WELLNESS PROGRAM

In order to cope up with the post pandemic situation and to take up the normal condition with a positive energy this wellness program was coordinated. Staff from Civil & Architecture Department participated and shared their experiences with the coach. It was a program loaded with stress busters and suggestions to face situations and handle them with patience. The mentors introduced some interesting exercise to analyse the mentality of the participants and interpreted the same with examples. It was an interesting session from 28th June – 1st July 2021.

WELLNESS PROGRAM
MANAGING EMOTIONS AND RELATIONSHIPS

The education systems all over the world focus on imparting knowledge and skills to help people achieve success in their careers and make a living. In this pursuit of success and achievements, everyone faces emotional stresses in their lives. Unfortunately our education system does not teach us how to cope with the emotional issues which range from mild anxieties to serious depression and in worst cases even leads sometimes to people contemplating ending their lives.

This short course has been designed to assist members of the teaching profession to manage the stresses in their own lives and to assist their students who may need support and advice when they face difficult situations in their lives.

Dr. Sheela Sree Kumar
B.Arch, M.A., Ph.D.
Facilitator
London School of Psychology
Email: sheela-regene@londonpsychology.com

Prof. Y. Gopalakrishnan
B.Arch, M.A.
Facilitator
London School of Psychology
Email: yadavregene@londonpsychology.com

PARTICIPANTS in this course will be able to:

- Identify types of emotions.
- Develop awareness of the importance of thoughts in creating emotions.
- Understand how to regulate emotions.
- Learn how to maintain effective relationships.
- Apply techniques to manage emotions.

DATES : JUNE 28th to JULY 01st 2021
TIME : 01.00 : 03.00PM
Registration : Free

CANVAS PAINTING WORKSHOP

24TH – 27TH JANUARY 2022

Famous artist and Ceramic sculpture Koilpitchai Prabhakar was invited to conduct an workshop for students of first year Architecture. With his expertise he was able to handle the students and get the best out of their talents. Different mediums were explored and canvas painting with a theme was tried by all the students. Students played with colors and expressed their skill and talent in an A4 canvas. The images and pictures were eye catching and it was a good learning experience for all.

TRIPPLICANE HERITAGE WALK

On 12th march 2022 ,kombai S Anwar gave an overview of all the heritage spots in Triplicane. The walk started by 7.00am from marine beach and the walk end by 1.00 pm at Parthasarathi temple .Students got exposure different style like Indo saracenic, Art Deco, Temple architecture. The architectural influence of Nawab in Indo Saracenic style can be seen in Chepauk Palace and the great arch. The Art deco style is plotted in residential buildings in Triplicane. Temple architecture is well explained by Dr.Prasath in detail.

AUROVILLE VISIT

The Department of Architecture initiated a case study visit for 39 students from I year B.Arch & 8 students from I year B.Des. Two days of extensive study of buildings were planned, which included visit to various famous buildings inside the campus. Each building has got a lot to offer in terms of design simplicity, building technology, and variety of material usage. Students were enthusiastic about their first visit to each of the building facility and this trip had helped students to improve their ability to appreciate architecture and design. The case study visit ended as one of the first eye opener towards our students' understanding in the years to come, and as better architects in the future.

World arts day 2022 celebrations

On account of World arts day 2022 celebrations, Ar.Divya Murugesan gave a talk on 'Fusion art + Design thinking' and conducted a workshop on 'Dancing shades of Mandala' on 8th April 2022 at the department of Architecture. Sixty two students from departments like architecture, interior design and fashion design participated. The students got an insight into design thinking needed in art and also unravelled creativity while exploring the shading techniques. Besides, the students enjoyed the interaction with the invited speaker. They got an opportunity to look into the artistic expressions through the eyes of the expert.

The students learn a direction to transform a two dimensional expression in to a three dimension visually and they enjoyed the presentation given by the expert.
