ABOUT SATHYABAMA:

Sathyabama is a prestigious institution which excels in the fields of Engineering, Science and Technology for more than three successful decades. It offers multi-disciplinary academic programs in various fields of Engineering, Science, Technology, law, Dental Science, Pharmacy, Nursing, Management, Arts and Science and Allied Health Sciences. It is established under Sec.3 of UGC Act, 1956 and is been Accredited with 'A' Grade by the National Accreditation and Assessment council. The Institution persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes taking place in the field of education on a global scale. The Institution has a team of dynamic and outstanding faculty, innovative pedagogical practices, state of the art infrastructure and world class Research Facilities. This glorious Institution is functioning under the dynamic leadership of Dr. Mariazeena Johnson, Chancellor, Dr. Marie Johnson, President and Ms. Maria Bernadette Tamilarasi, Vice President and J. Arul Selvan, Vice President. Sathyabama has a good presence in rankings and ratings at National and International level. The Institution has been ranked in 40th position by the National Institutional Ranking Framework (NIRF), Government of India among the Universities in India for the year 2021 and ranked one among the top 50 Universities for five consecutive years. Sathyabama is ranked among the Top 6 Institutions in the Country for Innovation by ATAL ranking of Institution for Innovation Achievements, Govt. of India. Times Higher Education and QS has ranked Sathyabama among the top Institutions worldwide. Sathyabama Institute of Science & Technology has alliances with leading Universities and research establishments at National and International Level. It is a research intensive University with world class laboratories and research facilities and is involved in research in the emerging areas of Science and Technology. Sathyabama has undertaken various sponsored and collaborative R&D projects funded by National and International Organizations. Sathyabama has written a special page in the history of space research on 22nd June 2016 with the launch of "SATHYABAMASAT" in association with ISRO. Sathyabama has emerged as a leading Institution and achieved excellence in higher education to international standards owing to its research and academic excellence.

ABOUT SCHOOL OF LAW:

Legal education is at a pivotal moment society's need by adding value to the students learning to serve society and spirit of community is an integral part of our curriculum. Ever since its inception, School of Law has stood by its strong dedications to the study of law and interdisciplinary approaches to law and the focus is on real-world skills required to be ready for practice. School of Law is defined by its way Legal Education is imparted and the school is keen on investing for students' intellectual and personal development. School of Law functions with most dynamic leadership programs, events and initiatives that help students gain a deeper understanding of leadership and carry leadership qualities. In the process, students grow as engaged leaders on campus, in the community, and beyond. School of Law is well known for its discipline, exposure and qualified faculty and their commitment. Sathyabama School of Law aspires to be an internationally renowned Centre for research and teaching in law. School of Law is dedicated in advancing human dignity, social welfare and justice through knowledge of law. Our courses are academically rigorous, informed by the latest research. Courses are taught by dedicated, efficient and industrious faculty and a cadre of intellects that includes respected judges and experienced practitioners. We work with a wide variety of groups including the legal profession, policy makers, research bodies and organizations. This reflects our strength in many fields of legal and socio-legal research, and this give our students the opportunity to interact with internationally respected scholars. Our programs will prepare students for a career in the legal profession and beyond. The curriculum has been designed to provide with a strong foundation in the core subjects coupled with opportunities to pursue optional courses in areas of undergraduate's choosing.

ABOUT THE WORKSHOP:

Human beings are by nature endowed with creative faculties. On the other hand, the construct of human family as whole sustains on the principle of interrelations and relative responsibility. The 2020 Agenda for Sustainable Development and the 17 Sustainable Development Goals (SDGs) adopted as its heart aims for peace and prosperity for the planet and the people. According to WIPO, Intellectual Property is a critical incentive for innovation and creativity, which are keys to the success of the SDGs. But with the growing societal development and changing requirements of the human society, the concept of innovation is increasingly opposed with sustainability itself. The recent pandemic situation also has vividly brought the question to the forefront. In particular, Patents among other intellectual property is the most contested. This One-Day Webinar is aimed at analyzing the issues which pose questions of rationality with respect to patents given the emerging societal growth and needs.

Sub-themes:

- ✓ Covid Pandemic and Patent Protection
- ✓ Artificial Intelligence and Patent Protection
- ✓ Emerging Conception of Standard Essential Patents
- ✓ Traditional Knowledge and Patent Protection
- ✓ Objectives

The Webinar is aimed at achieving the following objectives:

1. To analyze the rationality of the Patent Protection given the changing circumstances and evolving scenarios.
2. To test and understand the workability of Patent protection system in the wake of dire societal needs, for instance, the Covid Pandemic.
3. To understand the emerging conceptions within the Intellectual Property System which promises to balance rights of innovation and human rights such as Standard Essential Patents, Patent Pooling, FRAND, etc.
4. To visualize the impact of high-level innovation like the Artificial Intelligence, Metaverse on Intellectual Property Protection system.
5. To throw light on the interrelationship of Traditional Knowledge along with its rights associated vis-à-vis Patent Protection.
