World Computer Literacy Day – December 2021

The world Computer Literacy Day will be celebrated in our institute on 2nd December 2021. A weeklong series of events are organised to celebrate Computer Literacy Day.

A webinar on "Data and Blockchain for Education and Opportunities" is organised for all students and faculty from 2.30pm Indian time through Online Mode (ZOOM Platform).

A Computer Programming Quiz "CODE TWISTERS 2021" is Organised for the First Year Students from 2nd – 4th of December, 2021.

Three rounds of selection with various levels of complexity would be conducted. The first three winners would be awarded with cash prizes and Certificate. The venue for the event is Computer Science Ground Floor Lab, Time: 12pm. The students and faculty are requested to register online in the link provided in the brochure attached to get further details on the event.

Report on COMPUTER LITERACY DAY

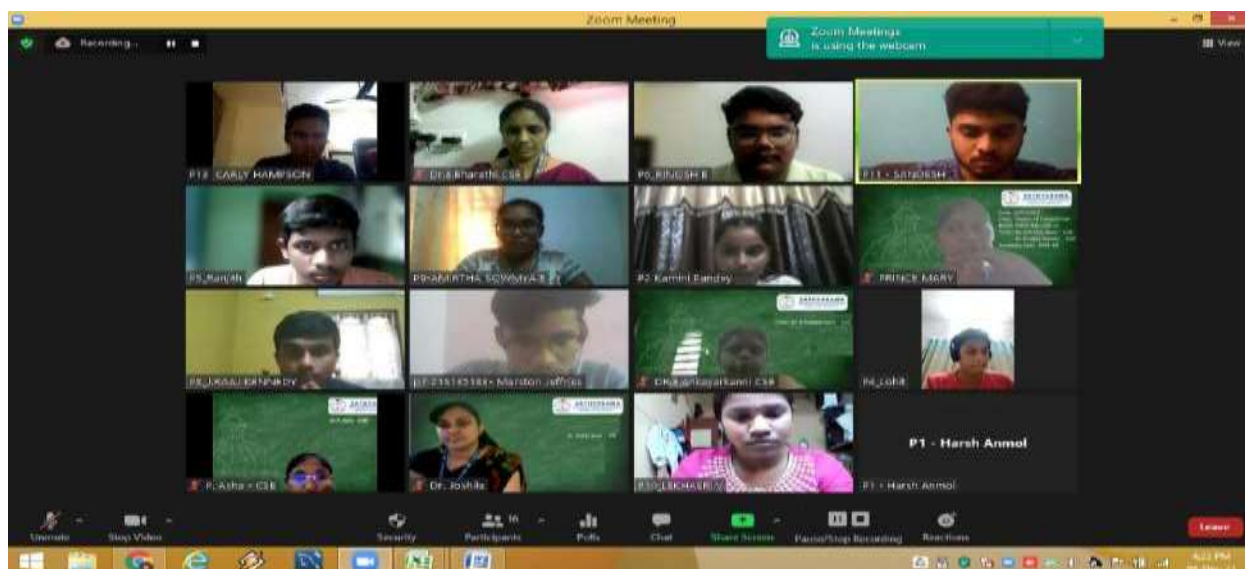

2nd DECEMBER, 2021

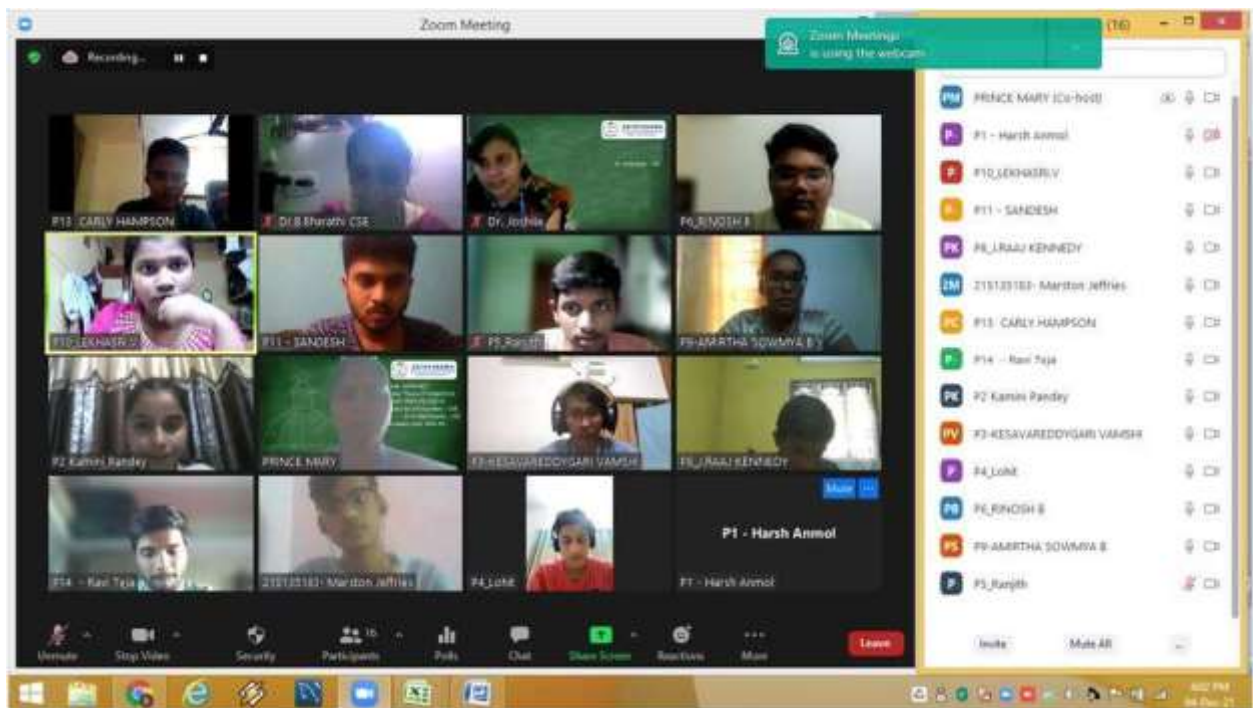

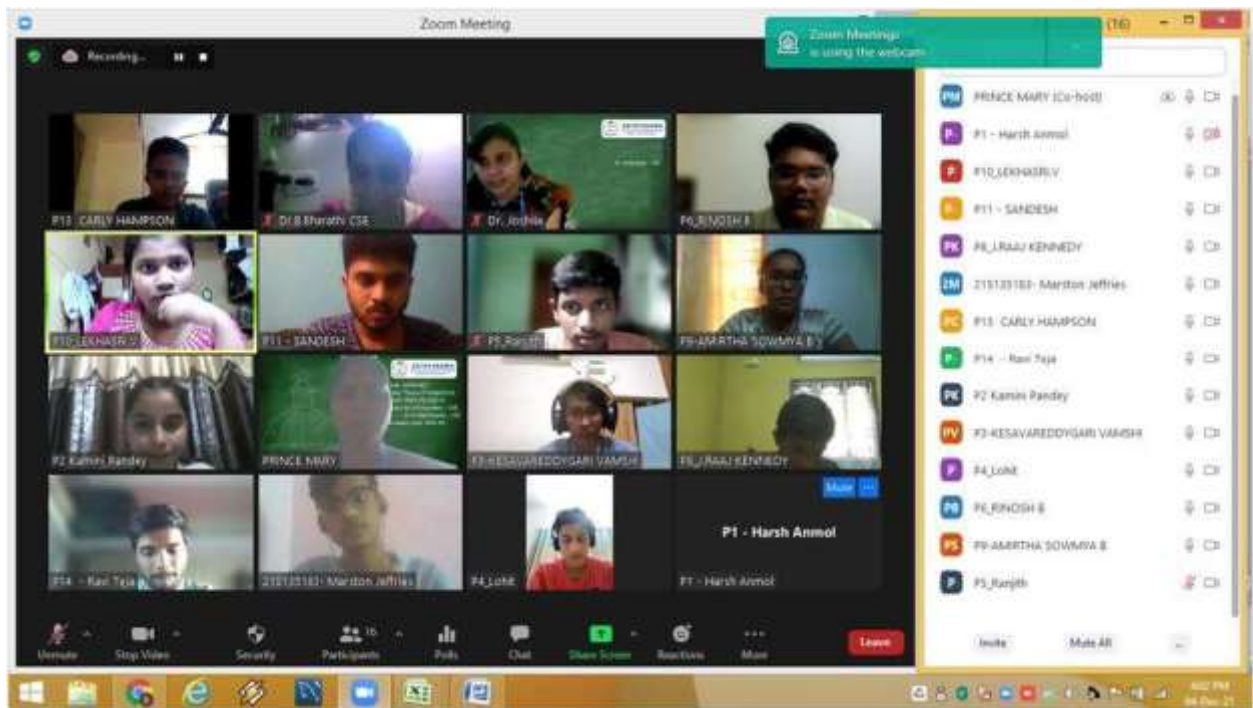

The Department of computer Science and Engineering conducted a coding quiz content “CODE TWISTERS 2021” as mark of celebrating Computer Literacy Day 2021. The event was conducted from the 2nd of December, 2021 to 4th December 2021 for the first year students of all departments across the university. The first round of the competition consisted of general knowledge quiz on computers and programming. Around 1150 first year students registered for the event and 885 students attended the first round of the competition. 