AUGUST MONTH

NATIONAL WATER QUALITY MONTH

National Water Quality Month in August reminds us that it takes much more than just turning on the tap to guarantee clean, potable water.

The average person uses approximately 80 gallons of water or more per day. The water we use includes bathing, cleaning, household waste, and drinking water.

Depending on where we live, the amount of water, usage, population and treatment facilities available vary. Around the world, these variables change greatly. In some villages, available drinkable water is scarce and indoor plumbing does not exist.

Protecting our water resources and educating ourselves about water quality is an important goal of National Water Quality Month.

On 28th August, 2018

Waste Management and the Benefits:

Science club-Sathyabama institute of science and technology has successfully organized a guest lecture based on **waste management and the benefits** of 3 R's (recover recycle and reuse) by Dr.S.S.Dawn ,scientist in the department of center for waste management Sathyabama university, India.

- Encourage Research & Developmental activities to make University & Environment in large clean and green
- Promote, support and assist education and personnel programs in Waste Management & Green Engineering Technology.
- Providing information and consultancy services in the field of Environmental Assessment and integrated Waste Management
- Initiate, National and International cooperation for exchange of Clean environment related information

- Create community awareness at School, Colleges & Domestic level for segregation of waste
- Establish an Integrated Environmental Management system, adapting the **3 R (Reduce, Reuse and Recycle)** concept.

Thus, by holding the attention of the students.

Quiz B:

31st August, 2018

The event Quiz B was organized on 31st August by science club and the event was conducted in B. Arch-AC Auditorium. The registration fee for each participant was Rs.100. There was a total of 183 participants and the event was of 3 rounds.

There was an introduction speech by Dr. Ramesh Kumar (Science club Co-Ordinator) followed by discussion the event started at 9:30 am. After all the rounds the winners categorized 1st ,2nd ,3rd were given cash prize of total Rs.6000. The event ended at 2:45 pm.

25th September, 2018

WORLD OZONE DAY:

Switch to renewable energy, because the fossil fuels we use are killing the ozone, to mark the International Ozone Day events were organised by Department of Physics, Sathyabama Institute of Science and Technology, with commendable response from students

Nano coatings and renewable energy:

Lead talk had been taken Dr. P.Kuppuswami, Senior Scientist, IRC, Sathyabama Institute of Science and Technology on the topic Nano coatings and renewable energy as a part of our meet. And the Board members for academic year 2018-2019 has been announced officially by our coordinator, later the meet ended with greetings of the new board members.

International Day of Light: IDL - Quiz

SATHYABAMA
INSTITUTE OF SCIENCE AND TECHNOLOGY
(DEEMED TO BE UNIVERSITY)
Accredited with Grade "A" by NAAC | Approved by AICTE

Department of Physics (School of SSH), is delighted to conduct a quiz programme on a mark of International Day of Light (IDL - May 2020).

Every year 16th May is the anniversary of the first successful operation of the LASER in 1960 by
Physicist and Engineer "Theodore Maiman".

We invite all the School /College/University students and young professionals to take part in this quiz to enlighten your mind.

Link to quiz:
<https://forms.gle/gZA697qfLWLtBcWm9>

open on 16th may - 18th may 2020

After successfully completing the quiz you will receive E- certificate shortly to your mail.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

SATHYABAMA

INSTITUTE OF SCIENCE AND TECHNOLOGY

(DEEMED TO BE UNIVERSITY)

Accredited "A" Grade by NAAC | 12B Status by UGC | Approved by AICTE

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date: 02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

SATHYABAMA

INSTITUTE OF SCIENCE AND TECHNOLOGY

(DEEMED TO BE UNIVERSITY)

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled 'World Book And Copyright Day' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology,Chennai

Organizers: Department of Electronics and Communication Engineering, Sathayabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology,Chennai

Organizers: Department of Electronics and Communication Engineering, Sathayabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date: 02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date: 02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled 'World Book And Copyright Day' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date:02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled '**World Book And Copyright Day**' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. Title: National Science Day

Date: 28.02.2016 and 28.02.2017

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today. The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Telecommunication Day

Date: 17.05.2016 and 17.05.2017

The World Telecommunication) is celebrated annually to increase consciousness about the occasions and promises of the Internet and digital technologies This year's theme for World Telecommunication and Information Society Day is "Telecommunication Service Engineering". The program was organized by Sathyabama Institution of Science and Technology, Chennai.

