DAY 01

Art of Creating Video Lectures with ICT Tools

Dr. Mangala Sunder Krishnan, Ph.D.
Professor and Head
Department of Chemistry
Indian Institute of Technology Madras

International Online
Faculty Development Programme on

"ICT Tools for Effective Teaching"

DAY 02

Mobile Apps & online Platforms /
Software for Effective Teaching

Dr. Ana Serrano Telleria
Associate Professor
University of Castilla La Mancha,
Spain

The FDP is designed to enhance the teaching and other skills of the faculty. And to make them aware about modern teaching technologies tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in teaching.

DAY 03

Edmodo and Moodle for Online Teaching

Ms. Joana Jaya
Head of Programme
Diploma and Degree in Mass Communication
INTI International University, Malaysia

Eligibility

Faculties from approved Institutions / Universities.
Maximum 300 Faculties can be accommodated.

Registration Link

<https://forms.gle/vXeBwUUhSHnCSvuL7>

Duration

Five days from **22.06.2020** to **26.06.2020**.
Each day 1 hour from 2PM to 3PM (Indian Standard Time)
with special guests

DAY 04

Blended Learning & Flipped Classroom

Dr. P. Malliga, B.E., M.S., M.S., Ph.D.,
Associate Professor & Head In-charge
Centre for Educational Media & Technology,
NITTTR, Chennai

DAY 05

E-labs & Virtual Labs

Mr. Pavan Kumar Reddy,
Assistant Professor,
M. S. Ramaiah University of Applied Sciences,
Bengaluru

About Sathyabama Institute of Science & Technology (Deemed to be University)

Sathyabama Institute of Science and Technology is one of South India's premier Academic and Research Universities that offers multi-disciplinary academic programmes in various fields of Engineering, Science, Technology, Management, Dentistry, Law and Nursing. It has been Accredited with 'A' Grade by the National Accreditation and Assessment Council (NAAC). Sathyabama's standing in rankings and ratings are excellent at National and International level. For the year 2020, Sathyabama Institute of Science and Technology has been ranked in 39th position among the Universities in India by the National Institutional Ranking Framework (NIRF), Government of India. NIRF has consistently ranked Sathyabama in the top 50 positions and this is the fifth consecutive year the Institution is receiving this recognition. Sathyabama Institute of Science and Technology is steered towards success under the leadership of Chancellor Dr. Mariazeena Johnson and President Dr. Marie Johnson. Sathyabama has undertaken various sponsored projects funded by both International & National organizations and also successfully conducted non-formal education programs through 18 village Resource Centers all over the state.

About Department of Mechanical Engineering

The Mechanical Engineering Department, established in the year 1988 is one of the first departments in Sathyabama and has been offering B.E. degree programme in Mechanical Engineering, M.E. degree programmes and Ph.D Research programmes. The department has seen a tremendous growth over the last two decades with faculty members doing their doctoral research in various fields of Mechanical Engineering. The department has state of art laboratory facilities to give a wide exposure to the students for practical knowledge and hands on experience and also to cater the research needs of students and faculty members. In line with our policy of keeping abreast with the latest development, by the collective and responsive effort of the faculty the department conducts FDPs, workshops, symposia, National and International conferences.

Scope and Necessity for Digital Twin Technology

The objective of the program is to develop and create awareness on Digital Twin Technology for quality and process improvement through modeling and simulation in Industries. The customers can create a perfect digital copy of their product, plant and process to simulate how these key elements interact, where bottlenecks form, where waste is generated. Also, they can resolve all these problems by optimizing their enterprise in the virtual world before ever committing a resource in the real world in Industrial revolution 4.0

Training Contents

- ◆ Digital Twin Technologies and the relevance of its Adoption Now
- ◆ Digital Twin –Basics & its Applications in Industry
- ◆ Digital Twin for Process Industries & Application Integrated Engineering to Integrated Operations
- ◆ Digital Twin of Process Plant Digital Twin increasing Manufacturing process & Operational efficiency Digital Twin Technologies – Industry View
- ◆ Digital Twin Tools for Academic Research
- ◆ RF/ Wireless & EMI/EMC Consideration in Digital Twin Team center / Technomatix / MCD Practical
- ◆ Demo & Case Study Automation Simulation for Digital Twin – PLC & Simulation tools

Resource Persons

Experienced faculty members and experts from Industries and premier institutions will be delivering the lectures and practical sessions.

Eligibility

Faculty from AICTE approved Engineering Colleges / Universities with teaching positions in Mechanical Engineering / Information Technology / Computer Science Engineering/Electronics and Communication and other related engineering disciplines are eligible. Interested practicing engineers from industries may also apply. The number of seats is limited to 60 in each slot and selection is based on a first come first serve basis.

Certificate

E certificates will be provided for the participants with 80 % attendance and above 50 % score in Assignments.

Registration is open at:

SATHYABAMA

Institute of Science and Technology

(Deemed to be University)

Accredited with "A" grade by NAAC

CHENNAI, INDIA

www.sathyabama.ac.in

About Sathyabama Institute of Science & Technology (Deemed to be University)

Sathyabama Institute of Science and Technology is one of South India's premier Academic and Research Universities that offers multi-disciplinary academic programmes in various fields of Engineering, Science, Technology, Management, Dentistry, Law and Nursing. It has been Accredited with 'A' Grade by the National Accreditation and Assessment Council (NAAC). Sathyabama's standing in rankings and ratings are excellent at National and International level. For the year 2020, Sathyabama Institute of Science and Technology has been ranked in 39th position among the Universities in India by the National Institutional Ranking Framework (NIRF), Government of India. NIRF has consistently ranked Sathyabama in the top 50 positions and this is the fifth consecutive year the Institution is receiving this recognition. Sathyabama Institute of Science and Technology is steered towards success under the leadership of Chancellor Dr. Mariazeena Johnson and President Dr. Marie Johnson. Sathyabama has undertaken various sponsored projects funded by both International & National organizations and also successfully conducted non-formal education programs through 18 village Resource Centers all over the state.

About Department of Mechanical Engineering

The Mechanical Engineering Department, established in the year 1988 is one of the first departments in Sathyabama and has been offering B.E. degree programme in Mechanical Engineering, M.E. degree programmes and Ph.D Research programmes. The department has seen a tremendous growth over the last two decades with faculty members doing their doctoral research in various fields of Mechanical Engineering. The department has state of art laboratory facilities to give a wide exposure to the students for practical knowledge and hands on experience and also to cater the research needs of students and faculty members. In line with our policy of keeping abreast with the latest development, by the collective and responsive effort of the faculty the department conducts FDPs, workshops, symposia, National and International conferences.