167 selected students from round 1 attended the debugging round on the second day. The top 15 students attended the final programming round on dec 4th, 2021. The following students were adjudged as winners of the contest based on the logic used, coding style, timing, etc. The students participated with maximum enthusiasm and shared interest to participate many such events conducted by department in the future.

Profile of the invited speakers

Nishand Venugopal

A nature enthusiast, Nishand Venugopal quit his 15-year-old job as a producer in a leading English news channel to pursue his passion for nature and wildlife conservation. He's an avid nature photographer, writes poetry and prose that focus on nature and conservation, and uses his website (www.nishandphotoark.com/) and social media channels to encourage people to observe and conserve nature. His articles and poems have been featured on websites such as Lonely Conservationists, Science Next Door, The False Trail, Kate on Conservation, Spillwords, Conservation Optimism, East Mojo etc. He was selected as Saevus Wildlife magazine's Gallery Member of the Month for March 2020 and his interview was published in the magazine. Recently his blog got published in the book named 'The Secret Life of Conservationists' by Lonely Conservationists.

Basil Peter

Wildlife & Nature Photographer, Basil Peter is a member of Cochin Natural History Society (CNHS). He serves as a resource person for Kerala Forest Department. He is instrumental in spreading awareness for nature conservation. He delivers frequent talks about Birds & conservation to schools & colleges, nature clubs in India and abroad. He is also a guest speaker in Iowa University, Chicago. He has conducted photo exhibitions "Whispers from Nature" at Durbar Hall for Kerala Forest Department, and in the High Court of Kerala. He has given interview to All India Radio on important days related to nature. His photos are published in leading newspapers, magazines such as The Hindu, Indian Express, Malayala Manorama & Mathrubhumi and in the books of reputed Naturalists.

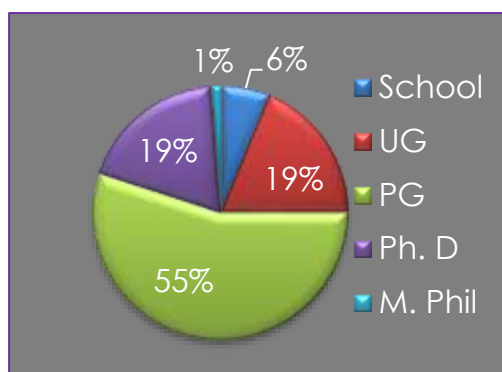

Report on World Wetlands Day

It was announced that 2nd February 2022 is the first year that World Wetlands Day will be observed as a United Nations international day, following its adoption by the General Assembly. The theme for the 2022 edition was Wetlands Action for People and Nature, and it highlights the importance of actions that ensure that wetlands are conserved and sustainably used. As part of which an exclusive webinar session was organized by the Centre for Climate Change Studies, Sathyabama Institute of Science and Technology, Chennai.

The session was initiated with the presidential address of Vice Chancellor Dr. T. Sasipraba, who firstly commended the Centre for Climate change studies for the effort of organizing webinar. She further explained about the importance of conserving the natural ecosystem of wetlands and welcomed the speakers to the take over the session.

