DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology,Chennai

Organizers: Department of Electronics and Communication Engineering, Sathayabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology,Chennai

Organizers: Department of Electronics and Communication Engineering, Sathayabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date:02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled '**World Book And Copyright Day**' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes.