Scope and Necessity for Digital Twin Technology

The objective of the program is to develop and create awareness on Digital Twin Technology for quality and process improvement through modeling and simulation in Industries. The customers can create a perfect digital copy of their product, plant and process to simulate how these key elements interact, where bottlenecks form, where waste is generated. Also, they can resolve all these problems by optimizing their enterprise in the virtual world before ever committing a resource in the real world in Industrial revolution 4.0

Training Contents

- ◆ Digital Twin Technologies and the relevance of its Adoption Now
- ◆ Digital Twin –Basics & its Applications in Industry
- ◆ Digital Twin for Process Industries & Application Integrated Engineering to Integrated Operations
- ◆ Digital Twin of Process Plant Digital Twin increasing Manufacturing process & Operational efficiency Digital Twin Technologies – Industry View
- ◆ Digital Twin Tools for Academic Research
- ◆ RF/ Wireless & EMI/EMC Consideration in Digital Twin Team center / Technomatix / MCD Practical
- ◆ Demo & Case Study Automation Simulation for Digital Twin – PLC & Simulation tools

Resource Persons

Experienced faculty members and experts from Industries and premier institutions will be delivering the lectures and practical sessions.

Eligibility

Faculty from AICTE approved Engineering Colleges / Universities with teaching positions in Mechanical Engineering / Information Technology / Computer Science Engineering/Electronics and Communication and other related engineering disciplines are eligible. Interested practicing engineers from industries may also apply. The number of seats is limited to 60 in each slot and selection is based on a first come first serve basis.

Certificate

E certificates will be provided for the participants with 80 % attendance and above 50 % score in Assignments.

Registration is open at:

Six days online Short term training Programme on “**Digital Twin Technology for Industrial Automation**” was organized by Sathyabama Institute of Science and Technology, Chennai with AICTE from October 5th-10th, 2020 (Phase I), November 2th-7th, 2020 (Phase II) and December 7th-12th, 2020 (Phase III).

The opening Institutional ceremony was inaugurated by **Dr. T. Sasipraba, Vice Chancellor**, Sathyabama Institute of Science and Technology, delivered the introductory speech with the theme of the STTP and the objectives behind organizing the STTP. In her inaugural speech, she spoke about the role of digital manufacturing to improve quality in research and start-up. Her talk covered a wide range of best practices through which the institution can transform the education system towards Digital Manufacturing.

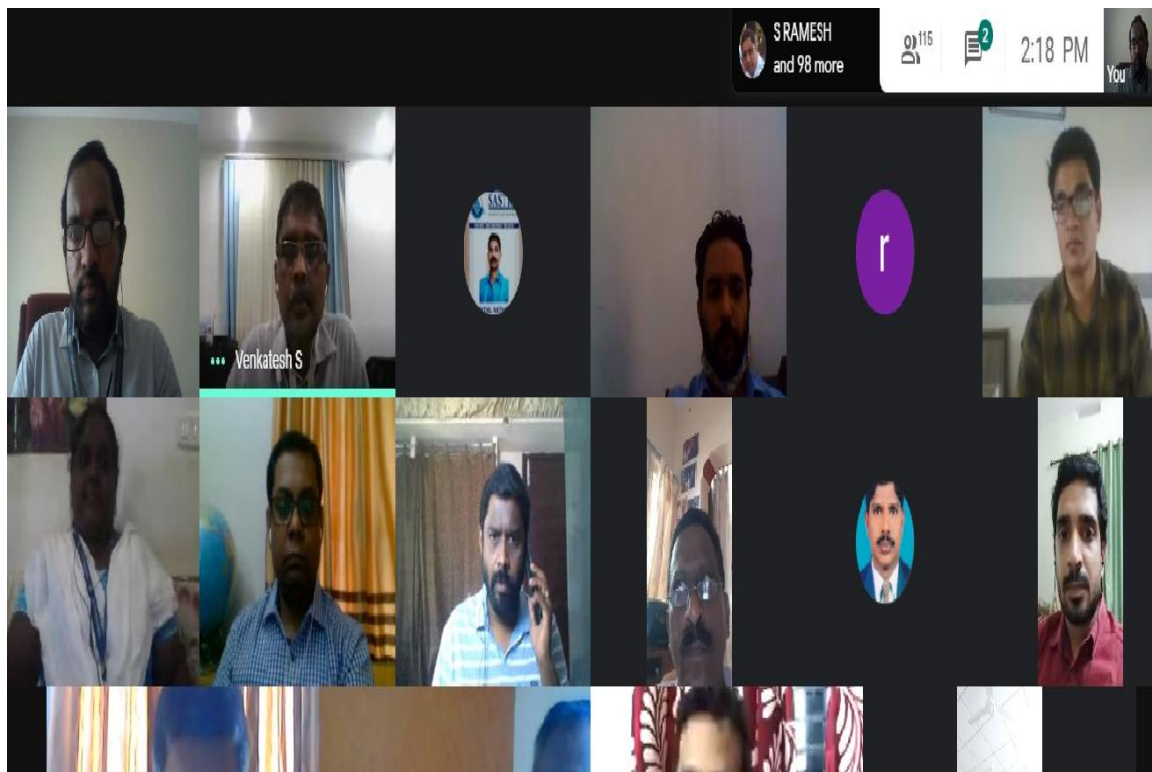

For each phase, there were **17 Technical Sessions and one Motivational Session** in the STTP excluding Inaugural Session and Valedictory Session. A total of 200 faculties, Research scholars, PG Students from various Institutions from the entire nation had benefited and witnessed in the program. Speakers have enlightened the audience with their inspiring talk and shared their valuable experience.

At the end of technical sessions, Dr. S.Prakash, Dean, School of Mechanical Engineering, Sathyabama Institute of Science and Technology, Chennai (Coordinator) gave some valuable suggestions for the creation, continuity or sustenance and maintenance of New Product Development with Digital Manufacturing in Higher Education Institutions. Sathyabama Institute of Science and Technology has to ensure continuous improvement in all the Product Development aspects of an institution and also assure the accountability of the institution for its own quality to the stakeholders.