Title: World Radio Day

Date: 13.02.2017

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Title: World Health Day

Date: 07.04.2016 and 07.04.2017

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

Title: World Science Day

Date: 10/11/2018

Organizers: School of electrical and electronics, Department of electronics and communication engineering

The world 2018 marks the 19th edition of World science day for peace and development. It was observed on 10 November by the Department of electronics and communication engineering, Sathyabama institute of science and technology, Chennai.

Objective:

The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date:02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled '**World Book And Copyright Day**' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. The objective was to bring science closer to society by highlighting some key scientific aspects and possible solutions provided by science, technology and innovation to some of the major global changes society is facing today.

Outcome:

The event offered an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. The day helped in strengthening public awareness of the role of science for peaceful and sustainable society, and promoting national and international solidarity for shared science between countries.

Title: World Book Day

Date: 02.03.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers:

Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On March 02nd 2018 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

World Book Day – which took place on Thursday 3 March 2018 – is one of the highlights of our year at the National Literacy Trust! We love the annual celebration of authors, illustrators, books and the joy of reading. The day was

celebrated by the Library Media Centre at SIST with a variety of activities. , book review writing and literary quiz competitions were held and the prizes to the winners were distributed at the function.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date:15.09.2018

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology. On Sep 15th 2018 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

India has been celebrating Engineer's Day annually on this very day. This special day is observed to acknowledge Bharat Ratna Visvesvaraya who was regarded as the 'Father of Modern Mysore'. Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Title: World Science Day

Date:10.11.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Nov 10th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Science Day " was conducted by Department of Electronics and Communication Engineering.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

OBJECTIVE:

The purpose of the Day is to:

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date:02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled 'World Book And Copyright Day' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

Strengthen public awareness of the role of science for peaceful and sustainable societies;

Promote national and international solidarity for shared science between countries;

Renew national and international commitment for the use of science for the benefit of societies;

Draw attention to the challenges faced by science in raising support for the scientific endeavour.

Outcome:

The rationale of celebrating a World Science Day for Peace and Development has its roots in the importance of the role of science and scientists for sustainable societies and in the need to inform and involve citizens in science. In this sense, a World Science Day for Peace and Development offers an opportunity to show the general public the relevance of science in their lives and to engage them in discussions. Such a venture also brings a unique perspective to the global search for peace and development.

Title: World Book Day

Date: 02.03.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On March 02nd 2019 in our college Sathyabama Institute of science and technology Chennai an event for "World Book Day " was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Our mission is to promote reading for pleasure, offering every child and young person the opportunity to have a book of their own. Reading for pleasure is the single biggest indicator of a child's future success – more than their family circumstances, their parents' educational background or their income.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

We want to see more children, particularly those from disadvantaged backgrounds, with a life-long habit of reading for pleasure and the improved life chances this brings them.

Outcome:

World Book Day has a strong connection with colleges, and it's used worldwide to allow students to engage with reading and their favorite books. It's not just a day to indulge a love of books, but also a day where children and young people can gain access to books.

Title: Bharat Ratna Mokshagundam Visvesvaraya's birthday

Date: 15.09.2019

Time: 9 am to 12.30pm

Place: Sathyabama Institute of Science and Technology, Chennai

Organizers: Department of Electronics and Communication Engineering, Sathyabama Institute of Science and Technology.

On Sep 15th 2019 in our college Sathyabama Institute of science and technology Chennai an event for "Bharat Ratna Mokshagundam Visvesvaraya's birthday" was conducted by Department of Electronics and Communication Engineering.

OBJECTIVE:

Every year on 15 September, the country observes Engineer's Day to remember the birth anniversary of Mokshagundam Visvesvaraya. He was one of the greatest nation builders who contributed to the field of engineering and education.

Looking at his vast contribution to the country, the Indian government in 1968 declared Visvesvaraya's birth anniversary as Engineer's Day. From then on, this day is observed to acknowledge and honour all engineers in the country who have contributed and are still working towards a modern and developed India.