The session was presided over by Mr. Basil Peter, a member of Chennai Natural History Society and passionate bird photographer, who firstly commended all the participants for their high spirits to attend the lecture on wetland birds. He further went on to give a vivid outlook based on his experiences about wetlands in Kumbalangi and Kandakadavu in Kochi and was kind to share his photographs of birds like Grey heron, Great Egret, Cormorant, etc. This crucial session was taken over by Mr. Nishand Venugopal, an enthusiast nature conservationist and poet. The photos of wetland birds and animals from all over India and his poem, “The heat is upon them: Wetlands and the black-necked cranes” enriched the session.

Environment enthusiasts, school and college students, and research scholars from various institutions across the country participated in the event.

The session went on to be more informative as the participants interacted with the speakers about the conservation strategies for wetlands and migratory birds.

Report: World Cancer day webinar on 9th February 2022

Centre for Drug Discovery and development had organized a one-day webinar in commemoration of world cancer day on 9th February 2022. 131 participants had registered for the webinar. Students, Staff, teachers, and research scholars had registered for the event. We had two scientific experts delivering their talks on Cancer diagnostics and therapeutics. Dr. Haribalaji shared his views on the Role of Artificial Intelligence (AI) in Cancer diagnostics. He also gave an introduction to machine learning and data generation. Mr. Ganesh Kumar shared his experience on Human Papilloma Virus (HPV) and its association with Cervical Cancer. The program started at 11 am with a brief introduction about the theme-cancer. An introductory note was delivered about the Centre for drug discovery by Dr. M Radhakrishnan, Scientist In charge of CDDD. The participants were enthusiastic and asked questions, which were answered very gracefully by our chief speakers. The program concluded with a vote of thanks at 1 pm. The photographs taken during the online webinar are enclosed. Feedback was collected from the participants.

Report on International Day of Women and Girls in Science

On 11 February 2022 Centre for Nanoscience and Nanotechnology, organized several competitions on the occasion of **International Day of Women and Girls in Science**. This program got an overwhelming response from the student, researchers, scientific communities, and industries and it received around 650 registrations from all over India. The Program was formally inaugurated with Thamizh Thaaai Vaazhthu (Invocation to Mother Tamil). Vice Chancellor, **Dr T Sasipraba**, Sathyabama Institute of Science and Technology delivered the presidential address and she expressed her deep sense of gratitude for Women and Girls in Science. She insisted that women and girls should pursue their careers smoothly without any hurdles and expressed how career dreams shatter after marriage.

The welcome address was delivered by **Dr. Vinita Vishwakarma (Professor, Research)**, Centre for Nanoscience and Nanotechnology, highlighting the importance of the day and some stories of Women in Science, whose stories are inspiring in our life. Young researchers and student communities have an important role in establishing and evolving cultures and nations. She welcomed the guest of honour for the day **Dr. Aruna Dhathathreyan**, Emeritus Scientist and Professor (AcSIR) AcSIR, CSIR-CRI, Adyar Chennai.

The Highlights of the Program were specified by **Dr. Sudha Uthaman**, Scientist-C, Centre for Nanoscience and Nanotechnology. There was an announcement for three online contests **Elocution** on the theme of “Any specific scientific discoveries of woman and what impact that had on the scientific society”, **Drawing** on the theme of “Sketch your favourite woman scientist”, **Quiz** on the theme of “wonders of women in science”. Since the number of participants was more, a preliminary assessment was conducted for them on 10th February and selected for the final round.

Dr. Aruna Dhathathreyan addressed the gathering on the “Journey of Women in Science” and issues in their every walk of life. She has focused her speech on gender equality, and women's empowerment and recognizes women's contribution to research and innovation. She shared her experience on the greatest challenges that she has faced during her career. It is the time to break the stereotypes system set and defeat discrimination against women and girls in science.

After the guest speaker lecture, the finals for the selected participants in **Elocution**, **drawing** and **quiz** were conducted. The total number of participants for the final round completion was Elocution (13) Drawing (22) and Quiz (24). After this, the best three prizes were announced in each category with a certificate of appreciation and gift vouchers of Rs.700, Rs.500 and Rs.400 for the first, second and third winners.