13. Details of internal revenue if any generated by the Institution / Department on account of this Programme

----NIL --

14. Briefly mention about the technological / academic / or any other benefit generated by conducting this programme with respect to a) the institution, b) the faculty; c) students; d) industry / society.

a) The institution:

This online STTP is a small endeavor of the institution (in association with AICTE) for the knowledge development of engineering faculties in the area of “**Digital Manufacturing**”. The institution is proud for the offered chance to associate with AICTE for conducted this FDP through online mode. It has greatly helped the institute for the industry – institute interface by bringing resource person from industry and academics through virtual mode.

b) The faculty

The knowledge about the “**Digital Manufacturing**” was provided through this STTP to faculties including the following specific areas, like Smart Grid, its integration with Renewable Energy and its Protection.

c) Students

Knowledge gained by the faculty can be imparted to the student community by which they can explore in the latest trends of “**Digital Manufacturing**”.

d) Industry / Society

Helps in developing interactions between the industry and the institution.

ABOUT SATHYABAMA:

Sathyabama is a prestigious institution which excels in the fields of Engineering, Science and Technology for more than three successful decades. It offers multi-disciplinary academic programmes in various fields of Engineering, Science, Technology, law, Dental Science, Pharmacy, Nursing, Management, Arts and Science and Allied Health Sciences. It is established under Sec.3 of UGC Act, 1956 and is been Accredited with „A“ Grade by the National Accreditation and Assessment council. The Institution persistently seeks and adopts innovative methods to improve the quality of higher education and is responsive to the changes taking place in the field of education on a global scale. The Institution has a team of dynamic and outstanding faculty, innovative pedagogical practices , state of the art infrastructure and world class Research Facilities. This glorious Institution is functioning under the dynamic leadership of Dr. Mariazeena Johnson,Chancellor, Dr. Marie Johnson, President and Ms. Maria Bernadette Tamilarasi Johnson, Vice President.

Sathyabama has a good presence in rankings and ratings at National and International level. The Institution has been ranked in 39th position by the National Institutional Ranking Framework (NIRF), Government of India among the Universities in India for the year 2020 and ranked one among the top 50 Universities for five consecutive years. Sathyabama is ranked among the Top 5 Institutions in the Country for Innovation by ATAL ranking of Institution for Innovation Achievements, Govt. of India. Times Higher Education and QS has ranked Sathyabama among the top Institutions worldwide. Sathyabama Institute of Science & Technology has alliances with leading Universities and research establishments at National and International Level. It is a research intensive University with world class laboratories and research facilities and is involved in research in the emerging areas of Science and Technology.

Sathyabama has undertaken various sponsored and collaborative R&D projects funded by National and International Organizations. Sathyabama has written a special page in the history of space research on 22nd June 2016 with the launch of “SATHYABAMASAT” in association with ISRO. Sathyabama has emerged as a

leading Institution and achieved excellence in higher education to international standards owing to its research and academic excellence.

ABOUT SCHOOL OF LAW:

Sathyabama School of Law aspires to be an internationally-renowned Centre for research and teaching in law. School of Law is dedicated in advancing human dignity, social welfare and justice through knowledge of law. School of Law offers B.A.LL.B (Hons.), B.B.A.LL.B (Hons.), B.Com.LL.B (Hons.) and LL.B Programs. Our courses are academically rigorous, informed by the latest research. Courses are taught by dedicated, efficient and industrious faculty and a cadre of intellects that includes respected judges and experienced practitioners. We work with a wide variety of groups including the legal profession, policy makers, research bodies and organizations. This reflects our strength in many fields of legal and socio-legal research and this gives our students the opportunity to interact with internationally-respected scholars.

Our programmes will prepare students for a career in the legal profession and beyond. The curriculum has been designed to provide with a strong foundation in the core subjects coupled with opportunities to pursue optional courses in areas of undergraduate"s choosing.

ABOUT FDP:

Intellectual property (IP) contributes enormously to our national and state economies. Dozens of industries across our economy rely on the adequate enforcement of their patents, trademarks, and copyrights, while consumers use IP to ensure they are purchasing safe, guaranteed products. We believe IP rights are worth protecting, both domestically and abroad. Risk and occasional failure are the lifeblood of the innovation economy. IP rights incentivize entrepreneurs to keep pushing for new advances in the face of adversity

IP rights facilitate the free flow of information by sharing the protected know-how critical to the original, patented invention. In turn, this process leads to new innovations and improvements on existing ones. This FDP has been initiated with an objective in bringing all of these important and diverse points together and to create awareness among academics and industry.

About Sathyabama

Sathyabama Institute of Science & Technology is one of the pioneer institutions in India, Imparting knowledge in the areas of engineering, science, technology and management, Law, pharmacy and nursing. It is accredited with “A” grade by NAAC and approved by AICTE, government of India. It has been ranked in 41st position by the national Institutional ranking framework (NIRF), government of india among the universities In India for the year 2019 and ranked one among the top 50universities for the past four Consecutive years. The institution has **been awarded** 4 star ratings for overall Performance by QS (quacquarelli Symonds), the world's no.1 ranking agency. Sathyabama Institute of Science & Technology is a research intensive institution and offers multi-disciplinary academic programmes at under graduate, postgraduate and Doctoral level. It has a team of dynamic and outstanding faculty, innovative pedagogical Practices and state of the art infrastructure. Sathyabama Institute of Science & Technology has alliances with leading universities, industries and research Establishments across the world. It is a potential destination for students across the globe Owing to its admirable academic and research ambiance. Sathyabama has secured the 39th rank in the NIRF ranking 2020. Ranked among top 50 universities in the country For the 5th consecutive year.

About School of Law

Sathyabama School of Law aspires to be an internationally-renowned Centre for research and teaching in law. School of Law is dedicated in advancing human dignity, social welfare and justice through knowledge of law. School of Law offers B.A.LL.B (Hons.), B.B.A.LL.B (Hons.), B.Com.LL.B (Hons.) and LL.B Programs. Our courses are academically rigorous, informed by the latest research. Courses are taught by dedicated, efficient and industrious faculty and a cadre of intellects that includes respected judges and experienced practitioners. We work with a wide variety of groups including the legal profession, policy makers, research bodies and organizations. This reflects our strength in many fields of legal and socio-legal research and this gives our students the opportunity to interact with internationally-respected scholars. Our programmes will prepare students for a career in the legal profession and beyond. The curriculum has been designed to provide with a strong foundation in the core subjects coupled with opportunities to pursue optional courses in areas of undergraduate’s choosing.

