International Model United Nations

<https://www.internationalmun.org/>

International MUN brings youth together from around the world to learn and share ideas from a diverse set of experiences and backgrounds in its offline & online Model United Nations conferences. International MUN is recognized by the United Nations & has hosted MUN conferences in 5 different countries in the last 3 years i.e in Thailand, Vietnam, Egypt, China & Malaysia. Next IMUN conferences in 2021 are scheduled in the Philippines, Indonesia, South Korea and in other SEA countries.

International MUN is supported by the UNHCR India & has been previously sponsored and supported by the United Nations specialized organizations like UNDP, UNESCO, IOM as well as by The Australian Embassy in Vietnam & Thailand. IMUN is recruiting Interns from different schools & universities with some exciting benefits like IMUN Official Certificate recognised by the United Nations, Letter of Recommendation & Appreciation, sponsored trips to the next IMUN conferences, Incentives etc.

Model United Nations (MUN)

A MUN is a simulation of an actual United Nations conference, where students are tasked with solving a global issue through research, drafting, lobbying and debate to pass a suitable 'resolution'.

Students take on the roles of delegates, speakers, and chairs, representing different countries and work together with other students from different backgrounds to take part in discussions and reach a solution for the agenda they are assigned.

The agendas or topics taken up during the MUNs are a reflection of real-world issues discussed by the United Nations. The entire process and discussion take place under formal 'Rules of Procedure' to truly model the format of the UN.

The benefits of attending a MUN

Preparing and participating in a MUN helps students develop leadership skills, research, writing, public speaking, and problem-solving skills. Moreover, coming up with solutions that are acceptable to a majority of the representatives also inculcates skills of negotiation, conflict resolution, and cooperation.

Here are 10 important ways that participating in a MUN can help you in the future:

- | | |
|----------------------|---------------------------|
| 1. Worldly Knowledge | 2. Confidence-Building |
| 3. Analytical Skills | 4. Problem-Solving Skills |
| 5. Diplomacy | 6. Public Speaking |
| 7. Networking | 8. Writing Skills |
| 9. Leadership Skills | 10. College Applications |

participating in an IMUN help in college applications

IMUNs are known for their quality, high standards, and difficulty levels, and participating in one will work as an asset when you apply for colleges and/or jobs. Top Ivy League colleges such as Yale and Harvard have been known to give additional consideration to students who have attended MUNs.

Even Indian universities are beginning to hold profile-based admissions (such as Liberal Arts colleges), where they assign significant weightage to extra-curricular activities.

Admissions officers and job interviewers look for candidates with discipline, confidence, analytical ability, and problem-solving skills; all traits that are exemplified by participating in IMUNs.

Intern's day-to-day responsibilities:

- Promote IMUN Online Conferences among your peers as well as in different schools/universities & get registrations
- Inform them about International Model United Nations conferences & How MUNs play an important role in learning different essential skills like Negotiation, Diplomacy, Leadership, etc.
- Be a Brand Ambassador of International MUN and promote on social media as well as through different channels.
- Assist in driving registrations for IMUN online conference.

IMUN Campus Ambassador Internship aimed at building the youth leaders of tomorrow. During the internship, the IMUN Team will directly be working with you and you will get to learn different life skills like Business Development, Leadership, Marketing and Sales while you represent International MUN in your schools & the college.

- **How is International MUN recognized by the United Nations ?**

International MUN is an independent organization supported by UNHCR and previously supported and sponsored by the United Nations' organizations that is UNDP, UNESCO, IOM as well as by the Australian Embassy. It means all these organizations mentioned above have supported International MUN conferences by providing funding in its offline conferences in Vietnam as well as in Thailand. As well as IMUN Offline conferences have been attended by the speakers from the above mentioned organizations. They recognized IMUN as a trusted organization and only then they sponsored it. Please visit IMUN website and check the news section or scroll down on IMUN social media to check the guest speakers information.

The United Nations has different organizations working under them like WHO, UNDP, UNESCO etc. IMUN was supported and recognized by the United Nations organizations not directly by the United Nations, since as mentioned on the UN website, UN doesn't support directly to any private organization but its organizations like UNDP, UNESCO, IOM etc can recognize, fund and support the private organizations just like how they supported IMUN.