Mrs. Priyadharshini, Scientific Assistant, Centre for Waste Management, Sathyabama Institute of Science and Technology delivered the vote of thanks and thanked the management, speakers, delegates and participants from different parts of the country to make the program a grand success. The **feedback** about this program from the participants was appreciated as an inspiring, motivational program for them and thanked the organising team. The ceremony concluded with the National Anthem.

National Science Day 2022

Dear Principal,

Greetings from Sathyabama Institute of Science and Technology! It gives us immense pleasure to inform you that Sathyabama Institute of Science and Technology is organizing competitions for school students (9th-12th class) on the Occasion of National Science Day from 1st to 5th March 2022. From March 1st to 3rd there will be ONLINE prelims for QUIZ and ELOCUTION. On the 5th of March, MODEL MAKING competitions, and finals for Quiz and Elocution are scheduled in OFFLINE mode in Sathyabama Campus. In this regard we request you to encourage your students to participate in the events. The last date for registration is 25th February 2022. More information on the event can be found in the attached flyer. For registration contact: nationalscienceday@sathyabama.ac.in

Looking forward to welcoming your school team.

Report on National Science Day 2022

On the Occasion of National Science Day 2022, Sathyabama Institute of Science and Technology organized Quiz, Elocution, and Model Making competitions for School students of 9th to 12th grade from 1st to 5th March 2022. About 468 students from 37 schools participated in this event. After preliminary screening four teams for quiz, four students for elocution and 25 teams for model making were invited to the campus for the finals. Winners in all the events received Celestron-PowerSeeker Telescopes as the First, Second and Third prizes. The Vice Chancellor Dr. T. Sasipraba distributed the prizes. All the participants were given a foldscope (DIY paper microscope).

Report on World TB Day 2022

National webinar on ‘Avenues & Challenges in Tuberculosis Research’ was conducted by the Centre for Drug Discovery and Development, Sathyabama Institute of Science and Technology on 25th March, 2022 between 10:00 AM and 12:30 PM. The webinar was initiated with a welcome address by Dr. M. Radhakrishnan, Scientist-E, CDDD, SIST, followed by Inaugural address presented by Dr. T. Sasipraba, Vice Chancellor of SIST. She highlighted and appreciated the Scientists working Anti TB drug discovery at the Centre for Drug Discovery and Development.

Dr. RK Shandil, Founder Director & Vice President of Foundation of Neglected Disease Research (FNDR) was the first speaker of the day. His presentation on ‘Avenues & Challenges in anti-TB drug discovery’ was elaborate and informative. He briefed on the commemoration of World TB day and the history of TB research. He also explained the strategies carried out by WHO on eradicating TB, in addition to comments on existing TB drugs and expected TB drugs. He detailed on target based opportunities, importance of animal models and repurposing in TB drug discovery. He concluded his talk with the relevance of lessons learned from COVID19 pandemic applicable to TB.

After the first question and answer session, the second speaker Dr. Anil Jacob Purty, Professor & HOD, Community Medicine of Pondicherry Institute of Medical Sciences, presented on the topic ‘Tuberculosis and Drug Resistance’. His presentation mainly focused on government policies and strategies in TB research. He clearly explained the involvement of medical institutes and other government bodies in tackling TB infections. He also gave insight on TB drug resistance and the current scenario in Indian TB research.

Following the second question and answer session, the webinar was concluded with a Vote of Thanks by Dr. P. Krupakar, Scientist-D, CDDD, SIST. The interactive webinar was successfully conducted with ~120 participants.

Date: 22/04/2022

Organised by International Research Centre (IRC)

Sathyabama Institute of Science and Technology, Chennai-600119

The program started at 3.00 pm with an awareness lecture delivered by Dr. R. Rajesh Kannan to create a plastic-free coastal ecosystem. A total of 20 volunteers from IRC visited the blue flag beach situated near Kovalam for creating awareness and a seashore litter picking party for protecting the seashores as a part of **World Earth Day** emphasising the removal of coastal debris. A total of 250kg of plastic debris were collected and handed over to the local blue flag beach officials. The volunteers started the litter picking from 4.00 To 6.00 pm followed by a group discussion on the same. At last, a total of 250kg of plastic debris were collected and handed over to the local blue flag beach officials.