About Cyber Crime Clinic

Cyber Crime Clinic aims to provide one single common platform for awareness, education, protection, remediation, recourse, treatment and attempts to provide solution(s) with respect to Cyber Incident(s), Computer Related Offence(s), Cyber Crime, Cyber Law, Data Protection, Privacy, Incident Response and Safety. Cyber Crime Clinic aims to provide one single common platform for awareness, education, protection, remediation, recourse, treatment and attempts to provide solution(s) with respect to Cyber Incident(s), Computer Related Offence(s), Cyber Crime, Cyber Law, Data Protection, Privacy, Incident Response and Safety. This app is a developed with the need and demand of changing times when people are spending almost 8-10 hours of their day using technology (Mobile for work/leisure and being connected 24x7 & Computer Systems for work).This app shall help in changing the culture and mind-set with respect to Information Security, Data Protection and Privacy of users and eventually being proactive in approach and follow basic hygiene regime with respect to Cyber Crime, Computer Related Offence, Bank Frauds, Identity Theft, and so on.

Key Speakers

Topic: Cyber security Research in STS studies- 20.7.2020 @ 4 PM
Dr. SAMBIT MALLICK
Associate Professor- IIT Guwahati

Topic: An Overview of Cyber Forensic- 22.07.2020 @ 4PM
Mr. Ramesh Oganian
Founder: Hexa Digital Forensic Corporation

Topic: : Cyber Law – Electronic Evidence & Admissibility –23.07.2020 @ 4 PM
Mr. Vicky Shah
Advocate – Data Privacy Professional

Topic: Digital Payment-Frauds & Security 20.07.2020 @ 5PM
Mr. Vicky Shah
Advocate – Data Privacy Professional

Topic: Artificial Intelligence in the sphere of Cyber Law – 22.07.2020 @ 4:45PM
Ms. Deepa Manickam
Assistant Professor –TNNLU -Trichy

Topic: Dispute resolution in Cyber Space- 23.07.2020 @ 5 PM
Mr. Sai Sunder
Advocate – Dispute Resolution

Topic: Recent Trends in Cyber Crime- 21.07.2020 @ 4 - 6PM
Dr. S. Murugan, IPS
Inspector General of Police

Topic: Cryptocurrency in India 22.07.2020 @ 5:30PM
Ms. Shanthi Samandha
Assistant Professor- TNNLU-Trichy

Topic: Gender Media Democracy 24.07.2020 @ 4PM
Dr. Maitrayee Chaudhuri
Professor- JNU, Delhi

Topic: Cyber Security-Carrier, Education, Training & Essential Ethics- 25.07.2020 @ 4PM
Mr. Dinesh O Bareja
Founder& COO- Open Security Alliance & India Watch.in

Topic: Privacy & Cyber Security 25.07.2020 @ 5PM

12th Oct 2020: Adapting to the New Normal

The event was conducted on 12 October 2020, in seminar hall venue -2 .The Program started by 2.00p.m with the welcome address by Dr.Mercy. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms.Pavithra of B.A gave an introduction about the chief Guest Dr.Sufina K, Assistant Professor, Department of English, Madurai Kamaraj University, Sivakasi. There was a total number of 65 participants.

The Chief Guest gave a clear picture on how to adapt to the new normal.

She started her speech by explaining the topic new normal is and the way it works. The points she discussed are as follows.

This situation is both uncertain and temporary! It is okay not to feel okay. It is also okay (and encouraged) to seek help and support! Consider this a time to reflect on who you want to be during this time.

Focus on what is within your control. It is good to be informed, it is a good idea to take breaks from conversations, news, and information related to COVID-19.

Adjustment is a process that looks differently for most people. This process is not liner or well defined. Patience and flexibility are important. Please be respectful of where you are in the process (some self-compassion can go a long way) and of where others are.

It is okay to be curious about where your friends, family, and others are in their process and to seek to understand their wants and needs at this time. Do not forget to tell them what you want and need too! Setting a routine can be helpful! In addition to doing your schoolwork make sure

SATHYABAMA

www.sathyabama.ac.in

to schedule time for your physical and emotional health, fun, creatively, social connection, and stress relief! It is okay to set boundaries, even with family members, friends, and professors.

The participants were students from all departments. Overall, the Program went on successfully and the students were well educated on adapting oneself to the new normal.

17th Mar 2021: Interpersonal and Effective Communication

The event was conducted on 17 March 2021, in seminar hall venue -2 .The Program started by 2.00 p.m with the welcome address by Dr. Amutha Monica She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Mr. Madev Raj of B.A gave an introduction about the chief Guest Dr.Parveen Banu, Psychologist and Researcher, Chennai. There was a total number of 60 participants.

The Chief Guest gave a intense speech on Interpersonal and Effective Communication.

She started his speech by explaining about Interpersonal skills and her points are as follows.

Interpersonal and effective communication refers to as social intelligence. They depend on reading the signals others send and interpreting them accurately in order to form a response. Strong interpersonal skills such as negotiating, problem solving, and knowledge sharing are the main requirements for many jobs. Other skills are essential qualifications for all employees, including: Teamwork, Verbal and written communication, Dependability, Responsibility and Empathy.

It is difficult to imagine a company thriving if its employees do not have these interpersonal skills. Most jobs are not isolated and require the interaction between many individuals within a firm. These can be colleagues on your level or those with a higher role in the firm, such as a managing director or CEO. Having strong interpersonal skills will allow for more efficiency in getting tasks done as well as done correctly all to the betterment of the company. Having poor, interpersonal skills can be a detriment. Even if an employee is able to do their work correctly and well, having poor interpersonal skills can be a factor in the limitations of their growth at a firm as

19th Jan 2021: Ethics, Values and Respect

.00 p.m with the welcome address by Dr. Sowmiya. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Mr. Kareem of B.A gave an introduction about the chief Guest Ms.S.Vinitha, Psychologist and Organization Development Specialist, The Mind Care India, Chennai There was a total number of 60 participants.

The Chief Guest gave a vivid speech on Ethics, Values and Respect.

She started his speech by explaining about ethical values and respect for fellow human being, organization, and The event was conducted on 19 January 2021, in seminar hall venue -2 .The Program started by 2at a personal level. She discussed the following points.

Values: values are “things that have an intrinsic worth in usefulness or importance to the possessor,” or “principles, standards, or qualities considered worthwhile or desirable.” However, it is important to note that, although we may tend to think of a value as something good, virtually all values are morally relative – neutral, really – until they are qualified by asking, “How is it good?” or “Good to whom?” The “good” can sometimes be just a matter of opinion or taste, or driven by culture, religion, habit, circumstance, or environment, etc. Morals: Moral values are relative values that protect life and are respectful of the dual life value of self and others. The great moral values, such as truth, freedom, charity, etc., have one thing in common. When they are functioning correctly, they are life protecting or life enhancing for all. But they are still relative values. Our relative moral values must be constantly examined to make sure that they are always performing their life-protecting mission. Even the Marine Corps core values of “honor, courage and commitment” require examination in this context. Ethics: A person who knows the difference between right and wrong and chooses right is moral. A person whose morality is reflected in his willingness to do the right thing – even if it is hard or dangerous – is ethical. Ethics are moral values in action.

