WORK DESCRIPTION

[05/02/21] 9AM-12PM	This is the first day i joined internship then i introduced myself to everyone and i looked around the places in the company like Discussion hall, Programme shooting room, Editing room, Green screening room etc.
[08/02/21] 10AM-3PM	And the second day i learned about how they shoot their live programme for channel telecast and i observed their camera techniques and light settings for the particular objects and the anchor in frame.
[09/02/21] 10AM-3PM	On this day i observed about what are the preparation needed for an anchor to hold the programme wisely and informative. They practiced so much things like how to start the programme with a trending quote, and slowly puts the audience down into the programme and then I practiced myself how to hold a thing in front of camera.
[10/02/21] 10AM-3PM	On this day they taken me to the outdoor shoot for the programme and i observed about the outdoor lighting and frame settings then i worked in their light settings team for a few clips.
[11/02/21] 10AM-3PM	On this day i made the content writing for their upcoming women's day project, and i write about the Programme called Rural Red. This programme was about the lack of hygiene in menstruation, awareness about menstruation pad in rural areas. They agreed my content in their list.

[12/02/21] 10AM-3PM	On this day i begun to started my internship as in a work from home basis and i observed about the pre production work class for the programme under the guidance of Mr.Karthik.
[15/02/21] 10AM-3PM	On this day i attended the adobe premiere pro class and started learning about the basics of premiere pro software under the guidance of Mr.Charan Chief Editor.
[16/02/21] 10AM-3PM	On this day i observed about how to import files, Edit sequences section with a basic tools.
[17/02/21] 10AM-3PM	On this day i observed about how to making the introduction clip for the television programme.
[18/02/21] 10AM-3PM	On this day i made some of basic videos in premiere pro on the exercise class.
[22/02/21] 10AM-3PM	And then i started to make a introduction video clips for the given programme.
[23/02/21] 10AM-3PM	On this day i observed about the special effects they use.

[24/02/21]10AM-3PM	On this day i learned about the pro special effects in the premiere and started my next session transition and cuts .
[25/02/21] 10AM-3PM	On this day i made some introduction videos with some special effects in the exercise class, and then learned some basics of ordinary transitions and through Google classroom.
[01/03/21] 10AM-3PM	On this day i worked for a programme called “Morning Cafe”. I made an introduction clips and some advertisement cuts.
[02/03/21] 10AM-3PM	On this day i observed about the Green Screen Shooting process and camera framings.
[03/03/21] 10AM-3PM	On this day i observed how to edit a green screen footages and how to do a clip masking.
[04/03/21] 10AM-3PM	On this day i learn to edit a basic of green screen footages and change the background and then mainly i gathered closely how they talk to their clients in an entrepreneurial sense with the proper manner, this will surely helps my future for any cause.
[05/03/21] 10AM-3PM	On this day i worked in a pre production team and observed about the script and content writing. Atlast i've completed my internship with the knowledge of some basics of professional tools, Techniques and some additional basics.

ASSIGNED WORK

As the other duties that they assigned to me is to create a content for their advertisement shoot, Intro videos, Effects and Scene Transition.

WORK I LEARNED

I've done my internship from home and office in this pandemic period. And also i learned lots of futuristic things on my internship days, the first and most one i learned is how to communicate gently with clients in an entrepreneurial manner. Also i learned the basics to create Intro videos, Green screening, Clip masking, Effects and Scene Transition.
