Overview: Knimbus eLibrary Platform

Knimbus eLibrary is a rich content platform for institutions to build their customized eLibrary portal which provides their users all the knowledge available through the library on any device from anywhere.

Just like your physical library, the eLibrary Portal houses all the knowledge your patrons need; but with unlimited space and an always growing collection of content and services. The Library Portal has powerful user management, single sign on and analytics to enable you to manage everything from one dashboard.

Knimbus Digital Library- One Stop Solution

Knimbus platform is a complete Digital library that provides all library services through a single platform rather than just being a list of links to separate publisher platforms.

Most importantly, this eLibrary satisfies AICTE guidelines and helps you get additional points for library under NAAC.

Customers: 100s of eLibraries up and running

...VTU Consortium is happy to testify its satisfaction over the Knimbus services to their patrons extended digitally through its e-library platform.... growing digital era Knimbus will make a big leap with its e-library solutions. Users always expect a modern and hassle free library experience which is very much experienced by every librarian through Knimbus Platform.

Dr. K R Mulla, Librarian, Visvesvaraya Technical University

Central Library NIT Delhi is using Knimbus eLibrary Mobile App since 2015. The "**eLibrary Mobile App**" is a Multi-format content delivery App for users which provides access to the subscribed E-Resources on their smart phones and through web from anywhere, at any time. It is a useful app for the libraries using E-resources to serve its users.

NIT Delhi Central library appreciates the best efforts of the Knimbus Team and recommends their product "**eLibrary Mobile App**" for the libraries working in the digital environment.

Dr. Gareema Sanaman, Assistant Librarian, NIT Delhi

Knimbus is good for academic center to show our digital library in single platform. We have very good support from the vendor. Users are happy to have a single federated search of DL. Thanks a lot for your support, expecting same in future.

Dr. L Radha, Librarian, Thiagarajar College of Engineering, Madurai

Key Features & Benefits

Library Portal

Your library portal with your institution's branding, list of eResources and important links. You can even customize the list of subjects, content, navigation and look of your library. This helps increased visibility of the Library and build awareness amongst faculty and students about the high-quality resources available through the Library.

All Content in 1 Place: eBooks, Journals, Theses, News and Multimedia

The eLibrary houses **all subscribed, curated and open access knowledge in one place including...**

- **Library electronic subscriptions:** Journals, eBooks, proceedings, theses etc.
- **Library Holdings** - Integration with Library OPACs like Koha
- **Institutional Repository:** The eLibrary can integrate with an existing IR or host the documents and content of the institution.
- **Curated Web Links:** a powerful web clipping tool to add the best web content and links to your eLibrary
- **Subject Collections by Knimbus:** Knimbus curates and categorizes high quality content **useful for Students** including 1000s of open access journals, millions of ebooks, videos, thesis and course documents. All this content can be included in your eLibrary with one click.

eCatalogue

The eCatalogue gives a clear browsing A-Z listing of all the digital library resources. This helps showcase the holdings and gives users a clear picture of what content (i.e. ebooks, journals, videos, eLearning content...) the library has. The eCatalogue is categorizing by subject, publisher, content type etc. to enable users to quickly find the right content. It also enables Subscription Identifier which enables users to browse, search and filter only the content the college has subscribed to.

Single Point Discovery

Knimbus delivers a powerful discovery service for single point access to 100s of libraries across millions of content items.

- Simple, massively parallel, real-time, single point search service
- Accurate integration and mapping with library catalog
- Unbiased results with advance filtering by bibliographic fields like author, subject, publication etc. to quickly find the right content from millions of search results

Embedded Remote Access

Knimbus has an invisible single sign on layer that **enables remote information seekers with secure access to the eLibrary, wherever they are**. This unique Knimbus feature where the platform automatically makes all resource links in the eLibrary including A-Z eCatalog, Browse, Search and Remote Access pages work seamlessly whether the user is on campus or somewhere else and requires zero setup by the users.

- No user setup required
- Comprehensive user management through an administration panel
- Group Management to control user rights like remote access resources
- Secure by design (download limits, prevents abuse of resources)

eLibrary Mobile App

The Mobile eLibrary App offers a multi-format, content delivery App for users to consume eBook collections, eCourse materials, latest journal issues and multimedia learning content. Patrons can access the entire library on their smart phone from anywhere, at anytime. The Mobile eLibrary App integrate the **OPAC records** so that patrons can **check the availability of physical books**.

1. **Simple Discovery** of content through Title, Author, ISSN/ISBN search and browsing by Subject, Publisher.
2. **Recommendations** for users about latest content. Library will be able to **promote new eBooks and publications** on the mobile app.
3. **Off site full text availability enables** users to read eBooks (PDFs) and journal articles (PDFs or HTMLs) on their mobile devices, wherever they are.
4. **Strong in-built security measures plus centralized control** by the library admin.
5. Ability to **push Library notifications** alerts, etc.
6. **Library mobile pages** with important library information and links.

Easy and Extensive Administration Tools

Knimbus Administration module is an extensive set of tools Empower you to take complete control without IT support. Through the Administration module you can:

- Setup and deploy your eLibrary **without the need of IT support** for customization, content management, user management, hosting or integration
- Powerful reporting with complete usage statistics by resource, time-period etc.

Personalization with 'My Library'

Personal workspace for every user to save searches, reading lists and organize research. This is synced with the eLibrary mobile app (additional feature - need to be purchased separately) to ensure seamless user experience.

High Performance

Knimbus eLibrary Platform is built using leading edge frameworks like parallel processing and open source tools to ensure tremendous performance, responsiveness, scalability and user friendliness.

Technical Requirements

Knimbus eLibrary is a cloud-based solution. Users require a good internet connectivity.

Authentication of Resources: Authentication of access is done by the publisher of the resource. Full Text access to a paid resource is subject to subscription of that resource by the institution.

Knimbus Mobile App is available for both Android and iOS. A smartphone with internet connectivity is required to use the Mobile App.