19th Feb 2021 : Application on ICT in English Language Teaching

The event was conducted on 19 February 2021, in seminar hall venue -2. The Program started by 02.30 p.m with the welcome address by Dr.Lizy. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms.Snega of B.A was asked to give an introduction about the chief Guest Ms. Priyadarshani, Assistant Professor, Bannari Amman Institute of Science and Technology, Coimbatore. There was a total number of 65 participants including our students.

The Chief Guest gave an ideal speech on the uses of ICT in English Language Teaching.

She started her speech with the 5 types of ICT Tools used in Primary section they are Spreadsheets. Presentation software, Blogging. Information literacy skills. Animation. Publishing programs. Web 2.0 and Video making in detail which created a interest among the students and faculty. Added to the above she also explained that ICTs can enhance the quality of education in several ways: by increasing learner motivation and engagement, by facilitating the acquisition of basic skills, and by enhancing teacher training. ICTs are also transformational tools which, when used appropriately, can promote the shift to a learner-centered environment. To make things familiar she told about Some of the commonly used ICT tools are desktops, laptops, pen drives, etc. They are devices or objects that are used in the IT world, that is information and technology.

The press and the newspaper are considered the most important type of ICT tools. The main source of the teacher is to make the class interesting ICT allows the teacher to produce and modify resources quickly and easily. It allows access to a wide range of information in various

formats, and interactive whiteboards (IWBs) have become essential tools in the classroom. The Challenges we have when we use ICT Tools were discussed. The challenges are Limited accessibility and network connection, school with limited technical support, lack of effective training etc. The participants were also from different colleges and states where the management provided stay in our campus.

Overall, the Program went on successfully creating an interest for the participants to use ICT Tools effectively.

BRIEF REPORT OF WEBINAR

Semantics and Pragmatics in Poetry

On 9th November, 2021 at 1.00 p.m to 3.00 p.m

A webinar on the topic Semantics and Pragmatics in Poetry was arranged by the initiative taken by Dr .B. Bharathi, ,Centre for distance and online education in association with Department of English, Sathyabama Institute of Science and Technology and invited speaker Dr.Manuel R Tanpoco, Assistant Professor 2, Ramon V. Del Rosario College of Business **DE LA SALLE UNIVERSITY , Manila, Philippines** on 9th November,2021 at 1.00 Noon.

The Program was organised by Dr.Lizy, Assistant Professor ,Department of English with the support of the convenor Dr. B. Bharathi ,CDOE and Co-convenor Dr. Amutha Monica.J Assistant Professor, Department of English. The session started by the welcome speech delivered by Dr.B.Bharathi by inviting everyone gracefully for the session Introduction about the guest speaker was given by Dr.Lizy, Assistant Professor, English Department.

The speaker started the session by introducing the importance of poetry and how to reach the maximum understanding through different ways.He started the session by giving a brief explanation about Plato's Naming Theory. What is the limit of our understanding when we hear words .In order to give a vivid explanation he explained a HAIKU

“ aged tree skin is not

Wrinkles we don't want to have

It is their wisdom ”

He also added the importance of knowing what is a concept in poetry. As an additional information he has taken the poetries singing along with music to make it interesting the following poems were taken **Invictus** by William Ernest Henley, **The Arrow and the Song** by Henry Wadsworth Longfellow, **The Road has not Taken** by Robert Frost and **Because I could not stop for Death** by Emily Dickinson. Explanatory part was very simple and interesting. Finally

PROFESSIONAL DEVELOPMENT PROGRAM FOR TEACHING STAFF
KAHOOT LEARNING PLATFORM

17-06-2020

A professional development program on Kahoot Learning Platform training was organized and attended by the faculty members of the computer science department. A total of 80 of teaching staff members had attended the program. The main aim was to to increase engagement, motivation, enjoyment, and concentration to improve learning performance and classroom dynamics. This session was taken for faculties to make them to have efficient hands on practice. Since the game-based platform allows you to create new quizzes from scratch, it's possible to be creative and offer bespoke learning options for faculties. The training consists of both theory and practical session. Each person had been given an individual attention. The feedback of the program is extremely good and many members had requested for the similar program. It is very much useful for them to handle their lab sessions.

PROFESSIONAL DEVELOPMENT PROGRAM FOR TEACHING STAFF
SOCIETY 5.0

21-10-2020

A professional development program on SOCIETY 5.0 training was organized and attended by the faculty members of the computer science department. A total of 96 of teaching staff members had attended the program. The main aim was to create a society where we can resolve various social challenges by incorporating the innovations of the fourth industrial revolution (e.g. IoT, big data, artificial intelligence (AI), robot, and the sharing economy) into every industry and social life. By doing so the society of the future will be one in which new values and services are created continuously, making people's lives more conformable and sustainable. This session was taken for faculties to make them to have efficient hands on practice. The training consists of both theory and practical session. Each person had been given an individual attention. The feedback of the program is extremely good and many members had requested for the similar program. It is very much useful for them to handle their lab sessions.

PROFESSIONAL DEVELOPMENT PROGRAM FOR TEACHING STAFF
DESIGN THINKING

DATE: 11-12-2020 TO 11-01-2021

A professional development program on “DESIGN THINKING ” was attended by the teaching members of the computer science department.

A total of 85 teaching staff members had attended the program.

The programme addressed the approach to solving creative challenges, emphasising the interaction between designers and users as well as how people feel, think, and act. It stressed the critical role that the Design Thinking methodology plays in creating a design-driven culture that places the needs of the consumer first in today's rapidly evolving environment. It makes it easier for people to establish their organization's strategies, processes, and products.

Individuals can get client input that can help them improve their products or services utilising creative solutions by implementing the Design Thinking approach within an organisation. Because they may reexamine challenges using human-centric methodologies and with a primary focus on customer needs, design teams in contemporary firms frequently apply the Design Thinking concept to address poorly defined problems.

Many members of the teaching staff who provided comments said the session was very helpful and they anticipate seeing another one like it in the near future.

Entrepreneurship training

DATE: 12-12-2021 to 20-12-2021

A professional development program on “**Entrepreneurship training** ” was attended by the teaching members of the computer science department.

A total of 70 teaching staff members had attended the program.

