DEPARTMENT OF BIOTECHNOLOGY

- * DST-FIST sponsored department.
- * An established research centre - Centre for Bioresource Research and Development.
- * Contribution to research community in terms of quality research publications.
- * Well equipped laboratories.
- * Semester Aboard exchange programme for both faculty and students.

This workshop is organized with the core intention of promoting knowledge on the food that we consume. The prime focus of the workshop is to impart the science of food consumption to the younger generation and help them with the right choice of dietary practice in their daily routine. An awareness on food adulterants and water testing was also brought forth. The aesthetic value of colours and extraction of aromatic oils are also part of the workshop.

We aim to provide a friendly environment that gives you fun in learning along with an intelligible take home manual. Invited talks, discussions and hands on training would be the meaningful mode of learning these interesting topics.

NOTE:

University transportation is available from all parts of Chennai, visit www.sathyabama.ac.in for bus routes. Breakfast and lunch will be provided.

WORKSHOP HIGHLIGHTS

**FOOD PRESERVATION & FERMENTATION
