BIRLA WHITE POP MURAL - Workshop

Academic Year - 2018-2019

This event was organized in the Department of Architecture, Sathyabama Institute of Science and Technology. Representatives from Birla white coordinated the hands-on workshop to teach and promote new products and materials. There was a complete demonstration about the usage of wall putty and the workshop was to create Murals using the white wall putty. II Year Architecture students were engaged in this workshop and the theme was 'Silver Jubilee Celebrations'. Boards and other materials were distributed and with the guidance of the expert from Birla white, the Artist from the department, and the staff in charge this workshop was carried out for 2 days. Students came up with beautiful wall murals on 4'0" X 6'0" panels which were later mounted on the walls of the department lobby. The mural's images were documented and submitted to Birla white assessing Panel for acknowledgment. The students and staff who participated in the event were acknowledged and appreciated by Birla white.