The initiative addressed the following goals, including promoting and educating individuals about an entrepreneurial culture. Additionally, it inspired young people to think about self-employment or entrepreneurship as a possible career path. It gave the target demographic the technical and business skills they needed early in their careers, enabling them to think and behave entrepreneurially, which not only encouraged them to choose entrepreneurship as a career option but also helped them succeed in any profession. It placed a strong emphasis on basic entrepreneurship training, which can assist entrepreneurs in putting their ideas into action, changing the attitudes and behaviours of the target audience, and developing their own entrepreneurial talents.

Many of the non-teaching staff members who commented said the session was really beneficial and they hope to see another one like it soon.

UHV SENSITIZATION PROGRAM

DATE: 03-12-2021

A professional development program on “SENSITISATION TO UNIVERSAL HUMAN VALUES” was attended by the teaching members of the computer science department.

A total of 90 teaching staff members had attended the program.

The specific objectives of the program were, to make the learner more aware of the importance of acquiring a holistic view on life. To make the student aware of the breadth of life, including the individual, family (interpersonal relationships), society, and nature/existence enhancing one's ability to reflect. to get more assured and dedicated to comprehend, discover, and behave appropriately. The goal is to foster the growth of a wholistic outlook on life. A self-reflective teaching technique is used. It gives the learner the opportunity to investigate his or her place (value) in all facets of living, including as an individual, a member of a family, a member of society, and a unit in nature.

Many teaching staff members had given the feedback that the program was very useful and they are expecting the similar program in the nearby future.

Year 2020-2021

Dates (from-to) (DD-MM-YYYY)	Title of the administrative training program organized for Teaching Staff
29-07-2020 to 04-08-2020	6-Days Web Meet Series with Inspiring Entrepreneurs
01-03-2021 to 17-03-2021	15-Days Executive Development Program on Society-5.0

The Department of Information Technology organized a 6-day webinar series from July 29th to August 04th 2020. On Day 1 (29/07/2020), from 11:00Am to 12:00 PM, Shri.K.Jayachandran, MSME Technology Development Center, presented an excellent session on “Entrepreneurship” . On Day 2(30/07/2020) from 11:00Am to 12:00 PM, Mr.Varun, Founder and Director, Haptic VR Systems Ltd. presented a talk on the importance of Business. On Day 3 (31/07/2020) from 11:00AM to 12:00PM, Mr.Vel Murugan. S, Fabevy Technologies, gave a motivational talk on “Journey with Entrepreneurs”. It was a completely different and interesting session. Participants were able to inculcate the importance of Entrepreneurship. On Day 4 (01/08/2020) from 11:00AM to 12:00PM, Mrs.Deepa, Founder & CEO of Some More Foods gave a session talk. On Day 5 (03/08/2020) from 11:00AM to 12:00PM, Mr.Madhavan, Board Member, Agile Consortium, Belgium shared his knowledge and experience on Entrepreneurship. On Day 6 (04/08/2020) from 11:00AM to 12:00PM, Mr.Praveen Kumar, Firstein Advisory gave a session talk. Participants were able to acquire the basics on Entrepreneurship and they

were able to inculcate the insights of it. At the end of the session, the speaker clarified the doubts of the participants. Feedback link was posted in the chat-box to acquire the inputs about the program from the participants. The overall feedback received by the participants stated that the webinar was excellent and they were able to take away the benefits of Entrepreneurship.

POWER QUALITY ISSUES AND GRID CODE IN WIND ENERGY CONVERSION SYSTEMS

DATE OF WEBINAR:

05.06.2020

TIME:

11.00AM TO 12 NOON

Resource person:

Dr.R.Rajasingh,

Associate Professor/EEE,
Vellore Institute of Technology,
Vellore

For Registration click:

ORGANIZES LIVE WEBINAR ON

UV Sanitization: The Magic Bullet

(Against COVID-19)

7th June , 2020

11:00 hrs – 12:00 hrs

Mr. Kashish Shah

BUSINESS HEAD, OASIS Luminaires & PRACHI International Lights

"As Corona has outspread throughout the world, we need to keep our interspace from it. We can sanitize ourselves but we can't sterilize everything. So, to avoid this pervasive effect of COVID-19 a device that is UV Sanitization tactic has been developed. It uses UV rays which depurate everything i.e. from a toy to a shopping mall."

SCHOOL OF SCIENCE AND HUMANITIES

DEPARTMENT OF ENGLISH

05th Oct 2020: Current Trends in Teaching English as Second Language

The event was conducted on 05 October 2020, in seminar hall venue -2 The Program started by 01.30 p.m with the welcome address by Dr.Amudha Monica. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives and introduced the chief Guest Dr. U.S. Akshara Govind, Assistant Professor, Department of English, SRM Institute of Science and Technology, Chennai. There was a total number of 50 participants.

The Chief Guest gave a vibrant speech on The Current Trends in English Language Teaching as Second Language.

She started her speech by explaining how English Language as evolved and how it has emerged as a forerunner in the 21st century across the globe in schools, colleges and at work place. The points discussed are as follows.

Task-Based Language Teaching: A response to traditional teacher-led, grammar-oriented approaches of language instruction that encourages memorization, TBLT is a student-centered method that relies on interactive, meaningful activities. Students use language to tackle real-world situations, learn how to ask questions, and negotiate meaning in how they interact with groups. **Tactile and Embodied Learning:** Primarily intended to meet the needs of kinesthetic learners, tactile and embodied learning incorporates movement and touch into the English teaching process to enhance memory and engagement. Real-life objects, crafts, games, and physical storytelling help students become involved in the process of learning. **Mobile Learning and Gaming:** Apps and online games are more popular and accessible than ever. They offer new and exciting methods of teaching English. **Blended Learning:** Mobile or web-based learning is usually not effective on its own. Many English teachers prefer blended learning, which utilizes both traditional classroom support and autonomous web-based tools. While students receive

Accredited "A" Grade by NAAC | 12B Status by UGC | Approved by AICTE

www.sathyabama.ac.in

guidance and foundations for learning in the classroom, they can engage with English outside of the classroom through digital games and practices.

The participants were all English faculties from different colleges from in and around Chennai. Overall, the Program went on successfully and teachers learnt the current trends in Teaching English.

SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

(Deemed to be University)

SHORT TERM TRAINING PROGRAM ON ABB IRB 1520 INDUSTRIAL ROBOT

Organized by
Department of Mechatronics Engineering
School of Mechanical Engineering
Date: 19 -02-2020 to 13-03-2020

This training mainly focuses on providing the students the fundamentals, terminologies and basic operations of the industrial robots for the students and research scholars to meet the ever changing demands on industrial needs for Robotics.

