Working Photos

Description

My work profile at 'WIN News channel' was to do panel in PCR (program controlling room). It includes setting background in vertiset, searching for visuals, setting run order. I learned the necessary commands and the procedure to run a news bulletin. I also learned to take live from various sources like live bag (LIVE U), PCR 2 and real set ROSS switcher, live board SCG.

What I Learned

I have learned visual editing with many short cuts and content creating method and promotions tips . I had made stories for instagram ,face book ,and YouTube with treading news with swipe up option. Each an every had thought me a lot with easy way of understanding related to the concepts With technical teams and by practical Mcr thought me how to make run down and hot to arrange the ad and program sequence and ticker Caller band , timer channel logo and repeat of program ,montage , and promos of win news

What I Learned

For me it is new experience on working of Television production making show like Indhu endru sollada and vanga pasalam with two different types of shows with many technical background to shoot In reporting I have got lot of things about field reporting and data collection from political,government and private sector official announcements i had also learned how to raise the question to the people or political person or public with proper wordings and content. Everyone was very encouraging and corrected my mistakes
