EVENTS:

ORU KADHAI SOLLATUMA SIR??... - DOCUMENTARY

- What's your story? , is what you are going to ask the senior citizens in your family. Rather to be very precise, ask them "What's your story about some wonderful fond memories of your own Madras?"
- When they speak their heart out, video record it, edit it, cut it, bend it, blow it, do whatever you think you could do to the video and make it a clipping that is not more than 59 seconds... all you get is 59 seconds to project their mesmerizing stories, in the event "ORU KADHAI SOLLATUMA SIR? ".

KAAGIDHA KALAROVIYAM - COMMUNICATE THROUGH BITS OF PAPER

- Communication is an ART.
- What if you are asked to COMMUNICATE through an ARTFORM?
- Challenge is to create a collage in an A3 sheet with BITS of PAPER
- Think about one aspect that comes to your mind instantly when you hear the word "MADRAS".
- Portray your imagination with bits of black and white and color Newspapers and Magazines.
- Unleash your talent and creativity.....the game is yours....

LET'S 'MASTER MADRAS' (QUIZ)

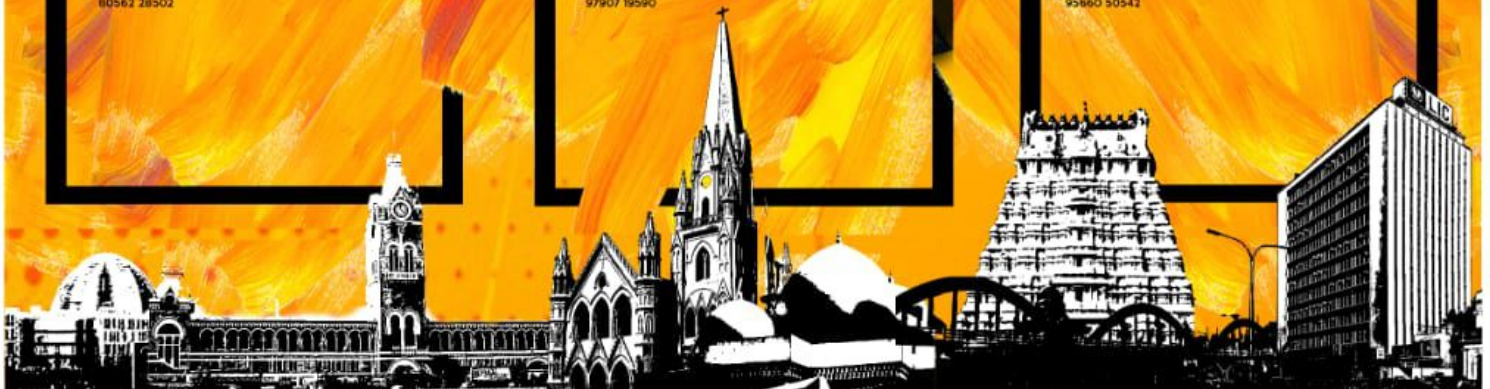

A question doesn't always end up with a RIGHT or WRONG answer...

A Question may

- Kindle your curiosity to know more...
- Widen your perception about the subject...
- Give you an answer for many more unknown questions...
- Be a wonderful beginning of your learning process...

Hence, WHY worry about the incorrect answer. Come let's participate in the joyful process of learning through fascinating IMAGES followed by interesting QUESTIONS.

BIOSCOPE

- MADRAS AND MOVIES

- FILM, also called MOVIE, motion picture or moving picture, is a visual art-form used to simulate experiences that communicate ideas, stories, perceptions, feelings etc.
- A video collage is a visually stunning way of displaying videos, and can be combined with music to really bring it to life. Perfect for short-form content for social media or to give audiences a taste of something like an event or a service.
- Are you a MOVIE BUFF..? Have you seen the CITY OF MADRAS in movies.....?
- Did you enjoy looking at those lovely places in and out in the movies bringing out the various characteristics and essence of the place?
- You just need to pick photos & videos that brought the real madras in front of you. Then add adjustable layouts, amazing effects and euphonious music as you like and you will get an Amazing Collage of MADRAS for duration of 1.5 - 2 minutes'

MADRAS SUTHI PAAKA PORAEEN - NEIGHBOURHOOD MAPPING

- Madras is an explosion of colours, flavours, and history. Right from the sambar and filter kaapi to pre-independence monuments and centuries-old temples, there's a lot to discover in madras.
- The land of settlers and traders, merchants and middlemen, institutions and industries, Madras speaks of diverse stories; some forgotten, others immortalised through time. Come show us the land that once was - the forts, the port, the churches and the castles that thrived, died or have survived.
- The Challenge is to create a story board by mental mapping 6-8 spots (Buildings, monuments, temples, landmarks etc.) The deliverable has to be a graphical representation of the walk in one A2 size poster.