COURSE HIGHLIGHTS

- 30 Hours of Hands on Experience with ABB IRB1520 Robot
- Training Sessions on Program Industrial Robot
- Training sessions on robot kinematics using MATLAB Software
- Certificate will be Provided in association with Professional Bodies

Convener
Dr. S. Prakash
Dean, School of Mechanical Engineering

COURSE MODULES FOR TRAINING PROGRAM ON ABB IRB 1520 INDUSTRIAL ROBOT

MODULE – I	• Introduction to Robotics • Introduction to Industry 4.0 • Need of Robots in Manufacturing • Robot Configuration , Work Volume & Pay load • Robot Kinematics • Robot Grippers • Robot Gripper Design • Robot Actuators • Robot Sensors	(8 hours)
MODULE – II	• Robot Machine Vision System • Robot Control System • Flexible Manufacturing Systems • Robot work cell • Industrial Application for Robots • Robots in Medical Applications • Robots in Hazardous Environment • Robot Safety and Maintenance	(12 hours)
MODULE – III	• Introduction to Robot Programming • Teach Pendant / Flex Pendant • Robot Coordinates , TCP , Interfacing with Flex Pendant • Basic Operations using Flex Pendant • Jogging Mode – Practical – I • Motion Commands – Practical – II • Basic Pick and Place Operation – Practical – III • Programming for Palletizing – Practical - IV	(10 hours)

HOUSE PRICE AND RENOVATION PREDICTION ANALYSIS USING DIFFERENT MACHINE LEARNING ALGORITHMS

¹M. Naga Srinivasa Karthik, ¹M. Rahul Sai Krishna, ²A. Mary Posonia.

¹UG Student, Department of CSE, Sathyabama Institute of Science and Technology,
Chennai, Tamil Nadu.

²Associate Professor, Department of CSE, Sathyabama Institute of Science and Technology,
Chennai, Tamil Nadu.

karthiknaggy@gmail.com, mithintirahul8006@gmail.com, maryposonia.cse@sathyabama.ac.in.

Abstract: The prediction of accurate housing price has become an essential task for the real-estate parties on demand of houses for splendid population. Selling of old properties is also a challenging task as it is costly to renovate all the property. Renovation of on demand attributes of the property saves money and time. Machine learning predictive methods play a key role in these scenarios. Different regression methods produce different error values. In this paper the focus is on finding the relative best predictive method on Boston housing dataset with relative less error thereby increasing accuracy. The comparison of mean and standard deviation of price among ten techniques has been done and visualized using various plots. Gradient boost algorithm was found to be the best among all the methods analyzed with higher accuracy and very low MSE value at 10.292; RL being a prominent variable. So, the rooms with damaged property has to be renovated in first priority. External and internal factors contributing to price variation have also been studied.

Keywords: Decision tree, Gradient boost regression, Housing price prediction.

STUDENT'S CIRCULAR

Ref: SU/EEE/Workshop/Circular/2020

Date : 25.01.2020

We have planned to organize six days workshop on Embedded system TIVA C series processor based IOT application on 29.1.2020 to 31.1.2020 (phase I).

Time : 8.30 AM to 3.00 PM
Venue : EEE(Embedded System Lab)

- The workshop is open for the students of School of Electrical and Electronics
- Registration fee : Rs. 450(Max:20)

Interested students are asked to register their names with workshop coordinator Mrs. R. Meena Devi, Assistant Professor, Department of Electrical and Electronics Engineering on or before 28.01.2020.

Dean/Student affairs

Copy to:

1. All deans and heads
2. For circulation to II year classrooms (ECE, EEE, ETCE, E&I, E&C)
3. For circulation to III year classrooms (ECE, EEE, ETCE, E&I, E&C)

2019 - 2020 Event : A Professional Development Program for Teaching staffs on Pedagogy of the 21st century innovative teaching methods

The event was conducted on 10th march 2019, in the seminar hall. The Program started from 2.00 PM to 3.00 PM with the welcome address by Dr. Mercy Gnana Gandhi. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Dr. Sowmiya from English department welcomed and introduced the chief Guest Mr. Tenzin Tsundue, writer, activist and social reformer. There was a total number of 43 participants.

The Chief Guest enlightened the students with his talk on Pedagogy of the 21st century and different teaching methods. The speaker tracked the the pedagogy from the origin to till date. He gave a wide knowledge on the trending innovative teaching methods. Flipped learning, Blended learning, Project based learning, peer learning are some of the learning strategies he talked on. The speaker also gave a wide array of inputs on the limitations of early pedagogy. He suggested teachers to update on the new variety of teaching strategies because the changing world demands such innovation.

Pedagogy of the twentieth century differs from the pedagogy of the twenty - first century. Since the beginning of the twenty-first century, there have been many changes in the development of national and world education. Everything is digital now, so the pedagogy demands the inculcation of it.

Furthermore, the speaker gave various activities to the teachers and explained everything with real time examples and experiences. The participants were also from different colleges and states where the management provided stay in our campus. On the whole the Program went on successfully creating an interest, awareness and expanded the knowledge of the teachers.

School of Mechanical Engineering

Date: 03-02-2020 to 15-02-2020

This training mainly focuses on providing the Technical staff the fundamentals, terminologies and basic operations of the CNC machine for the staff member to meet the ever changing demands on industrial needs for CNC operations

COURSE HIGHLIGHTS

- Hands on Experience with CNC Machine
- Dedicated Sessions on CNC Program for Various object
- Certificate will be Provided in association with Professional Bodies

Convener
Dr. S. Prakash
Dean, School of Mechanical Engineering

COURSE MODULES FOR HANDS ON TRAINING PROGRAM ON CNC AND PROGRAMMING

MODULE – I	• Introduction to CNC machine • Introduction to Industry 4.0 • Need of CNC in Manufacturing • CNC Editor • Alphabetic & Special Character Address Codes • Alphabetic Address Code Definitions • G&M Codes • Select G-Code Definitions (Expanded) ..	(10 hours)
MODULE – II	• CNC Turning • Lathe Components • Lathe Coordinate System • Tools and Tool Holders • 3D Toolpaths • Lathe G-Codes .. • Lathe M-Code • CNC Turning program • CNC Safety and Maintenance • CNC lathe operation working with machine	(14 hours)
MODULE – III	• CNC Milling Setups • Fixture Components.... • CNC Milling Work-Holding Device • 2D Milling Toolpaths • Milling G-Codes .. • Milling M-Code • CNC milling program • CNC milling operation working with machine	(14 hours)

2016-2017 Event : An Administrative Training Program on "Stress Management"

An Administrative Training Program on "Stress Management" was conducted on 19th December 2017, in auditorium .The Program started at 10.00 a.m with the welcome address by Dr. Avinash . He gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms. Veronica of B.A introduced our Chief Guest Dr. Amutha Monica, Assistant Professor, Sathyabama Institute of Science and Technology. Around 55 participants were trained in this program.

