DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

WRITE-UP ON GUEST LECTURE

Name of the Speaker: Dr. Mary Prem, Director of Karka Kasadara Academy

Topic : Scope of Business Intelligence in the IT industry

Date : 03.07.2017

Target Audience : CSE

The Department of Information Technology conducted a Guest Lecture on "Scope of Business Intelligence in the IT industry" on 3rd July, 2017 for the CSE students. Dr. Mary Prem, Director of Karka Kasadara Academy handled the session.

Business Intelligence is data-driven decision-making that includes the generation, accumulation, analysis, and visualization of data in a bid to help managers make better business decisions. In other words, BI is technology with a human touch: it involves processes and procedures that strengthen our capacity for collecting, sharing, and analyzing data and making informed decisions. The session was a good eye-opener on Business Intelligence and Business Analytics.

Hod CSE <csehod@sathyabama.ac.in>

Sub: Acceptance for the Invitation of Guest Lecture in our Institution.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

WRITE-UP ON GUEST LECTURE

Name of the Speaker: Mr. RAHUL YENNU, Pantech

Topic : “IoT with Raspberry Pi”

Date : 21.08.2017

Target Audience : CSE

The Department of Computer Science and Engineering conducted a Guest Lecture on "IoT with Raspberry Pi" on 21st Aug, 2017 for Second Year CSE students. The students have a wonderful session about the IoT with excellent presentation. IoT refers to all of the things

that are, well, connected to the Internet, and that's how it got its name. However, IoT isn't really a new concept, because for as long as we can remember, we've been connecting devices to the Internet.

Students had a very good interactive session. The speaker shared all his knowledge with real world examples.

The sessions made our students to get wide knowledge in IoT.
