

Sathyabama Institute of Science and Technology

School of Computing

Department of Computer Science and Engineering

Following Capacity development and skills enhancement initiatives are taken by the Institution 1. Soft skills, 2. Language and communication skills, 3. Life skills (Yoga, physical fitness, health and hygiene), 4. Awareness of trends in technology

Academic Year: 2021-2022

Dear Participants,

Greetings!

Department of Computer Science and Engineering, Sathyabama Institute of Science and Technology in association with Indian Society for Technical Education (ISTE), Organizes an International Webinar on **"STATISTICS FOR RESEARCH AND INDUSTRY"**. Join and have a Happy Learning.

Topic: International Seminar - Statistics for Research and Industry

Time: Jul 28, 2021 - Jul 30, 2021, 01:00 PM - 03:00 PM, India

I welcome, Dr.Shaja Arul Selvamani, Senior Director- Data Science, Yodlee , San Francisco, USA.

Shaja is the university topper CSE Department, Manonmanium Sundaranar University 2004 Batch. He pursued his Masters Degree and PhD at Indian Institute of Technology, Bombay (IIT Bombay). He has over 15 years of working experience across various corporate and research labs. Right now he is the Sr. Director, Data Science at Yodlee, San Francisco, USA. He leads his team towards achieving cutting edge research and product development.

NO REGISTRATION FEE

Certificates will be provided

Double Door Authentication for Mobile Devices using Personalised Lock (pins)

*Chandrasekhar, *Chandrasekhar, *B.Bharathi
*Department of Computer Science and Engineering
Sathyabama Institute of Science and Technology, Chennai, India
*chandrasekhar@gmail.com, *chandrasekhar20@gmail.com, *bharathi@sathyabama.ac.in

Abstract-As the usage of mobile devices has been exponentially increased, the risk of authentication becomes very prominent. Usually digital authentication techniques such as passwords are employed. However the device would be vulnerable if the passwords are stolen without the user's knowledge. Therefore, there is an adverse search for better and the ways for improving the authentication techniques for mobile platforms and services. Double door authentication for mobile devices is the method that provides privacy with enhanced security features. This paper explores the main objectives of providing an authentication facility that supports the users to manage all the confidential information with the help of personalised biometric pins, hand-held smartwatches (as a credible manner), the personalised locking feature can exclude the device from third-party security installation and interference such as spyware, malware etc. Here the primary and secondary users are considered to be the key players. Especially, the primary user has an extensive role of security applications selection and restricted access implementation.

