DISCOVER

HCL

Dear Pilla Sandeep,

As you prepare to **Discover HCL**, we too are eagerly waiting to have you on board!

To progress ahead with your candidacy, there are some online formalities that you will need to complete on **Discover HCL** portal.

Your access to **Discover HCL** has been activated today.
To login, please use the following credentials:

Login Id: sandeepchandu3435@gmail.com
Password: BF561267

On the Discover HCL site, you must furnish information for all sections under the various headers of the Joining Form before the formal release of your offer letter.
Please note that information you provide in your joining form will be used to carry out a **background verification check**—therefore, please ensure that the information you furnish is correct, updated, and accurate. We require an online submission of all mandatory documents. Once you have access, please upload all required documents for the Background Verification process. The Background Verification form, along with the mandatory documents, should be uploaded for uploading the documents within two (2) days of receiving this mail. Please [click here](#) for uploading the documents. You will have to use the same credentials to access this form.

If you do not submit the completed Background Verification form and upload all documents as communicated to you, your date of joining will be delayed.

A few things to keep in mind before you start to fill-out the form:

- Please read the Instructions on the website carefully.
- All fields are mandatory. Use the space bar wherever appropriate rather than leaving the field blank.
- All information should be correctly filled-in and in CAPITAL LETTERS only.
- If you are not able to fill in the forms in one session, press the 'SAVE' button. Click on 'FINAL SUBMIT' once you have completed the Online Joining Form.
- Please access the Background Verification form after 30 minutes of resetting the password in Discover HCL.

Should you have any questions, please feel free to write to R.PAVITHRA@HCL.COM

Sincerely,
HCL Technologies