Programme titled 'World health day' has been successfully conducted on 7th April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

INTRODUCTION:

April 7 is observed as World Health Day. It marks the anniversary of the founding of the World Health Organization (WHO) in 1948. Every year, the World Health Day is observed to draw public attention towards a specific health related topic.

OBJECTIVE:

Healthy does not always mean physical healthy, it also means mental and social well-being. Healthy people are more productive and tend to live longer, disease free. World Health Day is celebrated to promote awareness of people's general health and well-being. World Health Day is celebrated every year on April 7. It is an attempt to recognise the widespread contribution of medical faculty and the success.

OUTCOME:

There are a variety of themes that were highlighted in World Health Day programme, from direct illness discussions like diabetes and polio, to bigger topics, like road safety and the effect of climate change on our health. And were taught about the precautions to take to protect our physical and mental health.

International Day of Yoga

International Day of Yoga or commonly known as Yoga Day, is celebrated on 21st June every year since its inception in 2015. Yoga is a physical, mental and spiritual practice originated in Bharat or India.

Keeping up with the spirits of the nation in celebrating the Yoga Day, Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology Chennai organized a Special Yoga Camp on 21st 2020. Faculty, staff members and students attended the camp conducted by a yoga expert.

The yoga expert taught some important physical, mental, and spiritual practices to the participants which would help the participants in improving their health by increasing blood flow and boosting immunity.

The event concluded with a refreshment to the Participants.

BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY

Programme titled 'BHARAT RATNA MOKSHAGUNDAM VISVESVARAYA'S BIRTHDAY' has been successfully conducted on 15th September 2020 by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

Engineer's Day in India is celebrated every year to honour Bharat Ratna Mokshagundam Visvesvaraya on his birthday anniversary. M Visvesvaraya was a civic engineer, economist, educationist and scholar who is known for his significant contributions in the field of engineering.

World Book And Copyright Day 2021

Programme titled '**World Book And Copyright Day**' has been successfully conducted on 23rd April by Department of Electronics and Communication Engineering, Sathyabama Institute of science and technology, Chennai

World Book Day aims to develop the habit of reading for pleasure among all from childhood and inspire more people to write and publish their work.

Books have long embodied the human capacity to conjure up worlds, both real and imagined, giving voice to the diversity of human experience. They help us share ideas, obtain information, and inspire admiration for different cultures, enabling far-reaching forms of dialogue between people across space and time.

World Radio Day 2021

On February 13 2021 in our college Sathyabama Institute of science and technology Chennai an event for "World Radio Day 2021" was conducted by Department of Electronics and Communication Engineering

Every year, World Radio Day is celebrated on February 13 with an aim to underline the importance of radio. In this era of a technologically advanced world with easy access to the internet and other mediums of communication, there are a lot of people still who not only trust radio but also rely on it for the consumption of news and for entertainment purposes. To date, radio has managed to be a prominent platform to reach the masses, at least here in India.

ORAL HEALTH FOR OVERALL HEALTH

DEMENTIA
Substances that are released from gums inflamed by infection can actually kill brain cells and lead to memory loss. Dementia and possibly even Alzheimer's disease can result from gingivitis when the bacteria (*Spirochaete*, *Porphyromonas gingivalis*) in the mouth spreads to the nerve channels or enters the bloodstream.

CARDIOVASCULAR DISEASE
Having poor oral health puts a person at risk for heart disease. If the gums are inflamed, due to the bacteria (*Porphyromonas gingivalis*, *porphyromonas endodontalis*, *Prevotella intermedia*) that causes periodontal disease, it can get into the bloodstream causing the arteries to build up plaque and harden. This hardening of the arteries is called atherosclerosis. It leads to heart blockages, and it increases the chances of having a heart attack. The damaging impact on the arteries and blood vessels can lead to hypertension and increase the risk for strokes. Endocarditis can also develop.

RESPIRATORY DISEASE
The respiratory system can suffer as a result of poor oral health. Bacteria in the mouth from infected teeth and swollen gums can be breathed into the lungs or travel there through the bloodstream. Once there the bacteria can lead to respiratory infections, pneumonia, acute bronchitis, and even COPD.