Report on
Corrosion Awareness Day
22nd & 23rd April, 2022

Centre for Nanoscience and Nanotechnology, Sathyabama Institute of Science and Technology (Deemed to be University) in association with Indian Institute of Metals (IIM) Kalpakkam Chapters organized Two days – Corrosion Awareness Day Symposium (CORPOSIUM-2022) on 22nd and 23rd April 2022. This program got an overwhelming response from the student, researchers, scientific communities, industries and it received around **100 registrations** throughout Tamilnadu. The program was formally inaugurated with the Thamizhthaa Vaazhthu (Invocation to Mother Tamil). **Dr. Vinita Vishwakarma, Organizing Secretary**, delivered the welcome address. Vice Chancellor, **Dr. T Sasipraba**, Sathyabama Institute of Science and Technology delivered the presidential address. She explained the impact of corrosion in daily life and insisted every researcher to pursue their research on the mitigation of corrosion. **Dr. Sudha Uthaman, Convener** of CORPOSIUM-2022 presented the highlights of Corrosion Awareness Day.

Followed by the group photo and high tea, an invited lecture was delivered by Dr. B. Anandkumar, Scientific Officer-E, Materials and Metallurgy Group, Indira Gandhi Centre for Atomic research Kalpakkam. The second invited lecture was delivered by Dr. Jagadeeswara Rao, Scientific Officer-E, Aqueous Corrosion and Protection Section, Indira Gandhi Centre for Atomic research Kalpakkam.

Post lunch, posters were evaluated by 4 peers on corrosion and its control. The second day of the symposium started with an invited talk by Dr. Cinitha A, SERC, Taramani followed by Dr. Susai Rajendran, Professor, St. Antony's College for Women, Dindigul. After high Tea, Lab visits was arranged for the participants to show the research facilities of the International Research Centre. After lunch, an invited talk was delivered by Dr. Marijia Petrovic Mihajlovia, Scientist, Serbia through zoom video call. All the speakers were felicitated with mementos, honorarium and certificates. Followed by this, during valedictory, 5 best papers were awarded to the winners of poster presentation. The winners were given with Mementos and certificates of excellence. **Dr. Sudha Uthaman, Convener**, delivered the vote of thanks.

**Report on
INTERNATIONAL DANCE DAY
29th April 2022**

Centre for Academic Partnership and International Relations had organized a virtual event to celebrate International Dance Day on 29th April 2022. International Dance Day is a global celebration of dance, created by the Dance Committee of the International Theatre Institute, the main partner for the performing arts of UNESCO. The event takes place every year on 29 April, which is the anniversary of the birth of Jean-Georges Noverre, the creator of modern ballet. The International dance day aims to encourage participation and education in dance. It further showcases the diversity as well as beauty of dance as a form of art.