The Chief Guest gave a magnificent explanation about Stress Management and its Importance.

Our Chief Guest explicated the science of stress and its relationship to disease. When we become stressed, the brain undergoes both chemical and physical changes that affect its overall functioning. During periods of high stress, certain chemicals within the brain, including the neurotransmitters dopamine, epinephrine, and norepinephrine, begin to rise, causing larger amounts of these and other "fight-or-flight" hormones such as adrenaline to be released by the adrenal glands. The release of these chemicals contributes to certain physiological effects, including rapid heart rate, higher blood pressure, and a weakened immune system. When left unmanaged over time, chronic stress can lead to the development of other serious problems, such as stomach ulcers, stroke, asthma, and heart disease. Many health care professionals also

www.sathyabama.ac.in

consider chronic stress a significant risk factor for illnesses such as cancer and heart attacks.

Stress is also hard on your digestive system.

The Chief Guest suggested to spend value time with children, books or anything that gives them joy, even a small talk with friends may burst our stress.

The Chief Guest involved the participants in some activities to prove her point, active participation and interesting interaction made the program quite interesting and it had far reaching effect. On the whole the Program went on successfully with long lost

effects in the participants.

2017 -2018 ENGLISH LANGUAGE TEACHING AND LITERATURE

A Two –day workshop was organized by the department of English on English Language and Teaching Day I Session was conducted by Mr.A.Narish,Trends in Contemporary Indian Writing Day II Session was conducted by Ms.C.Indhumathi Enhancing Listening through Act. The first Day I session was conducted in Seminar Hall venue I at 10.00 a, the session one came to an end by 12.00 noon.Mr.A.Narish gave a vivid picture about the Trends in Contemporary Writing . He explained The word contemporary means living, belonging to or occurring in the present. So when we talk about contemporary literature, we are talking about **literature that is being written in the now about the now**.He also extended his speech talking about the types of contemporary Literature and Contemporary literature refers to **prose, poetry, and drama** published since 1945 and comprises two movements. Typical characteristics of the contemporary period include **reality-based stories with strong characters and a believable story**. Settings usually keep to the current or modern era, so futuristic and science fiction novels are rarely included in this category was explained by him. With the strength of 68 participants the Day 1 Session came to an end.

The Day 2 Session was conducted by Ms.C.Indhumathi , The guest introduced the topic "Hearing is a physiological phenomenon; listening is a **psychological act**." We are always hearing, most of the time subconsciously. Listening is done by choice. It is the interpretative action taken by someone in order to understand, and potentially make sense of, something one hears. She also explained the 5 Acts of Listening and seven Key active Listening Skills Active listening is when you are fully aware and concentrate on what is being said rather than passively hearing what the speaker is trying to convey. She concluded her speech by speaking about the goal of listening.

The goal of active listening is to acquire information, listen to understand people and situations before responding to it. It is the conscious decision to listen carefully and understand what people are trying to convey without being judgmental. It was happy to see the strength of 68 participants actively involved in the Program. The two day workshop went on successfully

2016-2017 EVENT :

AN ADMINISTRATIVE TRAINING PROGRAM ON "IMPORTANCE OF INTERPERSONAL SKILLS"

An Administrative Training Program on "Importance of Interpersonal Skills" was conducted on 3rd November 2017, in Seminar Hall 3. The Program started at 02.00 p.m with the welcome address by Mr. Richard Jagadeesan. He gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms. JayaPradha of B.A introduced our Chief Guest Dr. Mercy Gnana Gandhi, Professor, Sathyabama Institute of Science and Technology. Around 65 participants were trained in this program.

The Chief Guest gave a magnificent explanation about Interpersonal Skills and its Importance.

Our Chief Guest explicated benefits of improving your interpersonal skills and the effects it can have on the business and team.

Intrapersonal skills are needed for leading our three subsystems in an optimal manner: emotions, thoughts, and awareness. To create a meaningful life, enhance productivity and nurture happiness, these three subsystems need to work in seamless cooperation together along with the physical body. Building meaningful connections with others is when interpersonal skills are most effective, helpful, and gratifying. Developing personal relationships at work is essential and maintaining them within professional boundaries is a welcome skill in the workplace.

The Chief Guest involved the participants in some activities to prove her point, active participation and interesting interaction made the program quite interesting and it had far reaching effect.

On the whole the Program went on successfully with long lost effects in the participants

2017-2018 Event: An Administrative Training Program on "Performance Appraisal Management"

An Administrative Training Program on "Performance Appraisal Management" was conducted on 4th January 2018, in Seminar Hall 3. The Program started at 01.00 p. m with the welcome address by Dr. Mercy Gnana Gandhi. She gave a warm welcome to the Chief Patrons, Patrons and Management Representatives. Ms. Sathyapriya, Assistant Professor, introduced our Chief Guest Dr. S. Mani, Professor & Head, Planning and Administration, Tamilnadu Teachers Education University. Around 50 participants were trained in this program.

The Chief Guest gave a splendid explanation about Performance Appraisal Management.

Our Chief Guest illuminated saying that the performance management cycle is a part of the performance management process or strategy, it is shorter and utilizes a continuous four-step procedure of planning, monitoring, reviewing and rewarding. So such important Appraisal should be welcomed with a view for improvement.

The Chief Guest involved the participants in some activities to prove his point, active participation and interesting interaction made the program quite interesting and it had far reaching effect.

On the whole the Program went on successfully with long lasting effects in the participants.

LIST OF PARTICIPANTS FOR FOUR WEEKS SHORT TERM SKILL DEVELOPMENT COURSE ON AUTOCAD DESIGN

**Organized by
School of Mechanical Engineering
Date: 05 -12-2017 to 04-01-2018**

S. NO.	Technical Staff Name
1	Prabhu
2	Arul Jothi
3	Diraviyum
4	Bala
5	Jegan Doss

S. NO.	Teaching Staff Name
1	Mr. K.S Sridhar Raja
2	Mrs.Lily Mercy
3	Dr. S. Ganesan
4	Mr.P.Gunasekar
5	Dr.B.Kanimozhi
6	Mr.J.Senthilkumar
7	Mr.V.Jayaprakash
