Bcc: John Bruce <johnbruce@sathyabama.ac.in>

Dear Students,

Greetings. In this time of extended lockdown period, we need to enhance the employability skills as the campus recruitment drives slowed down due to the Corona outbreak. We need to make use of this period to sharpen the skills and compete very strongly. Please be smart enough to make use of this time and use it effectively.

Thanks to our Training partner **FACE**, who have designed a Placement Training program which is online - self paced learning model.

Highlights of FACE 360 | Capsule:

- 66 hour comprehensive training covering C++, Aptitude, Group Discussion & Soft skills
- Students can consume the course from the comfort of their home
- Continuous practice and assessments
- Mentor support to clarify the doubts & ensure completion
- Gamified learning modules delivered via AI-powered platform FACE Nxt

Please refer the attachment for more details. My humble request is to take this program on a very serious note and complete it. It is a very good platform which is commercialized in general. But, they are offering it for free now. You can learn it on your own pace. That's the beauty. You will find it very comfortable and efficient.

Important Points:

1. This program is a must one to be attended by the students who are non-placed and the ones placed in # but looking for one more placement.
2. There will be periodical tests and discussions.
3. I will have a admin control to track your performance.
4. **The students those who do not attend this course will be considered as not interested for the placement**

Link for Registration:

Students who are interested in joining the FACE 360- Capsule are requested to register in the below link **on or before 10.00 AM on 21.05.20**

https://docs.google.com/forms/d/e/1FAIpQLSfl_8pOfTY03DoesYQx3_7Rv16yPjDKpQgsEys70w5G4FPUDw/viewform

Link for Orientation:

An ORIENTATION, discussing the strategies to prepare for placements during this lockdown is available in the following link :<https://bit.ly/2YOGQ6o>

All the students are requested to first watch this orientation for better clarity on the objective and scope of this training program.

Wish you all the best!

With Warm Regards,
Team Placement
Sathyabama Institute of Science & Technology

FACE 360 Capsule

What's covered?

Programming

Fundamentals of
Programming – C++

42 hours

Aptitude

Quantitative Ability,
Logical Reasoning,
Verbal Ability

18 hours

GD/ PI and Resume

Basics of getting a GD,
Interview and Resume
right

6 hours

What's covered – In detail

Module	Topics	Duration (hours)
Fundamentals of Programming using C++	Basic syntax; Data types; Input/ Output; Scope of variables; Constants and literals; Operators; Decision making statements; Looping statements; Loop control statements; Functions; Pointers; Arrays; Strings; cstring and its functions; References; Structures and Unions; I/O header files	42
Quantitative Aptitude - Crunched	Numbers; Time and Work; Percentages SI and CI; Permutation; Combination and Probability; Time; Speed and Distance; Profit; Loss; Partnerships and Averages	6
Logical Reasoning - Crunched	Data Arrangements; Blood Relations; Coding and decoding; Data Interpretation; Data Sufficiency; Clocks, Calendars, Cubes and Direction Sense; Logical Connectives, Syllogisms and Venn Diagrams	6
Verbal Ability - Crunched	Error Spotting, Reading Comprehension, Vocabulary, Sentence Completion, Parajumbles	6
GD - Basics	Why GD, what companies test through GD, approaches, Dos and Dents, understanding a GD through the eyes of a recruiter, GD vs Team Evolution	2
Personal Interview – Basics	Why Personal Interview, what skills are tested, getting on the same page with the interviewer, grabbing your interviewer's eye balls, how to answer FAQs	3
Getting your resume right	Ideal format of a resume, golden things to get right	1
