional experience.

The student will have to submit a documentation report (supported with copies of work done by him, duly attested by the architect) of all the drawings and site related activities undertaken under the supervision of Principal architect at the end of training period to the institution. It is requested that **Allen Anil Varghese (37210003)** may be given an opportunity to undergo training in your Architectural firm.

Kindly send an appointment letter to the undersigned stating that the student has been selected as a trainee architect in your esteemed office.

Thanking you

Dr. Devyani Gangopadhyay

Dean, School of Building and Environment

Completion certificate -

To,
The H.O.D
Sathyabama Institute of Science and Technology,
Chennai, 600119

21st April 2022

Respected Sir/Ma'am,

Subject – Training Completion Certificate

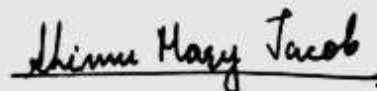

This is to certify that Mr. Allen Anil Varghese, 10th semester Architecture student of Sathyabama institute of Science and Technology, worked with us as a full time trainee Architect from 10th January 2022 till 20th April 2022

During his training period. Allen has worked on the following projects:

- Residences
- Institutions
- Commercial spaces

His responsibilities mainly included: AutoCAD Drafting, Engaging with clients and their future proposals under principal architect and Site surveying with supervisors/engineers.

It was a pleasure having Allen Anil Varghese with Montimers Architects. His association with us was very fruitful and we wish him all the success in his future endeavors

Regards,
Ar. Shimu Mary Jacob

CRITICALOVERVIEW

This internship period has been very beneficial. Several different tasks have gone through, have been completed and have been understood and will be taken into use in the future work situations. The experience together with the knowledge gathered, has made me more knowledgeable and more ready to go into the workforce after the graduation. I have learned a lot about the project development, interaction between co-workers, new things about everyday software and proper work management.

Besides the learning process, I got more valuable experiences from the people around me. I was inspired by the people around me, not only as someone to learn from but as a person and their ideology, philosophy and way of life what they see as an architect and their outlook towards even the simplest things in life.

PREFACE:

As a part of B.Arch curriculum of Sathyabama Institute of Science and Technology and in order to gain practical knowledge in the field of architecture, I had an opportunity to work for 90 days as an intern and build my path stronger in the visions that designs the future world.

Within these 90 days, I had got chance to work with total of 53 clients in vast topics, in which few are showcased in this portfolio.

ACKNOWLEDGEMENT:

I would like to express my sincere gratitude towards Montimers Architects for providing a great learning experience during the internship period.

I have learned a lot by working under the principal architects Ar.Jacob Chacko and Ar. Shimu Jacob. Also their continuous guidance and their vast knowledge about architecture, experience in the field and motivational lessons with them helped me in great way.

The internship period was hence effective and i'm thankful for providing such opportunity.

Shimu Hasy Jacob
