Work Description

- The entire internship period has taught me new different things and has given me a good experience working with several reputed brands.

Post Production Team:

- In the intern period at Mr.Pictures, we were allowed to be a part in all the production and post-production. I was also a part of the shooting and discussions, where we discussed shots, edit pattern, and the colors.
- The intern experience has made my work-flow effective and much faster. My internship was a great experience

Conclusion

- The media industry has a massive growth all around the world, in which video editing plays one of the most crucial roles.
- I learned how to use editing in the industry by people with higher experience in the field. It has been a valuable use of time to learn new things.

Future Plans

- The internship was a great starting point towards my passion. I have learned a few things at the time, yet there is a lot more to learn. With enough experience, I could edit documentaries and movies one day.
