ABOUT THE COLLEGE

KSR Institute for Engineering and Technology was established in the year 2011 with the aim of creating student community with a modernized touch of technology. The institute offers 6 under graduate programme and 4 Post graduate programmes. The institute is functioning in the vast area and is located about 12 km from Erode and about 8 km from Tiruchengode on the Erode- Tiruchengode state highway.

The college strives to achieve excellence in the field of engineering by providing exposure to latest technologically upgraded infrastructure. The institution aims to mould the student's interest by creating the benchmark where the future begins for these young minds.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 2011. The Department is well equipped with all amenities to meet the current industrial requirements. The Department has a team of well qualified and experienced faculty. The laboratories are built with standards of industries. The Department of Mechanical Engineering offers an UG program and a PG program.

VISION OF THE DEPARTMENT

To produce globally recognized Mechanical Engineers and Entrepreneurs to meet the industrial challenges with ethical values.

MISSION OF THE DEPARTMENT

1. Impart quality education in Mechanical Engineering through enhanced teaching learning process.
2. Provide platform to apply and analyze the engineering concepts with state of the art laboratories.
3. Augment the technical knowledge among the students and the faculty through research activities to meet industrial and societal needs.

OBJECTIVES OF THE FDP

1. To update the participants with the state of the art technologies in 3D Printing.
2. To enable the participants to have experiential learning in 3D modeling, build-setup.
3. To enable participants to learn the industrial, real life and pedagogical applications of 3D printing.
4. To facilitate the participants to develop low-cost 3D printers to teach engineering concepts.
5. To empower the participants to offer a course on 3D printing technology at their respective Institutions.