Keywords: Mobile Devices, Authentication, Personalised Lock, Security, Biometric, Digital authentication.

```

- ### Title
- The title is the part of a paper that is read the most; it is usually read first and most often, it is the only thing that is read.
 - A **good title** --"as the fewest possible words that adequately describe the contents of the paper"
 - When the title is **too long**, it usually contains too many waste words such as 'Investigations on' at the beginning.
 - Titles that are **too short** often use words which are too general

A Workshop on “HOW TO WRITE A PAPER FOR PUBLICATION” was conducted between 23rd to 24th July 2021. Participants were final year students of CSE and IT. The motto of this workshop is to make the students understand the guidelines of publication and to encourage them in moving the project next level for publishing in referred journal as well as to make it as patent. The resource persons invited are Dr. Bharathi, Professor, Dept. of CSE, Dr. PraylaShyry, Associate Professor, Dept. of CSE and Dr. Jesudoss, Associate professor, Dept of CSE.

Report on Technical Workshop

Workshop Topic: Data Visualization using Tableau

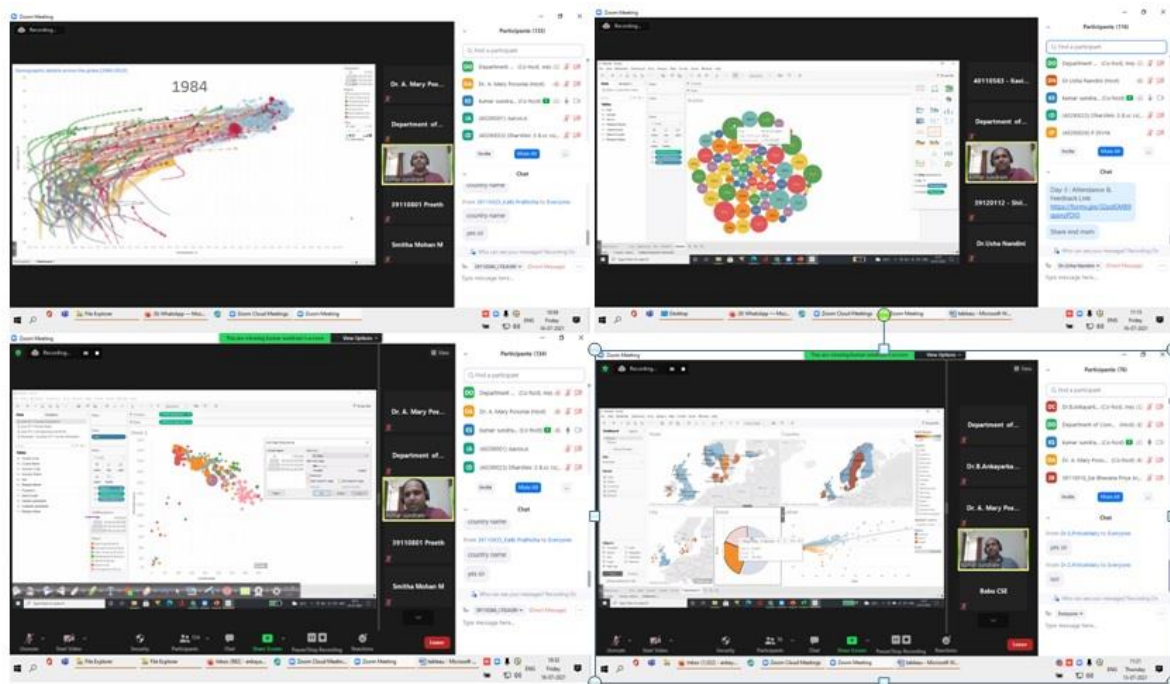

Dates : 14-16 July 2021

Time : 10.00 am-11.30 am

The Department of Computer Science and Engineering, School of Computing in association with **iMarticus Learning-Data Science Club** conducted a Technical workshop on “**Data Visualization using Tableau**” on 14th – 16th July, 2021. Nearly 180 participants nationwide had registered and almost 155 participants attended the workshop on all three days.

The Guest speaker for the workshop was **Mr.Kumar Sundram, Data Scientist**. The Three days sessions were completely engaged. The Trainer made the faculties and students to work on the Tableau tool with few case studies. The entire Workshop was very informative and the hands-on given for data visualization was interesting.

The event was organized by Dr.A.Mary Posonia, Dr.B.Ankayarkanni, Dr.D.Usha Nandini and Dr.S.Revathy.

What is Machine Learning?

- Machine learning (ML) investigates how computers can learn (or improve their performance) based on data.
- ML is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed.
- The primary aim is to allow the computers learn automatically without human intervention or assistance and adjust actions accordingly.

Human

I can learn everything automatically from experiences. Can u learn?

Machine

Yes, I can also learn from past data with the help of Machine learning.

"Predicting the future isn't magic, it's artificial intelligence."

- Dave Waters

Kirthika G.

Bayes Theorem Diagram:

```
graph LR; PRIORI --> BAYES_THEOREM[BAYES THEOREM]; BAYES_THEOREM --> POSTERIOR
```

BAYES THEOREM

$$P(B) = P(B|A) * P(A) + P(B|\sim A) * P(\sim A)$$

$P(A)$ is called **Prior probability**
 $P(B)$ is called **Evidence**.
 $P(B|A)$ is called **Likelihood**
 $P(A|B)$ is called **Posterior probability**.
Bayes Theorem can be written as:
posterior = likelihood * prior / evidence

Conditional Probability:
 $P(A/B) = P(A \cap B) / P(B)$,
 $P(B) \neq 0$
Similarly $P(B/A)$

How tech affects companies, no matter the industry

Whether you're in education, medicine, or engineering, how you work has been vastly affected by technological advancements, including new computers, data software, and various tools people did not have access to in decades past. From the way you tackle your tasks to how you communicate with coworkers, technology has created ripples of change that have benefited companies in every industry.

By the numbers: Mobility and the state of customer loyalty in banking

Dr. S. Arun mozhi@stjohnsbaptistuniversitymalawi 6/13/2021

- Customers conducted more than **50%** of their banking interactions through digital channels in 18 of 22 countries surveyed.
- Mobile is the most-used banking channel in 13 of 22 countries and accounts for around **30%** of all interactions worldwide.
- The share of customers using mobile applications rose by **19** percentage points in the past year. Online usage via computers dropped **3** percentage points.
- More than **half** of customers used both digital and physical channels such as branches and call centers.
- These "omnichannel" customers gave their bank a Net Promoter Score **16** percentage points higher than customers using only digital channels and **22** points higher than those using only physical channels.
- Customers use several channels to research and buy new banking products. **47%** of US customers consulted their bank's website, and **37%** got recommendations from bank employees.
- Hidden defection of customers from their primary bank

By the numbers: Mobility and the state of customer loyalty in banking

Dr. S. Arun mozhi@stjohnsbaptistuniversitymalawi 6/13/2021

- Customers conducted more than **50%** of their banking interactions through digital channels in 18 of 22 countries surveyed.
- Mobile is the most-used banking channel in 13 of 22 countries and accounts for around **30%** of all interactions worldwide.
- The share of customers using mobile applications rose by **19** percentage points in the past year. Online usage via computers dropped **3** percentage points.
- More than **half** of customers used both digital and physical channels such as branches and call centers.
- These "omnichannel" customers gave their bank a Net Promoter Score **16** percentage points higher than customers using only digital channels and **22** points higher than those using only physical channels.
- Customers use several channels to research and buy new banking products. **47%** of US customers consulted their bank's website, and **37%** got recommendations from bank employees.
- Hidden defection of customers from their primary bank

Introduction

- There are many gifts which parents can endow to their children like Academic prowess, Athletic ability, Musical talent and various other hobbies.
- The most important gift they can give is inculcating good habits for **"GOOD BODY HYGIENE"**

Oral hygiene is an integral part of BODY HYGIENE.

in association with **ISTE** proudly presents

DOCTOR'S WEEK: PHYSICAL & MENTAL HEALTH

Date: 25 June 2021 – 01 July 2021

