Greetings from Regional Mentors of Change-TN

Dear Mentor of Change,

Congratulations on being selected as a **Mentor of Change (MoC)** for the Government of India's flagship programme of Atal Tinkering Labs, a strategic nation-building program established by **Atal Innovation Mission (AIM)** of NITI Aayog of Government of India.

You are one among the 695 proud mentors selected from different parts of Tamilnadu and 5025 mentors selected from different states of India.

As the world enters into the fourth generation of the industrial revolution, in which the physical world meets the digital world, a new set of skills will have to be developed and mastered. For India to contribute significantly to the fourth industrial revolution, we need to empower our youth with these 'skills of the future'. These skills include computational power, Internet of things (IoT), artificial intelligence, design thinking, advanced robotics, and cyber-physical systems.

The Atal Tinkering Lab (ATL) is a platform for school students to develop these 'skills of the future' through practical application based on self-learning. However, since tinkering is a new concept in India, it will require continuous hand-holding facilitated by a sustained engagement with mentors and experts. Therefore, the ATL Mentor of change program was launched, where well-qualified mentors from different professional backgrounds are selected to provide pro-bono mentoring to ATL students over a range of skills. As on date, more than 5025 mentors are actively mentoring students in over 5000 ATL schools impacting 100000+ students.

We do hope you would have received the mail from mentorindia-aim@gov.in with the login credentials for the Mentoring Portal (<http://atlinnnet.gov.in/>), on-boarding document and you are assigned an ATL to associate yourself as a mentor.

As a **Mentor of Change**, you are expected to

- Connect with your school and plan a meeting with the School Principal/ATL In-Charge for a formal introduction and lay a strong foundation for the collaboration.

Dr. B. SHEELA RANI, M.S. (By Research), Ph.D.,
DIRECTOR (RESEARCH)

SUBJECT: CSIR Foreign Travel Grant

Dear Mr Rajendran

With reference to your application on the aforesaid subject, we are happy to inform that the Director General, CSIR has been pleased to sanction foreign travel grant to enable you to attend and present your paper at the **Nature Conference - Next Generation Genomics, USA** during **12 Aug 2019 to 13 Aug 2019** subject to the following conditions:-

1. The CSIR Foreign Travel Grant is limited to **Full Air Fare Only** payable in Indian Rupees only. The journey should be strictly performed by the shortest route in excursion economy class by Air India only. Tickets must be purchased directly from the booking counters/Website of Air India Airlines or by utilizing the services of Authorized Travel Agents viz. M/s Balmer Lawrie & Company, M/s Ashok Travels & Tours and IRCTC as warranted under Govt. of India orders in this subject.
2. The grant should be claimed by filling-in the Tour report, Grant-in-Aid bill & NEFT Proforma after downloading the same from CSIR- HRDG web site <http://csirhrdg.res.in/Home/Index/1/InPage/51/14> (in duplicate) along with the counter foil of original boarding pass, e-ticket and certificate of attending the conference from the organizers.
3. The grant should be claimed within two months of return from abroad forwarded through his/her Supervisor/Head of the Institution. Any claim received beyond 2 months will be entertained only in exceptional cases subject to submission of reasons for delay, duly forwarded through Head of the Organization. In no case, the claim will be entertained after 4 months. All the above documents should be self attested by the candidate.
4. One reprint of the research paper presented at the Conference/Symposium etc. should be sent to CSIR, invariably after its publication.

Yours sincerely,

(Hemant Kulkarni)