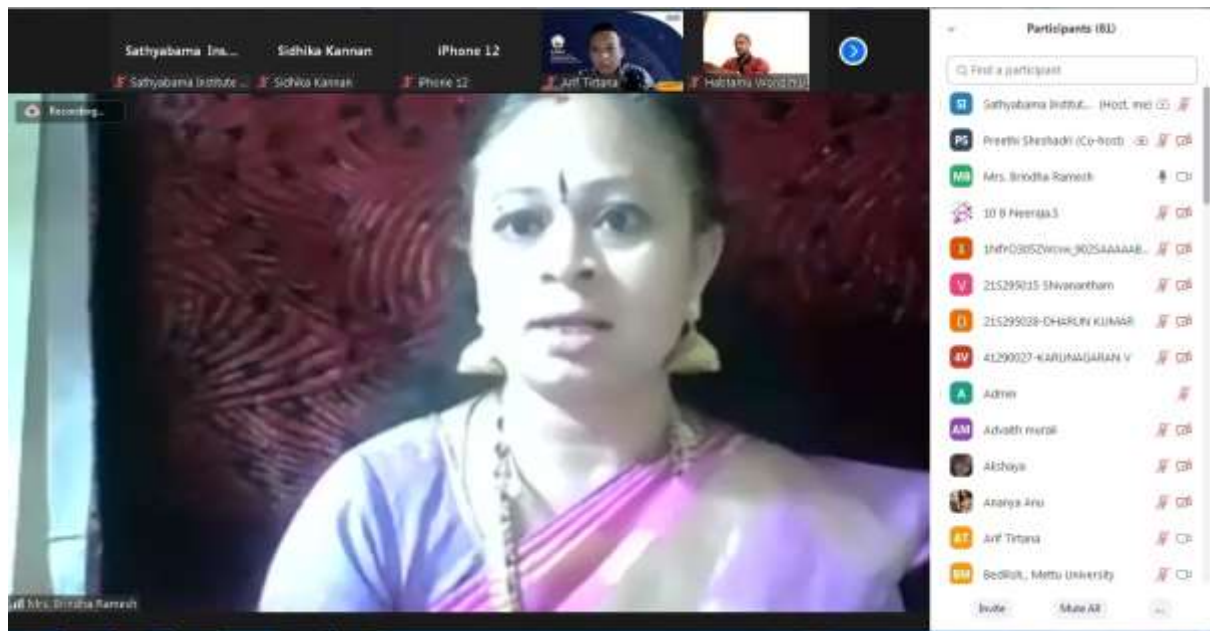

This year we had participation from 8 Universities from Indonesia, Turkey, Ethiopia, Brazil, Malaysia and Bangladesh. Around 40 dancers from Various Countries had showcased their Country's Dance forms. Mrs Brindha Ramesh, founder Sri Nardhanalaya, Practitioner Bharatanatyam form of Dance was the Chief Guest for the day. Students from her school had performed a guest performance for the event.

The Event started with a video presentation of the Indian Dance forms which gave awareness to the international participants and audience about the dance forms of India.

Sathyabama Students had performed an inaugural dance as a sign of welcome to all the participants. A Peacock Dance was performed by the students from Sri Nardanalaya as guest performance.

The Guest Dance performance was followed by the performances of students from our Partnering Universities across the world. The performances include Taring Topeng Dance of Indonesia, Dhamail Dance from Bangladesh, Contemporâneo Dance from Brazil, Manuk Dadali Dance from Indonesia, Modern Dance from Malaysia and Sagli Dance from Ethiopia.

The Participants were provided with an appreciation certificate for their participation and performance. The Event concluded with a Vote of Thanks.

Report on International day for Biological Diversity 2022

National webinar on 'Indian Microbial Wealth' was conducted by the Centre for Drug Discovery and Development, Sathyabama Institute of Science and Technology on 24th May, 2022 between 10:00 AM and 12:30 PM, in commemoration of International Day for Biological Diversity. The webinar was initiated with a welcome address by Dr. M. Radhakrishnan, Scientist-E, CDDD, SIST, followed by Inaugural address presented by Dr.T. Sasipraba, Vice Chancellor of SIST. She highlighted and appreciated the Scientists working on microbial diversity and bioprospecting at the Centre for Drug Discovery and Development.

Dr. Anita Pandey, Professor, Department of Biotechnology, Graphic Era, Dehradun was the first speaker of the day. Her presentation on 'Himalayan microbial diversity and their biotechnological importance' was elaborate and informative. She briefed on her career and research experience over the years. She discussed various strategies in growing psychrophilic and thermophilic microorganisms. In addition to bacterial cultures, she also stated cyanobacterial and fungal cultures along with their biotechnological potentials. She also detailed on plant-associated microbes and their role in Himalayan agriculture.

After the first question and answer session, the second speaker Dr. Ch. Venkataramana, Professor, Department of Plant Sciences, University of Hyderabad presented on the topic 'Quest for the discovery of new bacteria from India: Opportunities and Challenges'. His presentation mainly focused on his experience in isolation and identification of novel bacterial species from diverse environments throughout his career. He iterated the challenges faced during his work and the significance of discovery of new microbial genera. He concluded his lecture by highlighting the importance of species level identification of microbes when compared to the metagenomic identification.

Following the second question and answer session, the webinar was concluded with a Vote of Thanks by Dr. V. Gopikrishnan, Scientist-C, CDDD, SIST. The interactive webinar was successfully conducted with 60 participants. The general feedback was that the webinar was useful and informative. Many comments wished for such webinars in the future.