AR. DEVARSHI
CHAKRABARTI

Devarshi Chakrabarti is an architect with rich experience in architectural design both in India and International projects. His skills in workspace design and architectural design got him to do projects across South East Asia. He started his own consultancy firm by the name of DC Studio. The firm is fuelled with creative energy and every project is treated as an opportunity to realize the innovative thoughts and ideas. User interaction is at the very forefront of all his design ideas and his projects are published in several design magazines and journals.

IES VE

IES is world's leading provider of integrated performance analysis software and consulting services for sustainable building design.

The **IES VIRTUAL ENVIRONMENT** (IESVE), a super advanced model capable of absorbing information about your building, or building design, and the climate

EARTHONOMIC is a leading energy and environmental consultancy based out of Chennai. Earthnomic team has been at the forefront of energy simulation and green building advisory and has executed in excess of 50 million square feet of buildings globally.

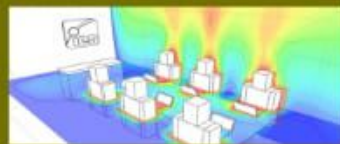

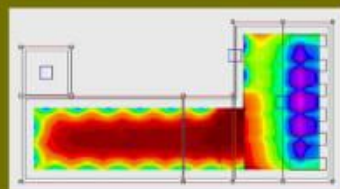

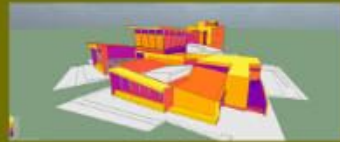

A 4 week online hands-on Training Program

hosted by
Department of Architecture,
Sathyabama Institute of Science and Technology
in collaboration with
Earthnomic Engineers

Convener
Dr. Devyani Gangopadhyay
Dean, School of Building & Environment

Coordinators
Ar. Sangavi | Ar. Ebin Horrison

DATES:

03rd & 04th AUG 2020
10th & 11th AUG 2020
17th & 18th AUG 2020
24th & 25th AUG 2020

TIME:

05:00 pm to 07:00 PM

COURSE FEE:

Rs.3000

WEEK 1 Introduction to Simulation Tool

DAY 1

| General Background Capabilities of the Simulation Tool - Presentation | Modelling (2BHK & Multi-storey Sample, Glazing etc) | Weather file assignment | Solar Shading & Sun Path Analysis

DAY 2

| Construction Parameters, Creation & Assignments of profile | Creation of assembly | Timing Profile | Solar Insolation | Impact of shading | **Assignment for Week 1**

WEEK 2 Lighting & Ventilation Simulation

DAY 1

| General Background - SHGC, U values, Properties, Artificial Lighting design calculation | Importance of Daylighting | Simulation Model - Flucs DL, Flucspro | Result Analysis |

DAY 2

| Ventilation Background (Cross Ventilation, ACH, Stack effect, Temperature, Health Quotient etc) | Macroflo Simulation | Result Analysis |

Assignment for Week 2

WEEK 3 Materials & Energy Simulation

DAY 1

| General Background - Importance of materials | Tonnage calculation | Energy, Net Zero, ECBC |

DAY 2

| Materials & Energy Simulation | Simulation Model - Apache, Vistapro | Result Analysis | **Assignment for Week 3**

WEEK 4 Thermal Comfort & CFD

DAY 1

| General Background - Factors influencing thermal comfort (Air temperature, Humidity, Clothing, Activity,) | PMV, PPD | Simulation Model | Result Analysis |

DAY 2

Introduction to CFD | Basic CFD Simulation | Result Analysis |

Assignment for Week 4

HIGHLIGHTS of the Training Program

Training software worth approx. Rs. 10 lacs available to students for a period of 1 Month

Module-wise Hands on training with case studies for a total duration of 16 hours

An introduction to the industry requirements and competencies

Training Participation Certificate & Hands on experience

WEBINAR BY

DR. CHIRAG DEB

ETH, ZURICH

BUILDING ENERGY PERFORMANCE WITH DATA DRIVEN MODELS

STATE OF THE ART IN GLOBAL RESEARCH ON MODELLING TECHNIQUES FOR BUILDINGS

Chirag received his PhD from the National University of Singapore (NUS) in 2017. Prior to this, he graduated as an Architect from the National Institute of Technology Trichy, India with an Institute Gold medal & 'best outgoing student award'. He is currently researching & developing a process of time and cost optimal retrofit of the buildings that is based on measured data at ETH Zurich.