Time: 2 pm – 3 pm, Online Mode

<https://bit.ly/3guHvCs>

EMINENT SPEAKERS

DAY1: 25 JUNE 2021

Dr. J. Selva Kumar, MDS,
Madha Dental College,
Chennai.

**Topic: Oral Health and
Hygiene**

DAY2: 26 JUNE 2021

Dr. P. Aarthi, M.B.B.S,
Chennai.

**Topic: Drug Abuse and Illicit
Trafficking**

DAY3: 28 JUNE 2021

Dr. K. Lakshmi, MBBS, PG Dip. (Diab), DPM
District Psychiatrist,
District Mental Health Programme –
Chennai District,
Government Hospital, Saidapet,
Chennai.

Topic: Psychology

DAY4: 29 JUNE 2021

Dr. Shridevi Dasari, M.D.Homoeopathy,
HOD, Dept Of Gynaecology and
Obstetrics,
C.L.C.M.HOM.MED.College,Hospital,
Bilaspur.

Topic: Art of Living

DAYS: 30 JUNE 2021

Mr. Basanta Kumar Kar,
Recipient of Global
Nutrition Leadership Award
Fondly called, "NUTRITION
MAN"

Topic: Nutrition

DAY4: 29 JUNE 2021

Dr. Banke Bihari Agrawal, MBBS, MD Pediatrics,
Consultant, Counselor & Director,
Shiv Shakti Hospital,
Founder – Optimum Parenting
Mission, Bilaspur.

Topic: Art of Living

Report on Technical Workshop

Workshop Topic: Artificial Intelligence and Analytics

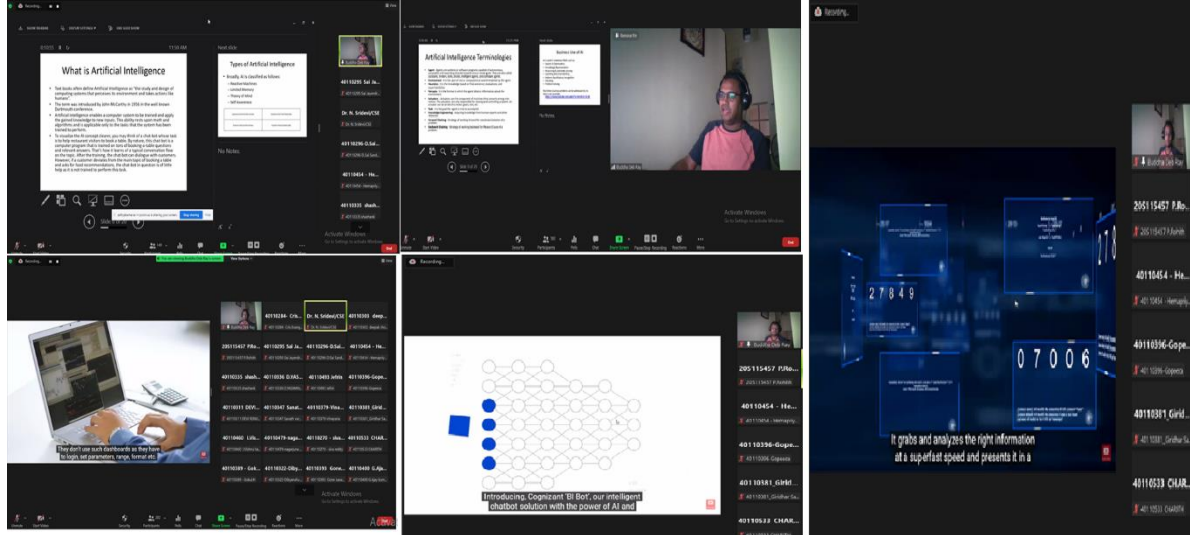

Dates : 07-09 October 2021

Time : 11.15 am-12.15 pm

The Department of Computer Science and Engineering, School of Computing in association conducted a Technical workshop on “**Artificial Intelligence and Analytics**” on 07th – 09th October, 2021. 300 participants attended the workshop on all three days.

The Guest speaker for the workshop was **Mr.Buddha Deb Ray, Senior Developer, Cognizant**. The Three days sessions were completely engaged. The Trainer made the students to work on the Tensor Flow with few case studies. The entire Workshop was very informative and the hands-on given for data visualization was interesting.

The event was organized by Dr.A.Mary Posonia, Dr.B.Ankayarkanni, and Dr.N.Sridevi.

The Department of computer Science and Engineering conducted a coding quiz content "CODE TWISTERS 2021" as mark of celebrating Computer Literacy Day 2021. The event was conducted from the 2nd of December, 2021 to 4th December 2021 for the first year students of all departments across the university. The first round of the competition consisted of general knowledge quiz on computers and programming. Around 1150 first year students registered for the event and 885 students attended the first round of the competition. 167 selected students from round 1 attended the debugging round on the second day. The top 15 students attended the final programming round on dec 4th, 2021. The following students were adjudged as winners of the contest based on the logic used, coding style, timing, etc. The students participated with maximum enthusiasm and shared interest to participate many such events conducted by department in the future.

Unity 3D: Interface/Window

The screenshot displays the Unity 3D development environment. At the top is a 'Toolbar'. Below it, the interface is divided into four main panels: 'Hierarchy Window' on the left, 'Scene View' in the center showing a 3D scene with a blue sky and a ground plane, 'Inspector Window' on the right, and 'Project Window' at the bottom. The background of the slide is a green and white geometric pattern.

Benefits of Edge Computing

- Faster Response
 - Operating at the source of data
 - Real time application support
- Secure
 - Locally stored
 - No theft during transport
- Cost Effective
 - No need to transport everything to cloud
- Reliable Operations
 - Can work without connectivity

Please move this window away from the shared application.