DIABETES
Not only are diabetics already more susceptible to periodontal disease, but periodontal disease can in turn make diabetes more difficult to control. Because gum disease can lead to higher than normal blood sugar levels, increased risk of developing diabetes.

DEMENTIA, ALZHEIMER'S DISEASE, HALITOSIS, PERIODONTAL DISEASE, RHEUMATOID ARTHRITIS, OESOPHAGEAL CANCER, DIABETES, ERECTILE DYSFUNCTION

ERECTILE DYSFUNCTION
Bacteria from diseased gums can get into the bloodstream and cause blood vessels to become inflamed. This inflammation can block the flow of blood to the genitals, making erections more difficult or even impossible to achieve.

RHEUMATOID ARTHRITIS
According to the National Rheumatoid Arthritis Society, people with gum disease were four times more likely to have Rheumatoid Arthritis. Both diseases have inflammation in common. The oral bacteria from gingivitis can increase inflammation throughout the body. This makes the risk for developing rheumatoid arthritis, a painful and debilitating inflammatory disease.

PREGNANCY COMPLICATIONS
It is imperative for expectant mothers to practice good oral hygiene. Hormonal changes in the body during pregnancy can cause a woman to develop oral infections much more easily. Periodontitis and gingivitis have been known to lead to premature birth and low birth weight in infants. Gum disease puts both mother and baby at risk for experiencing serious health issues.

CANCER
Poor oral health practices such as smoking or using tobacco products can lead to oral and throat cancers, but other types of cancer have also been linked to gum disease. Risk for kidney cancer, pancreatic cancer, and blood cancers is much higher for people who have poor oral health.

PREVENTION

- ✓ Brush the teeth and gums for two minutes at least twice a day.
- ✓ Floss the teeth daily.
- ✓ Avoid smoking cigarettes or chewing tobacco products.
- ✓ Use toothpaste and mouthwash products that contain fluoride.
- ✓ Limit sugary foods and drinks.
- ✓ Eat a well-balanced diet for optimum nutrition.
- ✓ Take supplements that will boost your dental health.

PG CASE PRESENTATION

Conservative Dentistry and Endodontics day 2020

Cons and Endo day - Day 1 (2/3/2020)

Students and staff visited Sri Chaitanya school in Perumbakkam to talk about dental first aid in case of trauma and possible treatment options. Posters on dental first aid were handed out to the school.

Cons and Endo day - Day 2 (3/3/2020)

- A similar program was conducted in Sri Shankara primary school, Injambakkam. An animated video was presented for the benefit of the children in order to better understand the management of dental trauma.

Cons and Endo day - Day 3 (5/3/2020)

- An awareness drive was conducted in Semmenchery government higher secondary school. Staff, students and the Dean visited the school to advise students regarding dental first aid Videos simulating real life scenarios were played and interactive sessions were held. Posters in both Tamil and English were handed to the school principal by Dr.Thayumanavan, Dean, Sathyabama Dental college and hospital.

Cons and Endo day - Day 4 (6/3/2020)

- PG students and staff visited Government middle school in Neelankarai, Chennai. A short presentation was delivered on dental first aid and posters in both Tamil and English were handed to the school heads.

Poster designed by post graduate students for circulation

FIRST AID IN DENTAL INJURIES

Most common dental injuries in children are seen in front teeth

AVULSION

DISPLACEMENT

FRACTURE

1 Don't panic!!!

2 Search for tooth

3 Hold the tooth by the crown

4 wash gently under running water (Don't rub)

5 Store tooth in milk/saline

6 Visit dentist as soon as possible (minimum of 20 mins; maximum of 1 hour)

7 If visiting dentist takes more than an hour try to insert the tooth in socket by holding crown

8 If insertion is difficult keep the teeth in your cheek or MILK

FRACTURED TOOTH?

1 Examine your tooth for visible damage. Look for swelling or inflammation around the cracked tooth.

2 Save the broken piece of tooth if you have it.

5 Visit the dentist as early as possible.

4 Be careful when eating until you see your dentist.

3 Rinse your mouth with salt water. Swish the mixture around your mouth for 1 minute.
